Reise Know-How Reiseführer Kroatien Werner Lips, 2023-07-10 Kroatien hat sich aus guten Gründen zu einem der beliebtesten Urlaubsländer am Mittelmeer entwickelt. Mit der grünen Halbinsel Istrien, der zerklüfteten Küste der Kvarner Bucht und Dalmatiens, einer Vielzahl vorgelagerter Inseln sowie einer grandiosen, meeresnahen Gebirgslandschaft und der historischen Hauptstadt Zagreb bietet es eine ungeahnte Vielfalt an Urlaubsmöglichkeiten. Neben Strandurlaubern und Familien kommen hier auch Aktivreisende wie Segler, Taucher, Wanderer, Radfahrer und Naturfreunde auf ihre Kosten. In seinem ausführlichen Reiseführer Kroatien lädt Autor Werner Lips dazu ein, die prachtvollen Gassen der Altstadt von Dubrovnik zu entdecken, mithilfe von Zagrebs Standseilbahn einen schönen Rundumblick auf Kroatiens Hauptstadt zu genießen oder Maultaschen, regionale Weinsorten oder gegrillte Sardellen in kleinen Küstenorten zu probieren. Er führt zu den Wasserfällen der Winnetou-Filme im Nationalpark Plitwitzer Seen und zum noblen Ambiente der Uferpromenade in Opatija, aber auch zu den rund 150 praktisch unbewohnten Kornati-Inseln im größten Nationalpark des Landes, paradiesisch für Taucher und Segler, und natürlich zu den spektakulären Buchten und Felsstränden der kroatischen Adria. Jedes Kapitel beginnt mit einer Doppelseite, auf der die Inhalte mit Highlights und Seitenverweisen vorgestellt werden. Im Vorspann finden sich Übersichtsseiten mit Beschreibungen aller Regionen, eine Jahresübersicht zu Festen und Veranstaltungen, Routenvorschläge und persönliche Top-Tipps des Autors. Viele spezielle Infos, beispielsweise zur Anreise und zu den vielfältigen Möglichkeiten an Aktivitäten, sind hilfreiche Planungshelfer. Selbstfahrer finden ebenso wie Reisende, die mit öffentlichen Verkehrsmitteln unterwegs sind, alle notwendigen Informationen. Tipps zu naturnahem und nachhaltigem Reisen sowie zum Reisen mit Kindern helfen bei der Auswahl der passenden Adressen. Eine kleine Sprachhilfe Kroatisch erleichtert die Konversation vor Ort.

Die Österreichisch-ungarische Monarchie Friedrich Umlauf, 1897

Lexical Layers of Identity Danko Šipka, 2019-05-16 Provides a systematic approach to lexical indicators of cultural identity using the material of Slavic languages.

The Romance Languages Rebecca Posner, 1996-09-05 What is a Romance language? How is one Romance language related to others? How did they all evolve? And what can they tell us about language in general? In this comprehensive survey Rebecca Posner, a distinguished Romance specialist, examines this group of languages from a wide variety of

perspectives. Her analysis combines philological expertise with insights drawn from modern theoretical linguistics, both synchronic and diachronic. She relates linguistic features to historical and sociological factors, and teases out those elements which can be attributed to divergence from a common source and those which indicate convergence towards a common aim. Her discussion is extensively illustrated with new and original data, and an up-to-date and comprehensive bibliography is included. This volume will be an invaluable and authoritative guide for students and specialists alike.

Loanwords in Japanese Mark Irwin,2011-06-16 Loanwords in Japanese is the first monograph in a Western language to offer a systematic and coherent overview of the vast number of words borrowed into Japanese since the mid-16th century. Its publication is timely given the fact that the loanword stratum's recent exponential growth has given rise to recent Japanese government publications seeking to outlaw foreign vocabulary or, at the very least, offer native translations. Beginning with a history of loanwords, chapters cover loanword phonology, loanword morphology, loanword orthography and official and public attitudes to Japanese loanwords. The volume will be of interest to a wide range of researchers, scholars and students of the Japanese language.

Terror in the Balkans Ben Shepherd,2012-04-13 Ben Shepherd ... uses Austro-Hungarian Army records to consider how the personal experiences of many Austrian officers during the Great War played a role in brutalizing their behavior in Yugoslavia. A comparison of Wehrmacht counter-insurgency divisions allows Shepherd to analyze how a range of midlevel commanders and their units conducted themselves in different parts of Yugoslavia, and why--Jacket.

Vanishing Voices Daniel Nettle, Suzanne Romaine, 2000-07-27 Few people know that nearly one hundred native languages once spoken in what is now California are near extinction, or that most of Australia's 250 aboriginal languages have vanished. In fact, at least half of the world's languages may die out in the next century. Daniel Nettle and Suzanne Romaine assert that this trend is far more than simply disturbing. Making explicit the link between language survival and environmental issues, they argue that the extinction of languages is part of the larger picture of near-total collapse of the worldwide ecosystem. Indeed, the authors contend that the struggle to preserve precious environmental resources-such as the rainforest-cannot be separated from the struggle to maintain diverse cultures, and that the causes of language death, like that of ecological destruction, lie at the intersection of ecology and politics. In addition to defending the world's endangered languages, the authors also pay homage to the last speakers of dying tongues, such as Red Thundercloud, a Native American in South Carolina; Ned Mandrell, with whom the Manx language passed away in 1974; and Arthur Bennett, an Australian who was the last person to know more than a few words of Mbabaram. In our languages lies the accumulated knowledge of humanity. Indeed, each language is a unique window on experience. *Vanishing Voices* is a call to preserve this resource, before it is too late.

A grammar of modern Indo-European Carlos Quiles, Kárlós Kūriákī, Fernando López-Menchero, 2011-05-03 A Grammar of Modern Indo-European is a complete reference guide to a living Indo-European language. It contains a comprehensive description of Proto-Indo-European grammar, and offers an analysis of the complexities of the prehistoric language and its reconstruction from its descendant languages. Written in a fresh and accessible style, and illustrated with maps, figures and tables, this book focusses on the real patterns of use of Late Indo-European. The book is well organised and is filled with full, clear explanations of areas of confusion and difficulty. It also contains an extensive English - Indo-European, Indo-European - English vocabulary, as well as detailed etymological notes, designed to provide readers with an easy access to the information they require. An essential reference source for the student of Indo-European as a learned and living language, this work will appeal to students of languages, classics, and the ancient world, as well as to general readers interested in the history of language, and in speaking the direct ancestor of the world's largest language family.
