The Black Jews of Africa Edith Bruder, Research Associate School of Oriental and African Studies Edith Bruder, 2008-06-05 This book presents, one by one, the different groups of Black Jews in Western central, eastern, and southern Africa and the ways in which they have used and imagined their oral history and traditional customs to construct a distinct Jewish identity. It explores the ways in which Africans have interacted with the ancient mythological sub-strata of both western and African ideas of Judaism.--Résumé de l'éditeur.

The Lost Tribes of Israel Tudor Parfitt, 2002 Tudor Parfitt examines a myth which is based on one of the world's oldest mysteries - what happened to the lost tribes of Israel? Christians and Jews alike have attached great importance to the legendary fate of these tribes which has had a remarkable impact on their ideologies throughout history. Each tribe of Israel claimed descent from one of the twelve sons of Jacob and the land of Israel was eventually divided up between them. Following a schism which formed after the death of Solomon, ten of the tribes set up an independent northern kingdom, whilst those of Judah and Levi set up a separate southern kingdom. In 721BC the ten northern tribes were ethnically cleansed by the Assyrians and the Bible states they were placed: in Halah and in Habor by the river of Gozan and in the city of Medes. The Bible also foretold that one day they would be reunited with the southern tribes in the final redemption of the people of Israel. Their subsequent history became a tapestry of legend and hearsay. The belief persisted that they had been lost in some remote part of the world and there were countless suggestions and claims as to where.

The Pashtun Tribes in Afghanistan Ben Acheson, 2023-06-30 â The Pashtun Tribes of Afghanistan is a tour de force â combining erudite analysis, historical research, atmospheric story-telling, page-turning prose and above all, profound passion.â - Sir Nicholas Kay, NATO Senior Civilian Representative in Afghanistan (2019-2020) & British Ambassador to Afghanistan (2017-2019) The abrupt withdrawal of US and NATO forces in 2021 ushered in a new era for Afghanistan. The subsequent Taliban takeover facilitated a reversion to some of the worst hallmarks of Afghanistanâs past, including bans on womenâs education and other rights-related roll-backs. Navigating this new reality necessitates that more constructive relationships are built between Westerners and Afghans, particularly with the majority ethnicity â the Pashtun tribes. The Pashtun Tribes in Afghanistan: Wolves Among Men is the toolkit for doing so. It provides the knowledge needed to navigate a complex tribal environment. Framed by first-hand experience and balancing in-depth analysis with engaging anecdotes, it

sheds light on the Pashtun way of life still enshrined in the ancient "Pashtunwali" honor code. It explains the tribal structure, tribal territories, historic battles, prominent figures and even Pashtun proverbs and poets. It also highlights how recent wars are destroying the tribal arena. Focusing on people rather than politics, this book unveils the layers, paradoxes and subtleties of the world's largest tribal society. On turning the final page, readers will understand the Pashtun brand of tribalism and how it influences Afghanistan today. They will be aware that tribal life has been permanently challenged but that the Pashtun identity remains intact "in psychology if not always in practice. They will recognize why Pashtuns are not a single entity and should not be treated as "one". The need to understand the tribes as they understand themselves will also be clear, particularly their concept of honor. This book illuminates why, from Alexander the Great to Winston Churchill, and even with the Taliban today, Pashtuns are still stereotyped as primitive, violence-prone barbarians. But were men like Rudyard Kipling right to characterize tribesmen as being "as unaccountable as the grey Wolf, who is his blood brother"? This book has the answer.

My Life with the Taliban Abdul Salam Zaeef, 2010-01-01 This is the autobiography of Abdul Salam Zaeef, a senior former member of the Taliban. His memoirs, translated from Pashto, are more than just a personal account of his extraordinary life. My Life with the Taliban offers a counter-narrative to the standard accounts of Afghanistan since 1979. Zaeef describes growing up in rural poverty in Kandahar province. Both of his parents died at an early age, and the Russian invasion of 1979 forced him to flee to Pakistan. He started fighting the jihad in 1983, during which time he was associated with many major figures in the anti-Soviet resistance, including the current Taliban head Mullah Mohammad Omar. After the war Zaeef returned to a quiet life in a small village in Kandahar, but chaos soon overwhelmed Afghanistan as factional fighting erupted after the Russians pulled out. Disgusted by the lawlessness that ensued, Zaeef was one among the former mujahidin who were closely involved in the discussions that led to the emergence of the Taliban, in 1994. Zaeef then details his Taliban career as civil servant and minister who negotiated with foreign oil companies as well as with Afghanistan's own resistance leader, Ahmed Shah Massoud. Zaeef was ambassador to Pakistan at the time of the 9/11 attacks, and his account discusses the strange phoney war period before the US-led intervention toppled the Taliban. In early 2002 Zaeef was handed over to American forces in Pakistan, notwithstanding his diplomatic status, and spent four and a half years in prison (including several years in Guantanamo) before being released without having been tried or charged with any offence. My Life with the Taliban offers a personal and privileged insight into the rural Pashtun village communities that are the Taliban's bedrock. It helps to explain what drives men like Zaeef to take up arms against the foreigners who are foolish enough to invade his homeland.

History of the Afghans Joseph Pierre Ferrier, 1858 Joseph Philippe Ferrier (1811-86) was a French soldier who served as a

military instructor in the army of Persia (present-day Iran) in 1839-42 and again in 1846-50. He was sent on a diplomatic mission to Europe by the Qajar ruler Muhammad Shah (1808-48, reigned 1834-48), but later fell out of favor with the shah and was forced to leave Persia. He returned to the Persian service in 1846, after undertaking a dangerous overland journey through Afghanistan and Persia in 1844-46. While working for the Persian army, Ferrier reported to the French government and sought to promote French interests in the rivalry with Great Britain and Russia for influence in the country. Ferrier produced two major books based on historical research and his personal observations. *Caravan Journeys and Wanderings in Persia, Afghanistan, Turkistan and Beloochistan* was published in London in 1857; the French edition, *Voyages et aventures en Perse, dans l'Afghanistan, le Beloutchistan et le Turkestan* appeared only in 1870. The book presented here, *History of the Afghans*, was published in London in 1858 and is an English translation of the manuscripts of Ferrier made by a British officer, Captain William Jesse. A French edition of the book was never published. The work is a history of the Afghans from ancient times to 1850. Ferrier chronicles the rise of British power in South Asia, which from a French perspective he regrets. In the final passage of the book, he notes that possession of Peshawar in the north and Shikarpur in the south had given the British control of the Indus River, and concludes: These are the têtes-de-pont [bridgeheads] which command the passage of that river, and give the Anglo-Indian government the power of exercising the greatest influence over the policy of the chiefs of Kandahar and Kabul--may Europe never have cause to repent that she has permitted those conquests which will render Great Britain and Russia all-powerful over this planet. The book contains a detailed fold-out map.

The Cambridge Dictionary of Modern World History Chris Cook, John Stevenson, 2017-11-09 In a world where we take for granted the ability to communicate instantly across vast distances and time, world history has come of age. We increasingly reflect on history from a position which no longer privileges Europe or the West, and from a global perspective which ranges from the Pacific Rim to the Balkans, and from Latin America to the Middle East. Compiled by an international team of contributors, area editors and general editors, *The Cambridge Dictionary of Modern World History* provides a much needed guide to the main global events, personalities and themes from the eighteenth century to the present. Major themes of war, politics, society and religion are covered, alongside more recent subjects within the discipline; from globalization and the environment to transnational social movements and human rights. This is an essential new work of reference not only for scholars and students but also for the wider general public.

The Different aspects of Islamic culture Ali, Abdulrahim, Thiam, Iba Der, Talib, Yusof A., 2016-10-17 *Islam in the World Today* sheds light on the dynamics and practices of Muslim communities in contemporary societies across the world, by providing a rigorous analysis of their economic, political, socio-cultural and educational characteristics.--Provided by publisher.

Nigeria's 100 million-plus population.

The Races of Afghanistan Henry Walter Bellew, 1880 The Races of Afghanistan was written towards the end of, and shortly after, the Second Anglo-Afghan War (1878-80) and published in London in 1880. The author, Henry Walter Bellew, was a surgeon and medical officer in the Indian Army who over the years had undertaken a number of political missions in Afghanistan and written several books on Indian and Afghan subjects. In explaining the purpose of his book, Bellew writes that the peoples of Afghanistan in his view soon would become subjects of the British Empire and that, to know the history, interests, and aspirations of a people, is half the battle gained in converting them to loyal, contented, and peaceable subjects.... The book begins with an introduction, an overview chapter on the Afghans, and separate chapters on the history of the Afghans, British relations with Afghanistan, and Sher Ali (the emir of Afghanistan who reigned 1863-66 and 1868-79). These introductory chapters are followed by individual chapters on the following ethnic groups or tribes: Pathan (today usually seen as Pashtun or Paktun, Puktun, or Pushtun), Yusufzai, Afridi, Khattak, Dadicae, Ghilji (also seen today as Ghilzi and Khilji), Tajik, and Hazarah (Hazara in modern times). Bellew speculates on the pre-Islamic origins of the different Afghan peoples, discussing the tradition that the Afghans were descendants of the Ten Lost Tribes of Israel, and referring to the writings of Herodotus, in which the Dadicae are mentioned as one of four Indian nations forming a satrapy on the extreme eastern frontier of the Persian Empire under the emperor, Darius I. Bellew's book was used as a source by later writers, for example Percy Molesworth Sykes (1867-1945) in his A History of Persia (1921). Bellew was the author of other books on Afghanistan and neighboring countries, of grammars and dictionaries of several Afghan languages, and of studies of individual ethnic groups.

Dynamics of Political Development in Afghanistan H. Emadi, 2010-10-18 This book examines how dependent development and struggles for power within and outside the state apparatus led to formation of alliances with imperial powers and how the latter used these alliances to manipulate political development in Afghanistan to their own advantage.

The Real Reality of Afghanistan And... Khalilullah Sharifi, 2013-06-27 Subjects are about the Taliban, history of Islam Wahhabi, real identity of Pashtun, Tajik, and Hazarah, prophethood, British enmity, faith and belief, life and death, God and religion, and Afghan dissonance. I do apologize for the inconvenience, if someone is offended unknowingly.

The Pashtuns Tilak Devasher, 2022-09-15 The Pashtuns are perhaps the largest ethnic group in the world without a

country of their own. They inhabit a continuous stretch of land from the Hindu Kush to the Indus, across Pakistan and Afghanistan. Pakistan used the Pashtun-dominated areas in Federally Administered Tribal Areas (FATA) as a launching pad against the Soviet occupation of Afghanistan in the 1980s and later during the US-led War on Terror. In the process FATA was kept in a constitutional and informational black hole. The discontent finally burst in 2018 when the extra-judicial killing of a Pashtun youth led to widespread protests. This book by veteran analyst Tilak Devasher fulfils a gap in the geopolitical understanding of South Asia, given the US withdrawal from Afghanistan and the shifting power equations in the region.

An Inquiry Into the Ethnography of Afghanistan Henry Walter Bellew,1891

Afghanistan Jonathan L. Lee,2022-03-08 A colossal history of Afghanistan from its earliest organization into a coherent state up to its turbulent present. Located at the intersection of Asia and the Middle East, Afghanistan has been strategically important for thousands of years. Its ancient routes and strategic position between India, Inner Asia, China, Persia, and beyond has meant the region has been subject to frequent invasions, both peaceful and military. As a result, modern Afghanistan is a culturally and ethnically diverse country, but one divided by conflict, political instability, and by mass displacements of its people. In this magisterial illustrated history, Jonathan L. Lee tells the story of how a small tribal confederacy in a politically and culturally significant but volatile region became a modern nation-state. Drawing on more than forty years of study, Lee places the current conflict in Afghanistan in its historical context and challenges many of the West's preconceived ideas about the country. Focusing particularly on the powerful Durrani monarchy, which united the country in 1747 and ruled for nearly two and a half centuries, Lee chronicles the origins of the dynasty as clients of Safavid Persia and Mughal India: the reign of each ruler and their efforts to balance tribal, ethnic, regional, and religious factions; the struggle for social and constitutional reform; and the rise of Islamic and Communist factions. Along the way, he offers new cultural and political insights from Persian histories, the memoirs of Afghan government officials, British government and India Office archives, and recently released CIA reports and Wikileaks documents. He also sheds new light on the country's foreign relations, its internal power struggles, and the impact of foreign military interventions such as the "War on Terror."

Art Through the Ages in Afghanistan Hamid Naweed,2013-02 Art through the Ages in Afghanistan, written in two volumes is a major work. It is the product of many years of research, including frequent visits to Kabul Museum and important archeological sites in Afghanistan, as well as visits to major museums in Europe and America housing important artifacts from Afghanistan. In completing his work Hamid Naweed has also made use of numerous interviews with Afghan and international scholars, local artist and local people living in the vicinity of historical sites. The second volume covering the art of Afghanistan from the advent of Islam through present time is expected to be published shortly after the publication of the first volume.
