A Woman's Way through the Twelve Steps Stephanie Covington,2024-01-23 This guide to the Twelve Steps from Dr. Stephanie S. Covington, a pioneer in the field of women's issues, addiction, and recovery, preserves the spirit of the Alcoholics Anonymous program with a focus on healing language with women's needs in mind. Published in 1994, A Woman's Way through the Twelve Steps has long been a unique resource that helps women find their own paths in recovery—paths shaped by the way women experience not only addiction and recovery, but also relationships, self, sexuality, spirituality, and everyday life. Now, stories from five new voices expand the perspective of this recovery classic. Over the past thirty years, what it means to identify as a woman in recovery has broadened to include transgender, nonbinary, and other gender-diverse people. This new edition includes updated, inclusive language to be more trauma-sensitive and welcoming to all women. This compilation of diverse voices and wisdom from real people illuminates how women understand the Twelve Steps of Alcoholics Anonymous (AA) and offers inspiring stories of how they travel through the Steps and discover what works for them. The book can be used alone or as a companion to AA's Twelve Steps and Twelve Traditions. By identifying and addressing the special issues that recovery presents for women, this book empowers women to take ownership of their own journeys and to grow and flourish in recovery.

Innovación en la docencia e investigación de las ciencias sociales y de la educación. Rabia Ma Rabet Temsamani,Carlos Hervás Gómez,2021 En esta obra, tenemos el honor de aunar artículos firmados por autores de universidades e institutos, de varios países y redactados además del español, en inglés y portugués, que manifestaron tanto su deseo como interés de compartir su trabajo con el lector. El denominador común de estos autores es el afán de innovar en la docencia e investigación en sus respectivas líneas de interés lo cual garantiza la adquisición de las competencias necesarias para la formación especializada y el desarrollo de habilidades prácticas. Por ser un libro de varios autores que pertenecen a la disciplina de ciencias sociales y de educación, sería utópico crearse perspectivas en lo que respecta a un escenario o finalización coherente de contenido, o bien imaginar un hilo de Ariadna como aquel que puede aparecer en los libros de varios autores bajo la coordinación de editores. No obstante, el lector puede gozar viajando de un capítulo a otro pudiendo descubrir en cada uno nuevas reflexiones, nuevas preocupaciones, nuevas ideas y en cada uno con su objetivo, método y estrategia, pero compartiendo todos, el mismo fin que es el de hacer aportación a la innovación docente e investigación de las ciencias sociales y de la educación. Igualmente, sería una fructuosa oportunidad de suscitar interés,

crear debates y alimentar críticas constructivas. Nos queda por felicitar a los autores por sus trabajos y agradecerles por optar por compartir el fruto de sus enormes horas de trabajo con todos deseando una perpetua fertilidad a la innovación docente e investigación en las ciencias sociales y de la educación.

Secrets of the Millionaire Mind T. Harv Eker, 2009-10-13 #1 New York Times, Wall Street Journal, and USA Today Bestseller! *Secrets of the Millionaire Mind* reveals the missing link between wanting success and achieving it! Have you ever

wondered why some people seem to get rich easily, while others are destined for a life of financial struggle? Is the difference found in their education, intelligence, skills, timing, work habits, contacts, luck, or their choice of jobs, businesses, or investments? The shocking answer is: None of the above! In his groundbreaking *Secrets of the Millionaire Mind*, T. Harv Eker states: Give me five minutes, and I can predict your financial future for the rest of your life! Eker does this by identifying your money and success blueprint. We all have a personal money blueprint ingrained in our subconscious minds, and it is this blueprint, more than anything, that will determine our financial lives. You can know everything about marketing, sales, negotiations, stocks, real estate, and the world of finance, but if your money blueprint is not set for a high level of success, you will never have a lot of money—and if somehow you do, you will most likely lose it! The good news is that now you can actually reset your money blueprint to create natural and automatic success. *Secrets of the Millionaire Mind* is two books in one. Part I explains how your money blueprint works. Through Eker's rare combination of street smarts, humor, and heart, you will learn how your childhood influences have shaped your financial destiny. You will also learn how to identify your own money blueprint and revise it to not only create success but, more important, to keep and continually grow it. In Part II you will be introduced to seventeen Wealth Files, which describe exactly how rich people think and act differently than most poor and middle-class people. Each Wealth File includes action steps for you to practice in the real world in order to dramatically increase your income and accumulate wealth. If you are not doing as well financially as you would like, you will have to change your money blueprint. Unfortunately your current money blueprint will tend to stay with you for the rest of your life, unless you identify and revise it, and that's exactly what you will do with the help of this extraordinary book. According to T. Harv Eker, it's simple. If you think like rich people think and do what rich people do, chances are you'll get rich too!

One Hundred Years of Solitude Gabriel Garcia Marquez, 2014-03-06 ONE OF THE WORLD'S MOST FAMOUS BOOKS AND WINNER OF THE NOBEL PRIZE FOR LITERATURE _____ 'Many years later, as he faced the firing squad, Colonel Aureliano Buendía was to remember that distant afternoon when his father took him to discover ice' Gabriel García Márquez's great masterpiece is the story of seven generations of the Buendía family and of Macondo, the town they built. Though little more than a settlement surrounded by mountains, Macondo has its wars and disasters, even its wonders and its miracles. A microcosm of Columbian life, its secrets lie hidden, encoded in a book, and only Aureliano Buendía can fathom its mysteries and reveal its shrouded destiny. Blending political reality with magic realism, fantasy and comic invention, One Hundred Years of Solitude is one of the most daringly original works of the twentieth century. _____ 'Should be required reading for the entire human race' The New York Times 'The book that sort of saved my life' Emma Thompson 'No lover of fiction can fail to respond to the grace of Márquez's writing' Sunday Telegraph

A User's Guide to the Brain John J. Ratey, M.D., 2001-11-13 John Ratey, bestselling author and clinical professor of psychiatry at Harvard Medical School, lucidly explains the human brain's workings, and paves the way for a better understanding of how the brain affects who we are. Ratey provides insight into the basic structure and chemistry of the brain, and demonstrates how its systems shape our perceptions, emotions, and behavior. By giving us a greater understanding of how the brain responds to the guidance of its user, he provides us with knowledge that can enable us to improve our lives. In A User's Guide to the Brain, Ratey clearly and succinctly surveys what scientists now know about the brain and how we use it. He looks at the brain as a malleable organ capable of improvement and change, like any muscle, and examines the way specific motor functions might be applied to overcome neural disorders ranging from everyday shyness to

autism. Drawing on examples from his practice and from everyday life, Ratey illustrates that the most important lesson we can learn about our brains is how to use them to their maximum potential.
