

A Theology Of Liberation

Marthe Hesselmans,Jonathan Teubner

A Theology of Liberation Gustavo Gutiérrez,1988-01-01 This is the credo and seminal text of the movement which was later characterized as liberation theology. The book burst upon the scene in the early seventies, and was swiftly acknowledged as a pioneering and prophetic approach to theology which famously made an option for the poor, placing the exploited, the alienated, and the economically wretched at the centre of a programme where the oppressed and maimed and blind and lame were prioritized at the expense of those who either maintained the status quo or who abused the structures of power for their own ends. This powerful, compassionate and radical book attracted criticism for daring to mix politics and religion in so explicit a manner, but was also welcomed by those who had the capacity to see that its agenda was nothing more nor less than to give good news to the poor, and redeem God's people from bondage.

A Theology of Liberation Gustavo Gutiérrez,2001 This is the credo and seminal text of the movement known as liberation theology. The book burst upon the theological scene in the early seventies, and was swiftly acknowledged as a pioneering and prophetic approach which famously made a preferential option for the poor, placing the exploited and the economically downtrodden at the centre of a programme to redeem God's people from bondage. -- BOOK JACKET.

A Theology of Liberation Marthe Hesselmans,Jonathan Teubner,2017-07-05 Gutiérrez's 1971 book provides an inspiring argument as to how Christians and the Roman Catholic Church should support the poor. The Catholic Church had traditionally seen itself as politically neutral but in the 1960s and 70s reformers, such as Gutiérrez, urged it to seriously address real-world issues such as poverty and oppression.

An Analysis of Gustavo Gutiérrez's A Theology of Liberation Marthe Hesselmans,Jonathan Teubner,2017-07-05 Peruvian priest Gustavo Gutiérrez wanted to solve the problem of how the church could conduct itself to improve the lives of the poor, while consistently positioning itself as politically neutral. Despite being a deeply religious man, Gutiérrez was extremely troubled by the lukewarm way in which Christians in general, and the Catholic Church in particular, acknowledged and supported the poor. In *A Theology of Liberation*, he asked what he knew was an awkward question, and came to an awkward answer: the Church cannot separate itself from economic and political realities. Jesus showed his love for the poor in practical ways - healing the sick, feeding the hungry, liberating the oppressed. His example showed Gutiérrez that economic, political, social and spiritual development are all deeply connected. His problem-solving prowess then led him to

conclude that the church had to become politically active if it was to confront poverty and oppression across the world. For Gutierrez, the lives of the poor and oppressed directly reflect the divine life of God.

Black Theology and Black Power Cone, James, H., 2018 The introduction to this edition by Cornel West was originally published in Dwight N. Hopkins, ed., *Black Faith and Public Talk: Critical Essays on James H. Cone's Black Theology & Black Power* (Maryknoll, NY: Orbis Books, 1999; reprinted 2007 by Baylor University Press).

Introducing Black Theology of Liberation Hopkins, Dwight N., 2014-04-10 A book that reviews the principles of modern Black Theology, its roots and contributions to the Christian world. It also discusses what challenges Black theologians face in their minister and their religious communities.

A Theology of Liberation: History, Politics, and Salvation 50th Anniversary Edition with New Introduction by Michael E. Lee Gustavo Gutierrez, 2023-11-10 One of Christianity Today's 100 Top Books of the Twentieth Century One of Church Times (UK) Top 100 Christian Books of All Time This new edition of the work that became the foundation for Latin American liberation theology marks the 50th anniversary of the publication of its publication in English by Orbis Books (1973).

Asian Theology of Liberation Aloysius Pieris, S.J., 1988-01-09 Pieris confronts two of the most urgent and complex questions facing Christians today - so many poor people and so many religions. He believes that the approaches of the Christian Churches to these questions will determine whether Christianity will continue to have any relevance for Asia or not.

Faith and Freedom Schubert M. Ogden, 2005-07-29 In this revised, expanded edition of a widely praised theological text, the major North American theologian Schubert Ogden presents a clear introduction to, and critique of, liberation theology. 'Faith and Freedom' lays out the basic requirements for any authentically Christian liberation theology. This revised edition eliminates gender-specific language for God and offers an important new chapter on Christology.

The Cambridge Companion to Liberation Theology Christopher Rowland, 2007-11-29 Liberation theology is widely referred to in discussions of politics and religion but not always adequately understood. The second edition of this Companion brings the story of the movement's continuing importance and impact up to date. Additional essays, which complement those in the original edition, expand upon the issues by dealing with gender and sexuality and the important matter of epistemology. In the light of a more conservative ethos in Roman Catholicism, and in theology generally, liberation theology is often said to have been an intellectual movement tied to a particular period of ecumenical and political theology. These essays indicate its continuing importance in different contexts and enable readers to locate its distinctive intellectual ethos within the evolving contextual and cultural concerns of theology and religious studies. This book will be of interest to students of theology as well as to sociologists, political theorists and historians.

Latin American Theories of Development and Underdevelopment Cristóbal Kay, 2010-11-26 Upon its publication in 1989, this was the first systematic and comprehensive analysis of the Latin American School of Development and an invaluable

guide to the major Third World contribution to development theory. The four major strands in the work of Latin American Theorists are: structuralism, internal colonialism, marginality and dependency. Exploring all four in detail, and the interconnections between them, Cristobal Kay highlights the developed world's over-reliance on, and partial knowledge of, dependency theory in its approach to development issues, and analyses the first major challenges to neo-classical and modernisation theories from the Third World.

Gustavo Gutierrez Robert McAfee Brown, 2013-03-01 Here is a definitive introduction to liberation theology through the life and work of its most significant proponent, Gustavo Gutierrez. Robert McAfee Brown draws extensively on Gutierrez's own writings (some never published in English) and on personal conversations with him. Brown clearly and compellingly presents the basics of liberation theology and the differences between North American and Latin American theologies. The form of Gustavo Gutierrez is that of a drama. Brown's initial program notes introduce and situate the author, the actors, the critics. He sets the stage with a history of church and state in Latin America and introduces its definitive figures, themes, and milestones. A collective biography of Gutierrez's spiritual predecessors is followed by a biography of Gutierrez himself, which takes critical account of his works. Then we are ready, dramatically and theologically, to move to the first act: that of commitment to the poor. The second act, in two scenes, explores first liberation theology's method of critical reflection on praxis and also its content: nothing less than the Word of God. Brown delves next into the controversies and criticisms Gutierrez faces, especially the challenges from authorities in Rome. Finally, in act three, readers discover that in this particular drama, they too are on stage and must take part by reflecting on what this drama really means for them.

A Palestinian Theology of Liberation Ateek, Naim Stifan, 2017-10-12

A Hindu Theology of Liberation Anantanand Rambachan, 2014-11-07 Discusses Hindu Advaita Vedānta as a philosophy of social justice for the modern world. This expansive and accessible work provides an introduction to the Hindu tradition of Advaita Vedānta and brings it into discussion with contemporary concerns. Advaita, the non-dual school of Indian philosophy and spirituality associated with āśāṅka, is often seen as "other-worldly," regarding the world as an illusion. Anantanand Rambachan has played a central role in presenting a more authentic Advaita, one that reveals how Advaita is positive about the here and now. The first part of the book presents the hermeneutics and spirituality of Advaita, using textual sources, classical commentary, and modern scholarship. The book's second section considers the implications of Advaita for ethical and social challenges: patriarchy, homophobia, ecological crisis, child abuse, and inequality. Rambachan establishes how Advaita's non-dual understanding of reality provides the ground for social activism and the values that advocate for justice, dignity, and the equality of human beings. "Rambachan has written an original, creative, and provocative book that will assure that Hinduism has a greater voice in the general arena of interreligious dialogue." — Paul F. Knitter, Union Theological Seminary "This is an important contribution to the advancement of constructive work in Hindu theology,

comparative theology, and the study of South Asian religious traditions. It has the potential to revolutionize how scholars view Hinduism generally, and Advaita Vedānta in particular. □ □ Jeffery D. Long, Elizabethtown College

The Future of Liberation Theology Ivan Petrella, 2017-03-02 The Future of Liberation Theology envisions a radical new direction for Latin American liberation theology. One of a new generation of Latin American theologians, Ivan Petrella shows that despite the current dominance of 'end of history' ideology, liberation theologians need not abandon their belief that the theological rereading of Christianity must be linked to the development of 'historical projects' - models of political and economic organization that would replace an unjust status quo. In the absence of historical projects, liberation theology currently finds itself unable to move beyond merely talking about liberation toward actually enacting it in society. Providing a bold new interpretation of the current state and potential future of liberation theology, Ivan Petrella brings together original research on the movement, with developments in political theory, critical legal theory and political economy to reconstruct liberation theology's understanding of theology, democracy and capitalism. The result is the recovery of historical projects, thus allowing liberation theologians to once again place the reality of liberation, and not just the promise, at the forefront of their task.

Toward a Jewish Theology of Liberation Marc H. Ellis, Julia Neuberger, 2003-01-02 Marc Ellis fine book about the future of the Jewish community was first published in 1987. But twenty years on, in the light of recent events in the Middle East and post-September 11, its powerful message of hope, directed towards a people 'poised between Holocaust and empowerment', remains as powerful, apposite, and pressingly relevant as it was before. Ellis begins with two poles: the holocaust and the pain and vision that issue from it. This leads him into ethics, and he highlights the contrast between the depth of Jewish ethical commitment and the paucity of renewal movements within Judaism. The author then addresses all suffering peoples, and the Christian liberation movements active among them, so that the holocaust may be set in a wider context. Against this background, Ellis sees it as essential that the journeys and visions of dissenting Jews - such as Etty Hillesum and Martin Buber - should be re-appraised. An alternative perspective of what it means to be Jewish begins to emerge, and in the final chapter a Jewish theology of liberation is essayed, which is a theology prepared 'to enter the danger zones of contemporary Jewish life', often at some cost.

An Ecological Theology of Liberation Daniel P. Castillo, 2019-12-19 What is the relationship between salvation, human liberation, and care for creation? Extending the ideas presented in Gustavo Gutierrez's *A Theology of Liberation*, Daniel Castillo embraces a green liberation theology that recognizes the need for political and ideological paradigm shifts in relation to globalization.

The Poor in Liberation Theology Tim Noble, 2014-10-14 Liberation theology has, since its beginnings over forty years ago, placed the poor at the heart of theology and revealed the ideologies underlying both society and church. Meanwhile,

over this period, the progressive church appears to have stagnated and the poor of Latin America have turned increasingly to neo-Pentecostalism. 'The Poor in Liberation Theology' questions whether the effect of liberation theology is to provide a pathway to God or really to construct idols out of the poor. Combining the conceptual language of the philosophers Jean-Luc Marion and Emmanuel Levinas with the methodology of the liberation theologian Clodovis Boff, the volume outlines how liberation theology can work to ensure the poor do not become an ideological construct but remain icons of God. Drawing on a wealth of material from Latin American and Europe, the book demonstrates the continuing validity and importance of liberation theology and its further potential when engaged with contemporary philosophy.

Liberation Theology Phillip Berryman, 2013-02-20 Liberation theology has become an essential component of almost every major debate over Latin America today. It has changed the face of political life in Nicaragua, El Salvador, and Haiti; contributed to the rise of "people power" in the Philippines; even played a role in the growing discontent of debt-plagued Brazil. Now, using the plainspoken approach that made his *Inside Central America* the indispensable book on current affairs in the region, Phillip Berryman traces the origins, spread, and impact of liberation theology. He shows how its proponents have radically reinterpreted basic Biblical themes (such as the Creation and the Exodus) from the perspective of the poor and disenfranchised. By not asking "What must I believe?" but rather "What is to be done?" they make a direct connection between religious beliefs and political life.

A Theology of Liberation Gustavo Gutiérrez, 1990 This is the credo and seminal text of the movement which was later characterized as liberation theology. The book burst upon the scene in the early seventies, and was swiftly acknowledged as a pioneering and prophetic approach to theology which famously made an option for the poor, placing the exploited, the alienated, and the economically wretched at the centre of a programme where the oppressed and maimed and blind and lame were prioritized at the expense of those who either maintained the status quo or who abused the structures of power for their own ends. This powerful, compassionate and radical book attracted criticism for daring to mix politics and religion in so explicit a manner, but was also welcomed by those who had the capacity to see that its agenda was nothing more nor less than to give good news to the poor, and redeem God's people from bondage.
