

Diccionario De Psicoanalisis Laplanche Pdf

Pablo Baisotti

Myth and Emotions Antonella Lipscomb,2017-11-06 The emotive nature of myth lays the foundation of the research proposed for this trilingual volume. The book provides a thorough and multifaceted study that offers guidelines and models capable of interpreting mythical-emotional phenomena. It represents a major contribution to a more informed understanding of an important part of the writing and art of modernity and post-modernity, as well as cultures and thought of contemporary society.

DESPUÉS DE LA MIGRACIÓN, ¿QUÉ? Intervención psicodinámica y apoyo a la salud mental de personas migrantes Marta Pérez Adroher,2020-12-18 Esta obra estudia los malestares psicológicos y sociales que atraviesan las personas migrantes. También reflexiona sobre el modo en que el personal de intervención puede apoyarlas y acompañarlas una vez llegan a la sociedad de acogida. Esta propuesta es una alternativa a la política habitual de muchos manuales que suelen responder en tales circunstancias con técnicas estandarizadas que dictan lo que se debe hacer Frente a obedecer un protocolo, este libro cultiva un espacio para que los profesionales aprendan a pensar antes de actuar y a escuchar aspectos inconscientes que frecuentemente pasan desapercibidos.

The Routledge Handbook of Violence in Latin American Literature Pablo Baisotti,2022-02-28 This Handbook brings together essays from an impressive group of well-established and emerging scholars from all around the world, to show the many different types of violence that have plagued Latin America since the pre-Colombian era, and how each has been seen and characterized in literature and other cultural mediums ever since. This ambitious collection analyzes texts from some of the region's most tumultuous time periods, beginning with early violence that was predominately tribal and ideological in nature; to colonial and decolonial violence between colonizers and the native population; through to the political violence we have seen in the postmodern period, marked by dictatorship, guerrilla warfare, neoliberalism, as well as representations of violence caused by drug trafficking and migration. The volume provides readers with literary examples from across the centuries, showing not only how widespread the violence has been, but crucially how it has shaped the region and evolved over time.

PSI Virtual. Intervenciones Psicológicas y Virtualidad: Retos de la presencia-ausencia en tiempos de la pandemia Verónica Egas Reyes,2023-01-26 El libro realiza un interesante y profundo recorrido del significado de vivir la psicología,

donde la forma de hacer psicología traspasa el terreno de las modalidades presenciales, híbridas o virtuales. Lo llamativo de este texto es poder encontrar una ilación contundente desde lo teórico, la práctica y el relato de experiencias terapéuticas propias del psicólogo mediante su intervención. El grupo de psicólogos que exponen sus vivencias y reflexiones promueve un repensar de la psicología, donde el cambio en las formas de intervención es lo único cierto, y donde el enfoque primordial es cómo hacer más humana la vivencia de las personas para enfrentar un entorno complejo con una pandemia crítica en el país y en el mundo.

Recuperación psicoafectiva Russo De Sánchez, Ana Rita, Bustos Arcón, Viana Ángela, Mass Torres, Leonardo Rafael, 2019-05-12 Esta obra, dirigida a psicólogos, educadores, profesionales relacionados con el desarrollo infantil y lectores en general, contiene una comprensión actualizada de la infancia, el trauma y la resiliencia. Aborda el impacto de las interferencias en el desarrollo, la salud mental y la personalidad, a partir de la teoría dinámica del desarrollo infantil que permite explicar las experiencias tempranas y su relación con la psicopatología. Con el respaldo de su amplia experiencia investigativa, los autores presentan una estrategia de intervención psicológica para la recuperación psicoafectiva en niños y niñas a través de técnicas lúdico-educativas.

Family Ties and Psychosocial Processes in an Ageing Society Alejandro Klein,

Mujeres de los Montes de María. Huellas de un conflicto armado Twiggy Malena Ortegón, 2018-07-29 El libro que el lector tiene en sus manos es un ejercicio de investigación académica, liderado por Twiggy Malena Ortegón, que busca profundizar en uno de los crímenes de guerra más atroces del conflicto colombiano: la violencia sexual contra las mujeres. A su vez, es una expresión del compromiso humano de este grupo de profesores y estudiantes con su región, con el dolor y la resistencia de las mujeres de Los Montes de María, territorio emblemático del coraje y la dignidad de un pueblo que aprendió a sobreponerse al terror con el prodigio de su capacidad creativa, de su cultura, de su permanente ejercicio de asociación y solidaridad y de mantener viva la esperanza.

Narciso, o arquiteto do vazio Matthias Ammann, 2022-02-24 Narciso, tão belo e tão só! O encanto contemporâneo das pessoas pela imagem reflexa é algo espantoso. Absortas nos seus smartphones, elas miram a si mesmas e se comprazem em um jogo que visa corresponder a uma imagem ideal. Mas será isto algo novo? E quais os impactos subjetivos desse ensimesmamento? Para responder a essas perguntas, fizemos um breve apanhado mitológico e psicanalítico do tema e buscamos problematizar os seus eventuais desdobramentos sobre áreas como a sexualidade, a política, a produção de conhecimento e o trabalho. Desfrutem do percurso!

Desplazamiento: perspectivas y estrategias de intervención desde el Caribe colombiano Viana Ángela, Bustos Arcón, Diana Paola, Mayor Molineras, 2022-03-31 La historia de la violencia en Colombia es, también, la historia del desplazamiento forzado de sus ciudadanos. Se calcula que más de 9 millones de personas se han visto obligadas a abandonar

su lugar de origen, lo que constituye un panorama devastador. El desplazamiento forzado tiene consecuencias en la salud mental, un elemento a tener en cuenta al momento de diseñar estrategias de intervención. El propósito de este libro es ofrecer, de la mano de reconocidos expertos, un panorama amplio sobre cómo el desplazamiento forzado afecta la salud mental y las relaciones sociales, así como describir y analizar algunas estrategias de intervención psicosocial sobre este fenómeno.

Métodos científicos de observación en educación Beatriz Peña Acuña, 2011-10

Parálisis cerebral y constitución subjetiva Lucía Farías, 2024-05-13 El presente texto es producto de la tesis doctoral titulada “Parálisis cerebral y Constitución subjetiva. Un estudio cualitativo sobre el vínculo materno: proceso de Separación-Individuación. Dependencia-Independencia” y nos invita a pensar sobre el derrotero que enfrentan las madres y padres de jóvenes que presentan Parálisis Cerebral. Esta no es solamente una reflexión, ya que se halla fundamentada por la exhaustiva demostración teórica que, desde el psicoanálisis, nos permite profundizar en la comprensión del problema. Hace un recorrido por autores clásicos y presenta vastas actualizaciones sobre la problemática. Algunas de las preguntas que se ha propuesto responder la Dra. Lucía Farías son: ¿De qué manera se constituye el vínculo madre-hijo en esta situación? ¿Cuáles son las condiciones que posibilitan la subjetivación-individuación y la autonomía de jóvenes con PC? Gracias a su clara y extensa exposición sobre los distintos procesos psicológicos involucrados en la constitución de ese vínculo, la autora comparte, describe y analiza lo informado por madres y especialistas recogiendo la palabra de los actores involucrados. Da cuenta de forma minuciosa del proceso por el que pasan las madres, la herida inicial del diagnóstico como una oportunidad de resignificación. Asimismo, acentúa la enorme importancia que brinda la intervención temprana con equipos interdisciplinarios. En este libro se puede relevar abundante bibliografía y corroborar la articulación de los resultados obtenidos en su trabajo. Es una obra que ofrece una notable claridad expositiva de los conceptos. Este esfuerzo no queda limitado a especialistas, es para todo aquel que esté interesado en los vínculos y la crianza. Fragmento del Prólogo de la Dra. Ana Kohan Cortada

Silencio Y Psicoanálisis Alfonso Herrera, 2018-02-07 Lacan postula que no hay estilo retrico en el que lo inconsciente no abunde y que un discurso sin palabras define lo sustantivo del psicoanálisis. Haciendo un corte sagital que va de los primeros casos freudianos hasta las elaboraciones del ltimo Lacan, este libro analiza cmo en la situacin analítica las estrategias retricas dotan al silencio de una vibrante elocuencia. Se disciernen aqu las filosofas en las que la brevilocuencia lacaniana abre, elucidando la importancia del silencio en la tcnica psicoanalítica y en el corpus metapsicológico, para demostrar que una retrica de lo inconsciente slo tiene cabal despliegue en una clínica del silencio.

Investigación en psicoterapia: acercamientos y líneas de reflexión (Psicoterapia y diálogo interdisciplinario)

Diana Astrid Aguiar Aguirre, María Gabriela Castro Soto, María del Rocío Enríquez Rosas, Tania Karina Magdaleno

Hernández, Cristina Marrón Nielsen, Ricardo Ramos Gutiérrez, Tricia Rivero-Borrell Zermeño, Antonio Sánchez Antillón, Tania Zohn Muldoon, 2018-10-30 La soledad, el incesto, la depresión posparto, el abandono paterno y los intentos de suicidio, entre otros problemas psicosociales relacionados con el bienestar / malestar emocional, son objeto de análisis en este volumen, en el que a partir de estudios de caso y su examen desde distintos referentes teóricos, se muestra la importancia de la investigación en la formación y labor profesional del psicoterapeuta.

Psychoanalytic Work with Families and Couples Susana Kuras Mauer, Sara Moscona, Silvia Resnizky, 2019-10-02 Psychoanalytic Work with Families and Couples rethinks the ways in which conflicts present today in psychoanalytic consulting rooms and the nature of suffering in family, couple, and sibling bonds. Based on two major concepts, that of device (drawn from the philosophers Foucault, Deleuze, and Agamben) and that of link (developed by Berenstein and Puget), the authors have developed new approaches to clinical practice with families and couples that focus on the complexity, singularity, and immanence of patient-analyst interaction in the session. In thinking about link dynamics, moreover, they go beyond the consulting room to reflect on how these dynamics develop in other spaces, such as institutions, organizations, and the fraternal circle of colleagues. Part I, Couples and Families Today, discusses changes undergone by families and couples in the last thirty years and their effects on psychoanalytic practice. Attributing a link logic to suffering and to the situations that condition it implies making significant decisions regarding our clinical strategy, our choice of a device and of an interpretive path. Faithful to the idea that the clinical dimension calls for transformations, the second part, Facing Clinical Challenges, includes clinical materials from manifold treatment devices that attest to changes both in contemporary paradigms and in the professional lives of psychoanalysts. Psychoanalytic Work with Families and Couples will be of great interest to all practicing psychoanalysts and psychoanalytic psychotherapists.

El loco se subió a un avión Jorge Pose, 2023-02-16 Este es un libro importante para todos aquellos que trabajan en la práctica clínica de Salud Mental. Su autor atiende urgencias y emergencias en salud mental desde hace 37 años en una guardia de un hospital general. Piensa, estudia y enseña con pasión sobre esta tarea. Por ello nos dice: Este es el libro que hubiera necesitado leer antes de mi primera guardia. También es el que me gustaría compartir con los colegas psiquiatras, trabajadores sociales y psicólogos, y con todos los que se interesan en este tema, como excusa para reflexionar sobre lo que hacemos y lo que no hacemos con las urgencias y emergencias. Es un intento de poner en texto las enseñanzas que durante estos años recibí de pacientes en crisis y que tantas veces compartí con entusiastas discípulos. Luego nos aclara que va a desarrollar qué es, cómo trabaja y cómo se forma un clínico de urgencias y emergencias en salud mental y va a explicar que esa condición puede ser igualmente ejercida por trabajadores sociales, médicos y psicólogos y que no exige formación específica ni entrenamiento como psicoanalista, pero sí una teoría del sujeto y algunas ideas imprescindibles para sostener un modo y una ética de trabajo, que transmite en este libro. De esta manera este es un Antimanual en dos sentidos: 1°)

porque lo que transmite, por su esencia, no entra en la forma de protocolo o procedimiento o árbol de decisión característica de los manuales y 2°) porque subvierte al manual tradicional. Por otra parte, intenta recuperar críticamente los conocimientos de la historia de la psiquiatría y ser un manual en el sentido de estar a mano, acompañando, estimulando y facilitando el trabajo.

La autopsia psicológica Damián G. Ricardo, 2019-11-29 El autor es Licenciado en Psicología egresado en la Universidad de Buenos Aires, magíster en Metodología de Investigación de la Universidad Nacional de la Patagonia Austral y Perito Oficial en el Poder Judicial de la Provincia de Santa Cruz, además de poseer una amplia experiencia tanto en el Área Clínica como en el Área Forense. Dentro del ámbito judicial al que pertenece se ha ocupado de más de treinta casos de autopsia psicológica sobre las que se basan las conclusiones del presente libro, utilizando un marco teórico con orientación en la obra de autores como Gilles Deleuze, Michel Foucault y bibliografía específica del campo disciplinar. La obra avanza, asimismo, con una propuesta estética que acompaña el desarrollo de los conceptos y nos involucra en un entrecruzamiento entre ciencia y arte. Junto al procedimiento de autopsia psicológica se propone el avance sobre una disciplina que engloba un conjunto de prácticas para las que se sugiere el nombre de Psicotanatología Forense.

Psicoterapia de grupo y psicodrama Raúl Vaimberg Grillo, Mónica Lombardo Cueto, 2015-12-10 En este libro se estudian la psicoterapia de grupo y el psicodrama desde una perspectiva teórica y técnica así como sus aplicaciones en las tareas de prevención, atención y rehabilitación en el campo de la salud mental individual, grupal y comunitaria. Se desarrollan los múltiples aportes recibidos de otras escuelas a lo largo de los últimos cien años: la neurofisiología, el psicoanálisis, la psicoterapia de grupo la teoría teatral y las artes escénicas aplicadas, la antropología, la filosofía, los estudios realizados sobre el espacio y la arquitectura y el desarrollo de las nuevas tecnologías de información y comunicación. La teoría del cuerpo en psicodrama, la teoría de la escena en psicoterapia, la psicopatología psicodramática y el estudio de los micro y macroprocesos grupales son nuevos aportes que los autores presentan y que vienen a articular un marco de trabajo integrado y actualizado. La escena, hilo conductor de la obra, potencia las posibilidades transformadoras de la psicoterapia de grupo y del psicodrama e introduce el amplio campo de la creatividad humana. Acción, reflexión y creatividad se constituyen en las nuevas orientaciones de la psicoterapia del futuro. El presente trabajo es el segundo de una colección dirigida por el doctor Raúl Vaimberg Grillo. El primero, *Psicoterapia de grupo, psicoterapia de grupo online* fue publicado en la editorial Octaedro en 2012. Próximamente se publicarán otros sobre temas de la actualidad y el futuro de la salud mental: *El cuerpo en psicoterapia, Teoría de la escena en psicoterapia, Psicopatología, Psicodrama pedagógico y técnicas de grupo en la institución, Artes escénicas y psicodrama.*

Principios de la Práctica Psicoanalítica José Eduardo Tappan Merino, Este texto que está a punto de leer, muy probablemente esté destinado a ser un acontecimiento, tomando como punto de referencia lo planteado por Zizek, que nos

dice al respecto: "Un acontecimiento no es algo que ocurre en el mundo, sino un cambio del planteamiento a través del cual percibimos el mundo y nos relacionamos con él"

Desmotivación, insatisfacción y abandono de proyectos en los jóvenes Claudia Messing,2007

Clínica de lo traumático Mariana Vazquez,2022-11-09 Estamos frente a un texto que se propone comprender los mecanismos imperantes en los procesos de memoria a partir de lo traumático, y el lugar que los olvidos pueden ocupar en ella. Interpela las definiciones propiamente técnicas, ubicando a la memoria, no solo como una de las funciones psíquicas que selecciona, almacena y reconoce los contenidos que lleva a la conciencia, sino también nos lleva a pensar, la memoria en su íntima relación con el olvido. La dimensión de la memoria cobra una nueva significación a partir del olvido, y su vínculo directo, en esta conexión específica, con el silencio. Escribir sobre la memoria, es sin duda profundizar en el alma humana. Y si hablamos de alguien que ahondó sobre ella, el primero que surge es S. Freud, "Toda teoría psicológica digna de alguna consideración habrá de ofrecer una explicación de la memoria". ¿Qué somos sin memoria? ¿Quiénes somos, si no hay recuerdos? "La Memoria es el único Paraíso del que no podemos ser expulsados". El pasaje de lo traumático individual a lo traumático social es el capitón, la piedra angular que nos guía en la lectura. "La historia oficial" en pos de una memoria, que no es la sincronía de lo actual desde donde lo enfoca sino en la intersección que se propone en la diacronía de los tiempos históricos. Ese tiempo marcado por los acontecimientos y cuyas consecuencias son: dejar enfocado, cristalizado. De los que no podemos desligarnos, vigente y a la vez queriendo olvidar. [...] Los traumatismos sociales representan un desafío teórico, clínico, social y político, enfrentar este desafío puede llevarnos a descubrir un nuevo saber y desde allí intentar responder con herramientas más adecuadas a los problemas que la actualidad plantea, participando así, en la transformación de un "malestar social" a fin de que "la historia no se repita". Audazmente propone dar un paso más; memoria, olvido y recuerdo se tornan cruciales cuando se vinculan a eventos traumáticos, cuando se trata de catástrofes sociales y situaciones de sufrimiento colectivo. Las respuestas sociales organizadas frente a las situaciones de traumatismo social tienen un papel fundamental en los procesos de reparación simbólica y reelaboración individual y colectiva. Fragmentos del prólogo de Norberto I. J. Pisoni

Reviewing **Diccionario De Psicoanálisis Laplanche Pdf**: Unlocking the Spellbinding Force of Linguistics
