No One's Witness Syd Zolf, 2021-06-28 In *No One's Witness* Syd Zolf activates the last three lines of a poem by Jewish Nazi holocaust survivor Paul Celan—"No one / bears witness for the / witness"—to theorize the poetics and im/possibility of witnessing. Drawing on black studies, continental philosophy, queer theory, experimental poetics, and work by several writers and artists, Zolf asks what it means to witness from the excessive, incalculable position of No One. In a fragmentary and recursive style that enacts the monstrous speech it pursues, *No One's Witness* demonstrates the necessity of confronting the Nazi holocaust in relation to transatlantic slavery and its afterlives. Thinking along with black feminist theory's notions of entangled swarm, field, plenum, chorus, *No One's Witness* interrogates the limits and thresholds of witnessing, its dangerous perhaps. No One operates outside the bounds of the sovereign individual, hauntologically informed by the fleshly nothingness that has been historically ascribed to blackness and that blackness enacts within, apposite to, and beyond the No One. No One bears witness to becomings beyond comprehension, making and unmaking monstrous forms of entangled future anterior life.

Rites of Realism Ivone Margulies, 2003-03-27 *Rites of Realism* shifts the discussion of cinematic realism away from the usual focus on verisimilitude and faithfulness of record toward a notion of performative realism, a realism that does not simply represent a given reality but enacts actual social tensions. These essays by a range of film scholars propose stimulating new approaches to the critical evaluation of modern realist films and such referential genres as reenactment, historical film, adaptation, portrait film, and documentary. By providing close readings of classic and contemporary works, *Rites of Realism* signals the need to return to a focus on films as the main innovators of realist representation. The collection is inspired by André Bazin's theories on film's inherent heterogeneity and unique ability to register contingency (the singular, one-time event). This volume features two new translations: of Bazin's seminal essay *Death Every Afternoon* and Serge Daney's essay reinterpreting Bazin's defense of the long shot as a way to set the stage for a clash or risky confrontation between man and animal. These pieces evince key concerns—particularly the link between cinematic realism and contingency—that the other essays explore further. Among the topics addressed are the provocative mimesis of Luis Buñuel's *Land Without Bread*; the adaptation of trial documents in Carl Dreyer's *Passion of Joan of Arc*; the use of the tableaux vivant by Wim Wenders and Peter Greenaway; and Pier Paolo Pasolini's strategies of analogy in his transposition of *The Gospel*

The Psychic Life of Power Judith Butler,1997 Judith Butler's new book considers the way in which psychic life is generated by the social operation of power, and how that social operation of power is concealed and fortified by the psyche that it produces. It combines social theory, philosophy, and psychoanalysis in novel ways, and offers a more sustained analysis of the theory of subject formation implicit in her previous books.

Wayward Lives, Beautiful Experiments Saidiya Hartman,2020-01-14 A breathtaking exploration of the lives of young black women in the early twentieth century. In *Wayward Lives, Beautiful Experiments*, Saidiya Hartman examines the revolution of black intimate life that unfolded in Philadelphia and New York at the beginning of the twentieth century. Free love, common-law and transient marriages, serial partners, cohabitation outside of wedlock, queer relations, and single motherhood were among the sweeping changes that altered the character of everyday life and challenged traditional Victorian beliefs about courtship, love, and marriage. Hartman narrates the story of this radical social transformation against the grain of the prevailing century-old argument about the crisis of the black family. In wrestling with the question of what a free life is, many young black women created forms of intimacy and kinship that were indifferent to the dictates of respectability and outside the bounds of law. They cleaved to and cast off lovers, exchanged sex to subsist, and revised the meaning of marriage. Longing and desire fueled their experiments in how to live. They refused to labor like slaves or to accept degrading conditions of work. Beautifully written and deeply researched, *Wayward Lives* recreates the experience of young urban black women who desired an existence qualitatively different than the one that had been scripted for them—domestic service, second-class citizenship, and respectable poverty—and whose intimate revolution was apprehended as crime and pathology. For the first time, young black women are credited with shaping a cultural movement that transformed the urban landscape. Through a melding of history and literary imagination, *Wayward Lives* recovers their radical aspirations and insurgent desires.

Philosophizing Brecht ,2019-05-20 This anthology unites scholars from varied backgrounds with the notion that the

theories and artistic productions of Bertolt Brecht are key missing links in bridging diverse discourses in social philosophy, theatre, consciousness studies, and aesthetics. It offers readers interdisciplinary perspectives that create unique dialogues between Brecht and important thinkers such as Althusser, Anders, Bakhtin, Benjamin, Godard, Marx, and Plato. While exploring salient topics such as consciousness, courage, ethics, political aesthetics, and representations of race and the body, it penetrates the philosophical Brecht seeing in him the never-ending dialectic—the idea, the theory, the narrative, the character that is never foreclosed. This book is an essential read for all those interested in Brecht as a socio-cultural theorist and for theatre practitioners. Contributors: Kevin S. Amidon, José María Durán, Felix J. Fuch, Philip Glahn, Jim Grilli, Wolfgang Fritz Haug, Norman Roessler, Jeremy Spencer, Anthony Squiers, Peter Zazzali.

Welcome to the Desert of the Real Slavoj Zizek, 2013-01-16 Liberals and conservatives proclaim the end of the American holiday from history. Now the easy games are over; one should take sides. Zizek argues this is precisely the temptation to be resisted. In such moments of apparently clear choices, the real alternatives are most hidden. Welcome to the Desert of the Real steps back, complicating the choices imposed on us. It proposes that global capitalism is fundamentalist and that America was complicit in the rise of Muslim fundamentalism. It points to our dreaming about the catastrophe in numerous disaster movies before it happened, and explores the irony that the tragedy has been used to legitimize torture. Last but not least it analyzes the fiasco of the predominant leftist response to the events.

Cinema and the City Mark Shiel, Tony Fitzmaurice, 2011-07-15 This book brings together the literature of urban sociology and film studies to explore new analytical and theoretical approaches to the relationship between cinema and the city, and to show how these impact on the realities of life in urban societies.

I Know Why the Caged Bird Sings Maya Angelou, 2009-04-21 Here is a book as joyous and painful, as mysterious and memorable, as childhood itself. *I Know Why the Caged Bird Sings* captures the longing of lonely children, the brute insult of bigotry, and the wonder of words that can make the world right. Maya Angelou's debut memoir is a modern American classic beloved worldwide. Sent by their mother to live with their devout, self-sufficient grandmother in a small Southern town, Maya and her brother, Bailey, endure the ache of abandonment and the prejudice of the local "powhitetrash." At eight years old and back at her mother's side in St. Louis, Maya is attacked by a man many times her age—and has to live with the consequences for a lifetime. Years later, in San Francisco, Maya learns that love for herself, the kindness of others, her own strong spirit, and the ideas of great authors ("I met and fell in love with William Shakespeare") will allow her to be free instead of imprisoned. Poetic and powerful, *I Know Why the Caged Bird Sings* will touch hearts and change minds for as long as people read. "I Know Why the Caged Bird Sings liberates the reader into life simply because Maya Angelou confronts her own life with such a moving wonder, such a luminous dignity."—James Baldwin

The Comet W. E. B. Du Bois,2021-06-08 The Comet (1920) is a science fiction story by W. E. B. Du Bois. Written while the author was using his role at The Crisis, the official magazine of the NAACP, to publish emerging black artists of the Harlem Renaissance, The Comet is a pioneering work of speculative fiction which imagines a catastrophic event not only decimating New York City, but bringing an abrupt end to white supremacy. "How silent the street was! Not a soul was stirring, and yet it was high-noon—Wall Street? Broadway? He glanced almost wildly up and down, then across the street, and as he looked, a sickening horror froze in his limbs." Sent to the vault to retrieve some old records, bank messenger Jim Davis emerges to find a city descended into chaos. A comet has passed overhead, spewing toxic fumes into the atmosphere. All of lower Manhattan seems frozen in time. It takes him a few moments to see the bodies, piled into doorways and strewn about the eerily quiet streets. When he comes to his senses, he finds a wealthy woman asking for help. Soon, it becomes clear that they could very well be the last living people in the planet, that the fate of civilization depends on their ability to come together, not as black and white, but as two human beings. But how far will this acknowledgment take them? With a beautifully designed cover and professionally typeset manuscript, this edition of W. E. B. Du Bois' The Comet is a classic work of African American literature reimagined for modern readers.

Scenes of Subjection Saidiya Hartman,2024-10-03 'One of our most brilliant contemporary thinkers' Claudia Rankine 'An unrelenting exploration of slavery and freedom' New Yorker In this radical re-evaluation of American history, Saidiya Hartman draws together a striking portrait of nineteenth-century slavery and its many afterlives. Through close examination

of a variety of 'scenes', ranging from the auction block and the minstrel show to plantation diaries and legal cases, *Scenes of Subjection* investigates the interconnected nature of historical enslavement and present-day racism. With bold and persuasively argued possibilities for Black resistance and transformation, this book shows how far we have yet to go to dismantle the pervasive legacy of slavery.

Glitch Feminism Legacy Russell, 2020-09-29 The divide between the digital and the real world no longer exists: we are connected all the time. How do we find out who we are within this digital era? Where do we create the space to explore our identity? How can we come together and create solidarity? The glitch is often dismissed as an error, a faulty overlaying, but, as Legacy Russell shows, liberation can be found within the fissures between gender, technology and the body that it creates. The glitch offers the opportunity for us to perform and transform ourselves in an infinite variety of identities. In *Glitch Feminism*, Russell makes a series of radical demands through memoir, art and critical theory, and the work of contemporary artists who have travelled through the glitch in their work. Timely and provocative, *Glitch Feminism* shows how the error can be a revolution.

Antipodean Antiquities Marguerite Johnson, 2019-03-21 Leading and emerging, early career scholars in Classical Reception Studies come together in this volume to explore the under-represented area of the Australasian Classical Tradition. They interrogate the interactions between Mediterranean Antiquity and the antipodean worlds of New Zealand and Australia through the lenses of literature, film, theatre and fine art. Of interest to scholars across the globe who research the influence of antiquity on modern literature, film, theatre and fine art, this volume fills a decisive gap in the literature by bringing antipodean research into the spotlight. Following a contextual introduction to the field, the six parts of the volume explore the latest research on subjects that range from the *Lord of the Rings* and *Xena: Warrior Princess* franchises to

important artists such as Sidney Nolan and local authors whose work offers opportunities for cross-cultural and interdisciplinary analysis with well-known Western authors and artists.
