Anna Maria Balbi

Approaches to Greek Poetry Marco Ercoles, Lara Pagani, Filippomaria Pontani, Giuseppe Ucciardello, 2019-01-14 In the last decades the field of research on ancient Greek scholarship has been the object of a remarkable surge of interest, with the publication of handbooks, reference works, and new editions of texts. This partly unexpected revival is very promising and it continues to enhance and modify both our knowledge of ancient scholarship and the way in which we are accustomed to discuss these texts and tackle the editorial and exegetical challenges they pose. This volume deals with some pivotal aspects of this topic, being the outcome of a three-year project funded by the Italian Ministry for Education, University and Research (MIUR) on specific aspects of the critical re-appraisal of Homer, Hesiod, Pindar, and Aeschylus in Greek culture throughout antiquity and the Middle Ages. It tackles issues such as the material form of the transmission of the exegesis from papyri to codices, the examination of hitherto unexplored branches of the manuscript evidence, the discussion of some important scholia, and the role played by the indirect tradition and the assimilation of the exegetical heritage in grammatical and lexicographical works. Some strands of the ancient and medieval scholarship are here re-evaluated afresh by adopting an interdisciplinary methodology which blends modern editorial techniques developed for 'problematic' or 'non-authorial' medieval texts with current trends in the history of philology and literary criticism. In their diversity of subject matter and approach the papers collected in the volume give intended readers an excellent overview of the topics of the project.

The Oxyrhynchus Papyri Bernard Pyne Grenfell, Arthur Surridge Hunt, 2007 This volume adds to previously published early Christian texts four new papyri of the Gospel of John and also includes fragments of a lost play by Sophocles (Epigono), two prose works on Hellenistic historians and Hellenistic kings, a rhetorical exercise on speeches in Thucydides, and a lost novel with an Ionian setting. A further group of papyri of Iliad and related Homeric texts, including a paraphrase of Iliad I (its texts transmitted verbatim by at least two other papyri), scholia minora to Iliad I, and commentaries on Odyssey III and XV with scholarly credentials. Documentary texts include declarations of livestock, loans, leases, and other contracts. Finally it records publication of a group of drawings that appeared outside the series but assigns Oxyrhynchus publication numbers to them for the first time. Images of the drawings were prepared for and will be published in the volume *Oxyrhynchus A City and its Texts* (GRM 93) and *Egyptian Archaeology* 22.

Achilleid Publius Papinius Statius, Oswald Ashton Wentworth Dilke, Robert W. Cowan, 2005 Statius' *Achilleid* is perhaps

the most remarkable of all Latin epic poems. Its project - to tell the whole life of Achilles - was cut short by the poet's untimely death. Yet the completed first book and the earliest part of the second have a charm and freshness matched only in some of Ovid's most lively and engaging work. The poem tells how the sea-nymph Thetis, in a vain attempt to save her son from his destined end in the Trojan war, hid him on the island of Scyros, disguised as a girl. There he fell in love with the beautiful Deidamia, but at the same time, with the idea of glory in war. His feminine disguise was eventually penetrated by Ulysses and Diomedes, who tricked him into exposure of his truly warlike aspirations. In relating this story Statius explores the nature of gender and the limits of the epic genre, while playfully and wittily positioning himself in the epic - and wider - poetic tradition. These themes are explored in a new introduction by Robert Cowan, which surveys the latest research on the poem. Its assessment, very much in the modern critical manner, contrasts with and complements the traditional textual and philological commentary by O.A.W. Dilke. The combination of these two distinct approaches will assist undergraduates and postgraduates in reading the text, and, at the same time, it will provide a valuable resource for the more advanced scholar.

La retórica escolar griega y su influencia literaria FERNÁNDEZ DELGADO, José Antonio, PORDOMINGO, Francisca, 2017-12-01 El presente volumen contiene una amplia selección de los trabajos llevados a cabo por José Antonio Fernández Delgado y Francisca Pordomingo sobre la relación entre escuela y literatura en Grecia Antigua, los cuales han sido realizados y publicados a lo largo de once proyectos de investigación del MEC y la JCyL y ahora reunidos y editados como merecido homenaje en su jubilación por dos de sus discípulos. Al centrarse en los trabajos relativos al mencionado tema los editores de la presente obra han tenido en cuenta la gran relevancia del mismo y la escasa atención que, no obstante, le ha sido prestada en los estudios de Filología Clásica. Al mismo tiempo las aportaciones aquí reunidas pretenden facilitar la labor investigadora de quienes en el futuro deseen abordar esta temática, sirviendo de base e inspiración a ulteriores estudios sobre la influencia literaria de la práctica escolar en la Antigüedad. En su conjunto los trabajos aquí editados abordan en profundidad los aspectos fundamentales de la presencia de los progymnasmata en la teoría retórica, en los ejercicios escolares transmitidos en papiro y otros soportes, y en su huella en distintos géneros y autores de la literatura griega, no solo de la época greco-romana, en la cual se conoce mejor el funcionamiento de la enseñanza, sino también de época helenística y hasta en el propio Eurípides, aventajado discípulo de la enseñanza sofística.

Poetry, Bible and Theology from Late Antiquity to the Middle Ages Michele Cutino, 2020-07-06 This volume examines for the first time the most important methodological issues concerning Christian poetry - i.e. biblical and theological poetry in classical meters - from a diachronic perspective. Thus, it is possible to evaluate the doctrinal significance of these compositions and the role that they play in the development of Christian theological ideas and biblical exegesis.

Textual Events Felix Budelmann, Tom Phillips, 2018-03-16 Recent decades have seen a major expansion in our understanding of how early Greek lyric functioned in its social, political, and ritual contexts, and the fundamental role song played in the day-to-day lives of communities, groups, and individuals has been the object of intense study. This volume places its focus elsewhere, and attempts to illuminate poetic effects that cannot be captured in functional terms alone. Employing a range of interpretative methods, it explores the idea of lyric performances as 'textual events'. Some chapters investigate the pragmatic relationship between real performance contexts and imaginative settings, while others consider how lyric poems position themselves in relation to earlier texts and textual traditions, or discuss the distinctive encounters lyric poems create between listeners, authors, and performers. Individual lyric texts and authors, such as Sappho, Alcaeus, and Pindar, are analysed in detail, alongside treatments of the relationship between lyric and the Homeric Hymns. Building on the renewed concern with the aesthetic in the study of Greek lyric and beyond, *Textual Events* aims to re-examine the relationship between the poems' formal features and their historical contexts. Lyric poems are a type of socio-political discourse, but they are also objects of attention in themselves. They enable reflection on social and ritual practices as much as they are embedded within them. As well as expressing cultural norms, lyric challenges listeners to think about and experience the world afresh.

The Ekphraseis in the Byzantine Literature of the 12th Century. Ediz. Critica Ēlias Taxidēs, 2021

Oral Poetry Ruth Finnegan, 2018-05-16 This classic study is an introduction to oral poetry, a broad subject which Ruth Finnegan interprets as ranging from American folksongs, Eskimo lyrics, and modern popular songs to medieval oral literature, the heroic poems of Homer, and recent epic compositions in Asia or the Pacific. The book employs a broad comparative perspective and considers oral poetry from Africa, Asia, and Oceania as well as Europe and America. The results of Finnegan's vast research illuminate and suggest fresh conclusions to many current controversies: the nature of oral tradition and oral composition; the notion of a special oral style; possible connection between types of poetry and types of society; the differences between oral and written communication; and the role of poets in non-literate societies. Drawing on insights from anthropology and literary scholarship, *Oral Poetry* attempts to create a greater appreciation of the literary aspects of this fascinating form of poetry. Finnegan quotes extensively from a wide variety of sources, mainly in translation. The discussion is presented in non-technical language and will be of interest not only to sociologists and social anthropologists, but also to all those interested in comparative literature and in folk poetry from cultures around the world. The re-issue of this text, widely used in folklore, anthropology, and comparative literature courses, comes at an appropriate juncture in interdisciplinary scholarship, which is witnessing the breakdown of traditional disciplinary boundaries and an increase in the comparative study of oral poetry. For this volume Ruth Finnegan has provided a new foreword relating the text to more recent developments.
