Mario Lanza Derek Mannering,2015-02-12 Blessed with one of the great tenor voices of all time, Mario Lanza (1921-1959) rose to spectacular heights in a film, recording, and concert career that spanned little more than a decade. Groomed at the outset for a career on the opera stage, Lanza instead flourished in Hollywood where his films, most notably The Great Caruso, broke box-office records the world over and influenced the careers of countless musicians. To this day, the

Three Tenors cite him as an inspiration for their own careers on the classical stage. Lanza's recordings for RCA sold in the millions, and he remains the crossover artist supreme. But his tremendous success was derailed by his self-destructive lifestyle, and by age thirty-eight he was dead, with his extraordinary promise left unfulfilled. Newly revised and updated for its first U.S. edition, *Mario Lanza: Singing to the Gods* is the definitive account of the remarkable life and times of one of the twentieth century's most beloved singing stars. This richly detailed work also contains a selection of rare photographs, several of which are drawn from Lanza's estate. With the support of Lanza's daughter, Ellisa Lanza Bregman, the tenor's colleagues, and his closest friend, Terry Robinson, Derek Mannering has chronicled a fascinating and unforgettable life. From the fabulous successes of the early MGM years through the disastrous walkouts and cancellations that sent Lanza's career into freefall, Mannering objectively and movingly reveals the story of a great star torn apart by his own troubled psyche and undisciplined lifestyle.

Amore Roger Friedland, 2014-11-04 As his twin daughters approached adolescence, sociologist Roger Friedland was

worried. The thing that most bothered him was not the erotic heat of America's youth culture, but the lovelessness of its sex. Offered the chance to live and teach in Rome, Roger and his wife, Debra, seized the opportunity to take their family to live in a city where love is alive, family bonds hold, divorce and rape are rare, and "ciao, bella" is a constant refrain. In *Amore*, Friedland shares the stories of his family's enchanted and unnerving passage into the heart of Rome, and considers its lessons for America, where love is at risk. *Amore* is a love story, a father's exploration of the ways of life and love in Rome, and what they have to teach us about the erosion of romance in America.

Seventy Thousand Camels Angelica A. Brewer, 2022-07-07 At age 16, Angelica ran away from her new home in Australia and a narcissistic mother, living for a time in a youth refuge and on the street. Angelica thought she had found love when in fact she lost more of herself through this encounter. She finally settled for a more tempestuous marriage to Rhys that lasted far too long, producing three children including a son living with Autism. Newly divorced and still lost, Angelica embarked on a series of internet dating relationships that took away more of her soul. She then discovered a degree of solace and introspection as a Juvenile Justice Officer working with detainees aged 10 to 21. Reaching further crossroads in her life, Angelica swapped juvenile prison for its adult counterpart. Moving state, she met "Brew", a fellow correctional officer who would change her life forever. But despite his unfailing love and support, she entered a downward spiral into depression and suicidal ideation. Now recovered, Angelica takes stock of her life and all she learned from her journey so far.

The Hills of Rome Caroline Vout, 2012-09-13 Rome is 'the city of seven hills'. This book examines the need for the 'seven hills' cliché, its origins, development, impact and borrowing. It explores how the cliché relates to Rome's real volcanic terrain and how it is fundamental to how we define this. Its chronological remit is capacious: Varro, Virgil and Claudian at one end, on, through the work of Renaissance antiquarians, to embrace frescoes and nineteenth-century engravings. These artists and authors celebrated the hills and the views from these hills, in an attempt to capture Rome holistically. By studying their

efforts, this book confronts the problems of encapsulating Rome and 'cityness' more broadly and indeed the artificiality of any representation, whether a painting, poem or map. In this sense, it is not a history of the city at any one moment in time, but a history of how the city has been, and has to be, perceived.

Encyclopedia of American Short Films, 1926-1959 Graham Webb,2020-07-27 Short subject films have a long history in American cinemas. These could be anywhere from 2 to 40 minutes long and were used as a filler in a picture show that would include a cartoon, a newsreel, possibly a serial and a short before launching into the feature film. Shorts could tackle any topic of interest: an unusual travelogue, a comedy, musical revues, sports, nature or popular vaudeville acts. With the advent of sound-on-film in the mid-to-late 1920s, makers of earlier silent short subjects began experimenting with the short films, using them as a testing ground for the use of sound in feature movies. After the Second World War, and the rising popularity of television, short subject films became far too expensive to produce and they had mostly disappeared from the screens by the late 1950s. This encyclopedia offers comprehensive listings of American short subject films from the 1920s through the 1950s.
