El Mensaje desde los cristales Ana Maria Corvalan,2011-07-22 Este libro muestra a la humanidad el mensaje de amor y sanación que entregan los cristales. (16) Con cinco décadas dedicadas a la investigación en educación, e incorporando su experiencia como Terapeuta con cristales, la autora plantea la insuficiencia de los lineamientos actuales de la educación formal al no entregar herramientas para Aprender a Ser. (37). Se pregunta qué tipo de formación necesitamos para gestar una nueva sociedad, más armónica y amorosa.(16) Propone que sea el corazón y no la mente el centro del aprendizaje, enfocado prioritariamente en conocerse más y mejor a sí mismo y desde ahí, conocer el afuera con una fuerte dosis de espiritualidad. Un sistema educativo que facilite el encuentro con la esencia del Yo Soy y la misión en la vida. (55)

**The Bad Girl** Mario Vargas Llosa,2011-03-04 A New York Times Notable Book of 2007 From Nobel Prize-winning author Mario Vargas Llosa comes The Bad Girl, a ...splendid, suspenseful, and irresistible [novel]. . . A contemporary love story that explores the mores of the urban 1960s--and 70s and 80s.--The New York Times Book Review Ricardo Somocurcio is in love with a bad girl. He loves her as a teenager known as Lily in Lima in 1950, when she flits into his life one summer and disappears again without explanation. He loves her still when she reappears as a revolutionary in 1960s Paris, then later as Mrs. Richardson, the wife of a wealthy Englishman, and again as the mistress of a sinister Japanese businessman in Tokyo. However poorly she treats him, he is doomed to worship her. Charting Ricardo's expatriate life through his romances with

this shape-shifting woman, Vargas Llosa has created a beguiling, epic romance about the life-altering power of obsession.

*Reiki. Manual del terapeuta profesional* Johnny De' Carli, 2010-01-01 Reiki fue concebido originalmente como un método terapéutico para uso en clínicas especializadas en Japón. Este Manual Oficial vuelve a sus raíces, y expone la técnica de la manera que fue concebida, como una práctica curativa que actúa sobre la energía vital del cuerpo. La práctica de Reiki hoy en día está difundida por todo el mundo, y cuenta con una gran aceptación en el contexto hospitalario y sanitario en general. El Instituto Nacional de Salud británico tiene terapeutas de Reiki en nómina en varios hospitales. La mayoría de los seguros suizos reembolsan un tratamiento de Reiki a sus asegurados. Casi todos los hospitales de los EE.UU. ofrecen Reiki tanto como parte integrada en sus tratamientos como un servicio externo. En España, la Fundación Saucé ha formado a más de dos mil profesionales de personal sanitario y aplica Reiki en varios hospitales de forma oficial. En resumen, su uso terapéutico para favorecer el bienestar y acelerar el proceso curativo es algo aceptado por la comunidad médica en gran parte del mundo. Este libro explica cómo usar esta técnica para sanar enfermedades, producir un estado de relajación y favorecer el bienestar físico, mental y emocional. Pero además, expone las pautas a seguir si alguien desea dedicarse a esta maravillosa técnica de forma profesional, como parte de un sector en auge: la terapias complementarias.

**Reikido** Antonio Moraga Rodríguez,2009-01-16 Actualmente, el Reiki es universalmente conocido como un sistema de sanación de origen japonés. Sin embargo, este sistema cayó en el olvido durante mucho tiempo en Japón, tras la Segunda Guerra Mundial. En Occidente se extendió la teoría de que el Reiki tradicional se había extinguido. Esta misma teoría se difundió también en Japón, cuando un tipo de Reiki occidental fue importado a dicho país, a finales de los años ochenta. Nadie puso en duda entonces dicha teoría; sin embargo, algunos interesados en el genuino Reiki empezaron a buscar personas que hubiesen aprendido en la misma sociedad, la Usui Reiki Ryoho Gakkai, que el Maestro Usui fundó, pese a su supuesta desaparición. Resultó que la Usui Reiki Ryoho Gakkai del Maestro Mikao Usui seguía existiendo y mantenía sus casi cien años de tradición con la Maestra Kimiko Koyama como sexta presidenta al frente. Allí se formó Hiroshi Doi que a su vez formó a Antonio Moraga en 1999, el mismo año en el que la maestra falleció con 93 años. En este libro está viva la enseñanza tradicional del Reiki. De un modo fácil, efectivo, paso a paso y acompañado de claras ilustraciones, el autor enseña el Reiki no solo como una forma natural de sanación, sino también como un camino de vida y desarrollo interior.

*Despertando la sensibilidad* Sabela Cea Bao,2023-08-16 En la era de las telecomunicaciones, algunos vivimos más desconectados que nunca de nosotros mismos y de nuestro entorno, especialmente de la naturaleza, que tantos y tantos regalos nos ofrece con su sostén y su belleza, con la expresión de sus ciclos cambiantes y sus ritmos, tan suyos como nuestros. La sensibilidad es un don elevado que brota directamente del corazón, la morada del alma. Con este don, nuestro ser logra atravesar las barreras impuestas hasta alcanzar al otro, construyendo puentes, uniendo, integrando y abrazando, haciéndonos conscientes de nuestro mundo interno y la tierra que habitamos. 80 aceites esenciales y cristales se presentan aquí como símbolos o tótems que la autora utiliza para ayudarnos a hacer un boceto en nuestra mente de conceptos tan antiguos, y a la vez tan atemporales, como el Yin y el Yang o la teoría de los Cinco Elementos. Su forma de narrar es una invitación directa a la aceptación y la compasión, a la búsqueda y encuentro de nuestra libertad a través de la sensibilidad, y al abrazo con eso que realmente somos.

*Cuarzos maestros* Nina Llinares,2016-06-16 Los cuarzos maestros son los minerales con mayor consciencia del reino cristalino. Para que un cuarzo sea considerado portador de una maestría energética, tiene que poseer, además de su particular belleza, una serie de características específicas. Algunos cristales de cuarzo (cristal de roca, citrinos, ametrinos, ahumados, etc.) poseen una formación en alguna de sus caras y/o estructura que les otorga una geometría especial llamada maestría. En este libro encontrarás de forma práctica y profusamente ilustrada, las maestrías según sus cualidades y aplicaciones, tanto de uso personal como cristaloterapéuticos. La maestría de los cristales de cuarzo ha acompañado desde

siempre la ser humano en todos los países y culturas. Son, como decían los antiguos chamanes, la medicina de la Madre Tierra. Un cuarzo maestro es un cuarzo de aprendizaje. Se le llama maestro precisamente porque nos enseña, nos ayuda en nuestro camino de evolución; por eso es conveniente distinguir su maestría particular. En cada apartado podrás profundizar en el cuarzo maestro de: - La descripción, teórica y visual de cada una de sus cualidades. - Usos y modo de empleo. - Otros nombres por los que son conocidos. - Los recursos y datos sobre su empleo ancestral. - Ejercicios, meditaciones, rituales de conexión, métodos de limpieza y recarga energética específica para cada cuarzo maestro.

The Indigo Children Lee Carroll, Jan Tober, 2004-11 A must for the parents of unusually bright and active children! The Indigo Child is a boy or girl who displays a new and unusual set of psychological attributes, revealing a pattern of behavior generally undocumented before. This pattern has singularly unique factors that call for parents and teachers to change their treatment and upbringing of these kids to assist them in achieving balance and harmony in their lives, and to help them avoid frustration. In this groundbreaking book, international authors and lecturers Lee Carroll and Jan Tober answer many of the often-puzzling questions surrounding Indigo Children, such as: - Can we really be seeing human evolution in kids today? - Are these kids smarter than we were at their age? - How come a lot of our children today seem to be system busters? - Why are so many of our brightest kids being diagnosed with Attention Deficit Disorder (ADD)? - Are there proven working alternatives to Ritalin? Throughout this work, Carroll and Tober bring together some very fine minds (doctors, educators, psychologists, and more) who shed light on the Indigo Child phenomenon. These children are truly special, representing a great percentage of all the kids being born today on a worldwide basis. They come in knowing who they are-so they must be recognized, celebrated for their exceptional qualities, and guided with love and care.

*El libro de los mandalas* Thomas Varlenhoff, 2006-07-02 El origen de la palabra Mandala es sánscrito y significa círculo sagrado, aunque también tiene las acepciones de rueda y totalidad. Desde tiempos inmemoriales, la geometría sagrada ha estado presente en diferentes culturas y religiones y ha dejado su huella tanto en megalitos, catedrales, mezquitas, estupas, pirámides y templos. Estas figuras geométricas transmiten un mensaje simbólico de conocimiento y enseñanza y provocan en quien las contempla un incremento de la capacidad intuitiva, favorecen el estado meditativo y de concentración y son un medio para lograr calma y relajación. La práctica de colorear mandalas potencia todo lo anteriormente expuesto, pues podría decirse que se les da vida, tanto por medio de la luz de otros colores como a través de la intencionalidad y creatividad con las que se realice la iluminación del diseño. En este libro se incluyen 100 mandalas de diferentes culturas y religiones tibetanos, hindúes, cristianos, árabes, celtas o mesoamericanos, junto a una serie de ejercicios específicos que harán que esta obra se convierta en un creativo y relajante instrumento de autoconocimiento e interiorización.

**Curación con los canales de luz** Trudi Thali, 2007-03-13 La circulación de la luz no solo es base para la salud física,

sino el modo de iluminar el alma con amor, alegría y fuerza vital. Deseo a todos los lectores que tengan muchas experiencias positivas con esta benéfica terapia, y con ella mejorar su salud y su estado anímico. Los velos ante el invisible mundo de la luz se están apartando poco a poco, dejando al descubierto cosas que hasta hace pocos años habían estado ocultas. Para mí, el hecho de levantar el velo ha supuesto entrar en contacto con el mundo invisible y luminoso que circula por todos los seres vivos. Y así, me ha sido posible desarrollar esta nueva terapia: el trabajo con los canales de luz. Su meta es lograr una buena circulación de la luz y la energía vital por los canales energéticos, así como la disolución de sus bloqueos. La base son los meridianos de la antigua medicina china. Estos meridianos son canales por los que circula la energía vital en el cuerpo y que, además, están vinculados a una estructura luminosa superior de orden cósmico. Mis muchos años de experiencia como terapeuta me han enseñado que a través de los canales de nuestro cuerpo fluye luz para mantener sanos el cuerpo y el alma. Esta terapia es una revolución suave, porque es sencilla, eficaz y sanadora y une la luz del alma con el cuerpo. El trabajo con los canales de luz es accesible a todos y se puede aplicar a uno mismo y a los demás. Lo único necesario es un conocimiento básico que explico en el libro: dedicación, un poco de tiempo y sus manos, una herramienta maravillosa y natural.

**Seiki Jutsu** Bradford Keeney, Hillary Keeney, 2014-03-21 A guide to the ancient Japanese art of working with concentrated life-force energy, seiki, for self-healing, revitalization, and creativity • Explains how to awaken seiki, guiding you through the stages of seiki development • Details how to develop your own daily practice for self-healing and renewal as well as providing exercises to infuse your everyday activities with seiki • Includes many inspiring stories from the authors' decades of healing work Seiki jutsu is the ancient Japanese shamanic art of working with seiki, concentrated life-force energy, for self-healing, revitalization, creativity, and inspiration. Known in Tantra as kundalini and to the Kalahari Bushmen as n/om, seiki has been called "activated and strengthened chi" and is often described as a "non-subtle" energy because it is strongly felt when awakened. Centering on spontaneity of movement to gather and transmit seiki, the practice of seiki jutsu does not require years of training or endless memorization of forms. Once you have received seiki, your daily practice will teach you to

activate the flow of this powerful energy to recharge your body, mind, and spirit and empower you to find your unique destiny. Renowned seiki jutsu masters Bradford and Hillary Keeney detail the history and lineage of seiki jutsu beginning in 8th-century Japan and reveal how this ancient practice was used by the samurai. The authors show how seiki underlies the “flow experience” sought after by artists, musicians, athletes, and performers of all types. They explain how to recognize the awakening of seiki, guiding you through the stages of seiki development with stories of healings they have participated in or witnessed. They reveal how to develop your own daily practice for self-healing and renewal as well as provide active exercises to discover your life’s purpose, infuse your everyday activities with seiki, and motivate yourself to create a fulfilling life. They show that no method of performance, spiritual practice, or philosophy of life can fully awaken unless you are instilled with sufficient seiki. Regarded in Japan as “the fountain of youth,” seiki jutsu provides a way to bring maximum vitality into every aspect of life.
