**The History and Politics of Exhumation** Michael L. Nash,2019-10-21 This book argues that a serious, scholarly study on exhumation is long overdue. Examining more well-known cases, such as that of Richard III, the Romanovs, and Tutankhamen, alongside the more obscure, Michael Nash explores the motivations beyond exhumation, from retribution to repatriation. Along the way, he explores the influence of Gothic fiction in the eighteenth century, the notoriety of the Ressurrection Men in the nineteenth century, and the archeological heyday of the twentieth century.

**Bosnian Genocide** Paul R. Bartrop,2016-01-18 Providing an indispensable resource for students and policy makers investigating the Bosnian catastrophes of the 1990s, this book provides a comprehensive survey of the leaders, ideas, movements, and events pertaining to one of the most devastating conflicts of contemporary times. In the three years of the Bosnian War, well over 100,000 people lost their lives, amid intense carnage. This led to unprecedented criminal prosecutions for genocide, war crimes, and crimes against humanity that are still taking place today. *Bosnian Genocide: The Essential Reference Guide* is the first encyclopedic treatment of the Balkan conflicts of the period from 1991 to 1999. It provides broad coverage of the nearly decade-long conflict, but with a major focus on the Bosnian War of 1992-1995. The book examines a variety of perspectives of the conflicts relating to Slovenia, Croatia, Bosnia-Herzegovina, Serbia, and Kosovo, among other developments that took place during the years spotlighted. The entries consider not only the leaders, ideas, movements, and events relating to the Bosnian War of 1992-1995 but also examine themes from before the war and after it. As such, coverage continues through to the Kosovo Intervention of 1999, arguing that this event, too, was part of the conflict that purportedly ended in 1995. This work will serve university students undertaking the study of genocide in the modern world and readers interested in modern wars, international crisis management, and peacekeeping and peacemaking.

**Bulgaria** R. J. Crampton, 2007-02-01 Tracing the evolution of the Bulgarian state and its people, from the beginning of the Bulgarian national revival in the middle of the nineteenth century to the entry of the country into the European Union, Richard Crampton examines key political, social, and economic developments, revealing the history of a country which evolved from a backward and troublesome Balkan state to become a modern European nation. The formation of the first modern Bulgarian state in 1878 played a major role in Bulgaria's evolution, determining its stance in the two World Wars. Seeing the collapse as well as the establishment and evolution of communist rule, Bulgaria survived an often painful journey from monolithic authoritarianism to representative democracy and the market system. This book follows this journey, and analyses the development of Bulgaria's political culture, examining the emergence of radical movements, both agrarian and socialist, as well as looking at the role of religion and the position of minorities. Crampton highlights the problems and dilemmas created by the country's position situated between east and west, problems which might not be entirely solved by the country's admission to the EU.

*Henry 'Chips' Channon: The Diaries (Volume 3): 1943-57* Chips Channon, 2022-09-08 The third and final volume of the remarkable Sunday Times bestselling diaries of Sir Henry 'Chips' Channon \_\_\_\_\_ 'An utterly addictive glimpse of London high society and politics in the 40s and 50s.' Robert Harris 'An instant classic . . . quite simply the greatest social and political diaries of the 20th century.' Daily Telegraph 'Rich, exuberant, copious and shatteringly honest.' Spectator 'A scurrilous read. Fascinating. Gripping!' Alan Titchmarsh 'Chips writes with such vividness that one feels one is living each day in his exalted company.' The Oldie \_\_\_\_\_ This final volume of the unexpurgated diaries of Sir Henry 'Chips' Channon begins as the Second World War is turning in the Allies' favour. It ends with Chips descending into poor health but still able to turn a pointed phrase about the political events that swirl around him and the great and the good with whom he mingles. Throughout these final fourteen years Chips assiduously describes events in and around Westminster, gossiping about individual MPs' ambitions and indiscretions, but also rising powerfully to the occasion to capture the mood of the House on VE Day or the ceremony of George VI's funeral. His energies, though, are increasingly absorbed by a private life that at times reaches Byzantine levels of complexity. We encounter the London of the theatre and the cinema, peopled by such figures as John Gielgud, Laurence Olivier, Vivien Leigh and Douglas

Fairbanks Jr, as well as a seemingly endless grand parties at which Chips might well rub shoulders with Cecil Beaton, the Mountbattens, or any number of dethroned European monarchs. He has been described as 'The greatest British diarist of the 20th century'. This final volume fully justifies that accolade.

**The Queen Mother** William Shawcross,2009-10-27 The official and definitive biography of Queen Elizabeth the Queen Mother, the most beloved British monarch of the twentieth century. Consort of King George VI, mother of Queen Elizabeth II, and grandmother of Prince Charles, Elizabeth Angela Marguerite Bowes-Lyon—the ninth of the Earl of Strathmore's ten children—was born on August 4, 1900, and, certainly, no one could have imagined that her long life (she died in 2002) would come to reflect a changing nation over the course of an entire century. Vividly detailed, written with unrestricted access to her personal papers, letters, and diaries, this candid royal biography by William Shawcross is also a singular history of Britain in the twentieth century.
