*Hopis and the Counterculture* Brian Haley, 2024 This book addresses how the Hopi became icons of the followers of alternative spiritualities and reveals one of the major pathways for the explosive appropriation of Indigenous identities in the 1960s. It reveals a largely unknown network of Native, non-Indian, and neo-Indian actors who spread misrepresentations of the Hopi that they created through interactions with the Hopi Traditionalist faction of the 1940s through 1980s. Significantly, many non-Hopis involved adopted Indian identities during this time, becoming neo-Indians. Exploring the new social field that developed to spread these ideas, Hopis and the Counterculture meticulously traces the trajectories of figures such as Ammon Hennacy, Craig Carpenter, Frank Waters, and the Firesign Theatre, among others. Drawing on insights into the interplay between primitivism, radicalism, stereotyping, and identity, Haley expands on concepts from scholars such as Roy Harvey Pearce's notion of isolated radicals and Jonathan Friedman's observations regarding the ascendancy of primitivism amid global crises. Haley scrutinizes the roles played by non-Hopi actors and the timing behind the widespread popularization of Hopi religious practices.

**An Ocean of Static** J. R. Carpenter, 2018 From the late 15th century onwards, a flurry of voyages were made into the North Atlantic in search of fish, the fabled Northwest Passage, and beyond into the territories purely imaginary. Today, this vast expanse is crisscrossed with ocean and wind currents, submarine cables and wireless signals, seabirds and passengers, static and cargo ships. In her long-awaited poetry debut, award-winning digital writer and artist J.R. Carpenter transforms the dense, fragmented archive of the North Atlantic into an astonishing sea of fresh new text. Cartographic and maritime vernaculars inflected with the syntax and grammar of ships logs and code languages splinter and pulse across the page. Haunting, politically charged and formally innovative, *An Ocean of Static* presents an ever-shifting array of variables. Amid global currents of melting sea ice and changing ocean currents, Carpenter charts the elusive passages of women and animals, of indigenous people and migrants, of strange noises and phantom islands.

**Turning Troubles into Problems** Jaber F. Gubrium, Margaretha Järvinen, 2013-07-24 Human service professionals deal with a wide range of problems, from child abuse, parenting issues, and elderly care, to addictions, mental illness, sexual assault, unemployment, and criminality. These must be constructed as problems for professionals to appropriately respond to them. Human service provision starts from there. But in the everyday experience of service providers and users alike, there is a parallel world of ordinary troubles that remains professionally undefined but real, even when troubles are turned into problems. This book brings into view the relationship between these worlds as it bears on the process of clientization—the transformation of people and troubles into clients and problems. Rather than taking the process for granted as many critics

do, the book examines the instability of the process on several fronts and highlights its surprising local complexity. Foregrounding everyday life, the leading idea is that the transformation of troubles into problems is not straightforward and that problems are continually subject to alternative understandings. This poses new what, how, and where questions. What are ordinary troubles and how do they relate to the construction, maintenance, or undoing of serviceable problems? Where is social policy and how does that figure in the front-line work of service provision? The questions point to the challenges of clientization at the discretionary border of troubles and problems in everyday service relationships. With chapters written by an international group of human service researchers, this book is an important contribution to the literature dealing with the construction of personal problems and will be useful to students and academics in sociology, human services, social work and policy, criminal justice, and health care.

**Higher Hope** Robert Whitlow, 2009-04-13 The Tides of Truth series follows one lawyer's passionate pursuit of truth--in matters of life and the law. Competition is tough at the Savannah law firm where Tami Taylor serves as a law clerk. But Tami's work sets her apart--and the firm's partners see something special in her. So they assign her to a libel case against an abrasive, outspoken preacher who is either a prophet or a lunatic. On the surface it appears to be an open and shut case; the preacher seems fully outside the bounds of law. And Tami's strict religious upbringing could be the firm's ace-in-the-hole. But as the investigation continues, Tami is troubled by the preacher's uncanny prophetic abilities. And their client seems to be hiding something. Tami returns to her hometown, struggling with several critical choices--as two very different men from the firm vie for her heart. Just when the challenges seem insurmountable, hope for Tami arrives from a surprising place. And it's a higher hope than she's ever imagined.

Why Karen Carpenter Matters Karen Tongson, 2019-05-20 In the '60s and '70s, America's music scene was marked by raucous excess, reflected in the tragic overdoses of young superstars such as Jimi Hendrix and Janis Joplin. At the same time, the uplifting harmonies and sunny lyrics that propelled Karen Carpenter and her brother, Richard, to international fame belied a different sort of tragedy—the underconsumption that led to Karen's death at age thirty-two from the effects of an eating disorder. In Why Karen Carpenter Matters, Karen Tongson (whose Filipino musician parents named her after the pop icon) interweaves the story of the singer's rise to fame with her own trans-Pacific journey between the Philippines—where imitations of American pop styles flourished—and Karen Carpenter's home ground of Southern California. Tongson reveals why the Carpenters' chart-topping, seemingly whitewashed musical fantasies of normal love can now have profound significance for her—as well as for other people of color, LGBT+ communities, and anyone outside the mainstream culture usually associated with Karen Carpenter's legacy. This hybrid of memoir and biography excavates the destructive perfectionism at the root of the Carpenters' sound, while finding the beauty in the singer's all too brief life.

*Work the System* Sam Carpenter, 2011-01-10 A Simple Mindset Tweak Will Change Your Life. After a fifteen-year nightmare operating a stagnant service business, Sam Carpenter developed a down-to-earth methodology that knocked his routine eighty-hour workweek down to a single hour—while multiplying his bottom-line income more than twenty-fold. In *Work the System*, Carpenter reveals a profound insight and the exact uncomplicated, mechanical steps he took to turn his business and life around without turning it upside down. Once you “get” this new vision, success and serenity will come quickly. You will learn to:

- Make a simple perception adjustment that will change your life forever.
- See your world as a logical collection of linear systems that you can control.
- Manage the systems that produce results in your business and your life.
- Stop fire-killing. Become a fire-control specialist!
- Maximize profit, create client loyalty, and develop enthusiastic employees who respect you.
- Identify insidious “errors of omission.”
- Maximize your biological and mechanical “prime time” so that you are working at optimum efficiency.
- Design the life you want—and then, in the real world, quickly create it!

You can keep doing what you have always done, and continue getting mediocre, unsatisfactory results. Or you can find the peace and freedom you’ve always wanted by transforming your business or corporate department into a finely tuned machine that runs on autopilot!

**The Vow** Milton M. Smilek, 2011-11 This is truly a unique love story of a young boy named Tony, which contains numerous grueling real life experiences. It follows Tony’s life from the countryside of San German, Puerto Rico, where he is temporarily raised by his grandparents, to the fast pace of New York City. Tony is reunited with his family in New York City, where family turmoil begins when his brother joins one of the New York City Hispanic Gangs. It took a tragic accident to convert Tony’s brother. To further avoid the influences of the New York City Gangs, the family relocates

to Paterson, N.J. where Tony meets the love of his life. Tony experiences not only real love, but death and suicide. It was through the teachings of his mentor grandfather that he is able to cope with life and the difficulties life can offer. After a traumatic experience, Tony is placed in a position in which he makes a special vow to himself, a vow very hard to keep. Tony was able to succeed in life, only because of the sayings and teachings his grandfather taught him. With the many twists and turns in Tony's life journey, will he be able to keep that difficult vow?
