Joy of Business Simone Milasas, 2012 What if BUSINESS was JOYFUL and FUN? What if it was so much more than you ever perceived possible? If you were creating your business from the JOY of it - what would you choose? What would you change? What would you choose if you knew you could not fail? Business is JOY, it's creation, it's generative. It can be the adventure of LIVING. Australia's Simone Milasas is a dynamic business leader with a difference. She is the worldwide coordinator of Access Consciousness (www.accessconsciousness.com), the founder of Good Vibes For You (www.goodvibesforyou.com), and the creative spark that ignited The Joy of Business (www.accessjoyofbusiness.com). I LOVED reading this book. It has changed so many things for me. I see the places in business where I stuck only one toe in the water rather than choosing the adventure of immersing my whole body and being. I have also become more aware of how to communicate with people whose style of communication is different from mine. Holy moly, that is huge! Thank you, Simone, for reminding me of how differently I do business and that anything is possible-no matter what anyone else says.' - Diva Diaz, Australia.

Relationship. Are You Sure You Want One? Simone Milasas,Brendon Watt,2018-11 Have you ever stopped to ask yourself if you really want a relationship? And if you do, what would you really like to create? RELATIONSHIP. Are you sure you want one? This is not your average relationship book. There is no 'sugar coating, ' just practical tips and tools written from the authors, Simone and Brendon, so you can have both the male and female perspective. Warning: you might not like what you hear! Ladies, the man in your life didn't ask you to come along and change him into what you have decided is the perfect man

for you. Brendon Watt Refreshingly honest, the book talks about: - Why there is no perfect relationship - Why you are the valuable product - The keys to intimacy - Choosing for you - Why gratitude is the key to letting go of judgement Relationship. Are you sure you want one? Is a totally different way of looking at relationships. To me, relationship is about two different people who have chosen to be together for a space to create something that is far greater than each of them could create alone. Simone Milasas If you would like to have a great relationship, whether it is with someone else or with yourself, then this book might just be for you. relationshipareyousureyouwantone.com

The Home of Infinite Possibilities Gary M. Douglas,Dain Heer,2017-08-11 The magnanimous universe is your true home. Are you willing to receive what you desire? What is the power of committing to your own life?

Beyond the Utopian Ideal Gary M. Douglas,2014-03 Most people operate from a fixed idea or concept of how things are supposed to be, rather functioning in the moment, where they can change anything as needed to accomplish and create

more. This creates a tremendous limitation. We use conceptual constructs to create a purpose and a sense of rightness. Relationship, sex, sexuality, family, and the future are examples of conceptual constructs. Society is a construct. Culture, religion, and reputation are constructs. These things are not actually real; they are conceptual realities that have been dropped into our existence. We buy into them, and then at some point, we give up our awareness in order to buy the rightness of this reality. We accept the notion that being normal, average, and real-just like everybody else-is the best and only way to be. The problem with conceptual constructs is that they put you into conflict with yourself at every turn. This book is about becoming aware of the ideal concepts and constructs that create limitations and barriers to what is possible for you. The constructs have to come off so you can create a world that works for you.
