Ray Bradbury

The Pedestrian Ray Bradbury,1966

The Illustrated Man Ray Bradbury,2013-04-30 You could hear the voices murmuring, small and muted, from the crowds that inhabited his body. A peerless American storyteller, Ray Bradbury brings wonders alive. The Illustrated Man is classic Bradbury—eighteen startling visions of humankind's destiny, unfolding across a canvas of decorated skin. In this phantasmagoric sideshow, living cities take their vengeance, technology awakens the most primal natural instincts, Martian invasions are foiled by the good life and the glad hand, and dreams are carried aloft in junkyard rockets. Provocative and powerful, Ray Bradbury's The Illustrated Man is a kaleidoscopic blending of magic, imagination, and truth—as exhilarating as interplanetary travel, as maddening as a walk in a million-year rain, and as comforting as simple, familiar rituals on the last night of the world.

The Golden Apples of the Sun Ray Bradbury,1983

Ray Bradbury's Fahrenheit 451 Tim Hamilton,2009-07-21 As could only occur with Bradbury's full cooperation in this authorized adaptation, Hamilton has created a striking work of art that uniquely captures Montag's awakening to the evil of government-controlled thought and the inestimable value of philosophy, theology, and literature. --from publisher description.

Fahrenheit 451 [TV Tie-In Edition] Ray Bradbury,2018-04 The hauntingly prophetic classic novel set in a not-too-distant future where books are burned by a special task force of firemen. 'Another indispensable classic' The Times "Ray Bradbury's gift for storytelling reshaped our culture and expanded our world' Barack Obama Guy Montag is a fireman. His job is to burn books, which are forbidden, being the source of all discord and unhappiness. Even so, Montag is unhappy; there is discord in his marriage. Are books hidden in his house? The Mechanical Hound of the Fire Department, armed with a lethal hypodermic, escorted by helicopters, is ready to track down those dissidents who defy society to preserve and read books. The classic dystopian novel of a post-literate future, Fahrenheit 451 stands alongside Orwell's 1984 and Huxley's Brave New World as a prophetic account of Western civilization's enslavement by the media, drugs and conformity. Bradbury's powerful and poetic prose combines with uncanny insight into the potential of technology to create a novel which, decades on from first publication, still has the power to dazzle and shock.

The Flying Machine Ray Bradbury,1953

The Martian Chronicles Ray Bradbury,1997-02-01 Man, was a a distant shore, and the men spread upon it in wave... Each wave different, and each wave stronger. *The Martian Chronicles* Ray Bradbury is a storyteller without peer, a poet of the possible, and, indisputably, one of America's most beloved authors. In a much celebrated literary career that has spanned six decades, he has produced an astonishing body of work: unforgettable novels, including *Fahrenheit 451* and *Something Wicked This Way Comes*; essays, theatrical works, screenplays and teleplays; *The Illustrated Man*, *Dandelion Wine*, *The October Country*, and numerous other superb short story collections. But of all the dazzling stars in the vast Bradbury universe, none shines more luminous than these masterful chronicles of Earth's settlement of the fourth world from the sun. Bradbury's Mars is a place of hope, dreams and metaphor-of crystal pillars and fossil seas-where a fine dust settles on the great, empty cities of a silently destroyed civilization. It is here the invaders have come to despoil and commercialize, to grow and to learn -first a trickle, then a torrent, rushing from a world with no future toward a promise of tomorrow. The Earthman conquers Mars ... and then is conquered by it, lulled by dangerous lies of comfort and familiarity, and enchanted by the lingering glamour of an ancient, mysterious native race. Ray Bradbury's *The Martian Chronicles* is a classic work of twentieth-century literature whose extraordinary power and imagination remain undimmed by time's passage. In connected, chronological stories, a true grandmaster once again enthralls, delights and challenges us with his vision and his heart-starkly and stunningly exposing in brilliant spacelight our strength, our weakness, our folly, and our poignant humanity on a strange and breathtaking world where humanity does not belong.

This cornucopia of storytelling will open your eyes to the darkness around you, the magic and the monsters, the myths and the miracles, and the truths we find in the most extraordinary of places.
