**Arte y práctica de la clarividencia** Ophiel,2002-04-04 La tradición ocultista afirma que la clarividencia, lejos de ser un don especial, es un poder natural propio de todos los seres humanos. Tanto el que duda de esta afirmación como el que la comparte, aunque aún no haya desarrollado todavía su propia clarividencia potencial, son los destinatarios de este libro. Paso a paso, Ophiel muestra el proceso de comprender primero el fenómeno, a continuación a tomar conciencia del poder latente en uno mismo y, por último, a realizar las prácticas necesarias para que la clarividencia se manifieste.

**Art & Practice of Creative Visualization** Ophiel,2001-08-01 There's more to creative visualization than meets the eye! In this groundbreaking volume, first published in 1967, Ophiel lays out the 10 Laws of Creative Visualization. Once understood, they are as simple and as real as the laws of gravity or magnetism. In other words, they work. Ophiel tells us how to do -- and undo -- the magic of visualization. Whether we want a new job, a new house, a new relationship, or a warm coat -- we can manifest that which will create happiness and comfort in our lives. And, should we discover that we've gotten it wrong -- that we neither want nor need what we've visualized, there are techniques to undo what has been done. Along with the theory, Ophiel offers plenty of practice in working with symbols, visualizing physical reality, making a treasure chart, and understanding the role of emotion in visualization. Work with the symbols in the book and learn how to create your own. This is practical metaphysics at its best. Love spells are forever, but if you want the object of your affection to go away, Ophiel tells you how to do that as well.

**The Perfect Liar** Brenda Novak,2017-03-27 Obsession leads to lies... When air force captain Luke Trussell opens his door one Sunday morning, he's shocked to find the police—and even more shocked when they charge him with rape. He knows he made a mistake in judgment the night before, but he certainly didn't force his attentions on the woman who's been stalking him for months. Problem is...Karina Harter has the bruises—and the DNA evidence—to make her claim convincing. And lies can lead to murder. Determined to isolate Luke, Karina goes to victims' rights advocate Ava Bixby of The Last Stand, hoping Ava will help put Luke behind bars. But Ava soon realizes she's defending the wrong victim. Problem is...switching her support to Luke could be dangerous—especially when she falls for him. Because Karina won't tolerate losing the man she wants to anyone. Least of all Ava...
