The Healing Power of Singing Emm Gryner, 2021-09-28 Vocal health tips, stories from the tour bus, and action items to improve your voice and boost your self-confidence from an award-winning musician and life coach Performing with David Bowie, surviving the murky depths of the music business, enduring a painful divorce, and making the first music video in outer space, award-winning recording artist Emm Gryner has navigated through life's highs and lows using a secret compass: singing. Her voice, and her desire to express herself in music, has been a constant: from the early days of playing in bands while growing up in a small town, to playing arena rock shows and stadiums. Across these years and on many travels, she's discovered the human voice to be an unlikely guide, with the power to elevate and move people closer to authentic living. This book is about that discovery: part study in the art of singing, part guide to finding one's voice, and part memoir. This book is a must-have for anyone who knows they should be singing.
