**Michael S. Heiser**

The Sirius Mystery Robert Temple, 1999 The most academically credible case for alien visitation. Is the existence of civilisation on earth the result of contact from inhabitants of a planet in the system of the star Sirius prior to 3000BC? There are tribal cultures in present-day Africa whose most sacred and secret traditions are based on this theory. Central to their cosmology is a body of knowledge concerning the system of the star Sirius that is astounding in its accuracy of detail, including specific information only recently accessible to modern science. Robert Temple traces the traditions of the Dogon and three related tribes back 5,000 years to the ancient Mediterranean cultures of Sumer and Egypt. He shows a knowledge dependent on physics and astrophysics, which they claimed was imported to them by visitors from Sirius.

*Vaccines Are Dangerous - And Don't Work* Vernon Coleman, 2019-01-23 A new paperback edition of this book has been published and is available on Amazon under the title: Anyone Who Tells You Vaccines Are Safe and Effective is Lying. Note: The new paperback edition is a digital production. The book is based on published scientific papers and government statistics and written by a doctor with 50 years experience. The author of this book has been lied about and libelled by pro drug company reviewers who cannot abide scientific facts, debate or conclusions which threaten the enormously profitable vaccine industry. This book is a critical analysis of the real value of vaccination - written for patients and containing information about childhood vaccinations, flu vaccine etc. Packed with scientific information and independent assessments the book contains startling revelations about vaccine side effects and dangers and is written by a qualified doctor (Dr Vernon Coleman MB ChB DSc FRSA) who is a Sunday Times bestselling author and broadcaster who has lectured to doctors and nurses. The living terror of the British medical establishment. - Irish Times He is the Lone Ranger, Robin Hood and the Equaliser rolled into one - Glasgow Evening Times Vernon Coleman's books have sold over two million copies in the UK and been translated into 25 languages. Warning: this book is unlikely to be popular with drug industry supporters or spokesmen or indeed with individuals who have preconceived and inaccurate views on the subject. (Many attempts have been made to suppress this book and over critical reviews should be read with that in mind.) The author has never been 'struck off' and such allegations by pro vaccine fanatics are libellous. What the papers say about Vernon Coleman': Vernon Coleman writes brilliant books - The Good Book Guide The calmest voice of reason - The Observer No thinking person can ignore him - The Ecologist King of the media docs - The Independent Britain's leading health care campaigner - The Sun The patients' champion

- Birmingham Post A persuasive writer whose arguments, based on research and experience, are sound. - Nursing Standard Britain's leading medical author - The Star Revered guru of medicine - Nursing Times The man is a national treasure - What Doctors Don't Tell You Probably one of the most brilliant men alive - Irish Times Perhaps the best known health writer for the general public in the world today - The Therapist Superstar- The Independent on Sunday Dr Coleman made me think again - BBC World Service His advice is optimistic and enthusiastic - British Medical Journal Compulsive reading - The Guardian His message is important - The Economist It is impossible not to be impressed - Western Dail Press Marvellously succinct, refreshingly sensible - The Spectator Etc etc

*The Kolbrin Bible* Marshall Masters, 2006-05 Newly Revealed Egyptian-Celtic Wisdom Text Offers the Knowledge of Those Who Survived Past Global Catastrophes — So We Can Live! The Kolbrin Bible is a 2-part, 11-book secular anthology. The first six books are called the Egyptian texts and were penned by Egyptian academicians following the Hebrew Exodus. The last five books are called the Celtic texts and were penned by Celtic priests following the death of Jesus. Several accounts describe an object in orbit around our sun called the Destroyer, which the Celtic authors call the Frightener. According to recently translated Sumerian texts, this object (also known as Nibiru or Planet X) is in a 3600-year orbit around our sun, and The Kolbrin Bible warns us of its imminent return and of yet another Biblical tribulation. Ancient Warnings for These Times Millennia ago, Egyptian and Celtic authors recorded prophetic warnings for the future and their harbinger signs are now converging on these times. These predications are contained in The Kolbrin Bible, a secular wisdom text studied in the days of Jesus and lovingly preserved by generations of Celtic mystics in Great Britain. Nearly as big as the King James Bible, this 3600-year old text warns of an imminent, Armageddon-like conflict with radical Islam, but this is not the greatest threat. The authors of The Kolbrin Bible predict an end to life as we know it, by a celestial event. It will be the return of a massive space object, in a long elliptical orbit around our sun. Known to the Egyptians and Hebrews as the Destroyer, the Celts later called it the "Frightener. Manuscripts 3:4 When blood drops upon the Earth, the Destroyer will appear, and mountains will open up and belch forth fire and ashes. Trees will be destroyed and all living things engulfed. Waters will be swallowed up by the land, and seas will boil. Manuscripts 3:5 The Heavens will burn brightly and redly; there will be a copper hue over the face of the land, followed by a day of darkness. A new moon will appear and break up and fall. Manuscripts 3:6 The people will scatter in madness. They will hear the trumpet and battlecry of the Destroyer and will seek refuge within dens in the Earth. Terror will eat away their hearts, and their courage will flow from them like water from a broken pitcher. They will be eaten u in the flames of wrath and consumed by the breath of the Destroyer. Manuscripts 3:10 In those days, men will have the Great Book before them; wisdom will be revealed; the few will be gathered for the stand; it is the hour of trial. The dauntless ones will survive; the stouthearted will not go down to destruction. The Destroyer is also known today as

Wormwood, Nibiru, Planet X and Nemesis. There are also troubling prophetic correlations to the future predictions of Mother Shipton's Fiery Dragon and the Red Comet warning of Astronomer Carlos Ferrada.

*Blacks in Science* Ivan Van Sertima, 1983 Providing an overview of the lost sciences of Africa and of contributions that blacks have made to modern American science, *Blacks in Science* presents a range of new information from Africanists. The book also includes bibliographical guides that are crucial to further research and teaching. The lineaments of a lost science are now emerging and we can glimpse some of the once buried reefs of this remarkable civilization. A lot more remains to be revealed. But enough has been found in the past few years to make it quite clear that the finest heart of the African world receded into the shadow while its broken bones were put on spectacular display. The image of the African, therefore, has been built up so far upon his lowest common denominator. In the new vision of the ancestor, we need to turn our eyes away from the periphery of the primitive to the more dynamic source of genius in the heartland of the African world. -- Ivan Van Sertima

Nature and Mortality Mary Warnock,2003 Nature and Mortality is a challenging look at some of the major public issues of our time through the eyes of one of our most influential and probing liberal humanists. It is a frank account on where we stand today on such controversial matters as human embryology, genetic engineering, euthanasia and abortion. Warnock's views may seem like a red rag to a bull to some, but her contribution to the debate is always stimulating. Enlivened by autobiographical anecdote and some delicious side-swipes, Nature and Mortality is Mary Warnock at her most perceptive, wise and entertaining.
