Humanitarian Action Facing the New Challenges Markus Moke, Andrej Zwitter, Christoph Schewe, 2010-01-01

Hauptbeschreibung Delivering humanitarian aid has become a complex issue in contemporary politics and practice. The expansion of the humanitarian field caused by an increasing number of humanitarian actors and international donors - such as the EU, the United States, and the United Nations - leads to new questions concerning complex coordination, legitimacy, and accountability. These changes in the humanitarian arena, the so-called New Wars, and advances in international law confront humanitarian actors with additional challenges. In turn, such changes require a professionalization of aid in.

Rethinking International Organizations Dennis Dijkzeul, Yves Beigbeder, 2003 The management of international organisations is attracting growing attention. This text provides a fundamental rethinking of current approaches, criticism and cures for these organisations.

International Law and Humanitarian Assistance Hans-Joachim Heintze, Andrej Zwitter, 2011-01-11 It is becoming increasingly apparent that there are major gaps in International Humanitarian Law and Public International Law in the area of humanitarian assistance. In response international organizations such as the UN and the EU are developing their own legal frameworks for humanitarian assistance and the body of customary law and so-called international disaster response law is growing steadily. This however shows that a coherent body of law is far from being a given. The legal reality of international law pertaining to emergency response is rather broadly spread over various international legal fields and related documents, covering situations of armed conflict and natural disasters. This book is one of the first attempts of linking different legal areas in the growing field of what could be called the international law of humanitarian assistance.

Tactical Readings Nicola Pitchford, 2002 Both writers' novels borrow heavily from other authors, and in doing so they

offer strategies for a politically committed rereading of literary history and its interaction with the popular imagination..

The Complete Edgar Cayce Readings Edgar Cayce,1994 While in a dreamlike trance state, psychic Edgar Cayce answered thousands of questions on subjects as diverse as health, business, and relationships. The CD-ROM contains the complete transcripts of these trance sessions, with a search engine.

Uniting on Food Assistance Christopher Brendan Barrett,Andrea Binder,Julia Steets,2012 This book chronicles the most essential causes and implications of these trends, which have expanded international food assistance well beyond the simple shipment of donated food aid commodities. We pay particular attention to how these trends shape and are shaped by European Union (EU) and United States (U.S.) food assistance policy and practice, and highlight the principles to which donors can adhere to move international food assistance forward.

Empire of the Senseless Kathy Acker,1988 Set in the near future, in a Paris devastated by revolution and disease, *Empire of the Senseless* is narrated by two terrorists and occasional lovers, Thivai, a pirate, and Abhor, part robot and part human. Together and apart, the two undertake an odyssey of carnage, a holocaust of the erotic. An elegy for the world of our fathers, as Kathy Acker calls it, where the terrorists and the wretched of the earth are in command, marching down a road charted by Genet to a Marseillaise composed by Sade.

Collected Poems, 1951-1971 A. R. Ammons,2001-04-17 A reissue of a body of work spanning two decades from one of our most treasured poets. It will seem increasingly to many attentive readers that this volume—the most distinguished book of American verse, in my judgment, since the publication of Wallace Stevens's *Collected Poems* in 1955—marks the permanent establishment of a major visionary poet.—Harold Bloom No mere gathering of poems, this collection is like one an explorer brings back.—David Kalstone
