Each chapter includes a short case study, while longer, more complex case studies conclude the text. Each chapter also features learning objectives, discussion questions, and references. An online instructor's guide that includes PowerPoints with end-of-chapter answers and maps is available to instructors who adopt the text.

If you want a better advisor, this book will show you how to find one; if you'd rather go it alone, this book gives you index fund strategies to help you invest in the best products for you. Learn how to invest for both safety and strong returns Discover just how much retirement will actually cost, and how much you should be saving every month Find out where to find a trustworthy advisor—or go it alone Take advantage of your offshore status to invest successfully and profitably Author Andrew Hallam was a high school teacher who built a million-dollar portfolio—on a teacher's salary.
