The Disputation at Barcelona Ramban, Rabbi Nahmanides, 2017-07-31 The Disputation of Barcelona (July 20-24, 1263) was a formal ordered medieval debate between representatives of Christianity and Judaism regarding whether or not Jesus was the Messiah. It was held at the royal palace of King James I of Aragon in the presence of the King, his court, and many prominent ecclesiastical dignitaries and knights, between Dominican Friar Pablo Christiani, a convert from Judaism to Christianity, and Rabbi Nahmanides (Moshe Ben Nachman, Ramban), a leading medieval Jewish scholar, philosopher, physician, kabbalist, and biblical commentator. During the Middle Ages, there were numerous ordered disputations between Christians and Jews. They were connected with burnings of the Talmud at the stake and violence against Jews. At Barcelona, Jews as well as Christians were given absolute freedom to speak their arguments how they wanted, making this unique among disputations.

Judaism on Trial Hyam Maccoby, 1984-10-01 Hyam Maccoby's now classic study focuses on the major Jewish—Christian disputations of medieval Europe: those of Paris (1240), Barcelona (1263), and Tortosa (1413–14). It examines the content of these theological confrontations with a sense of present-day relevance, while also discussing the use made of scriptural proof-texts. Part I provides a general thematic consideration of the three disputations and their social and historical background. Part II is a complete translation of the account of the Barcelona Disputation written by Nahmanides, one of the greatest figures in the history of Jewish learning, and was Jewish spokesman at the disputation. Part III contains Jewish and Christian accounts of the Paris and Tortosa disputations. A new introduction reviews the relevant literature that has been published since the original edition appeared.

Barcelona and Beyond Robert Chazan, 2023-12-22 In late July 1263 a public disputation was convened by King James I of Aragon, pitting Friar Paul Christian against the distinguished rabbi of Gerona, Moses ben Nahman. Organized by leading figures in the Dominican Order to give Friar Paul an opportunity to test his innovative missionizing argumentation against a worthy opponent, the spectacle in Barcelona was colorful, impressive, surely somewhat frightening to the Jews, and

ultimately indecisive. Both sides claimed victory, and their documented claims have given rise to substantial disagreement among historians over the tone and outcome of this important event. Robert Chazan's masterly analysis reconstructs the Barcelona disputation from the conflicting Christian and Jewish sources and sets it in its broad historical context, with particular attention to the post-disputation maneuvers on both sides. His richly detailed account focuses on Rabbi ben Nahman's eloquent efforts to reassure his fellow Jews in the face of new missionizing pressures. In late July 1263 a public disputation was convened by King James I of Aragon, pitting Friar Paul Christian against the distinguished rabbi of Gerona, Moses ben Nahman. Nahmanides in Medieval Catalonia Nina Caputo, 2007 In this detailed study, Nina Caputo examines conceptions of history and messianic redemption in the writings of the Catalonian rabbi and brilliant Talmudic scholar Nahmanides (1195-1270). An early exponent of kabbalah, Nahmanides was also a shrewd intermediary between the Jewish communities and the royal administration of Aragon. Most intellectual histories focus on Nahmanides in the fairly insular context of Jewish community dynamics, but this volume explores the largely unexamined history of encounters between Jewish and Christian interpretations of history and redemption, as well as the significant role played by Jews in the expansion of the Crown of Aragon during the thirteenth century. Caputo explains Nahmanides' distinctive understanding of the shape and meaning of historical time and change and reveals how his discourse frequently confronted Christian views of history and scripture, sometimes embracing Christians forms, but at other times directly refuting them. Nina Caputo's book is the first to situate Nahmanides in the full intellectual and religious context of thirteenth-century Catalonia. It makes an important contribution to the fields of Jewish studies as well as medieval and early modern history. Nahmanides in Medieval Catalonia is a compelling illustration of meticulous scholarly attention, of subtle historical consciousness, rigorous rhetorical and literary sensibility, and true, wide-ranging synthetic ability--it uniquely draws from the entire corpus of Nahmanides' work in order to reframe conflicts and disputes, once again, as fertile and positive exchanges. --Gil Anidjar, Columbia University Caputo has written a brilliant monograph on one of the most fascinating minds of the High Middle Ages. By aligning the intellectual and communal activities of Nahmanides within the context of both Jewish and medieval Spanish vernacular texts she brings academic rigor and interdisciplinary scholarship to throw new light on both communities at a critical moment in their development. Each chapter reveals the subtle ways that Nahmanides constructed intellectual and social frameworks for Jews to preserve their unique identity while sharing cultural and aesthetic norms of the Christian society that surrounded them. --Michael A. Signer, Abrams Professor of Jewish Thought and Culture, University of Notre Dame This book offers a meticulous and thoughtful reading of the themes of history, prophecy, and progress in Nahmanides' exegetical, theological, and polemical works. It joins a growing body of scholarship that emphasizes the extent to which even tense and hostile Jewish-Christian confrontations were predicated upon shared cultural and intellectual approaches. It is sure to interest and engage

scholars in the fields of Judaic studies, Iberian history, and biblical studies. --Sara Lipton, Stony Brook University

Trinity Doctrine Error Gerald Sigal,2006-03-15 Some trinitarians explain the Trinity doctrine by reference to the three main colors united in one rainbow. Others explain how the understanding, the conscience, and the will blending together in one man illustrate the Trinity. Still others compare the Trinity to three lit candles in one room blending into one light. None of these illustrations satisfactorily offer an analogy of how three distinct almighty and eternal beings make one almighty and eternal being. The absolute uni-personality of God is the first principle of the Jewish Scriptures and the New Testament. Trinitarian Christians do not deny that there is one God, but differ as to the absolute unity of God. They speak of the Godhead as a Trinity composed of the Father, the Son, and the Holy Spirit. Trinitarianism maintains that the term God includes not only the Father, but Jesus and the Holy Spirit. Yet, even the New Testament shows that Jesus was a person as distinct from God as the disciples were distinct from him.

Rabbi Moses Nahmanides (Ramban) Isadore Twersky,1983-01-01 This rich little volume, which substantively enhances our knowledge and appreciation of R. Moses Nahmanides, contains an introduction by Isadore Twersky and five original and learned articles by well-known scholars: David Berger, Brooklyn College (Miracles and the Natural Order in Nahmanides); Ezra Fleischer, The Hebrew University (The 'Gerona School' of Hebrew Poetry); Moshe Idel, The Hebrew University ('We Have No Kabbalistic Tradition on This'); Bezalel Safran, Harvard University (Rabbi Azriel and Nahmanides: Two Views of the Fall of Man); and Bernard Septimus, Harvard University ('Open Rebuke and Concealed Love': Nahmanides and the Andalusian Tradition). Ramban's attitude to aggadah, poetry, exegesis and rationalism, his coupling of genuine conservatism and powerful originality, his views on the nature of man, law of nature, miracles, history of kabbalah, dialectics of halakah, his relation to the Spanish intellectual-spiritual background, Proencal culture, and French Talmudism--these are some of the topics explored in these pages. In connection with these specific topics of Nahmanides research, some broader historical issues are also touched upon: continuities and differences between Islamic and Christian Spain; varieties of thirteenth-

century kabbalah; preoccupations of medieval halakists; root problems of Scriptural exegesis; the re-orientation of Hebrew poetry in Christian Spain; the relation of philosophy and mysticism. Anyone interested in the luminous achievement and enduring influence of Ramban, probably the greatest figure in 13th century Jewish history, will turn to this volume.

Jewish Philosophical Polemics Against Christianity in the Middle Ages: With a New Introduction Daniel J.

Lasker,2007-04-26 This meticulously researched study is based on a comprehensive reading of all the major Jewish sources from the Geonic period in the ninth century until the dawn of the Haskalah in the late eighteenth century. Its clearly written and carefully documented exposition of the philosophical arguments used by Jews to refute four central doctrines of Christianity (trinity, incarnation, transubstantiation, and virgin birth) makes a major contribution to a relatively neglected area of medieval Jewish intellectual history.

The Trial of the Talmud Jean Connell Hoff,2012 The Trial of the Talmud that took place in Paris in 1240 has been the subject of a number of trenchant studies over the years. The present volume, with its felicitous, annotated translations of the Hebrew protocol along with a series of crucial papal letters and other church documents, places before an English-language readership for the first time a corpus of the essential primary texts that have framed the earlier scholarly discussions and analyses. The masterful overview by Robert Chazan effectively locates this disputation in its historical and literary contexts through a deft, critical synthesis of the previous studies; it also offers new insights which will undoubtedly serve to shape further discussion of this episode. This volume should be of great interest to scholars and students of Jewish history and thought, Jewish - Christian relations, and polemical literature of the middle ages. (back cover).

Let's Get Biblical! Tovia Singer,2014-03-31 We saw in Volume 1 of Let's Get Biblical! Why Doesn't Judaism Accept the Christian Messiah? how Christendom?beginning in the earliest epistles of the New Testament?deliberately altered the Jewish Scriptures in order to make these Hebrew texts appear Christological. What else did Christians invent on the way to making Christianity into the religion it became?The belief that the messiah died for the sins of the world is an core tenet of Christianity. Yet the word ?messiah? is nothing more than the equivalent of the Greek word ?Christ.? Many Christians are unaware of this, and think that Christ was Jesus? last name?Jesus Christ, the son of Joseph and Mary Christ. In other words, ?Christ? emerged as such a standard designation for Jesus, that for many parishioners started to function as Jesus? name rather than a role of fulfilling clear messianic prophecies of the Jewish Scriptures. In reality, however, ?Jesus Christ? is not just a familiar designation. Rather, it is a fantastic claim. And a fantastic claim requires fantastic evidence. Yet there is no evidence to support this assertion. In essence, Christians are dumbfounded. They don't understand why the vast majority of Jews are unimpressed with their assertion that the role of the messiah was to die for the sins of the world. Christians wonder: Why don't passages in the ?Old Testament? such as Isaiah 53 and Psalm 22 convince the Jews that the messiah was to suffer and die for the sins of mankind? Don't these and other texts in the Hebrew Scriptures provide irrefutable proof that Jesus is

the promised Jewish messiah? After all, these chapters appear prominently in their own Bible. There is a clear answer to this age-old question: The messiah is not mentioned in any of these passages. In fact, these texts do not refer to the messiah but to someone or something else. In Volume 2 of this series, I will continue this eye-opening and thought-provoking exploration of the Bible in order to answer two fundamental questions: Who invented Christianity, and how did they accomplish this task?

Letters to Josep Daniella Levy, 2019-01-15 It began as an extraordinary correspondence across the Mediterranean. Josep, a secular Catholic from Barcelona, wanted to learn about Daniella's life as an American-Israeli Orthodox Jew. Her enthusiastic response to his curiosity resulted in this collection of entertaining and enlightening letters. With nuance, candor, and warmth—and a liberal dash of humor—Daniella paints a vivid picture of observant Jewish life. She explains complex concepts in a manner so unassuming and accessible that even the most uninitiated can relate—but with enough depth that the knowledgeable will find new insight, too. Whether you're a curious non-Jew or a Jew hoping to expand your knowledge, *Letters to Josep* will charm, inform, and inspire you.

The Cantonists Larry Domnitch, 2003 Based on memoirs of former Cantonists and their contemporaries, describes the fate of Jewish servicemen in the Russian army during the rule of Nicholas I, before 1855. Discusses the introduction of the Cantonist system in 1827, the abduction of Jewish children, and the role played in this by Jewish community leaders. Dwells on the conversion of the Jewish conscripts to Christianity; in many cases the conversions were forced. Presents stories of some former Cantonists, adapted from memoirs published in Russian or Yiddish or found in manuscripts in archives.
