A Sky Without Eagles Jack Donovan, 2014 *A Sky Without Eagles* is the first printed collection of *The Way of Men* author Jack Donovan's essays and speeches. Beginning with his viral hit, *Violence is Golden*, *A Sky Without Eagles* assembles Donovan's best standalone commentary from 2010 through 2014. In his straightforward but disarmingly sincere style, Donovan channels the widespread disillusionment and frustration of men in the increasingly restrictive developed world. *A Sky Without Eagles* covers race realism, criticizes feminism's degenerative influence on masculinity, and in the title speech, laments the lack of virtue and nobility in American leadership. Donovan wrote three new essays for *A Sky Without Eagles*. The first, *Train For Honor*, deals with his search for meaning in strength training. *CROM* sums up Donovan's agnostic take on what kind of religion men need today. This collection concludes with *The Brotherhood* -- Donovan's imagining of a better, manlier and more spiritually unified tribe of men. With this collection, Jack Donovan clearly demonstrates his deep and prescient understanding of a very particular type of man: at once revolutionary and traditional - an outsider amongst outsiders. But Donovan goes further than mere understanding, for in his use of physiological warfare against epistemological enslavement, he offers each of us an escape route from the promise of a deracinated and emasculated future. Mark Dyal, Ph.D., author of *Ultras Contra Modernity: Romans in Revolt* (Arktos, 2014). Jack Donovan writes what most men think. Mike Smock, *Pulse Firearms Training*. Knowing the truth means little if you lack the courage to express it in a world built on lies. Expressing it means little either if you lack the skill to capture and convince an audience. The essays in *A Sky Without Eagles* teem with ancient truths and new insights delivered with courage, humor, and compelling logic. Truth + courage + style = the latest Jack Donovan book. Greg Johnson, author of *New Right vs. Old Right* I loved reading *Violence is Golden*. It was provocative and inspiring. I enjoyed it so much that I shared it online and was stunned by how much controversy it created. (I'm sure that those that violently opposed the views of Mr. Donovan, missed the irony of their anger). Embracing violence doesn't mean you must be violent ... as a self-defense consultant, it means you must understand violence so that you can do your best to intercept it. In a real fight, when you are the target, it's not who's right that matters, it's who's left. Tony Blauer, *Blauer Tactical Systems*

The Rational Male - Religion Rollo Tomassi, 2021-01-03 Why is premarital sex forbidden by religion? Why is marriage the worst life-decision a man can make today? How is an idealistic Romantic Love destroying modern churches? Are female imperatives assimilating patriarchal religions? Why are so many religious men confused about masculinity? What's causing men to abandon religion? Why is pornography an addiction for religious men? Are Atheists 'religious' about finding love? Can Red Pill awareness and religious conviction coexist? Will there be a One-World Religion? *The Rational Male(R) - Religion* is an exploration of human intersexual dynamics and their influence on spiritual belief, religion and social values. In this 4th book of the *Rational Male* series author, Rollo Tomassi, connects the dots between human beings' evolved mating imperatives and the spiritual beliefs spawned by them that still influence society in the data age. It is a Red Pill look under the hood at

the roots of men and women's need to believe in love, God and the metaphysical to solve our mating imperatives. Are Old Order beliefs hindering our progress in today's data-driven New Age of Enlightenment? Since 2000, global access to information has exploded. Like the Gutenberg Press in Renaissance Europe, the internet, technology and global communication has given rise to a new age of enlightenment that a global society is only beginning to acknowledge. For better or worse, this new information awakening is explaining and challenging our old investments in faith, tradition, metaphorical truth and magical thinking. And in no other area are humans more emotionally invested than in solving their reproductive problem. The Rational Male(R) - Religion succinctly explains the origins of this old order thinking, what it got right, where it's gone wrong and how we can correct our course for the future. Often called the Godfather of the Red Pill, Rollo Tomassi has been a permanent fixture in the online men's consortium of the Manosphere for almost 20 years. He is the author of the internationally best selling book series: The Rational Male The Rational Male - Preventive Medicine The Rational Male - Positive Masculinity Rollo is also the essayist/blogger/owner of The Rational Male blog, a weekly panelist/host of the Rule Zero livestream and the host of his own YouTube channel, The Rational Male.

The Rational Male Rollo Tomassi, 2015 Building on the core works of The Rational Male - Preventive Medicine presents a poignant outline of the phases of maturity and the most commonly predictable experiences men can expect from women as they progress through various stages of life. Rational and pragmatic, the book explores the intergender and social dynamics of each stage of women's maturity and provides a practical understanding for men in dealing with women in those phases. Preventive Medicine also provides revealing outlines of feminine social primacy, Hypergamy, the 'Hierarchies of Love' and the importance of understanding the conventional nature of complementary masculinity in a world designed to keep men ignorant of it. The Rational Male - Preventive Medicine seeks to help men who wish they knew then what they know now. The book is the first in of series complements to The Rational Male, the twelve-year core writing of author/blogger Rollo Tomassi from therationalmale.com. Rollo Tomassi is one of the leading voices in the globally growing, male-focused online consortium known as the Manosphere.

The Rational Male - Rollo Tomassi, 2017-07-25 Building once more on the core works of The Rational Male by Rollo Tomassi, Positive Masculinity is the newest supplemental reading in the series designed to give men, not a prescription, but actionable information to build better lives for themselves based on realistic and objective intersexual dynamics between men and women. Rational and pragmatic, the book outlines four key themes: Red Pill Parenting, The Feminine Nature, Social Imperatives and Positive Masculinity. Free of the pop-psychology pablum about parenting today, Red Pill Parenting is primarily aimed at the fathers (and fathers-to-be) who wanted more in depth information about raising their sons and daughters in a Red Pill aware context. While not an instruction manual, it will give men some insight into how to develop a parenting style based on Red Pill principles as well as what they can expect their kids to encounter from a feminine-primary

social order determined to 'educate' them. The Feminine Nature is a collection of essays, revised and curated, that specifically address the most predictable aspects of the female psyche. It outlines and explores both the evolutionary and socialized reasons for women's most common behaviors and their motives, and how men can build this awareness into a more efficient way of interacting with them. Social Imperatives details how the female psyche extrapolates into western (and westernizing) cultural narratives, social dictates and legal and political legislation. This is the Feminine Imperative writ large and this section explores how feminism, women's sexual strategy and primary life goals have molded our society into what we take for granted today. Also detailed is the 'women's empowerment' narrative, and the rise of a blank-slate egalitarian equalism masking as a form of female supremacism that has fundamentally altered western cultures. The last section, Positive Masculinity, is comprised of essays, reformed and expanded upon, that will give men a better idea of how to define masculinity for themselves from a conventional and rational perspective. In an era when popular culture seeks to dismiss, ridicule, shame and obscure masculinity, this section and this book is intended to raise men's awareness of how fluid redefinitions of masculinity have been deliberately used to disempower and feminize men by a feminine-primary social order. This book is the third in of series complements to The Rational Male, the fifteen-year core writing of author/blogger Rollo Tomassi from therationalmale.com. Rollo Tomassi is one of the most prominent voices in the globally growing, male-focused online consortium known as the Manosphere as well as one of the 'Godfathers' of intersexual Red Pill awareness.

The Way of the Superior Man David Deida,2008-09 Deida explores the most important issues in men's lives--from career and family to women and intimacy to love and spirituality--to offer a practical guidebook for living a masculine life of integrity, authenticity, and freedom.

Is There Anything Good About Men? Roy F. Baumeister,2010-08-12 Have men really been engaged in a centuries-old conspiracy to exploit and oppress women? Have the essential differences between men and women really been erased? Have men now become unnecessary? Are they good for anything at all? In *Is There Anything Good About Men?*, Roy Baumeister offers provocative answers to these and many other questions about the current state of manhood in America. Baumeister argues that relations between men and women are now and have always been more cooperative than antagonistic, that men and women are different in basic ways, and that successful cultures capitalize on these differences to outperform rival cultures. Amongst our ancestors---as with many other species--only the alpha males were able to reproduce, leading them to take more risks and to exhibit more aggressive and protective behaviors than women, whose evolutionary strategies required a different set of behaviors. Whereas women favor and excel at one-to-one intimate relationships, men compete with one another and build larger organizations and social networks from which culture grows. But cultures in turn exploit men by insisting that their role is to achieve and produce, to provide for others, and if necessary to sacrifice themselves. Baumeister shows that while men have greatly benefited from the culture they have created, they have also suffered because of it. Men

may dominate the upper echelons of business and politics, but far more men than women die in work-related accidents, are incarcerated, or are killed in battle--facts nearly always left out of current gender debates. Engagingly written, brilliantly argued, and based on evidence from a wide range of disciplines, *Is There Anything Good About Men?* offers a new and far more balanced view of gender relations.

Masculinity in Crisis R. Horrocks, 1994-08-30 This book argues that masculine identity is in deep crisis in Western culture - the old forms are disintegrating, while men struggle to establish new relations with women and with each other. This book offers a fresh look at gender, particularly masculinity, by using material from the author's work as a therapist. The book also considers the contributions made by feminism, sociology and anthropology to the study of gender, and suggests that it must be studied from an interdisciplinary standpoint. Masculinity is seen to have economic, political and psychological roots, but the concrete development of gender must be traced in the relations of the male infant with his parents. Here the young boy has to separate from his mother, and his own proto-feminine identity, and identify with his father - but in Western culture fathering is often deficient. Male identity is shown to be fractured, fragile and truncated. Men are trained to be rational and violent, and to shut out whole areas of existence and feeling. Many stereotypes imprison men - particularly machismo, which is shown to be deeply masochistic and self-destructive.

The High Value Man Min Liu, 2016-12-31 From the author of *THE KING'S MINDSET* and *PEOPLE GAMES...* Have you ever felt invisible, powerless, and/or unattractive as a man? Specifically, do you feel that women don't respond to you, like you're always the one chasing them and not the other way around? Or, do you feel that men lack respect for you, don't treat you seriously, and maybe even look down on you? The main reason why these things are happening is because your value is currently too low and that unfortunate fact has become all too obvious to those who interact with you. It doesn't have to be that way. Introducing *THE HIGH VALUE MAN: PRINCIPLES OF POSITIVE MASCULINITY...* You may think that you need to have good looks, a fancy car, a Rolex watch, and an envied bank account to be taken seriously by men and women. This couldn't be further from the truth. You might have even read somewhere that you should aspire to become an alpha male in order to gain the respect of men and women. While well-meaning, this social construct is thrown around somewhat recklessly in order to explain why some men are successful and some are unsuccessful in life, whatever those words mean. However, in *The High Value Man*, you will learn how to authentically and positively assert and manifest your natural masculinity and transcend the alpha/beta dichotomy. What's inside *The High Value Man*? The reasons why you do not need to subscribe to the alpha/beta construct. A six-step plan to help you transcend the alpha/beta dichotomy and become a high value man. The twelve behaviors that you must eliminate in order to become a high value man. Two guiding principles to help you always figure out how a high value man should behave. Five tools and exercises to help you implement and reinforce high value behaviors. What will you also learn in *The High Value Man*? The difference between assertiveness and aggressiveness. How

to handle real-life situations like a high value man. What will you gain by reading *The High Value Man*? Women start to notice, chase, and obsess over you more. The Descent of Man Grayson Perry, 2017-05-30 What does it mean to be male in the 21st Century? Award-winning artist Grayson Perry explores what masculinity is: from sex to power, from fashion to career prospects, and what it could become—with illustrations throughout. In this witty and necessary new book, artist Grayson Perry trains his keen eye on the world of men to ask, what sort of man would make the world a better place? What would happen if we rethought the macho, outdated version of manhood, and embraced a different ideal? In the current atmosphere of bullying, intolerance and misogyny, demonstrated in the recent Trump versus Clinton presidential campaign, *The Descent of Man* is a timely and essential addition to current conversations around gender. Apart from gaining vast new wardrobe options, the real benefit might be that a newly fitted masculinity will allow men to have better relationships—and that's happiness, right? Grayson Perry admits he's not immune from the stereotypes himself—yet his thoughts on everything from power to physical appearance, from emotions to a brand new Manifesto for Men, are shot through with honesty, tenderness, and the belief that, for everyone to benefit, updating masculinity has to be something men decide to do themselves. They have nothing to lose but their hang-ups.

The Unplugged Alpha (2nd Edition) Richard Cooper, 2023-10-13 Most men today are sent off into society with a broken belief system, which they use to make choices that get them terrible results with life and women. Men have been conditioned to be the quintessential nice guy. They're trained to be overly humble, kind to a fault, and that just being themselves is enough to attract the women of their dreams. Men are told to believe that conventional masculinity is toxic, and to put women ahead of their own interests, passions, and purpose. This has led to an entire generation of men forming very unhealthy attachments to women that they, unfortunately, often make the sole focus of their lives. The No.1 best-selling self improvement book to levelling-up in life and with women has been updated. Do you really want to succeed in every area of your life? If so, then this book explains: What the seven spokes of a high-value man are (and the importance of maximizing each of them). How to become one of the 20% of men women swipe right for in online dating. Why it's absolutely essential to get genuine burning desire from a woman who wants to date you (and willingly remain inside your frame). The top 21 red flags you need to spot in women for a long-term relationship. Answers 'why is dating hard for men these days.' Why smart men avoid marriage. And so much more. The 2nd Edition of *The Unplugged Alpha* expands upon the concepts and experiences delivered in the original release, which has gone on to help over 200,000+ readers to focus on chasing excellence in their lives. In turn, giving them not only the cold, hard truth, but also the skills needed for choosing women that

truly compliment them and their life vision.

The Appearance of Power Tanner Guzy, 2017-11-15 Power has an appearance and appearance has power. Ideally those two would line up together and the world would be full of good, masculine men who dress and look like good masculine men. But all too often, reality is something different. There are good men and strong leaders out there who dress and look like children or bums. There are awful, lazy men in the world who dress in a way that hides their vices from those around them and makes them appear better than they truly are. In an attempt to correct for these disparities, our current culture tries to rob both appearance of its power and power of its appearance - to say that the way a person dresses or looks doesn't - or at least shouldn't matter. We're given platitudes like, don't judge a book by its cover and there's a often a cultural rush to prove ourselves as non-judgmental as we can. But a man's appearance has been an integral part of humanity since before the dawn of civilization. As human beings we use mental shortcuts when assessing our surroundings and the people within them. It is inefficient and dangerous to treat every object, scenario, and person as a blank slate or an unknown. And, because it is our tendency to judge according to visual stimuli, we use physicality, body language, grooming, and clothing to quickly and effectively communicate who we are and how we want other people to perceive us. Some men dress to appear more physically threatening, others to convey status and power within social spheres, some attempt to fit in and not draw attention to themselves, and others will use their clothing to show their disdain for the social norms around them. Regardless of what your intentions are, your clothing says something about you. And no, this doesn't just apply to you, but to every man who has ever interacted with another human being. From the ancient shaman, to the Wall Street banker, the Pope to the gutter punk, all men use clothing and appearance to tell the world who we are. Which means it's worthwhile for you to understand how to use this tool effectively. The purpose of this book is to outline the underlying principles of how clothing affects men and masculinity. Understanding and applying those principles will take you far beyond looking like you've been dressed by an image consultant, in one of his five variations of acceptable clothing, and into the realm of being well-dressed all the time.

The 5 Masculine Instincts Chase Replogle, 2022-03-01 Don't trust your instincts—there is a better path to becoming a better man. It's no secret: today's men face a dilemma. Our culture tells them that their instincts are either toxic or salvific. Men are left with only two options: deconstruct and forfeit masculine identity or embrace it with wild abandon. They're left to decide between ignoring their instincts or indulging them. Neither approach helps them actually understand their own masculine experiences nor how those experiences can lead them to become better men of God. The Bible doesn't shy away from the reality of masculine instincts nor all of the ways those instincts can lead to destruction. Examining the lives of five men of the Bible, *The 5 Masculine Instincts* shows that these men aren't masculine role models or heroes but are men who wrestled with their own desires and, by faith, matured them into something better. Through this book you'll discover your own instincts are neither curse nor virtue. They are the experiences by which you develop a new and better instinct—an

instinct of faith. By exploring sarcasm, adventure, ambition, reputation, and apathy, *The 5 Masculine Instincts* shows you how to better understand yourself and how your own instincts can be matured into something better. This is the path by which we become better men.

The Masculine in Relationship G. S. Youngblood, 2019-10-13 Can Masculine power successfully co-exist with the strong Feminine? Yes. In this book is a model of Masculine groundedness that you can manifest in your relationship with a strong and capable woman. Such a woman doesn't settle for mediocre. She needs you to consistently follow through on your word, have purpose in life, remain grounded in the face of her intense emotion, make her feel safe, and provide leadership in the relationship. When that doesn't happen, she may start to drift. Things between you will start to feel flat, contentious, or even toxic. To you, she will seem to nag and criticize more, and have less interest in sex. When she gets really angry, you'll label it as crazy and blame her. But, in truth, she's just expressing the pain of you not stepping up. It is a relationship arc that is all too common. Fighting or defending yourself doesn't resolve anything. Withdrawing into work or your phone just makes it worse. And contorting yourself to avoid conflict just kills her respect for you. The answer is to develop and live from your Masculine core. This book shows you how in an actionable three-part framework: Respond vs. React, Provide Structure, and Create Safety. This is not the old model based on control, but a modern model based on clarity and leadership. This is not a manual for Alpha Dogs, nor a fuzzy spiritual guide. Rather, it is a clear set of principles that help you develop your Masculine leadership. And it doesn't take anything away from Feminine power. It is a blueprint for inspiring your woman's trust, lust, and devotion.

Alpha Masculinity Eric Louis Russell, 2021-04-15 This book examines the linguistic and discursive mechanisms that realize the mythological American Alpha Male. Providing an in-depth dissection of corpora from an online socio-commercial community, a pop-psychology guru, and fictional gay erotica, it unravels the ways language, gender, and hegemony play out in this ideological figure of neopositivist, essentialist masculinity. Through a detailed, multi-level analysis, Russell shows how the Alpha figure combines elements of dominance, normativity, and androcentrism and how these forces intersect with neoliberal and pseudoscientific discourses to establish a uniquely hybridized male hegemony, one that is familiar to most, but whose internal mechanisms remain largely unquestioned and unexamined. This book will be of interest to academic scholars in sociolinguistics, discourse analysis, cultural studies, and gender and sexualities studies.

The Way of Men Jack Donovan, 2022-03 10th Anniversary Hardcover Edition with new Afterword and additional notes by the author. This edition features classic essays related to the text, including *Violence is Golden* and *No Man's Land*.
