

# Its More Fun In The Philippines

**Gilad James, PhD**

*Tourism in the Philippines* Richard S. Aquino, Brooke A. Porter, 2022-09-27 This edited book serves as the first instalment of a two-part title that aims to provide an academic exploration of the contemporary issues and perspectives on tourism in the Philippines. With a strong geographical focus, this book is the first country-focused volume under the series, Perspectives on Asian Tourism. Comprised of chapters based on conceptual and empirical research, this book aims to develop a foundational and practical knowledge base on Philippine tourism management. The chapters cover a range of national, regional, and local tourism management issues that cut across the following themes: • Governance issues in Philippine tourism destinations • The Tourism Act of 2009 • Tourism impacts and sustainability • Innovative tourism development strategies • Tourism marketing campaigns (i.e., It's More Fun in the Philippines!) • Philippine tourism and the ASEAN integration • Tourism and hospitality education in the Philippines The contributions are drawn from the works of Filipino academics based in the Philippines and overseas institutions, and international academics researching tourism issues in the Philippines. The chapters are informed by a diverse set of disciplines including, but not limited to tourism studies, hospitality management, marketing, human resources management, public policy, environmental management, community development, and education. This edited book is divided into four parts: first, an introduction to the development of policy and contemporary management issues in Philippine tourism; second, nature-based tourism and the natural environment; third, product development and branding; and fourth, accreditation and industry standards. The volume culminates with a synthesis of the progress of Philippine tourism development and management implications using the cases and experiences outlined in the chapters. This book serves as a systematic guide to the current state of tourism development and management in the Philippines, and as essential reading for undergraduate and postgraduate students, researchers, educators, and, more importantly, tourism policy-makers.

The Philippine Archipelago Yves Boquet, 2017-04-19 This book presents an updated view of the Philippines, focusing on thematic issues rather than a description region by region. Topics include typhoons, population growth, economic difficulties, agrarian reform, migration as an economic strategy, the growth of Manila, the Muslim question in Mindanao, the South China Sea tensions with China and the challenges of risk, vulnerability and sustainable development.

Introduction to Philippines Gilad James, PhD, The Philippines is an island country located in Southeast Asia, composed of

more than 7,000 islands. It is known for its beautiful beaches, towering mountains, diverse culture, and hospitable people. Its capital, Manila, is a bustling metropolis and serves as the center of commerce, education, and government. The country is also rich in natural resources such as gold, copper, and nickel, making it an important player in the global economy. The Philippines has a complex history, having been colonized by the Spanish, then the Americans, before finally gaining independence in 1946. This diverse history has resulted in a unique blend of cultural influences, with Catholicism being the dominant religion due to the centuries-long Spanish rule. While poverty and corruption remain major issues, the country has made significant progress in recent years, particularly in terms of economic growth and tourism. With its rich culture, warm hospitality, and spectacular natural beauty, the Philippines is a must-visit destination for travelers.

**Marketing and Managing Tourism Destinations** Alastair M. This textbook provides students with: A solid introduction to destination marketing strategy and planning, to organization and support planning and then to operations, implementation and evaluation, as well as major issues, challenges and expected new directions for destination marketing, management and Destination Management Organizations (DMOs). To encourage reflection on main themes addressed and spur critical thinking, discussion questions and links to further reading are included in each chapter. This accessible yet rigorous text provides students with an in-depth overview of all the factors and issues which are important to consider to make a destination successful.

**Places for Happiness** William Peterson, 2016-02-29 Places for Happiness explores two of the most important performance-based activities in the Philippines: the processions and Passion Plays associated with Easter and the mass-dance phenomenon known as “street dancing.” The scale of these handcrafted performances in terms of duration, time commitment, and productive labor marks the Philippines as one of the world’s most significant and undervalued performance-centered cultures. Drawing on a decade of fieldwork, William Peterson examines how people come together in the streets or on temporary stages, celebrating a shared sense of community and creating places for happiness. The first half of the book focuses on localized and often highly idiosyncratic versions of the Passion of Christ. Peterson considers not only

what people do in these events, but what it feels like to participate. The book's second half provides a window into the many expressions of "street dancing." Street dancing is inflected by localized indigenous and folk dance traditions that are reinforced at school and practiced in conjunction with religious civic festivals. Peterson identifies key frames that shape and contain the individual in the Philippines, while tracking how the local expands its expressive home by engaging in a dialogue with regional, national, and diasporic Filipino imaginaries. Ultimately *Places for Happiness* explores how community-based performance responds to and fulfills basic human needs. Many Filipinos rely on family members and immediate neighbors for support and sustenance, and community-based performance assumes a unique and leading role in defining, reinforcing, and celebrating shared belief systems. By bringing forth the internal, phenomenological, and embodied aspects of a range of community-based practices contributing to human happiness, the book offers a cultural framework that interweaves the individual experience with that of the collective, plotting out what resides inside the body through the coordinates of culture.

**Tourism, 2nd Edition** Peter Robinson, Michael Lück, Stephen Smith, 2020-05-22 Fully revised, *Tourism, 2nd edition* covers aspects of tourism from a modern perspective, providing students with a range of theoretical and research-based explanations, supported by examples, case studies and unique insights from industry representatives. Covering topics such as policy and planning, heritage management, leisure management, event management and hospitality management, the book tackles the practical elements of academic tourism such as infrastructure management and economic development, together with other important contemporary issues such as sustainable development and post-tourists.

*The Making of the Modern Philippines* Philip Bowring, 2022-05-05 Well-researched... a welcome guide. The Spectator Reliable and lucid. History Today With a fractured geography and complex identity, The Philippines is an eclectic and unique mix of culture, environment, people and politics. Known mostly for natural disasters, migrant labour and dictatorial presidents, in this book Philip Bowring shows how it is much, much more. Deftly navigating the history of this populous island republic, *The Making of the Modern Philippines* traces its history to define and explain its position in the modern world. Looking past the headlines of volcanoes, earthquakes and violence, it asks why has the Filipino economy lagged behind its neighbours, explores the importance of its location in geopolitics, and investigates how its deep-rooted Catholicism clashes with the Islamic consciousness of the region in which it sits. Taking the history of the Philippines from its pre-colonial era, through its Spanish and American occupations and up to the modern day, it unravels the complex politics, culture, peoples and economy of this rich and unique nation. Engaging with challenges the Filipino people face today such as federalism, revolution, Mindanao, the diaspora, capitalism and relations with China, it rediscovers the struggles, culture and history of its past to understand the present.

**Democracy in a Time of Misery** Nicole Curato, 2019-08-29 *Democracy in a Time of Misery: From Spectacular Tragedy to Deliberative Action* investigates how democratic politics can unfold in creative and unexpected of ways even at the most

trying of times. Drawing on three years of fieldwork in disaster-affected communities in Tacloban City, Philippines, this book presents ethnographic portraits of how typhoon survivors actively perform their suffering to secure political gains. Each chapter traces how victims are transformed to 'publics' that gain voice and visibility in the global public sphere through disruptive protests, collaborative projects, and political campaigns that elected the strongman Rodrigo Duterte to presidency. It also examines the micropolitics of silencing that lead communities to withdraw and lose interest in politics. These ethnographic descriptions come together in a theoretical project that makes a case for a multimodal view of deliberative action. It underscores the embodied, visual, performative and subtle ways in which affective political claims are constructed and received. It concludes by arguing that while emotions play a role in amplifying marginalized political claims, it also creates hierarchies of misery that renders some forms of suffering more deserving of compassion than others. The book invites readers to reflect on challenging ethical issues when examining political contexts defined by widespread depravity and dispossession, and the democratic ethos demanded of global publics in responding to others' suffering.

**Managing Asian Destinations** Ying Wang, Aishath Shakeela, Anna Kwek, Catheryn Khoo-Lattimore, 2018-04-05 This book focuses on the planning, marketing, and management of Asian tourism destinations, and evaluates current developments within Southeast-Asia and the wider Asia-Pacific region. As more Asian destinations enter the global tourism arena and more Asian travellers look to explore destinations in Asia and beyond, an understanding of how Asian destinations practice tourism is crucial to the future sustainable development of global tourism. This book provides an invaluable stock of research and knowledge based on the Asian practice and experience in destination planning, marketing, and management, offering insights into the latest development and trends in the region.

**A Poetic Mind** Arlene, 2018-08-23 My thoughts in words. This is a collection of poems that started as a hobby; a pastime. It talks about hopes and dreams, love and faith, courage and fears. It is my artistic expression of what I feel and observe; heart and mind combined. Life is not always 'a bed of roses'. Sometimes there are struggles that can make or break you. It is definitely our choice that decides our fate. These poems can inspire you to do great things in your daily lives. They can be a source of guidance and warning. We need to be very aware of what's happening around us and more importantly inside our own selves. I never believed before that writing can be very therapeutic until two years ago in 2016 when I started to write my first poem. Exploring and honing our God-given talents can be very fulfilling. I was surprised that I became addicted to poetry-writing and finally decided to publish my own book. This is my way of praising the Lord for His everlasting love and abundant blessings. TO GOD BE THE HIGHEST GLORY.

**Advertising** Tony Harris, 2017-09-17 At the heart of the recent increase in tourism numbers to the Philippines lies the advertising campaign that became a social media phenomenon—"It's more fun in the Philippines." The campaign by BBDO Guerrero, the Philippines' most awarded advertising agency, has garnered awards and acclaim all over the world and is seen

as a benchmark for international tourism communications. After over two decades working at some of London's most successful advertising agencies, Tony Harris packed up his collections of bass guitars, vinyl 45s and Dr. Martens and joined BBDO Guerrero as Chief Executive. This is the story of what happened next.

This book is composed of long and short real cases with varying complexity in different sectors including airlines, hotel, fashion, etc. These will cover issues which are unique to the emerging markets (including the BRIC countries) to understand the dynamics occurring in these countries. With its case studies, collection of questions, and real-life marketing examples, this book offers unique benefits to marketing students and educators across the world. A must-have for every marketing course module.

**Regaining Paradise Lost: Indigenous Land Rights and Tourism** Mary Kristerie A. Baleva, 2018-11-26 Mary Kristerie A. Baleva's *Regaining Paradise Lost: Indigenous Land Rights and Tourism* uses the UN Guiding Principles on Business and Human Rights as its overarching legal framework to analyze the intersections of indigenous land rights and the tourism industry. Drawing from treatises, treaties, and case law, it traces the development of indigenous rights discourse from the Age of Discovery to the adoption of the UN Declaration on the Rights of Indigenous Peoples. The book highlights the Philippines, home to a rich diversity of indigenous peoples, and a country that considers tourism as an important contributor to economic development. It chronicles the Ati Community's 15-year struggle for recognition of their ancestral domains in Boracay Island, the region's premiere beach destination.

*Global Perspectives on the Emerging Trends in Public Diplomacy* Kavolu, Samet, Köksoy, Ergün, 2023-08-01 Since the 20th century, when modern democracies gained more strength, governments have carried out their internal and foreign affairs policies with society's approval. For that reason, all organizations that want to influence governments try to gain a reputation in the eyes of the public. Similarly, states also attempt to build a reputation and trust in the public opinion of a target country or within particular target communities through public diplomacy activities. It is seen that remarkable public diplomacy studies and works have been carried out for more than half a century, and the field has advanced. However, the public diplomacy literature is mainly USA-dominated due to its pioneering role in the emergence of the concept and its institutionalization. Public diplomacy perceptions and practices in other countries also develop under the influence of this experience. With this effect, each country determines its practice areas and actors for public diplomacy considering its power, sphere of influence, opportunities, and risks. *Global Perspectives on the Emerging Trends in Public Diplomacy* offers insights into the approaches taken by countries in different geographies and how they tailor their public diplomacy activities based on their unique opportunities and risks. By examining the practices of various countries, this book provides a global picture of public diplomacy activities and identifies emerging trends shaping the field. This book is essential for researchers, academicians, undergraduate and postgraduate students, and non-government and government organizations looking to enhance their understanding of public diplomacy. The diverse range of perspectives offered in this book will enable readers to understand how different countries approach public diplomacy and how these activities are evolving in the current global landscape.

[The Report: Philippines 2016](#) Oxford Business Group, 2016-04-08 The Philippines emergence as a growth leader has been building gradually since the 1990s, following a long period of low growth and political upheaval. As of the 2010s improved governance under the administration of President Benigno Aquino III has helped to accelerate foreign direct investment (FDI) in business process outsourcing while reviving FDI into the manufacturing sector. This, and a demographic bulge in the

young adult bracket, helped bring the average pace of growth in the first half of the 2010s to 6.3%, beating all the country's main South-east Asian peers.
