**Rebellion under the Banner of Islam** C. (Kees) van Dijk, 2014-10-22 The Darul Islam rebellion, striving for the establishment of an Islamic State of Indonesia, broke out in several areas since 1949. The author describes each of these Darul Islam rebellions and identifies some of the factors which may help to explain their outbreak and persistence. Ch. 1 sketches life and background of the most important Darul Islam leader: S.M. Kartosuwirjo. In the next five chapters the political history of the relevant regions (West Java, Central Java, South Sulawesi, South Kalimantan and Aceh) and their respective Darul Islam risings are outlined. Ch. 7 discusses the question of why people joined the Darul Islam.

The Decline of Constitutional Democracy in Indonesia Herbert Feith, 2007 This is an intensive study of Indonesian politics from the attainment of full independence in December 1949 to the proclamation of martial law in March 1957, and President Soekarno's subsequent establishment of guided democracy. It is intended as a contribution to the ongoing discussion of democracy in the new states of Asia and Africa, of the ways in which Western political institutions are transformed when employed in non-Western social settings, and of the obstacles to be overcome if such institutions are to operate in consonance with the authority systems of new nations and with their solution of economic and administrative problems. Now brought back into print as a member of Equinox Publishing's Classic Indonesia series, The Decline of Constitutional Democracy is considered to be the definitive study of Indonesia in the 1950s and will be of great interest to the growing number of social scientists concerned with the pre-industrial nations and in particular with their efforts to use and adapt Western political institutions. This is a solid and scholarly account, but, writing on the basis of much personal observation, Dr. Feith manages to present his material in such a way that readers with no previous background in the subject will be able to follow the book almost as easily as will specialists. HERBERT FEITH (1930-2001) became familiar with Indonesia during 1951-53 and 1954-56 when he was an English Language Assistant with the Ministry of Information of the Republic of Indonesia. A citizen of Australia, he received an M.A. degree from the University of Melbourne in 1955 and a Ph.D. from Cornell University in 1961. He was a Research Fellow in the Department of Pacific History, Australian National University, from 1960 to 1962 and was Chair of Politics at Monash University from 1968 until 1974.

**The Oxford Handbook of Late Colonial Insurgencies and Counter-Insurgencies** Martin Thomas, Gareth Curless, 2023-10-10 The lethality of conflicts between insurgent groups and counter-insurgent security forces has risen markedly since the Second World War just as those of conventional, or inter-state wars have declined. For several decades, conflicts within states rather than between them have been the prevalent form of organised political violence worldwide. Recent conflicts in Afghanistan, Iraq, and Syria have fired interest in colonial experiences of rebellion, while current western interventions in sub-Saharan Africa have prompted accusations of 'militarist humanitarianism'. Yet, despite mounting interest in counter-insurgency and empire, comparative investigation of colonial responses to insurrection and civil disorder is sparse. Some scholars have written of a 'golden age of counter-insurgency', which began with Britain's declaration of a Malayan Emergency in 1948 and ended with the withdrawal of US ground troops from Vietnam in 1973. It is with this period, if not with any presumed 'golden age' that this volume is concerned. This Handbook connects ideas about contested decolonization and the insurgencies that inspired it with an analysis of patterns and singularities in the conflicts that precipitated the collapse of overseas empires. It attempts a systematic study of the global effects of organized anti-colonial violence in Asia and Africa. The objective is to reconceptualize late colonial violence in the European overseas empires by exploring its distinctive character and the globalizing processes underpinning it.

**Gangsters and Revolutionaries** Robert Cribb, 2008-10 *Gangsters and Revolutionaries* is the first in-depth study of one of the 'people's armies' which emerged from the chaos at the close of World War II in Indonesia to join the struggle for Indonesian independence in 1945. It traces the story of the People's Militia of Greater Jakarta from its origins as a loose network of petty criminals and labor bosses in the slums of urban Jakarta and the feudal estates of the surrounding countryside, to its destruction at the hands of the Indonesian army in the late 1940s. This book examines the social basis of

the Indonesian revolution, especially the ways in which the revolutionary forces made use of existing social structures in mobilizing a popular following. It also highlights the painful process by which the new Indonesian state discarded and suppressed groups which had been instrumental in its own rise to power. Archival records, contemporary newspapers and interviews with survivors have been used to shed new light on the early history of the Indonesian army, showing a tangled politics in which regular and irregular units, general staff officers and the Ministry of Defense vied for influence and struggled to formulate a strategy for guerrilla war. *Gangsters and Revolutionaries* introduces a host of unexpected but fascinating characters, from the cat-eating General Mustopo and the implacable Haji Darip to the gangster unit which saw service with the Dutch as Her Majesty's Irregular Troops. Robert Cribb is Senior Fellow in Indonesian History at the Australian National University. His research focuses on Indonesian national identity, mass violence, environmental politics and historical geography. He is the author of the *Historical Atlas of Indonesia* (2000).

**Post-War Borneo, 1945-1950** Ooi Keat Gin, 2013-05-29 This book examines Borneo, both British Borneo - Brunei, Sarawak and North Borneo - and Dutch Borneo in the period 1945-1950. Borneo then was at the crossroads. Following the Japanese Occupation, the likely future status of the various Bornean territories was not at all clear, and the book discusses the various factions and powers, both local and international, who were contending for control in this period. It examines the effects of the Japanese surrender, the impact of the subsequent interregnum and Australian and British military administrations, the reassertion of Dutch control, the struggle for Indonesian independence, and movements for local autonomy, reassertion of ethnic rights, interests and identity. It charts developments throughout this volatile and uncertain period, up to the point at which the newly independent Republic of Indonesia emerged and a more settled period began.

*Indonesia* Taufik Abdullah, 2009 This book traces the beginning of the process of nation-formation, the struggle for independence, the hopeful beginning of the new nation-state of Indonesia only to be followed by hard and difficult ways to remain true to the ideals of independence. In the process Indonesia with its sprawling archipelago and its multi-ethnic and multi-religious nation has to undergo various types of crisis and internal conflicts, but the ideals that have been nurtured since the beginning when a new nation began to be visualized remain intact. Some changes in the interpretation may have taken place and some deviations here and there can be noticed but the literal meaning of the ideals continues to be the guiding light. In short this is a history of a nation in the continuing effort to retain the ideals of its existence.

Kopassus Kenneth J. Conboy, 2003 In a nation where the military has played an influential social and political role since its founding, perhaps no unit has wielded more power-and seen more action-than Kopassus, Indonesia's Special Forces. From the jungles of Irian Jaya to the backrooms of Jakarta's most powerful political figures, this elite group of commandos has influenced nearly every major policy decision taken since its inception in 1952. Here, for the first time, this secretive and

controversial unit is exposed in *KOPASSUS: Inside Indonesia's Special Forces* by acclaimed author Ken Conboy. In this new age of terrorism and counter-terrorism, and especially in the wake of the October 2002 Bali bombing, understanding Kopassus is an integral part of understanding the politics of modern Indonesia. This book is essential reading for anyone interested in unconventional warfare, contemporary Indonesian history, and the brushfire wars that have swept the Indonesian archipelago over the past fifty years. KEN CONBOY is country manager for Risk Management Advisory, a private security consultancy in Jakarta. Prior to that, he served as deputy director at the Asian Studies Center, an influential Washington-based think tank, where his duties including writing policy papers for the U.S. Congress and Executive on economic and strategic relations with the nations of South and Southeast Asia. The author of a dozen books about Asian military history and intelligence operations, Conboy's most recent title, *Spies in the Himalayas*, has earned praise as an intriguing account of high-altitude mountaineering and covert missions. A graduate of Georgetown University's School of Foreign Service and of Johns Hopkins' School of Advanced International Studies, Conboy was also a visiting fellow at Chulalongkorn University in Bangkok and has lived in Indonesia since 1992.

**Death and Ritual in Renaissance Florence** F. Sugeng Istanto, 1992 In what ways did the rituals associated with death in Renaissance Florence serve as an indicator of how Florentine society saw itself? In *Death and Ritual in Renaissance Florence*, Sharon Strocchia shows how these death rites - especially civic funerals - reflected Florence's quick rise to commercial wealth in the fourteenth century and steady progression toward displays of princely power in the fifteenth and sixteenth centuries. Strocchia begins by examining the basic components of civic funerary rites and their symbolic meaning. Taking an interdisciplinary approach, she then traces the changes and continuities of these rites throughout the Renaissance. She shows how the rise of funeral pomp in the late fourteenth century as linked to social mobility, the redistribution of wealth, corporate politics, and the psychology of the post-plague decades. She analyses the impact of elitism, statism, and civism on civic and family rites after 1400 and charts the social effects of rising assumption trends. And she focuses on the complex cycles of change stemming from the establishment and rejection Medici control, which by entrenching patrician domination helped pave the way for the Medici principate. Rather than simply recasting the traditional history of the city, Strocchia writes, the history of death rites shows us the sheer intricacy of how ritual and society defined each other. These episodes point us toward culture in action: the tangled, dense, and decidedly unstable relations binding family and state, gender and politics, word and image.

Roots of Violence in Indonesia Freek Colombijn, J.Th. Lindblad, 2021-11-15 Jakarta, Sambas, Poso, the Moluccas, West Papua. These simple, geographical names have recently obtained strong associations with mass killing, just as Aceh and East Timor, where large-scale violence has flared up again. Lethal incidents between adjacent villages, or between a petty criminal and the crowd, take place throughout Indonesia. Indonesia is a violent country. Many Indonesia-watchers, both

scholars and journalists, explain the violence in terms of the loss of the monopoly on the means of violence by the state since the beginning of the Reformasi in 1998. Others point at the omnipresent remnants of the New Order state (1966-1998), former President Suharto's clan or the army in particular, as the evil genius behind the present bloodshed. The authors in this volume try to explain violence in Indonesia by looking at it in historical perspective.

*The Romance of K'tut Tantri and Indonesia* Timothy Lindsey, 2008 This historiographic study of K'tut Tantri - alias Vannen Walker, the journalist from the Isle of Man; Muriel Pearson, the unhappy wife; and Surabaya Sue, the notorious revolutionary - compares her romantic and colorful autobiography, *Revolt in Paradise*, with other versions of her past, including those of her fellow Bali colonists and her revolutionary comrades, as well as her foes, the Dutch, and various intelligence organizations. These alternative accounts of her past question the image of K'tut Tantri as hero, portraying her instead as dishonest, unstable, egotistical, and immoral. Such criticisms have overshadowed proper recognition of her role in the development of modern Indonesia, both as a bohemian hotelier in between-wars Bali and later as propaganda broadcaster and adviser to Indonesian revolutionary leaders including Soekarno, Sutomo, and Syarifuddin. Focusing on the nature of biography and autobiography, this book analyses K'tut Tantri's self-defeating battle to use history - in text and film script - to define her identity and reappropriate her past. An examination of the use of ideas of truth and fiction in understanding the past leads to broader consideration of the nature of history and its uses. Finally, an attempt is made to reconcile the deconstruction of K'tut Tantri's autobiography with both an acceptance of the validity of alternative historical genres and an acceptance of the problems inherent in writing a history of a living person. ABOUT THE AUTHOR Timothy Lindsey is Professor of Law, Director of the Asian Law Centre, Director of the Centre for Islamic Law and Society and Federation Fellow in the Law School at the University of Melbourne.

**The Interpreter From Java** Alfred Birney, 2020-06-04 'What a great novel, its language and storytelling so light but also raw and lyrical. A tremendous writer. Read this book' ADRIAAN VAN DIS. Alan Noland discovers his father's memoirs and learns the truth about the violent man he despised. In this unsparing family history, Alan distills his father's life in the Dutch East Indies into one furious utterance. He reads about his work as an interpreter during the war with Japan, his life as an assassin, and his decision to murder Indonesians in the service of the Dutch without any conscience. How he fled to the Netherlands to escape being executed as a traitor and met Alan's mother soon after. As he reads his father's story Alan begins to understand how war transformed his father into the monster he knew. Birney exposes a crucial chapter in Dutch and European history that was deliberately concealed behind the ideological facade of postwar optimism. Readers of this superb novel will find that it reverberates long afterwards in their memory.

Politics and Governance in Indonesia Muradi, 2014-06-05 How does an authoritarian state reform its police force following a transition to democracy? In 1998, Indonesia, the third largest country in the world, faced just such a challenge. Policing had long been managed under the jurisdiction of the military, as an instrument of the Suharto regime - and with Suharto abruptly removed from office, this was about to change. Here we see how it changed, and how far these changes were for the better. Based on direct observations by a scholar who was involved in the last days of the New Order and who saw how the police responded to regime change, this book examines the police, the new regime, and how the police was disassociated from the military in Indonesia. Providing a comprehensive historical overview of the position of police in this change of regime, the book focuses on two key areas: the differences between local and national levels, and the politicisation associated with decentralisation. Arguing that the disassociation of the Indonesian National Police from the military has achieved only limited success, the book contends that there is continued impetus for the establishment of a professional police force and modern and democratic policing, which will entail effective public control of the police. A pioneering study of the police in Indonesia, examining key issues in the post-Suharto era, this book will be of interest to scholars of Southeast Asian politics and of policing and politics in the developing world.
