Ralph Freeman

Author and Narrator Dorothee Birke, Tilmann Köppe, 2015-03-10 The distinction between author and narrator is one of the cornerstones of narrative theory. In the past two decades, however, scope, implications and consequences of this distinction have become the subjects of debate. This volume offers contributions to these debates from different vantage points: literary studies, linguistics, philosophy, and media studies. It thus manifests the status of narrative theory as a transdisciplinary project.

Lyric Poetry Mutlu Blasing, 2009-01-10 Lyric poetry has long been regarded as the intensely private, emotional expression of individuals, powerful precisely because it draws readers into personal worlds. But who, exactly, is the I in a lyric poem, and how is it created? In *Lyric Poetry*, Mutlu Blasing argues that the individual in a lyric is only a virtual entity and that lyric poetry takes its power from the public, emotional power of language itself. In the first major new theory of the lyric to be put forward in decades, Blasing proposes that lyric poetry is a public discourse deeply rooted in the mother tongue. She looks to poetic, linguistic, and psychoanalytic theory to help unravel the intricate historical processes that generate speaking subjects, and concludes that lyric forms convey both personal and communal emotional histories in language. Focusing on the work of such diverse twentieth-century American poets as T. S. Eliot, Ezra Pound, Wallace Stevens, and Anne Sexton, Blasing demonstrates the ways that the lyric I speaks, from first to last, as a creation of poetic language.

Theory of the Lyric Jonathan Culler, 2015-06-08 What sort of thing is a lyric poem? An intense expression of subjective experience? The fictive speech of a specifiable persona? *Theory of the Lyric* reveals the limitations of these two conceptions of the lyric—the older Romantic model and the modern conception that has come to dominate the study of poetry—both of which neglect what is most striking and compelling in the lyric and falsify the long and rich tradition of the lyric in the West. Jonathan Culler explores alternative conceptions offered by this tradition, such as public discourse made authoritative by its rhythmical structures, and he constructs a more capacious model of the lyric that will help readers appreciate its range of possibilities. “*Theory of the Lyric* brings Culler’s own earlier, more scattered interventions together with an eclectic selection from others’ work in service to what he identifies as a dominant need of the critical and pedagogical present: turning readers’ attention to lyric poems as verbal events, not fictions of impersonated speech. His fine, nuanced readings of

particular poems and kinds of poems are crucial to his arguments. His observations on the workings of aspects of lyric across multiple different structures are the real strength of the book. It is a work of practical criticism that opens speculative vistas for poetics but always returns to poems.” —Elizabeth Helsinger, *Critical Theory*

The Lyric Theory Reader Virginia Walker Jackson, Yopie Prins, 2014-02 Reading lyric poetry over the past century. The *Lyric Theory Reader* collects major essays on the modern idea of lyric, made available here for the first time in one place. Representing a wide range of perspectives in Anglo-American literary criticism from the twentieth and twenty-first centuries, the collection as a whole documents the diversity and energy of ongoing critical conversations about lyric poetry. Virginia Jackson and Yopie Prins frame these conversations with a general introduction, bibliographies for further reading, and introductions to each of the anthology’s ten sections: genre theory, historical models of lyric, New Criticism, structuralist and post-structuralist reading, Frankfurt School approaches, phenomenologies of lyric reading, avant-garde anti-lyricism, lyric and sexual difference, and comparative lyric. Designed for students, teachers, scholars, poets, and readers with a general interest in poetics, this book presents an intellectual history of the theory of lyric reading that has circulated both within and beyond the classroom, wherever poetry is taught, read, discussed, and debated today.

Vita Nova Louise Glück, 2022-01-04 Winner of the Nobel Prize in Literature In *Vita Nova*, Pulitzer-Prize winning poet Louise Glück manages the apparently impossible: a terrifying act of perspective that brings into resolution the smallest human hope and the vast forces that shape and thwart it Since *Ararat* in 1990, Louise Glück has been exploring a form that is, according to the poet, Robert Hass, her invention. *Vita Nova*--like its immediate predecessors, a booklength sequence--combines the ecstatic utterance of *The Wild Iris* with the worldly dramas elaborated in *Meadowlands*. *Vita Nova* is a book that exists in the long moment of spring: a book of deaths and beginnings, resignation and hope; brutal, luminous, and far-seeing. Like late Yeats, *Vita Nova* dares large statement. By turns stern interlocutor and ardent novice, Glück compasses the essential human paradox. In *Vita Nova*, Louise Glück manages the apparently impossible: a terrifying act of perspective that brings into resolution the smallest human hope and the vast forces that thwart and shape it.

Theory into Poetry, 2022-05-20 At the beginning of the 21st century, there is still no generally accepted comprehensive definition of the lyric or differentiated modern toolkit for its analysis. The reception of poetry is largely characterised either by an empathetic identification of critics with the lyric persona or by exclusive interest in formal patterning. The present volume seeks to remedy this deficit. All the contributors ‘theorise’ the lyric to overcome the impasse of an impressionistic and narrowly formalistic critical debate on the genre. Their papers focus on a variety of different questions: the problem of establishing a framework for definition and classification; the search for dynamic and potent critical approaches; investigations of poetry’s cultural performance and its fundamental relevance for the construction of group cohesion. The essays collected in this volume offer a consciously polyphonic range of theories and interpretations, suggesting to the reader

a variety of theoretical frameworks and practical illustrations of how a discussion of poetry may be firmly grounded in modern literary theory.

Citizen Claudia Rankine, 2015-07-02 WINNER OF THE LOS ANGELES TIMES BOOK PRIZE FOR POETRY WINNER OF THE NATIONAL BOOK CRITICS CIRCLE AWARD FOR POETRY In this moving, critical and fiercely intelligent collection of prose poems, Claudia Rankine examines the experience of race and racism in Western society through sharp vignettes of everyday discrimination and prejudice, and longer meditations on the violence - whether linguistic or physical - which has impacted the lives of Serena Williams, Zinedine Zidane, Mark Duggan and others. Awarded the National Book Critics Circle Award for Poetry in America after becoming the first book in the prize's history to be a finalist in both the poetry and criticism categories, *Citizen* weaves essays, images and poetry together to form a powerful testament to the individual and collective effects of racism in an ostensibly post-race society.

In Memoriam Alfred Tennyson Baron Tennyson, 1854

My Last Duchess Daisy Goodwin, 2010-08-19 MY LAST DUCHESS is the debut novel from Daisy Goodwin, the script writer of the epic ITV Sunday night drama VICTORIA. A rich, rewarding love story, perfect for readers of Georgette Heyer, and fans of VICTORIA, DOWNTON ABBEY and THE CROWN. 'Sparkling and thoroughly engaging' Sunday Times 'Deliciously classy. Yet her fortune cannot buy her the one thing she craves -- the freedom to choose her own destiny. For Cora's mother has her heart on a title for her daughter, and in England -- where they are bound, to find Cora a husband. When Cora loses her heart to a man she barely knows, she soon realises that she is playing a game she does not fully understand -- and that her future happiness is the prize.

Lyric Poetry and Social Identity in Archaic Greece Jessica Romney, 2020-04-22 *Lyric Poetry and Social Identity in Archaic Greece* examines how Greek men presented themselves and their social groups to one another. The author examines identity rhetoric in sympotic lyric: how Greek poets constructed images of self for their groups, focusing in turn on the construction of identity in martial-themed poetry, the protection of group identities in the face of political exile, and the negotiation between individual and group as seen in political lyric. By conducting a close reading of six poems and then a broad survey of martial lyric, exile poetry, political lyric, and sympotic lyric as a whole, Jessica Romney demonstrates that sympotic lyric focuses on the same basic behaviors and values to construct social identities regardless of the content or subgenre of the poems in question. The volume also argues that the performance of identity depends on the context as well as the material of performance. Furthermore, the book demonstrates that sympotic lyric overwhelmingly prefers to use identity rhetoric that insists on the inherent sameness of group members. All non-English text and quotes are translated, with the original

languages given alongside the translation or in the endnotes.

The Lyric Poem Marion Thain, 2013-11-07 As a study of lyric poetry, in English, from the early modern period to the present, this book explores one of the most ancient and significant art forms in Western culture as it emerges in its various modern incarnations. Combining a much-needed historicisation of the concept of lyric with an aesthetic and formal focus, this collaboration of period-specialists offers a new cross-historical approach. Through eleven chapters, spanning more than four centuries, the book provides readers with both a genealogical framework for the understanding of lyric poetry within any particular period, and a necessary context for more general discussion of the nature of genre.

Lyric Time Sharon Cameron, 1979 Lyric Time offers a detailed critical reading of a particularly difficult poet, an analysis of the dominance of temporal structures and concerns in the body of her poetry, and finally, an important original contribution to a theory of the lyric. Poised between analysis of Emily Dickinson's poetic texts and theoretical inquiry, Lyric Time suggests that the temporal problems of Dickinson's poems are frequently exaggerations of the features that distinguish the lyric as a genre. It is precisely the distance some of Dickinson's poems go toward the far end of coherence, precisely the outlandishness of their extremity, that allows us to see, magnified, the fine workings of more conventional lyrics, writes Sharon Cameron. Lyric Time is written for the literary audience at large—Dickinsonians, romanticists, theorists, anyone interested in American poetry, or in poetry at all, and especially anyone who admires a risky book that succeeds.

The Lyrical Novel Ralph Freeman, 2015-12-08 The author, in defining the genre of lyrical fiction, separates a type of fiction that can be legitimately viewed as “poetry” from other narrative types. The lyrical novelist uses fictional devices to find an aesthetic expression for experience, achieving an effect most frequently seen in dreams, picaresques, and allegories. Analyzing representative novels by Hermann Hesse, Andre Gide, and Virginia Woolf, Ralph Freedman focuses on the problem of self-consciousness. His findings are directly applicable to much twentieth-century fiction. Originally published in 1963. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

Songs of Innocence William Blake, 1789

The Middle English Lyric and Short Poem Rosemary Greentree, 2001 This Bibliography assembles annotation of collections and criticism of lyrics of religious and secular love, carols and songs, and rhymes of everyday life. The Middle English lyrics and short poems form a varied group that ranges over most aspects of life to include lyrics of religious and secular love, carols and songs, and mundane rhymes of everyday life. Thus there are expressions of devotion, ethereal or

earthly, theological expositions, and knowledge needed for life. The poems are disparate and generally anonymous, and their survival owes much to chance. The bibliography assembles neutral annotation of collections and criticism of the works, arranged chronologically to show the course of criticism and the growing appreciation of these poems and all they can tell us. The introduction considers these matters, problems of definition of the genre, and the isolable lyrics, and seeks to reconcile some first impressions of the poems, as disparate and slight, with the rewards of close study. ROSEMARY GREENTREE is currently Visiting Research Fellow, Dept of English, University of Adelaide.

A Poet's Glossary Edward Hirsch, 2014-04-08 A major addition to the literature of poetry, Edward Hirsch's sparkling new work is a compilation of forms, devices, groups, movements, isms, aesthetics, rhetorical terms, and folklore—a book that all readers, writers, teachers, and students of poetry will return to over and over. Hirsch has delved deeply into the poetic traditions of the world, returning with an inclusive, international compendium. Moving gracefully from the bards of ancient Greece to the revolutionaries of Latin America, from small formal elements to large mysteries, he provides thoughtful definitions for the most important poetic vocabulary, imbuing his work with a lifetime of scholarship and the warmth of a man devoted to his art. Knowing how a poem works is essential to unlocking its meaning. Hirsch's entries will deepen readers' relationships with their favorite poems and open greater levels of understanding in each new poem they encounter. Shot through with the enthusiasm, authority, and sheer delight that made *How to Read a Poem* so beloved, *A Poet's Glossary* is a new classic.

New Definitions of Lyric Mark Jeffreys, 1998 This volume traces the modern critical and performance history of this play, one of Shakespeare's most-loved and most-performed comedies. The essay focus on such modern concerns as feminism, deconstruction, textual theory, and queer theory.

The Oxford Companion to Chaucer Douglas Gray, 2003-09-18 With over 2,000 entries from an international team of scholars, this new Oxford Companion provides a wealth of clear, up-to-date assessments on all aspects of Chaucer. Entries, both short and long, from 'Aaron' to 'Zodiac', provide information on Chaucer's life and times, his works and the characteristics in them, his language and metre, his reading and the creative uses he made of it, and on his major moral and literary themes. Extensive reference is also made to the development of critical opinion about his works over the centuries. Complete with a chronology, a note to readers, illustrations, and extensive cross-referencing, this is a fascinating, practical guide to readers of Chaucer at every level.

Lenore Edgar Allan Poe, 1885

Lyric Poem and Aestheticism Marion Thain, 2016-08-16 This study explores lyric poetry's response to a crisis of relevance in Victorian Modernity, offering an analysis of literature usually elided by studies of the modern formation of the genre and uncovering previously unrecognized discourses within it. Setting the focal aestheticist poetry (c. 1860 to 1914) within much

broader historical, theoretical and aesthetic frames, it speaks to those interested in Victorian and modernist literature and culture, but also to a burgeoning audience of the 'new lyric studies'. The six case studies introduce fresh poetic voices as well as giving innovative analyses of canonical writers (such as D. G. Rossetti, Ezra Pound, A. C. Swinburne).
