Metu Neter, volume 7 Ra Un Nefer Amen, 2012-12-11 Ancient Egyptian system for the realization and proof of divinity through the Judgment of the will and the mind. The system has been incorrectly called the Negative confesions of sins.

Metu Neter: The great oracle of Tehuti and the Egyptian system of spiritual cultivation Ra Un Nefer Amen, 1994-01-01 It explains the Kabala as it was practiced in Ancient Egypt, Canaan, & Dravidian India thousands of years before the advent of Hebraism. For the first time the public will learn how to receive (KBL) the prophetic messages from the intelligences (emanations) represented by the spheres of the Tree of Life, through the 70 card oracle system of the book. In a clear & straightforward manner--without the use of spreads--the oracle reveals which divine intelligence is in charge of the event inquired about, & prescribes the words of power, & force carriers (gemstones, incense & herbs esoterically used) that are specific to the intelligence controlling the situation. The book also includes nine chapters on meditation & ritual, detailing step by step the means of inducing mediumistic, & waking trance (Samadhi) to enable the reader to transform the oracular insights into reality. To aid this process, the musical scores of the mantras, based on the ancient Raga scales, are given. Unprecedented insight into the Deities of Egypt is revealed by the unique correspondences made between them & the spheres & principles of the Tree of Life.

Literary Expressions of African Spirituality Carol P. Marsh-Lockett, Elizabeth J. West, 2013 With a focus on the connected spiritual legacy of the black Atlantic, *Literary Expressions of African Spirituality* leads the way to more comprehensive trans-geographical studies of African spirituality in black art. With essays focusing on African spirituality in creative works by several trans-Atlantic black authors across varying locations in the Ameri-Atlantic diaspora, this collection reveals and examines their shared spiritual cosmology. Diasporic in scope, *Literary Expressions of African Spirituality* offers new readings of black literatures through the prism of spiritual memory that survived the damaging impact of trans-Atlantic slaving. This memory is a significant thread that has often been missed in the reading and teaching of the literatures of the African diaspora. Essays in this collection explore unique black angles of seeing and ways of knowing that characterize African spiritual presence and influence in trans-Atlantic black artistic productions. Essays exploring works ranging from turn-of-the-century African American figure W.E.B. DuBois, South African novelist Zakes Mda, Haitian novelists Edwidge Danticat and Jacques Roumain, as well as African belief systems such as Voudoun and Candomble, provide a scope not yet

offered in a single published volume. This collection explores the deep and often unconscious spiritual and psychosocial connectedness of people of African descent in the African and Ameri-Atlantic world.

Metu Neter Volume 6, 2011-12-01 Your spirit is directly responsible for everything that happens in your life. Using the

spirit as our chief means for achieving our goals in the world and for well being is what God intended for man. The Ancient Egyptians discovered the two elements that enable one to have full control over the operations of the spirit, 11 Divine Laws, and the words of power that correspond to the 11 chief faculties of the spirit (Ra) the Paut Neteru. This book is a full curriculum on how to use the faculties of the spirit and the 72 of their mantras (words of power) to awaken and develop the talents you need to excel in your career. You will also learn to protect yourself against spiritual attacks, unjust actions of others, unjust legal situations, theft, treachery, and so forth. This knowledge which was perfectly codified in Ancient Egypt has been kept secret by a few initiates for the past 2000 years for fear of repression, except for a few spurious publications here and there that failed to give the full explanation on how to use these words of powers. The time has come as has been announced by the advent of the winter solstice of 2012 for this knowledge to be placed in the hands of all spiritual people, that they may bring blessings to the world.

Flight into Egypt: Black Artists and Ancient Egypt 1876-Now Akili Tommasino,2024-11-11 From the late nineteenth century onward, Black Americans looked to ancient Egypt as evidence of a preeminent ancient culture from the African

continent. Flight into Egypt traces ancient Egypt's influence on artists, from Edmonia Lewis's sculpture *The Death of Cleopatra* (1876) to the efflorescence of Afrocentric visual art during the Harlem Renaissance, the Black Arts Movement of the 1960s and 1970s, and artistic tendencies of the ensuing decades. This volume explores how Black artists, writers, and musicians—and modern and contemporary Egyptian artists—have employed ancient Egyptian imagery to craft a unifying identity. Authors bring to light the overlooked contributions of Black scholars to the study of ancient Egypt, while statements by contemporary Black and Egyptian artists illuminate ancient Egypt's continued hold on the creative imagination.

Covering yoga's varying definitions, its most important practices, such as posture, breath control, sensory withdrawal and meditation, as well as models of the esoteric and physical bodies, *Roots of Yoga* is a unique and essential source of knowledge.
