Pedro C. Cerrillo Torremocha, Jaime García Padrino

Ensayos de literatura infantil Carmen Bravo-Villasante, 1989

Antología de literatura infantil y juvenil de Bolivia Isabel Mesa, 2015

Poesía infantil Pedro C. Cerrillo Torremocha, Jaime García Padrino, 1990 Los trabajos que se incluyen en el presente libro fueron expuestos por sus autores en el Curso de Verano que, con el mismo título, organizó en Cuenca el Vicerrectorado de Extensión Universitaria de Castilla-La Mancha, del 11 al 13 de julio de 1990. En el libro se abordan distintos aspectos y problemas sobre la creación, promoción y difusión de la poesía infantil, así como la actual preocupación social por la poesía de carácter infantil, en un intento conjunto de sentar unas mínimas bases para la reflexión crítica y el debate sobre los principales aspectos de la relación del niño con la poesía.

Historical Dictionary of Children's Literature Emer O'Sullivan, 2010-11-22 Children's literature comes from a number of different sources-folklore (folk- and fairy tales), books originally for adults and subsequently adapted for children, and material authored specifically for them-and its audience ranges from infants through middle graders to young adults (readers from about 12 to 18 years old). Its forms include picturebooks, pop-up books, anthologies, novels, merchandising tie-ins, novelizations, and multimedia texts, and its genres include adventure stories, drama, science fiction, poetry, and information books. The Historical Dictionary of Children's Literature relates the history of children's literature through a chronology, an introductory essay, appendixes, a bibliography, and over 500 cross-referenced dictionary entries on authors, books, and genres. Some of the most legendary names in all of literature are covered in this important reference, including Hans Christian Anderson, L. Frank Baum, Lewis Carroll, Roald Dahl, Charles Dickens, C.S. Lewis, Beatrix Potter, J.K. Rowling, Robert Louis Stevenson, Mark Twain, J.R.R. Tolkien, Jules Verne, and E.B. White.

Side by Side Marilisa Jiménez García,2021-03-19 Winner of the Children's Literature Association's 2023 Book Award During the early colonial encounter, children's books were among the first kinds of literature produced by US writers introducing the new colony, its people, and the US's role as a twentieth-century colonial power to the public. Subsequently, youth literature and media were important tools of Puerto Rican cultural and educational elite institutions and Puerto Rican revolutionary thought as a means of negotiating US assimilation and upholding a strong Latin American, Caribbean national stance. In Side by Side: US Empire, Puerto Rico, and the Roots of American Youth Literature and Culture, author Marilisa

Jiménez García focuses on the contributions of the Puerto Rican community to American youth, approaching Latinx literature as a transnational space that provides a critical lens for examining the lingering consequences of US and Spanish colonialism for US communities of color. Through analysis of texts typically outside traditional Latinx or literary studies such as young adult literature, textbooks, television programming, comics, music, curriculum, and youth movements, *Side by Side* represents the only comprehensive study of the contributions of Puerto Ricans to American youth literature and culture, as well as the only comprehensive study into the role of youth literature and culture in Puerto Rican literature and thought. Considering recent debates over diversity in children's and young adult literature and media and the strained relationship between Puerto Rico and the US, Jiménez García's timely work encourages us to question who constitutes the expert and to resist the homogenization of Latinxs, as well as other marginalized communities, that has led to the erasure of writers, scholars, and artists.

The Oxford Companion to Fairy Tales Jack Zipes, 2015-09-10 In over 1,000 entries, this acclaimed Companion covers all aspects of the Western fairy tale tradition, from medieval to modern, under the guidance of Professor Jack Zipes. It provides an authoritative reference source for this complex and captivating genre, exploring the tales themselves, the writers who wrote and reworked them, and the artists who illustrated them. It also covers numerous related topics such as the fairy tale and film, television, art, opera, ballet, the oral tradition, music, advertising, cartoons, fantasy literature, feminism, and stamps. First published in 2000, 130 new entries have been added to account for recent developments in the field, including J. K. Rowling and Suzanne Collins, and new articles on topics such as cognitive criticism and fairy tales, digital fairy tales, fairy tale blogs and websites, and pornography and fairy tales. The remaining entries have been revised and updated in consultation with expert contributors. This second edition contains beautifully designed feature articles highlighting countries with a strong fairy tale tradition, covering: Britain and Ireland, France, Germany, Italy, Japan, North America and Canada, Portugal, Scandinavian countries, Slavic and Baltic countries, and Spain. It also includes an informative and engaging introduction by the editor, which sets the subject in its historical and literary context. A detailed and updated bibliography provides information about background literature and further reading material. In addition, the A to Z entries are accompanied by over 60 beautiful and carefully selected black and white illustrations. Already renowned in its field, the second edition of this unique work is an essential companion for anyone interested in fairy tales in literature, film, and art; and for anyone who values the tradition of storytelling.

Postcolonial Approaches to Latin American Children's Literature Ann González, 2018-01-31 In this volume González explores how the effects of a traumatic colonial experience are (re)presented to Latin American children today, almost two centuries after the dismantling of colonialism proper. Central to this study is the argument that the historical constraints of colonialism, neocolonialism, and postcolonialism have generated certain repeating themes and literary strategies in

children's literature throughout the Spanish-speaking Americas. From the outset of Spanish domination, fundamental tensions emerged between the colonizers and native groups that still exist to this day. Rather than a felicitous mixing of these two opposing groups, the mestizo is caught between contrasting worldviews, contending explanations of reality, and different values, beliefs, and epistemologies (that is, different ways of seeing and knowing). Postcolonial subjects experience these contending cultural beliefs and practices as a double bind, a no-win situation, in which they feel pressured by mutually exclusive expectations and imperatives. Latin American mestizos, therefore, are inevitably conflicted. Despite the vastness of the geography in question and the innumerable variations in regional histories, oral traditions, and natural settings, these contradictory demands create a pervasive dynamic that penetrates the very fabric of society, showing up intentionally or not in the stories passed from generation to generation as well as in new stories written or adapted for Spanish-speaking children. The goal of this study, therefore, is to examine a variety of children's texts from the region to determine how national and hemispheric perceptions of reality, identity, and values are passed to the next generation. This book will appeal to scholars in the fields of Latin American literary and cultural studies, children's literature, postcolonial studies, and comparative literature.

La formación de mediadores para la promoción de la lectura Pedro C. Cerrillo Torremocha, Santiago Yubero, 2003
En la promoción de la lectura, como en la animación a la lectura, sobre todo cuando los destinatarios de las mismas son niños o adolescentes, es muy importante la figura del mediador, papel que, en esas edades, suelen cumplir adultos con perfiles específicos (padres, maestros o bibliotecarios, aunque, en buena lógica, deberíamos considerar también como tales a los editores y a los libreros). El mediador es el puente o enlace entre los libros y esos primeros lectores que propicia y facilita el diálogo entre ambos. El Máster de Promoción de la Lectura y Literatura Infantil de la Universidad de Castilla-La Mancha que se puede cursar desde la red y a distancia, tiene como objetivo básico la formación de especialistas que puedan trabajar en los campos del desarrollo de hábitos lectores y en programas de animación a la lectura, es decir, la formación de mediadores. Los contenidos teóricos de referencia de dicho Máster que aquí se ofrecen los hemos agrupado en cinco partes, que se corresponden con los cinco módulos teóricos que los alumnos cursan durante el primero de los dos años de estudios: Literatura infantil y juvenil, Lenguaje literario y creatividad, Narración infantil y discurso, Evolución psicológica y maduración lectora y Lectura y sociedad.
