Sailing Made Easy American Sailing,2010-01-01 Sailing Made Easy is the first step in a voyage that will last you the rest of your life. It is a gift from a group of dedicated sailing professionals who have committed their lives to sharing their art, their skill, and their passion for this wonderful activity. This book, which Sailing Magazine called best in class upon its release in 2010, is the most comprehensive education and boating safety learn-to-sail guide to date. It is also the official textbook for the ASA Basic Keelboat Standard (ASA 101). Incorporated in the textbook are useful illustrations and exceptional photographs of complex sailing concepts. The text's most distinguishing feature is its user friendly spreads in which instructional topics are self-contained on opposing pages throughout the book. There are also chapter end quizzes and a glossary to help those new to sailing to navigate their way through the extensive nautical terminology.

Sailing Fundamentals Gary Jobson,2008-09-08 The official learn-to-sail manual of the American Sailing Association and the United States Coast Guard Auxiliary, with over 150 line drawings and photographs. Written by America's foremost instructional authority, the new edition of Sailing Fundamentals combines the training programs of the American Sailing Association and the United States Coast Guard Auxiliary. The official learn-to-sail manual of the American Sailing Association, it is also used in the programs of many yacht clubs, colleges, and sailing groups. Unlike most introductory sailing books, which reflect the biases and idiosyncrasies of their authors, Sailing Fundamentals has been extensively pretested by ASA professional instructors to ensure that it offers the fastest, easiest, most systematic way to learn basic sailing and basic coastal cruising. This book covers every aspect of beginning sailing—from hoisting sail to docking and anchoring—and specifically prepares the learner to qualify for sailing certification according to international standards. Widely acclaimed author Gary Jobson has won several major races, including the 1977 America's Cup victory as tactician aboard Courageous. He was head sailing coach at the US Naval Academy, and has conducted sailing clinics across the country.

Let's Go Sailing American Sailing,Peter Isler,2019-08-01 Want to learn to sail in a small boat? This book will be the foundation of your sailing life forever. Featuring extraordinary images, and written by best-selling author Peter Isler, this book brings the sport of sailing alive. Peter believes that learning to sail a small boat is fundamentally the same regardless of what type of boat you are sailing and takes you through the ABCs of learning to sail using both catamarans and monohulls. Discover why the wind and its direction are the center of every sailor's universe. Find out how to prepare yourself and your

boat for some fun on the water. Learn how to drive, trim sails and crew in any small boat - on any point of sail.

Basic Keelboat Monk Henry,1995-02 Once you have spent time under sail, you will notice that people on sailboats tend to wave at each other. For many, sailing is a passion to be enjoyed for a lifetime. But sailing is challenging. And, in fact, at times can be dangerous. Therefore, safety at sea is a paramount importance. To maximise your enjoyment on the water, you must have confidence in yourself, your boat, equipment and crew. *Basic Keelboat*, help you learn to sail with all the skills required for safety at sea. For newcomers, careful study and practice is essential. When you're prepared, life under the sail is more enjoyable.

Cruising Fundamentals Harry Munns,American Sailing Association,1991 Written to complement the ASA's teaching methods, *Cruising Fundamentals* addresses small-boat daysailors who wish to move on to overnight cruising in a larger boat-one more than 27 feet long. The book leads the reader through five progressively more advanced levels of boat handling, each divided into sections covering knowledge and techniques that can be learned ashore and those best learned underway. A chapter called *Sailing the Cruising Yacht*, for example, presents important information on readying the boat for sail, VHF radio protocol, and right-of-way rules before examining such topics as heaving-to and steering a compass course. This effective and logical progression makes the book a great learning tool not just for those graduating from smaller to larger sailboats or from daysailing to cruising, but for inactive sailors needing a refresher and for anyone planning bareboat charter. The volume includes material on all aspects of piloting, maneuvering under power, managing the galley, diesel maintenance, passagemaking, and anchoring.

Coastal Cruising Made Easy American Sailing,2010-01-01 *Coastal Cruising Made Easy* is not only the official textbook for the ASA Basic Coastal Cruising Standard (ASA 103), but also the definitive go-to resource for all sailors who enjoy cruising and destination oriented sailing. The text is published in full color and contains striking sailing photography from well-known photographer Billy Black, and world-class illustrations from award-winning illustrator Peter Bull. One of the text's most distinguishing features is its user friendly "spreads" in which instructional topics are self-contained on opposing pages throughout the book. This easy to read learning tool follows the critically acclaimed *Sailing Made Easy*, which *Sailing Magazine* called "best in class" upon its release in 2010. *Sailing Made Easy* is the #1 resource in basic sailing education, and *Coastal Cruising Made Easy* is poised to become the industry standard in intermediate sailing education.

The Lives and Deaths of Shelter Animals Katja M Guenther,2020-08-18 “By investigating the . . . connection between the . . . shelter and the community . . . vastly expands . . . notions of intersectionality, democracy, and inclusivity.” —Leslie Irvine, *American Journal of Sociology* Monster is an adult pit bull, muscular and grey, who is impounded in a large animal shelter in Los Angeles. Like many other dogs at the shelter, Monster is associated with marginalized humans and assumed to embody certain behaviors because of his breed. And like approximately one million shelter animals each year, Monster will be killed. *The Lives and Deaths of Shelter Animals* takes us inside one of the country's highest-intake animal shelters. Katja M. Guenther witnesses the dramatic variance in the narratives assigned different animals, including Monster, which dictate their chances for survival. She argues that these inequalities are powerfully linked to human ideas about race, class, gender, ability, and species. Guenther deftly explores internal hierarchies, breed discrimination, and importantly, instances of resistance and agency. “Powerful and timely. . . . Katja M. Guenther unlocks the shelter door and eloquently explains this complicated and contested multispecies space, as she reflects on issues such as witnessing, vulnerability, advocacy, grievability, compassion, and animal resistance.” —Carol J. Adams, author of *The Sexual Politics of Meat* “In this compassionate, incisive ethnography . . . Katja M. Guenther illuminates the entangled injustices that shape human relationships with other animals.” —Lori Gruen, author of *Entangled Empathy* “With the perfect balance of intimacy and analytical depth, the author reminds us of how messy things can get when caring and killing become one, or when the value of the animal companion's life is measured by the race, gender, and zip code of the owner.” —Bénédicte Boisseron, author of *Afro-Dog*

Unusual Vessels Jeff Markell,2004-02 *Unusual Vessels* is perfect for anyone interested in the sea and the craft that sail on it. The strange vessels discussed here are just a few of the more curious craft that the author, Jeff Markell, has come across - some he has sailed on, some he has only seen, and some only learned about from others. Ranging in size, color, purpose, and historical significance, the ships described in this book will fascinate sailors and spectators like.
