El lenguaje secreto del tarot Laura Tuan,2020-07-13 El tarot no es más que un lenguaje simbólico en el que cada carta es una palabra, y cada combinación, una frase. Este lenguaje tiene el poder particular de entrar en comunicación con fenómenos que de otro modo permanecerían secretos, y también con la parte más profunda de nosotros mismos. Conozcamos uno por uno los arcanos, con sus diversos significados (según la posición) y sus relaciones con las esferas afectiva, profesional, económica y de la salud. Y a continuación descubramos los secretos de los arcanos menores. Aprendamos a amalgamar los significados de las distintas cartas en los «juegos», es decir, en las composiciones dinámicas que, en su conjunto, logran dar respuesta a nuestros interrogantes más íntimos y, oportunamente interpretadas, ia «perforar» el tabique prohibido del futuro! ¿Cómo se lleva a cabo una consulta? ¿Cuándo? ¿En qué momento es mejor no hacerla? ¿Cuál es la función del cartomántico? ¿Y cuál la del consultante? Este libro no es uno más de los manuales escritos sobre tarot, sino una expresión fresca y novedosa, de singular claridad y facilidad, debida a una gran especialista de lo oculto, profundamente sensible al lenguaje de los símbolos.

The symbolism of the Tarot P.D. Ouspensky,2023-05-10 No study of occult philosophy is possible without an acquaintance with symbolism, for if the words occultism and symbolism are correctly used, they mean almost one and the same thing. Symbolism cannot be learned as one learns to build bridges or speak a foreign language, and for the interpretation of symbols a special cast of mind is necessary; in addition to knowledge, special faculties, the power of creative thought and a developed imagination are required. One who understands the use of symbolism in the arts, knows, in a general way, what is

meant by occult symbolism. But even then a special training of the mind is necessary, in order to comprehend the language of the Initiates, and to express in this language the intuitions as they arise.

The Initiatic Path in the Arcana of Tarot and Kabbalah Samael Aun Weor, 2006-12 In this cornerstone work, Samael Aun Weor explains in clear terms the entire basis of all esoteric work: Kabbalistic symbology. This is the language of the Internal Worlds. In these studies of Kabbalah, we need to be practical; there are authors who write marvels, but when one looks at them, one realizes that they have not lived what they have written; they did not experience it in themselves, and that is why they are mistaken. I understand that one must write what one has directly experienced by oneself. I have proceeded in this way on my part. This book is no mere repetition of what others have written: it is the direct experience of the author. This revolutionary work examines the Tarot and Kabbalah as never before, with brilliant revelations about the mysterious sphere of Daath, whose true nature was never before discussed publicly. In Five Parts: 1: Description and Study of the Esoteric Tarot 2: Initiation through the Arcana of the Tarot 3: The Kabbalah 4: Numerology and Esoteric Mathematics 5: Predictive Kabbalah

The Way of Tarot Alejandro Jodorowsky, Marianne Costa, 2009-11-17 Filmmaker Alejandro Jodorowsky's insights into the Tarot as a spiritual path • Works with the original Marseille Tarot to reveal the roots of Western wisdom • Provides the key to the symbolic language of the Tarot's "nomadic cathedral" • Transforms a simple divination tool into a vehicle for self-realization and healing Alejandro Jodorowsky's profound study of the Tarot, which began in the early 1950s, reveals it to be far more than a simple divination device. The Tarot is first and foremost a powerful instrument of self-knowledge and a representation of the structure of the soul. The Way of Tarot shows that the entire deck is structured like a temple, or a mandala, which is both an image of the world and a representation of the divine. The authors use the sacred art of the original Marseille Tarot--created during a time of religious tolerance in the 11th century--to reconnect with the roots of the Tarot's Western esoteric wisdom. They explain that the Tarot is a "nomadic cathedral" whose parts--the 78 cards or "arcana"--should always be viewed with an awareness of the whole structure. This understanding is essential to fully grasp the Tarot's hermetic symbolism. The authors explore the secret associations behind the hierarchy of the cards and the correspondences between the suits and energies within human beings. Each description of the Major Arcana includes key word summaries, symbolic meanings, traditional interpretations, and a section where the card speaks for itself. Jodorowsky and Costa then take the art of reading the Tarot to a depth never before possible. Using their work with Tarology, a new psychological approach that uses the symbolism and optical language of the Tarot to create a mirror image of the personality, they offer a powerful tool for self-realization, creativity, and healing.
