Nostalgia rurale Pietro Meloni, 2023-03-21T00:00:00+01:00 L'immaginario rurale contemporaneo sembra spesso escludere le forme di accelerazione e alienazione della società moderna, come se il capitalismo e la globalizzazione non riguardassero anche i paesi. Dentro la grande cornice del neoruralismo spesso scompaiono le frizioni, le disuguaglianze sociali e di classe, le asimmetrie, i rapporti conflittuali tra umani e non umani. Lavorare sull'immaginario e sulle pratiche rurali significa invece cercare di far emergere queste frizioni, così da restituire una densità etnografica capace di scardinare il senso comune. Cosa vuol dire oggi vivere in un paese di poche centinaia di persone? Chi sono i suoi abitanti? Quali relazioni si vengono a creare tra di loro? La ricerca di Pietro Meloni muove da un piccolo centro toscano di origini medievali per portare alla luce le tensioni e le inquietudini che attraversano oggi i mondi locali di fronte al mondo globale.

The Annenbergs John E. Cooney, 1982 This is the colorful and dramatic biography of two of America's most controversial entrepreneurs: Moses Louis Annenberg, 'the racing wire king, ' who built his fortune in racketeering, invested it in publishing, and lost much of it in the biggest tax evasion case in United States history; and his son, Walter, launcher of TV Guide and Seventeen magazines and former ambassador to Great Britain.--Jacket.

The Butlers of Iberville Parish, Louisiana David D. Plater, 2015-11-18 In 1833, Edward G. W. and Frances Parke Butler moved to their newly constructed plantation house, Dunboyne, on the banks of the Mississippi River near the village of Bayou Goula. Their experiences at Dunboyne over the next forty years demonstrated the transformations that many land-owning southerners faced in the nineteenth century, from the evolution of agricultural practices and commerce, to the destruction wrought by the Civil War and the transition from slave to free labor, and finally to the social, political, and economic upheavals of Reconstruction. In this comprehensive biography of the Butlers, David D. Plater explores the remarkable lives of a Louisiana family during one of the most tumultuous periods in American history. Born in Tennessee to a celebrated veteran of the American Revolution, Edward Butler pursued a military career under the mentorship of his guardian, Andrew Jackson, and, during a posting in Washington, D.C., met and married a grand-niece of George Washington, Frances Parke Lewis. In 1831, he resigned his commission and relocated Frances and their young son to Iberville Parish, where the couple began a sugar cane plantation. As their land holdings grew, they amassed more enslaved laborers and improved their social prominence in Louisiana's antebellum society. A staunch opponent of abolition, Butler voted in favor of Louisiana's

withdrawal from the Union at the state's Secession Convention. But his actions proved costly when the war cut off agricultural markets and all but destroyed the state's plantation economy, leaving the Butlers in financial ruin. In 1870, with their plantation and finances in disarray, the Butlers sold Dunboyme and resettled in Pass Christian, Mississippi, where they resided in a rental cottage with the financial support of Edward J. Gay, a wealthy Iberville planter and their daughter-in-law's father. After Frances died in 1875, Edward Butler moved in with his son's family in St. Louis, where he remained until his death in 1888. Based on voluminous primary source material, *The Butlers of Iberville Parish, Louisiana* offers an intimate picture of a wealthy nineteenth-century family and the turmoil they faced as a system based on the enslavement of others unraveled.

My Dakota ,2017 In 2005, I set out to photograph my home state of South Dakota, a sparsely populated frontier state on the Great Plains with more buffalo, pronghorn, coyotes, mule deer, and prairie dogs than people. It's a land of powwows and rodeos, a corn palace and a buffalo roundup; a harsh and beautiful landscape dominated by space and silence and solitude, by brutal wind and extreme weather; a former Wild West territory where European and Lakota peoples clashed, where cultural tensions still linger; a landscape littered with the broken and the abandoned; a place I'd learned to love in all its complexity. The next year, my brother, Dave, died unexpectedly of heart failure. For months, one of the few things that eased my unsettled heart was the landscape of South Dakota. It seemed all I could do was drive and photograph. I began to wonder - does loss have its own geography?
