*Leave Only Footprints* Conor Knighton,2021-04-06 NEW YORK TIMES BESTSELLER • “A delightful sampler plate of our national parks, written with charisma and erudition.”—Nick Offerman, author of *Paddle Your Own Canoe* From CBS Sunday Morning correspondent Conor Knighton, a behind-the-scenery look at his year traveling to each of America's National Parks, discovering the most beautiful places and most interesting people our country has to offer NAMED ONE OF THE BEST BOOKS OF THE YEAR BY OUTSIDE When Conor Knighton set off to explore America's best idea, he worried the whole thing could end up being his worst idea. A broken engagement and a broken heart had left him longing for a change of scenery, but the plan he'd cooked up in response had gone a bit overboard in that department: Over the course of a single year, Knighton would visit every national park in the country, from Acadia to Zion. In *Leave Only Footprints*, Knighton shares informative and entertaining dispatches from what turned out to be the road trip of a lifetime. Whether he's waking up early for a naked scrub in a historic bathhouse in Arkansas or staying up late to stargaze along our loneliest highway in Nevada, Knighton weaves together the type of stories you're not likely to find in any guidebook. Through his unique lens, America the Beautiful becomes America the Captivating, the Hilarious, and the Inspiring. Along the way, he identifies the threads that tie these wildly different places together—and that tie us to nature—and reveals how his trip ended up changing his views on everything from God and love to politics and technology. Filled with fascinating tidbits about our parks' past and reflections on their fragile future, this book is both a celebration of and a passionate case for the natural wonders that all Americans share.

**Into the Wild** Jon Krakauer,2018-07-12 Jon Krakauer's *Into the Wild* examines the true story of Chris McCandless, a young man who walked deep into the Alaskan wilderness and whose SOS note and emaciated corpse were found four months

later. With an introduction by novelist David Vann. In April 1992, Chris McCandless set off alone into the Alaskan wild. He had given his savings to charity, abandoned his car and his possessions, and burnt the money in his wallet, determined to live a life of independence. Just four months later, Chris was found dead. An SOS note was taped to his makeshift home, an abandoned bus. In piecing together the final travels of this extraordinary young man's life, Jon Krakauer writes about the heart of the wilderness, its terrible beauty and its relentless harshness. *Into the Wild* is a modern classic of travel writing, and a riveting exploration of what drives some of us to risk more than we can afford to lose. From the author of *Under the Banner of Heaven* and *Into Thin Air*. A film adaptation of *Into the Wild* was directed by Sean Penn and starred Emile Hirsch and Kristen Stewart. 'It may be nonfiction, but *Into the Wild* is a mystery of the highest order.' - Entertainment Weekly

Always Coming Home Ursula K. Le Guin, 2016-07-14 A long, long time from now, in the valleys of what will no longer be called Northern California, might be going to have lived a people called the Kesh. But *Always Coming Home* is not the story of the Kesh. Rather it is the stories of the Kesh - stories, poems, songs, recipes - *Always Coming Home* is no less than an anthropological account of a community that does not yet exist, a tour de force of imaginative fiction by one of modern

literature's great voices.

*Coming Into the Country* John McPhee, 2015-07 Plunge into the wild climate of unknown Alaska in this riveting travel account.

**John Muir, in His Own Words** John Muir, 1988 The best of John Muir -- 332 quotations, the distillation of his thought, the essence of his beliefs. Muir was the foremost conservationist of his time -- nature writer, social critic, realist, a romantic, a visionary. A long-needed collection that features an excellent subject index. Painstaking bibliographic references make this an invaluable addition to one's Muir Library. (Yosemite Association.) If asked for a succinct statement of his beliefs, Muir might have replied:

**Messenger** Lois Lowry, 2004 Strange changes are taking place in Village. Once a utopian community that prided itself on its welcome to new strangers, Village will soon be closed to all outsiders. As one of the few people able to travel through the dangerous Forest, Matty must deliver the message of Village's closing and try to convince Seer's daughter to return with him before it's too late. But Forest has become hostile to Matty as well, and he must risk everything to fight his way through it, armed only with an emerging power he cannot yet explain or understand.

*Things Fall Apart* Chinua Achebe, 1994-09-01 "A true classic of world literature . . . A masterpiece that has inspired generations of writers in Nigeria, across Africa, and around the world." —Barack Obama "African literature is incomplete and unthinkable without the works of Chinua Achebe." —Toni Morrison Nominated as one of America's best-loved novels by PBS's The Great American Read *Things Fall Apart* is the first of three novels in Chinua Achebe's critically acclaimed African Trilogy. It is a classic narrative about Africa's cataclysmic encounter with Europe as it establishes a colonial presence on the continent. Told through the fictional experiences of Okonkwo, a wealthy and fearless Igbo warrior of Umuofia in the late 1800s, *Things Fall Apart* explores one man's futile resistance to the devaluing of his Igbo traditions by British political and religious forces and his despair as his community capitulates to the powerful new order. With more than 20 million copies sold and translated into fifty-seven languages, *Things Fall Apart* provides one of the most illuminating and permanent monuments to African experience. Achebe does not only capture life in a pre-colonial African village, he conveys the tragedy of the loss of that world while broadening our understanding of our contemporary realities.

**Sustaining Natural Resources in a Changing Environment** Linda Hantrais,Ruth Kattumuri,Ashley Thomas Lenihan,2020-06-09 Climate change and environmental degradation have intensified the pressures on crucial resources such as food and water security and air quality. In this collection, academic researchers and practitioners who have lived and worked in countries as geographically and culturally diverse as Brazil, China, India, Ghana, Palestine, Uganda and Venezuela draw on their wide-ranging international and inter-sectoral experience to offer valuable comparative insights into the relationship between research and evidence-based policy for sustaining natural resources. Their contributions provide a novel mix of disciplinary perspectives ranging across geography, ecology, social policy, the political economy, philosophy, international development, engineering technology, architecture and urban planning. They examine the institutions involved in generating and mediating evidence about the sustainability of natural resources in a changing environment, and the different methodologies employed in collecting and assessing evidence, informing policy and contributing to governance. The authors demonstrate not only that social science evidence on governance and policy implementation to sustain natural resources must complement natural science inputs, but also that local communities must be an integral part of any programme development. This book was originally published as a special issue of Contemporary Social Science.
