Commercial Poultry Production on Maryland's Lower Eastern Shore Solomon I. Omo-Osagie,2012 Commercial Poultry Production on Maryland's Lower Eastern Shore traces the beginnings and development of commercial poultry production in this very important region. African Americans were mainly involved in poultry production on the labor supply side, which was crucial to the expansion of the industry. Commercial poultry production expanded through vertical integration, acquisitions, mergers, and consolidations and became the dominant economic activity on the Lower Maryland Eastern Shore in the 1950s. Throughout the years, the industry has intermixed with public health and the environment. These integrations were problematic on several fronts, as the industry sought to maintain a much-needed economic lifeline for the region and yet protect public health and ensure a sustainable environment at the same time. In all, commercial poultry production has continued to fuel the local economy of the Lower Maryland Eastern Shore since its inception in the 1930s.

Bishop C.H. Mason and the Roots of the Church of God in Christ Bishop Ithiel C. Clemmons, Ph.D.,2012-06 The Church of God in Christ (COGIC), the first major denomination to spring from the fires of the Azusa Street revival, profoundly affected the history of the black church. Its tremendous influence can be traced to the dynamic spiritual life of its founder, Charles Harrison Mason. The son of a slave and a leader in the holiness movement of his day, Mason traveled to Azusa Street in 1907 where he received the baptism of the Holy Spirit. Returning home, he discovered that visions, spontaneous healing and deliverance followed him. A new power accompanied his preaching, and he experienced freedom from former limitations. Mason's vibrant spiritual life enabled him to lead a fledgling movement from its infancy to a powerful, prophetic community

over the next fifty years. Beginning in the rural South in the decades following the Reconstruction Era, the denomination gradually moved into urban areas during the 1900's. No matter where its ministers, however, the COGIC Church holds in tension the dynamics of holiness, spiritual encounter and prophetic Christian social consciousness. Facing the challenges of our generation, the COGIC Church desires to maintain the legacy of its founder as it prepares for another century of work and witness. Our younger generations need to know the rich legacy bequeathed to them by the pioneers of the Church of God in Christ. Presiding Bishop Chandler D. Owens Every pastor in our denomination and beyond should have a worn and well read copy of this book. Bishop Charles E. Blake, Sr. This valuable book should be in the hands of every member of the Church of God in Christ. Bishop C. L. Anderson God gave Bishop C. H. Mason an anointing to preach powerfully, to heal the sick, and to sing out in spontaneous worship. May we covet the same anointing that transformed thousands in his day. Bishop J. Neaul Haynes We are the descendants of a mighty move of God that began at Azusa Street. This book will help us to pass on an equally dynamic spiritual life to our successors, taking the Church of God in Christ into the next century. Bishop P. A. Brooks Church leaders would do well to emulate the dynamic spiritual life of our founder; Bishop C. H. Mason. Bishop O. T. Jones, Jr. Bishop Clemmons reminds us that our denomination was forged in the fires of a pentecostal revival that continues to impact our society today. Bishop Gilbert E. Patterson Our roots establish our legacy and provide the springboard for the future. This documentation is a must for this generation and the generations to come. Mother Emma F. Crouch, Supervisor, Women's Department, Church of God in Christ, President, International Women's Convention This is must reading for every seminary student preparing to minister in the Church of God in Christ. This will be extremely valuable to students of church history regardless of denomination. Dr. H. Vinson Synan, Ph.D., Dean of the School of Divinity, Regent University Finally, a documentary written by a black historian/theologian and a lifelong member of the Church of God in Christ. Bishop Clemmons' perspective is insightful, informative, and refreshing. Dr. William C. Turner, Ph.D., Professor of Theology, Duke Divinity School, Duke University Allow Bishop C. H. Mason's vision to grip you, to challenge you, and to change you. Raymond C. Pierce, J.D., Deputy Assistant Secretary, U.S. Department of Education, Office for Civil Rights

Encyclopedia of Christianity in the United States George Thomas Kurian, Mark A. Lamport, 2016-11-10 From the Founding Fathers through the present, Christianity has exercised powerful influence in the United States—from its role in shaping politics and social institutions to its hand in inspiring art and culture. The Encyclopedia of Christianity in the United States outlines the myriad roles Christianity has played and continues to play. This masterful five-volume reference work includes biographies of major figures in the Christian church in the United States, influential religious documents and Supreme Court decisions, and information on theology and theologians, denominations, faith-based organizations, immigration, art—from decorative arts and film to music and literature—evangelism and crusades, the significant role of women, racial issues, civil religion, and more. The first volume opens with introductory essays that provide snapshots of

Christianity in the U.S. from pre-colonial times to the present, as well as a statistical profile and a timeline of key dates and events. Entries are organized from A to Z. The final volume closes with essays exploring impressions of Christianity in the United States from other faiths and other parts of the world, as well as a select yet comprehensive bibliography. Appendices help readers locate entries by thematic section and author, and a comprehensive index further aids navigation.

Everyone Gets to Play John Wimber,2007-07 John Wimber wasn't interested in religion -- he was interested in a relationship with Jesus and discovering how that impacted the way he lived his life and the people with whom he shared his life. He viewed community as a great opportunity to put into practice the teachings of Jesus and felt following Jesus wasn't a spectator sport. In *Everyone Gets to Play*, Wimber's writings and teachings on life together in Christ drives home the importance of one of his favorite sayings and shares some of his ideas on what that can look like. From taking risks to prayer to leading others, Wimber's skillfully penned words from his writings and teachings still resonate powerfully today.

From Aldersgate to Azusa Street Henry H. Knight,2010-08-11 Historians have noted the connections between the Wesleyan Methodist movement that began in the eighteenth century, the emergence of African American Methodist traditions and an interdenominational Holiness movement in the nineteenth century, and the birth of Pentecostalism in the twentieth century. This volume, written by historians, theologians, and pastors, builds on that earlier work. The contributors present a diverse array of key figures--denominational leaders and mavericks, institutional loyalists and come--outers, clergy and laity--who embodied these movements. The authors show that in spite of their differing historical and cultural contexts, these movements constitute a distinct theological family whose confident and expectant faith in the transforming power of God has significant implications for the renewal of the contemporary church and its faithfulness to God's mission in the world today. The 1917 FBI Files of Bishop Charles Harrison Mason Elijah Hill, 2015-05-07 Bishop Charles Harrison Mason was the first denominational leader investigated by the FBI in 1917. Charles Mason a 20th Century icon and an African American religious organization's change leader in the beginning 20th Century Pentecostal Movement as it relates to his First Amendment rights of the Freedom of Religion in the Constitution of the United States. He approached the United States government during World War I's 1917 Selective Service (Draft) law to negotiate his organization's civil liberties as Christians to uphold their religious freedom as conscientious objectors to World War I's military draft laws. The purpose of this historical narrative is to describe how during the Jim Crow system in America, this small newly-formulated African American denomination and their national leader Bishop Charles Harrison Mason, faced seemingly insurmountable governmental harassment, persecution, and criminal prosecution from 1917-1920 for requesting religious liberties exemption and succeeded in court during World War I's Selective Service military draft laws.
