Borderland Beat Alex Marentes,2019-10-14 The Borderland Beat Project is collaboration from a group of people of different backgrounds located in the U.S. and Mexico that gather information related to the Mexican drug cartels and presents it in English through the internet, publications and presentations. The information in this book is fast-paced, with a lot of DTO information thrown at you at once. It's filled with sicario activity and the Mexican government's attempt to intervene, but it also contains a lot of direct, behind-the-scenes information from the author. This particular information is the involvement of the author from his early stages when he started to formalize his plan to bring to life the Borderland Beat Project. Follow Buggs as he sets the stage and takes you on a wild ride in to the dark shadows of the violence and chaos of the Mexican drug cartels. A narrative, as told in the deep dark pages of the Borderland Beat blog.

El Narco Ioan Grillo,2012-01-16 'War' is no exaggeration in discussing the bloodshed that has terrorized Mexico in the past decades. As rival cartels battle for control of a billion-dollar drug trade, the body count - 23,000 dead in five years - and sheer horror beggar the imagination of journalistic witnesses. Cartel gunmen have attacked schools and rehabilitation centers, and murdered the entire families of those who defy them. Reformers and law enforcement officials have been gunned down within hours of taking office. Headless corpses are dumped on streets to intimidate rivals, and severed heads are rolled onto dancefloors as messages to would-be opponents. And the war is creeping northward, towards the United States. El Narco is the story of the ultraviolent criminal organizations that have turned huge areas of Mexico into a combat zone. It is a piercing portrait of a drug trade that turns ordinary men into mass murderers, as well as a diagnosis of what drives the cartels and what gives them such power. Veteran Mexico correspondent Ioan Grillo traces the gangs from their origins as smugglers to their present status as criminal empires. The narco cartels are a threat to the Mexican government - and their violence has now reached as far as North Carolina. El Narco is required reading for anyone concerned about one of the most important news stories of the decade.

Amexica Ed Vulliamy,2010-10-07 Between the interiors of the USA and Mexico lies a borderland: Amexica. A terrain astride the world's busiest frontier, teeming with migrants, factory workers, narcos, tourists, heroines and heroes, ranchers

and rogues. A border both porous and harsh, criss-crossed by a million people every day. A warzone, where a grotesque pastiche of the globalised economy plays out in a tragedy of unfathomable violence as drug cartels and state forces face off. Amexica is a journey through the cartels' reach into the borderland's daily life: through migrant camps, drug-smuggling 'plazas', rehab centres, sweatshop factories and the mass-murder of women. Updated with new material ten years on it paints an essential portrait of a country under siege - and testament to people who carry on regardless. 'Previously, to understand the ruthlessness, ambition and impact of today's global criminals, you needed to read Roberto Saviano's Gomorrah and Misha Glenny's McMafia. Now, you also need to read Vulliamy's Amexica' The Sunday Times

**America's Most Alarming Writer** Bill Broyles, Bruce J. Dinges, 2019-11-15 The author of more than twenty books and a revered contributor to numerous national publications, Charles Bowden (1945–2014) used his keen storyteller's eye to reveal both the dark underbelly and the glorious determination of humanity, particularly in the borderlands between the United States and Mexico. In America's Most Alarming Writer, key figures in his life—including his editors, collaborators, and other writers—deliver a literary wake for the man who inspired them throughout his forty-year career. Part revelation, part critical assessment, the fifty essays in this collection span the decades from Bowden's rise as an investigative journalist through his years as a singular voice of unflinching honesty about natural history, climate change, globalization, drugs, and violence. As the Chicago Tribune noted, "Bowden wrote with the intensity of Joan Didion, the voracious hunger of Henry Miller, the feral intelligence and irony of Hunter Thompson, and the wit and outrage of Edward Abbey." An evocative complement to The Charles Bowden Reader, the essays and photographs in this homage brilliantly capture the spirit of a great writer with a quintessentially American vision. Bowden is the best writer you've (n)ever read.

**Cartel** Sylvia Longmire, 2011-10-18 Having followed Mexico's cartels for years, border security expert Sylvia Longmire takes us deep into the heart of their world to witness a dangerous underground that will do whatever it takes to deliver drugs to a willing audience of American consumers. The cartels have grown increasingly bold in recent years, building submarines to move up the coast of Central America and digging elaborate tunnels that both move drugs north and carry cash and U.S.

high-powered assault weapons back to fuel the drug war. Channeling her long experience working on border issues, Longmire brings to life the very real threat of Mexican cartels operating not just along the southwest border, but deep inside every corner of the United States. She also offers real solutions to the critical problems facing Mexico and the United States, including programs to deter youth in Mexico from joining the cartels and changing drug laws on both sides of the border.

**The Fire Next Door** Ted Galen Carpenter, 2012-10-09 Since the Mexican government initiated a military offensive against its country's powerful drug cartels in December 2006, some 50,000 people have perished and the drugs continue to flow. In *The Fire Next Door*, Ted Galen Carpenter boldly conveys the growing horror overtaking Mexico and makes the case that the only effective strategy for the United States is to abandon its failed drug prohibition policy, thus depriving drug cartels of financial resources.

**Southwest Border Violence** Jennifer E. Lake, 2010-11 There has been a recent increase in the level of drug trafficking-related violence within and between the drug trafficking organizations in Mexico. This violence has generated concern among U.S. policy makers that the violence in Mexico might spill over into the U.S. Currently, U.S. federal officials deny that the recent increase in drug trafficking-related violence in Mexico has resulted in a spillover into the U.S., but they acknowledge that the prospect is a serious concern. Confessions of a Cartel Hit Man Martin Corona, Tony Rafael, 2017-07-25 The true confession of an assassin, a sicario, who rose through the ranks of the Southern California gang world to become a respected leader in an elite, cruelly efficient crew of hit men for Mexico's most vicious drug cartel, and eventually found a way out and an (almost) normal life. Martin Corona, a US citizen, fell into the outlaw life at twelve and worked for a crew run by the Arellano brothers, founders of the the Tijuana drug cartel that dominated the Southern California drug trade and much bloody gang warfare for decades. Corona's crew would cross into the United States from their luxurious hideout in Mexico, kill whoever needed to be killed north of the border, and return home in the afternoon. That work continued until the arrest of Javier Arellano-Félix in 2006 in a huge coordinated DEA operation. Martin Corona played a key role in the downfall of the cartel when he turned state's evidence. He confessed to multiple murders. Special Agent of the California Department of Justice Steve Duncan, who wrote the foreword, says Martin Corona is the only former cartel hit man he knows who is truly remorseful. Martin's father was a US Marine. The family had many solid middle-class advantages, including the good fortune to be posted in Hawaii for a time during which a teenage Martin thought he might be able to turn away from the outlaw life of theft, drug dealing, gun play, and prostitution. He briefly quit drugs and held down a job, but a die had been cast. He soon returned to a gangbanging life he now deeply regrets. How does someone become evil, a murderer who can kill without hesitation? This story is an insight

into how it happened to one human being and how he now lives with himself. He is no longer a killer; he has asked for forgiveness; he has made a kind of peace for himself. He wrote letters to family members of his victims. Some of them not only wrote back but came to support him at his parole hearings. It is a cautionary tale, but also one that shows that evil doesn't have to be forever.

*The Wolfpack* Peter Edwards, Luis Najera, 2021-10-26 Joined by award-winning Mexican journalist Luis Nájera, leading organized-crime author Peter Edwards introduces a motley assortment of millennial bikers, gangsters and Mafia whose bloody trail of murders and schemes gone wrong led to the arrival in Canada of the world's most dangerous criminal organizations: the drug cartels of Mexico. A man watching the Euro Cup on a restaurant patio is shot dead on a busy Sunday afternoon in Toronto. Another dies in a sidewalk ambush just outside a bustling college campus. Two men in a Vancouver hotel lobby are gunned down in an attack that sends an American soccer star scrambling for cover. In Mexico, a Canadian is killed at a Nuevo Vallarta coffee shop, his death barely registering amidst the terrifying death tolls of President Calderón's war on drugs and the cartels' response; while a Montreal cop is beaten within an inch of his life in a Playa del Carmen nightclub. An infamous heckler from an NBA Toronto Raptors game turns up dead in a bullet-riddled car in a midtown laneway. Throughout the 2010s, these and other disparate acts of violence entered the public awareness like isolated tragedies—but there was nothing isolated about them. In this masterly investigation, veteran journalists Peter Edwards and Luis Nájera introduce readers to the common cause of a near-decade of chaos. Meet the Wolfpack, millennial-aged gangsters from across the spectrum of Canada's underworld. Vying to fast-track their way into the criminal void left by the death of Montreal godfather Vito Rizzuto, the Wolfpack sought advantage in a steady supply of cocaine from El Chapo Guzmán's Sinaloa cartel, among the deadliest and most far-reaching of criminal organizations. The juniors had just stepped into the big leagues. This is the roiling landscape of *The Wolfpack*, a brilliant examination of a time of criminal disruption and rapid adaptation, when one gang's unchecked ambition unwittingly gave away the most hotly contested corner of the Canadian underworld without a fight. Brazen criminal disruptors or entitled upstarts looking to get rich without paying their dues--whatever you think of them, you will never forget the Wolfpack.

*Bones* Joe Tone, 2017-08-08 The dramatic true story of two brothers living parallel lives on either side of the U.S.-Mexico border—and how their lives converged in a major criminal conspiracy José and Miguel Treviño were bonded by blood and a shared vision of a better life. But they chose different paths that would end at the same violent crossroads—with considerable help from the FBI and an enigmatic, all-American snitch. José was a devoted family man who cut no corners in his pursuit of the American dream. Born in Nuevo Laredo, a Mexican border town on a crucial smuggling route, José was one of thirteen children raised by a hardworking ranch hand. He grew up loving the sprawling countryside and its tough, fast quarter horses, but in search of opportunity he crossed the border into Texas to look for work as a bricklayer. He kept his nose clean.

He stayed out of trouble. Back in Mexico, José's younger brother Miguel was leading a different life. While José struggled to make ends meet, Miguel ascended to the top ranks of Los Zetas, a notoriously bloody drug cartel—his crimes had become the stuff of legend and myth on both sides of the border. He was said to have burned rivals alive, murdered Mexican and American law enforcement officers, and launched grenades at a U.S. consulate. José, married with kids and now a U.S. citizen, gave every indication of rejecting his brother's criminal lifestyle. Then one day he showed up at a quarter-horse auction and bid close to a million dollars for a horse—the largest amount ever paid for a quarter horse at an auction. The humble bricklayer quickly became a major player in the quarter-horse racing scene that thrived in the American Southwest and Mexico. That caught the attention of an eager young FBI agent named Scott Lawson. He enlisted Tyler Graham, an American rancher who would eventually breed José's champion horse—nicknamed Bones—to help the FBI infiltrate what was revealing itself to be a major money-laundering operation, with the ultimate goal of capturing the infamous Miguel Treviño. Joe Tone's riveting, exquisitely layered crime narrative, set against the high-stakes world of horse racing, is an intimate story about family, loyalty, and the tragic costs of a failed drug war. Compelling and complex, Bones sheds light on the perilous lives of American ranchers, the morally dubious machinery of drug and border enforcement, and the way greed and fear mingle with race, class, and violence along America's vast Southwestern border. Praise for Bones "The true-life tale of the Zetas' foray into quarter horses is masterfully recounted. . . . [a] finely-painted cast of characters . . . Tone weaves the threads together with skillful pacing and sharp prose, marking him as an important new talent in narrative nonfiction. . . . Tone adds some vivid details [and] digs deep into the colorful world of quarter-horse racing."—The New York Times Book Review

**Bloodlines** Melissa del Bosque, 2017-09-12 The riveting and suspenseful account of two young FBI agents in a pursuit of a drug cartel's most fearsome leader, Miguel Treviño Drugs, money, cartels: this is what FBI rookie Scott Lawson expected when he was sent to the border town of Laredo, but instead he's deskbound writing intelligence reports about the drug war. Then, one day, Lawson is asked to check out an anonymous tip: a horse was sold at an Oklahoma auction house for a record-topping price, and the buyer was Miguel Treviño, one of the leaders of the Zetas, Mexico's most brutal drug cartel. The source suggested that Treviño was laundering money through American quarter horse racing. If this was true, it offered a rookie like Lawson the perfect opportunity to infiltrate the cartel. Lawson teams up with a more experienced agent, Alma Perez, and, taking on impossible odds, sets out to take down one of the world's most fearsome drug lords. In *Bloodlines*, Emmy and National Magazine Award-winning journalist Melissa del Bosque follows Lawson and Perez's harrowing attempt to dismantle a cartel leader's American racing dynasty built on extortion and blood money. With extensive access to investigative evidence and in-depth interviews with key players, del Bosque turns more than three years of research and her decades of reporting on Mexico and the border into a gripping narrative about greed and corruption. *Bloodlines* offers us an

unprecedented look at the inner workings of the Zetas and US federal agencies, and opens a new vista onto the changing nature of the drug war and its global expansion.

**Criminal Insurgencies in Mexico and the Americas** Robert Bunker J,2013-10-28 In recent years, the south-western border of the United States has come under increasing pressure from the activities of Mexican narco-insurgents. These insurgents have developed rapidly from beginnings as nebulous gangs into networked cartels that have exposed the porosity of the border. These cartels declare no allegiance to any nation and are engaging in asymmetrical warfare against sovereign states throughout Mexico and in Central America. Within such states, de facto political control is shifting to the cartels in the 'areas of impunity' that have emerged. This book addresses these concerns and focuses on the criminal insurgencies being waged by the gangs and cartels. It is divided into sections on theory, Mexico, and the Americas and contains a number of introductory essays pertaining to this premier security threat to the United States and her allies in the region. Topics covered include criminal and spiritual insurgency, cartel weapons, corruption, feral cities, Los Zetas, politicized gangs, and threat analysis in Central America. This book will be a valuable resource to scholars in the fields of regional security, criminal justice and American Studies. It will be of great benefit to military and civil policymakers and practitioners in the areas of law enforcement and counternarcotics. This book was published as a special issue of Small Wars and Insurgencies.

**Dealing Death and Drugs** Beto O'Rourke,2011 Overview: The War on Drugs doesn't work. This became obvious to El Paso City Representatives Susie Byrd and Beto O'Rourke when they started to ask questions about why El Paso's sister city Ciudad Juarez has become the deadliest city in the world-8,000-plus deaths since January 1, 2008. Byrd and O'Rourke soon realized American drug use and United States' failed War on Drugs are at the core of problem. In Dealing Death and Drugs-a book written for the general reader-they explore the costs and consequences of marijuana prohibition. They argue that marijuana prohibition has created a black market so profitable that drug kingpins are billionaires and drug control doesn't stand a chance. Using Juarez as their focus, they describe the business model of drug trafficking and explain why this illicit system has led to the never-ending slaughter of human beings. Their position: the only rational alternative to the War on Drugs is to end to the current prohibition on marijuana.

**The Hydra: the Strategic Paradox of Human Security in Mexico** Zachary Martin,Air Command Air Command and Staff College,2021-08-18 This paper explores the social climate and circumstances in Mexico that have led to increased cartel activity over the past twenty years. Analysis of these circumstances shows that both Mexico and the United States have failed in their efforts to eradicate cartels and curb violent crime and illicit drug trafficking on both sides of the border. An examination of the Mexican administrations over two decades highlights the efforts and missteps the governments have made that contribute to the rising violent crime rates throughout the country. This paper also discusses potential solutions to those problems and the difficulties both countries face in implementing them

Mexico June S Beittel, 2019-08-22 Mexican drug trafficking organizations (DTOs) pose the greatest crime threat to the United States and have the greatest drug trafficking influence, according to the annual U.S. Drug Enforcement Administration's (DEA's) National Drug Threat Assessment. These organizations work across the Western Hemisphere and globally. They are involved in extensive money laundering, bribery, gun trafficking, and corruption, while causing Mexico's homicide rates to spike. They produce and traffic illicit drugs into the United States, including heroin, methamphetamine, marijuana, and powerful synthetic opioids such as fentanyl, and they traffic South American cocaine. As Mexico's transnational crime groups expanded their control of the opioids market, U.S. overdoses rose sharply to a record level in 2017, with more than half of the 72,000 overdose deaths (47,000) involving opioids. Although preliminary 2018 data indicate a slight decline in overdose deaths, many analysts believe trafficking continues to evolve toward opioids making possible a future rise of overdose deaths from opioids. This prospect deeply concerns Congress. In July 2019, the notorious crime boss Joaquín Guzmán Loera (El Chapo) received a life sentence in a maximum-security U.S. prison for his role leading the Sinaloa Cartel. Guzmán had been extradited by Mexico to the United States in January 2017, following two escapes from Mexican prisons. The major Mexican DTOs, while increasing their business in opioid supply, have continued to diversify into such crimes as human smuggling and oil theft. According to the Mexican government's latest estimates, illegally siphoned oil from Mexico's state-owned oil company costs the government about \$3 billion annually. Mexico's DTOs have been in constant flux. Former Mexican President Felipe Calderón (2006-2012) launched an aggressive campaign against the country's drug traffickers that was a defining policy of his government; the DTOs violently resisted this campaign. By some accounts, there were four dominant DTOs in 2006: the Tijuana/Arellano Félix organization (AFO), the Sinaloa cartel, the Juárez/Vicente Carrillo Fuentes organization (CFO), and the Gulf cartel. Government operations to eliminate DTO leadership sparked organizational changes, which increased instability among the groups and violence. Over the past 12 years, Mexico's large and comparatively more stable DTOs fragmented, creating at first seven major groups, and then nine, which are briefly described in this report. The DEA has identified those nine organizations as Sinaloa, Los Zetas, Tijuana/AFO, Juárez/CFO, Beltrán Leyva, Gulf, La Familia Michoacana, the Knights Templar, and Cartel Jalisco-New Generation (CJNG). Mexico's intentional homicide rate reached new records in 2017 and 2018. In 2019, Mexico's national public security system reported more than 17,000 homicides between January and June, setting a new record. For some Members of Congress, this situation has increased concern about a policy of returning Central American migrants to cities across the border in Mexico to await their U.S. asylum hearings in areas with some of Mexico's highest homicide rates. Mexican President Andrés Manuel López Obrador, elected in a landslide in July 2018, heads a new party, MORENA. He campaigned on fighting corruption and finding new ways to combat crime, including the drug trade. He aimed to avoid the previous two administrations' failure to lower violence and insecurity. According to some analysts, challenges for López Obrador since his inauguration include a

persistently ad hoc approach to security; absence of strategic and tactical intelligence concerning an increasingly fragmented, multipolar, and opaque criminal market; and endemic corruption of Mexico's judicial and law enforcement systems.

*Down by the River* Charles Bowden, 2004-01-08 Lionel Bruno Jordan was murdered on January 20, 1995, in an El Paso parking lot, but he keeps coming back as the key to a multibillion-dollar drug industry, two corrupt governments -- one called the United States and the other Mexico -- and a self-styled War on Drugs that is a fraud. Beneath all the policy statements and bluster of politicians is a real world of lies, pain, and big money. *Down by the River* is the true narrative of how a murder led one American family into this world and how it all but destroyed them. It is the story of how one Mexican drug leader outfought and outthought the U.S. government, of how major financial institutions were fattened on the drug industry, and how the governments of the U.S. and Mexico buried everything that happened. All this happens down by the river, where the public fictions finally end and the facts read like fiction. This is a remarkable American story about drugs, money, murder, and family.

*The Last Narco* Malcolm Beith, 2010-09-02 Mexico, April 2009. The bodies of a pair of undercover military intelligence agents, disguised as campesinos (farmers), are dumped by the side of the road. Beside the corpses is a message on a scrap of paper: 'You'll never get El Chapo.' Such is the fate of many who have dared to try to catch El Chapo, or oppose him. El Chapo is the world's most wanted drug lord, at large since he escaped from prison in 2001 after bribing guards to wheel him out in a laundry cart. His cartel moves thousands of tons of cocaine, marijuana and heroine into the US each year using tunnels, planes and submarines. He has made an estimated \$20 billion, and appeared on Forbes magazine's Global Power List in 2009. He bribes or kills politicians, police, soldiers and those who betray him. He's hailed by locals as a folk hero. But the net is closing. Who will make the final move? There is no bigger crime story today, worldwide, than the Mexican drug war and the hunt for El Chapo. *The Last Narco* traces his life and the struggle to bring him to justice, through reportage and interviews with rival narcos, police and DEA sources. This is a non-fiction thriller to match Mark Bowden's *Killing Pablo* and Roberto Saviano's *Gomorrhah*. It also tells a wider story: the brutal war between the cartels, the endemic state corruption and the US complicity in a conflict that is killing more people than Iraq.

**Narco Cinema** Ryan Rashotte, 2015-04-23 This book provides the first comprehensive study of narco cinema, a cross-border exploitation cinema that, for over forty years, has been instrumental in shaping narco-culture in Mexico and the US borderlands. Identifying classics in its mammoth catalogue and analyzing select films at length, Rashotte outlines the genre's history and aesthetic criteria. He approaches its history as an alternative to mainstream representation of the drug war and considers how its vernacular aesthetic speaks to the anxieties and desires of Latina/o audiences by celebrating regional cultures while exploring the dynamics of global transition. Despite recent federal prohibitions, narco cinema endures as a

popular folk art because it reflects distinctively the experiences of those uprooted by the forces of globalization and critiques those forces in ways mainstream cinema has failed.
