*A Raisin in the Sun* Lorraine Hansberry,2011-11-02 Never before, in the entire history of the American theater, has so much of the truth of Black people's lives been seen on the stage, observed James Baldwin shortly before *A Raisin in the Sun* opened on Broadway in 1959. This edition presents the fully restored, uncut version of Hansberry's landmark work with an introduction by Robert Nemiroff. Lorraine Hansberry's award-winning drama about the hopes and aspirations of a struggling, working-class family living on the South Side of Chicago connected profoundly with the psyche of Black America—and changed American theater forever. The play's title comes from a line in Langston Hughes's poem *Harlem*, which warns that a dream deferred might dry up/like a raisin in the sun. The events of every passing year add resonance to *A Raisin in the Sun*, said *The New York Times*. It is as if history is conspiring to make the play a classic.

**Toolkit for Counseling Spanish-Speaking Clients** Lorraine T. Benuto,2017-11-14 This timely practical reference addresses the lack of Spanish-language resources for mental health professionals to use with their Latino clients. Geared toward both English- and Spanish-speaking practitioners in a variety of settings, this volume is designed to minimize misunderstandings between the clinician and client, and with that the possibility of inaccurate diagnosis and/or ineffective treatment. Coverage for each topic features a discussion of cultural considerations, guidelines for evidence-based best practices, a review of available findings, a treatment plan, plus clinical tools and client handouts, homework sheets, worksheets, and other materials. Chapters span a wide range of disorders and problems over the life-course, and include

reproducible resources for: Assessing for race-based trauma. Using behavioral activation and cognitive interventions to treat depression among Latinos. Treating aggression, substance use, abuse, and dependence among Latino Adults. Treating behavioral problems among Latino adolescents. Treating anxiety among Latino children. Working with Latino couples. Restoring legal competency with Latinos. The Toolkit for Counseling Spanish-Speaking Clients fills a glaring need in behavioral service delivery, offering health psychologists, social workers, clinical psychologists, neuropsychologists, and other helping professionals culturally-relevant support for working with this under served population. The materials included here are an important step toward dismantling barriers to mental health care.

**Post-Colonial and African American Women's Writing** Gina Wisker,2017-03-04 This accessible and unusually wide-ranging book is essential reading for anyone interested in postcolonial and African American women's writing. It provides a valuable gender and culture inflected critical introduction to well established women writers: Toni Morrison, Alice Walker, Margaret Atwood, Suniti Namjoshi, Bessie Head, and others from the U.S.A., India, Africa, Britain, Australia, New Zealand and introduces emergent writers from South East Asia, Cyprus and Oceania. Engaging with and clarifying contested critical areas of feminism and the postcolonial; exploring historical background and cultural context, economic, political, and psychoanalytic influences on gendered experience, it provides a cohesive discussion of key issues such as cultural and gendered identity, motherhood, mothertongue, language, relationships, women's economic constraints and sexual politics.

Conditional Cash Transfers Ariel Fiszbein,Norbert R. Schady,2009-02-09 Conditional Cash Transfer (CCT) programs aim to reduce poverty by making welfare programs conditional upon the receivers' actions. That is, the government only transfers the money to persons who meet certain criteria. These criteria may include enrolling children into public schools, getting regular check-ups at the doctor's office, receiving vaccinations, or the like. They have been hailed as a way of reducing inequality and helping households break out of a vicious cycle whereby poverty is transmitted from one generation to another. Do these and other claims make sense? Are they supported by the available empirical evidence? This volume seeks to answer these and other related questions. Specifically, it lays out a conceptual framework for thinking about the economic rationale for CCTs; it reviews the very rich evidence that has accumulated on CCTs; it discusses how the conceptual framework and the evidence on impacts should inform the design of CCT programs in practice; and it discusses how CCTs fit in the context of broader social policies. The authors show that there is considerable evidence that CCTs have improved the lives of poor people and argue that conditional cash transfers have been an effective way of redistributing income to the poor. They also recognize that even the best-designed and managed CCT cannot fulfill all of the needs of a comprehensive social protection system. They therefore need to be complemented with other interventions, such as workfare or employment programs, and social pensions.

*Parodies of Ownership* Richard L. Schur, 2011-02-10 Richard Schur offers a provocative view of contemporary African American cultural politics and the relationship between African American cultural production and intellectual property law. --Mark Anthony Neal, Duke University Whites used to own blacks. Now, they accomplish much the same thing by insisting that they 'own' ownership. Blacks shouldn't let them. A culture that makes all artists play by its rules will end up controlling new ideas and stifling change. Richard Schur's fine book explains why. --Richard Delgado, Seattle University What is the relationship between hip-hop and African American culture in the post--Civil Rights era? Does hip-hop share a criticism of American culture or stand as an isolated and unique phenomenon? How have African American texts responded to the increasing role intellectual property law plays in regulating images, sounds, words, and logos? *Parodies of Ownership* examines how contemporary African American writers, artists, and musicians have developed an artistic form that Schur terms hip-hop aesthetics. This book offers an in-depth examination of a wide range of contemporary African American painters and writers, including Anna Deavere Smith, Toni Morrison, Adrian Piper, Colson Whitehead, Michael Ray Charles, Alice Randall, and Fred Wilson. Their absence from conversations about African American culture has caused a misunderstanding about the nature of contemporary cultural issues and resulted in neglect of their innovative responses to the post--Civil Rights era. By considering their work as a cross-disciplinary and specifically African American cultural movement, Schur shows how a new paradigm for artistic creation has developed. *Parodies of Ownership* offers a broad analysis of post--Civil Rights era culture and provides the necessary context for understanding contemporary debates within American studies, African American studies, intellectual property law, African American literature, art history, and hip-hop studies. Weaving together law, literature, art, and music, Schur deftly clarifies the conceptual issues that unify contemporary African American culture, empowering this generation of artists, writers, and musicians to criticize how racism continues to affect our country. Richard L. Schur is Director, Interdisciplinary Studies Center, and Associate Professor of Interdisciplinary Studies at Drury University.
