In Ina May's Guide to Childbirth, she shares: - Inspiring real-life stories that show what a positive experience childbirth can be - What happens during labour and the true capabilities of the female body - How to create a comfortable environment for birth in any setting - Tips for maximising your chances of a relaxed and joyful birth experience Read by millions of women around the world, this reassuring and practical guide will take the fear out of childbirth and restore your faith in the power of your body. With Gaskin's timeless wisdom, you can approach birth with confidence and excitement, wherever and however it happens.

Ina May's Guide to Childbirth Ina May Gaskin, 2008-11-19 MORE THAN 500,000 COPIES SOLD! • In this completely revised and updated edition, the nation's leading midwife shares the benefits and joys of natural childbirth by showing women how to trust in the ancient wisdom of their bodies for a healthy and fulfilling birthing experience. "This book should be read by every woman who is having or may someday have a baby, and by every midwife, nurse, doula, childbirth educator, and doctor who assists or may someday assist these women through their maternity experiences."—Marsden Wagner, M.D., M.S., former Director of Women's and Children's Health, World Health Organization Based on the female-centered Midwifery Model of Care and drawing upon her decades of experience, Ina May Gaskin gives expectant mothers comprehensive information on everything from the all-important mind-body connection to how to give birth without technological intervention. Filled with inspiring birth stories and practical advice, this invaluable resource covers: • Reducing the pain of labor without drugs—and the miraculous roles touch and massage play • What really happens during labor • Orgasmic birth—making birth pleasurable • Common methods of inducing labor—and which to avoid at all costs • Tips for maximizing your chances of an unmedicated labor and birth • How to avoid postpartum bleeding—and depression • The risks of anesthesia and cesareans—what your doctor doesn't necessarily tell you • How to create a safe, comfortable environment for birth in any setting, including a hospital • And much more! Ina May's Guide to Childbirth takes the fear out of childbirth by restoring women's faith in their own natural power to give birth with more ease, less pain, and less medical intervention.

Spiritual Midwifery, 1978-01-01 The classic book on home birth is now in its fourth edition. Includes updated information on the safety of natural childbirth, new birthing stories, and the most recent statistics on births managed by The Farm Midwives. Mothers-to-be are instructed on how to take care of themselves while pregnant and how to prepare for being a mother and taking care of a new baby. Section III is a comprehensive, in depth manual for midwives on delivery. Includes pictures of births.

Birth Skills Juju Sundin, Sarah Murdoch, 2007-04-01 Every pregnant woman's essential, step-by-step guide to taking charge of their labour and birth by Australia's leading expert in advanced labour pain management with her best-known client, Sarah Murdoch. Even after reading countless pregnancy books I still didn't understand what my labour would be like. All I really knew was it would be painful and scary. Then my obstetrician suggested I take Juju Sundin's birth skills classes. Juju gave me the knowledge to understand my body during labour and taught me about the physiology of pain and how to use her techniques to deal with it. - Sarah Murdoch If you're like most women, you'll go into labour with little knowledge of exactly what your body is doing and why, and how you can actively manage the pain and stay in control while helping your body do what it's designed to. That's where Birth Skills comes in, a step-by-step guide packed with information plus easy-to-learn, proven pain management skills. In Birth Skills, obstetric physiotherapist Juju Sundin shares the techniques she has pioneered over her 30-year career, while Sarah Murdoch takes you on a personal journey of her own labour and birth, describing how she learned the skills in the class then applied them on the big day. Whether it's your first baby or lucky last, you will learn: * how your body works in labour and why * how to turn fear into positive action so you stay in control * how to use movement, breathing, vocalisation, visualisation, keywords and other handy techniques * what to wear, what to take, and what questions to ask * how your partner can help, and working as a team * other women's experiences using Juju's techniques. Birth is all about the bigger picture -- educating and empowering yourself, giving it a try, doing it your way, and a healthy mother and baby. - Juju Sundin

Raising Girls Who Like Themselves Kasey Edwards,Christopher Scanlon,2021-02-02 Nearly one in five girls aged 16-17 years meet the clinical criteria for depression. One in fourteen young Australians (7%) aged 4-17 experienced an anxiety disorder. These figures only get worse as our girls age with one in three women in Australia experiencing anxiety. This indispensable guide will provide the tools to raising a girl who is happy and confident. Because when you raise a girl who likes herself, everything else follows. because she has faith in her ability to achieve it and the confidence to pick herself up. because it's natural to care for something you love. because she believes she deserves nothing less. , knowing that her greatest friend and most capable ally is herself. Packed with practical, evidence-based advice, *Raising Girls Who Like Themselves* details the seven qualities that enable girls to thrive and arm themselves against a world that tells them they are flawed. 1. A girl who likes herself has a power perspective 2. A girl who likes herself has body confidence 3. A girl who likes herself owns her body 4. A girl who likes herself is calm 5. A girl who likes herself is independent and masterful 6. A girl who likes herself has strong relationships 7. A girl who likes herself is herself Free of parental guilt and grounded in research, *Raising Girls Who Like Themselves* is imbued with the warmth and wit of a mum and dad who are in the same parenting trenches as you, fighting for their daughters' futures. 'Relatable + Practical + Real.' DANA KERFORD, URSTRONG 'A remarkable resource for mums and dads alike.' SARAH MCMAHON, BODYMATTERS AUSTRALASIA 'An indispensable guide.' BETTER READING

Joyous Childbirth Changes the World Dr. Tadashi Yoshimura,2014-04-29 “No matter how science has progressed, childbirth, in essence, has remained unchanged from ancient times . . . [It] is the last natural process left to us,” writes internationally lauded obstetrician Dr. Tadashi Yoshimura. “The fact that it has remained unchanged means that there is truth in it.” The truth and power of birth is the subject of Dr. Yoshimura’s first book published in the United States. Yoshimura describes babies born so directly into the arms of their mothers that they do not cry, and women so transformed with pride and passion in their ability that they are joyous and forever changed. Instead of a medical emergency, Yoshimura describes birth as a transcendent and natural process that cannot be perfected, and that, when performed through the innate power of women, reveals what he calls a “mystic beauty.” Full of delightful stories of birthing women and peaceful smiling infants, and helpful tips from his childbirth preparation program, *Joyous Childbirth Changes the World* is a must-read for all expectant parents and those who care for them. Yoshimura’s clinic serves as a testament to the kind of compassionate birth culture that is possible if we prioritize the health and experience of women and babies.

Birthing from Within Pam England,Rob Horowitz,2007 Giving birth is the pivotal moment of a woman's life but it is often

treated as a medical procedure, and not as a rite of passage. Birthing from Within offers parents engaging and memorable ways for pregnant women, and their partners, to activate personal, social and spiritual resources that will guide them through labour and afterwards. Many birth classes teach from the 'outside', from the perspective of the professional. Yet, knowledge of anatomy and the stages of labour can often seem irrelevant in the intensity of contraction. The pregnant woman needs to know about labour and birth from her own perspective, she needs to be prepared for birthing from within. Pam England offers a method that allows a woman to fully understand her own strengths and resources. The self-discoveries made during pregnancy makes birth life-enhancing and empowers the future of the family. It is a multi-sensory and holistic approach that aims to make parents feel positively informed about what they are about to experience, confident about the birth of their child. Pain is an inevitable part of childbirth but Birthing from Within provides resources for building pain-coping confidence in parents. It gives detailed instructions on dealing with normal labour pain and when the humane use of drugs may be called for.--Cover.

Your Best Birth Ricki Lake, Abby Epstein, 2009-05-01 The national C-section rate is at an all-time high of 31 percent. Are all these C-sections necessary, or are some of them done simply for the sake of convenience? Inductions seem to be the norm, but are they always needed? Today, expectant mothers are often left feeling powerless, as their instincts are replaced by drugs and routine medical procedures. What you are about to discover is that you have a choice, and you have the power to plan the kind of birth that's right for you-whether it is at a birth center, a hospital, or at home. In *Your Best Birth*, internationally known advocates of informed choice Ricki Lake and Abby Epstein inspire women to take back the birth experience, with essential advice on: Positive and negative effects of epidurals, Pitocin, and other drugs and interventions Inducing vs. allowing your labor to progress naturally The truth behind our country's staggering C-section rate Assembling your birth team and creating your birth plan. With chapters such as Obstetricians: Finding Dr. Right, Epidurals: You Haven't Got Time for the Pain, and Electronic Monitors: Reading between the Lines, Lake and Epstein will encourage you to consider whatever your doctor, mother, and best friend may suggest in a new light. The book also includes inspiring birth stories, including those from well-known personalities, such as Laila Ali and Cindy Crawford. Packed with crucial advice from childbirth professionals, and delivered in a down-to-earth, engaging voice, *Your Best Birth* is sure to renew your confidence and put the control back where it belongs: with parents-to-be! Abby Epstein and Ricki Lake have taken a wonderful and constructive approach to ensuring an optimal birthing experience. Their language creates a 'climate of confidence' for pregnant women and their families, who must make key decisions about where, how and with whom to give birth in a health care system often unresponsive to our needs. This book is like a good friend giving wise counsel. -- Judy Norsigian, co-editor of *Our Bodies, Ourselves: Pregnancy and Birth* and Executive Director, *Our Bodies Ourselves*

The Positive Birth Book Milli Hill,2017-03-23

Unassisted Childbirth Laura Kaplan Shanley,2012-02-22 This book reveals how giving birth is an inherently safe, relatively painless process that is best performed without the assistance of doctors or midwives, and how confidence and a positive attitude reduces fear—and therefore the pain—of labor. According to Laura Kaplan Shanley, a renowned leader in the natural-birth movement, human birth is inherently safe and relatively painless—provided we refrain from physical or psychological interference. The problems often associated with birth can be traced to three main factors: poverty, unnecessary medical intervention, and fear. When these causes are eliminated, most women can give birth either alone or with the help of a partner, friends, or family. This second edition of *Unassisted Childbirth* leads with a history of childbirth and then describes how most deliveries occur today, detailing why these processes don't serve mothers or babies. The information in this unique book gives women yet another legitimate choice in childbirth that doesn't rely on doctors and technology, and allows parents, birth professionals, and general readers to reexamine their most basic ideas about birth and learn to think in new ways.

Reclaiming Childbirth As a Rite of Passage Rachel Reed,2021-02-27 It's time for a childbirth revolution.The modern approach to maternity care fails women, families and care providers with outdated practices that centre the needs of institutions rather than individuals.In this book, Rachel Reed weaves history, science and research with the experiences of women and care providers to create a holistic, evidence-based framework for understanding birth.Reclaiming childbirth as a rite of passage requires us to recognise that mothers own the power and expertise when it comes to birthing their babies.Whether you are a parent, care provider or educator, this book will transform how you think and feel about childbirth.

Birth with Confidence Rhea Dempsey,2013 This book will help you understand the benefits for mothers and babies of a normal physiological birth and provide the insights you need to attempt normal birth in our high-intervention era.

Sacred Pregnancy Anni Daulter,2012-05-01 In today's western cultures, the typical pregnancy focuses on the baby to the exclusion of the woman herself, so that the entire experience has become more about preparing for the baby's arrival than looking closely at oneself to prepare emotionally for all of the changes that creating a new life brings. *Sacred Pregnancy* was

written to help the pregnant woman journey within herself to prepare for the birth of her baby. Sacred Pregnancy is a gorgeous four-color book especially created for mothers-to-be to reflect on the many personal milestones of the full gestation period of a pregnancy. With beautiful professional photos that correspond to each topic, Sacred Pregnancy also features a journal space for the pregnant woman to record her thoughts and feelings. Each week the mother-to-be is given information on her baby, her body, and her spirit and is asked to reflect on these via the topic of the week, which touches on a variety of issues such as sexuality, fears about labor, becoming a mother, courage, rite of passage, adornment, body image, meditation, and sisterhood to name a few. Mothers-to-be are invited to look deeply at the issues unique to their journey and find a centered, peaceful place to live their pregnancy fully. Lastly, Sacred Pregnancy includes place for the new mother to record her birth story and a large resource section on various birthing options and supports for pregnant women. “From the spiritual (how to visualize your perfect birth) to the practical (a large section on birthing options), this pregnancy journal is a spiritual adviser and supportive doula all in one.” —Fit Pregnancy magazine For more information, visit the Sacred Pregnancy website.

Blood Meridian Cormac McCarthy, 2001-01-02 The “masterpiece” (Michael Herr) of the New York Times bestselling, Pulitzer Prize-winning author of *The Road*, *No Country for Old Men*, *The Passenger*, and *Stella Maris* “Cormac McCarthy is the worthy disciple both of Melville and Faulkner. I venture that no other living American novelist, not even Pynchon, has given us a book as strong and memorable.”—Harold Bloom, from his Introduction “McCarthy is a writer to be read, to be admired, and quite honestly—envied.”—Ralph Ellison One of *The Atlantic’s* Great American Novels of the Past 100 Years Widely considered one of the finest novels by a living writer, *Blood Meridian* is an epic tale of the violence and corruption that attended America’s westward expansion, brilliantly subverting the conventions of the Western novel and the mythology of the “Wild West.” Its wounded hero, the Kid, a fourteen-year-old Tennessean, must confront the extraordinary brutality of the Glanton gang, a murderous cadre on an official mission to scalp Indians. Seeming to preside over this nightmarish world is the diabolical Judge Holden, one of the most unforgettable characters in American fiction. Based on historical events that took place on the Texas-Mexico border in the 1850s, *Blood Meridian* represents a genius vision of the historical West, one whose stature has only grown in the years since its publication.

Your Baby, Your Birth Hollie De Cruz, 2018-08-30 In-demand hypnobirthing coach Hollie de Cruz provides you with the skills and tools to make any birth feel safe, calm, connected and empowering. Drawing on her experience working with new mums, including Fearne Cotton and Giovanna Fletcher, Hollie de Cruz helps you prepare for a positive (not 'perfect') birth experience and approach motherhood with confidence in yourself and your instincts.--Publisher's description.
