**Terrorism and the Electric Power Delivery System** National Research Council,Division on Engineering and Physical Sciences,Board on Energy and Environmental Systems,Committee on Enhancing the Robustness and Resilience of Future Electrical Transmission and Distribution in the United States to Terrorist Attack,2012-11-25 The electric power delivery system that carries electricity from large central generators to customers could be severely damaged by a small number of well-informed attackers. The system is inherently vulnerable because transmission lines may span hundreds of miles, and many key facilities are unguarded. This vulnerability is exacerbated by the fact that the power grid, most of which was originally designed to meet the needs of individual vertically integrated utilities, is being used to move power between regions to support the needs of competitive markets for power generation. Primarily because of ambiguities introduced as a result of recent restricting the of the industry and cost pressures from consumers and regulators, investment to strengthen and upgrade the grid has lagged, with the result that many parts of the bulk high-voltage system are heavily stressed. Electric systems are not designed to withstand or quickly recover from damage inflicted simultaneously on multiple components. Such an attack could be carried out by knowledgeable attackers with little risk of detection or interdiction. Further well-planned and coordinated attacks by terrorists could leave the electric power system in a large region of the country at least partially disabled for a very long time. Although there are many examples of terrorist and military attacks on power systems elsewhere in the world, at the time of this study international terrorists have shown limited interest in attacking the U.S. power grid. However, that should not be a basis for complacency. Because all parts of the economy, as well as human health and welfare, depend on electricity, the results could be devastating. **Terrorism and the Electric Power Delivery System** focuses on measures that could make the power delivery system less vulnerable to attacks, restore power faster after an attack, and make critical services less vulnerable while the delivery of conventional electric power has been

disrupted.

**Charlie Chaplin's Own Story** Charlie Chaplin,2018-01-06 LIFE itself is a comedy - a slap-stick comedy at that. It is always hitting you over the head with the unexpected. You reach to get the thing you want - slap! bang! It's gone! You strike at your enemy and hit a friend. You walk confidently, and fall. Whether it is tragedy or comedy depends on how you look at it. There is not a hair's breadth between them. When I was eleven years old, homeless and starving in London, I had big dreams. I was a precocious youngster, full of imagination and fancies and pride. My dream was to become a great musician, or an actor like Booth. Here I am to-day, becoming a millionaire because I wear funny shoes. Slap-stick comedy, what?

It's Not Love, It's Just Paris Patricia Engel,2013-08-06 A spellbinding story of a young American abroad and a star-

crossed relationship: “This is a novel to get lost in.” —The Miami Herald *Lita del Cielo* is the daughter of two Colombian immigrants who arrived in America with nothing and made a fortune with their Latin food empire. Now Lita has been granted one year to pursue her studies in Paris before returning to work in the family business. She moves into a crumbling Left Bank mansion known as “The House of Stars,” where the spirited but bedridden Countess Séraphine rents out rooms to young women visiting Paris to work, to study, and, unofficially, to find love. Cautious and guarded, Lita keeps a cool distance from the other girls, who seem at once boldly adult and impulsively naïve, who both intimidate and fascinate her. Then Lita meets Cato, and the contours of her world shift. Charming, enigmatic, and weak with illness, Cato is the son of a notorious right-wing politician. As Cato and Lita retreat to their own world, they soon find it difficult to keep the outside world from closing in on theirs. Ultimately Lita must decide whether to stay in France with Cato or return home to fulfill her family’s dreams for her future. From the author of *Vida*, a finalist for the PEN/Hemingway Award, *It’s Not Love, It’s Just Paris* is a love story, a portrait of a Paris caught between the old world and the new, and an exploration of one woman’s journey to lay claim to her own life. “Wise and accomplished . . . Beautifully written.” —The New York Times Book Review

Born With a Question Mark in Your Heart Osho,2013-01-21 'Born with a Question Mark in Your Heart' continues the AUTHENTIC LIVING series by Osho with talks by the contemporary mystic during his stay in the United States. Osho says: It is fortunate that man is born with a question mark, otherwise he would be just another species of animal. This volume is a radical questioning of traditional belief systems in religious, political, and social dimensions. Here Osho encourages readers to ask questions that are immediate and existentially significant — not borrowed or intellectual questions, but questions with an existential significance. *Born With a Question Mark in Your Heart* promotes personal transformation through experience and spirituality without organized religion.

*Yoga for People Who Can't Be Bothered to Do It* Geoff Dyer, 2012-05-10 From Amsterdam to Cambodia, from Rome to Indonesia, from New Orleans to Libya, and from Detroit to Ko Pha-Ngan, Geoff Dyer finds himself both floundering about in a sea of grievances and finding moments of transcendental calm. This aberrant quest for peak experiences leads, ultimately, to the Black Rock Desert in Nevada, where, to quote Tarkovsky's *Stalker*, 'your most cherished desire will come true'.

**The Storyteller** Rabih Alameddine, 2009 Osama al-Kharrat left Lebanon at 16 to escape the civil war. He returns after some years, much changed, to find his father bedridden and his family, friends and enemies gathered close, gossiping, making peace, and above all telling stories. Hakawati means storyteller, and Osama's grandfather was one of the best. From Uncle Jihad to the family doctor Tin Can, each member of Osama's circle is joined in a vigil that crosses continents, spans centuries, celebrates love, recounts war, and creates an epic picture of the region: one that is both mythic and painfully real. Listen. Let me take you on a journey beyond imagining. Let me tell you a story..."

*Adiós to My Parents* Héctor Aguilar Camín, 2019 It all begins with a faded photograph taken in Chetumal, Mexico in 1938, portraying Emma and Héctor, the parents of Héctor Aguilar Camín, as newlyweds. The author is moved to investigate his family origins, driven by a search for both a familial and personal identity. *Adiós to My Parents* is a painfully personal story about the need for a narrative that tells you where your grandparents come from, how your parents met, why they married or separated, why they were who they were and why you are who you are. In impeccable, moving prose, Héctor Aguilar Camín delves into his past as far as he can go, reflecting on how fate has led him back to his parents, whom he hasn't seen for decades, on two different floors of a hospital where they both are ailing.

**The Japanese Lover** Rani Manicka, 2010-09-02 A breathtaking and absorbing novel set in Malaysia propelled by the superb storytelling instinct of the author of *THE RICE MOTHER*. But it is a life without passion and Parvathi dreams of loving - and being loved - with complete abandon. When the Japanese invade Malaya in WW2, they requisition the estate. Marimuthu dies and Parvathi is forced to accept the protection of the Japanese general who has robbed her of her home. For the first time she experiences sexual ecstasy.
