City of Evil Sean Fewster, 2010-11-01 NOW A MAJOR TELEVISION SERIES They call Adelaide the city of churches. What they forget is that every church has a graveyard - and every graveyard is full of skeletons. Adelaide, an elegantly designed, civilised city, where the inhabitants are known for their love of the arts, good food and fine wine, is also the place where many of Australia's most bizarre and macabre crimes have taken place. The cases in this book show that Adelaide truly does have another side: from the murder of a pro-wrestling truck driver by his two lesbian lodgers during an argument over a camera; to the case of a wronged wife who only wanted to burn the penis of her unfaithful husband, not burn him to death... This book is more than a collection of some of the most attention-grabbing, shocking and puzzling cases from the past ten years: it also looks at why it might be that so many have happened in this sunny, conservative, unassuming state capital. Praise for *City of Evil*: 'Sean Fewster discovers that a dark truth lurks behind Adelaide's murder capital myth' - Adelaide Advertiser 'a collection of macabre murders, rapes, torture and robbery, all occurring in Adelaide, the City of Churches...sensational and gruesome' - Courier Mail 'This book is not for the squeamish, but if you love true crime stories then this is right up there with the best of them' - Toowoomba Chronicle

Neapolitan Postcards Goffredo Plastino, Joseph Sciorra, 2016-06-22 *Neapolitan Postcards* gathers a diverse group of international scholars to investigate unexplored transnational aspects of the intimate yet globally popular canzone napoletana. Performed and beloved worldwide in almost every language, the style had hits such as “Funiculi funiculà” (1880) and “O sole mio” (1898) which sold millions of copies. These hits fueled the tradition’s spread across the world over the course of the twentieth century with the eventual popularity of covers by singers and musicians of all music genres and styles, from popular music to opera and jazz. This book is the first scholarly work that considers the specific complexities of the international Neapolitan Song scenes through case studies from Argentina, England, Greece, and the United States, employing analyses of compositions, iconographical sources, international films, mechanical musical instruments, performances, and recordings devoted to the canzone napoletana.

Bistrode Jeremy Strode, Jane Strode, 2008 Jane and Jeremy Strode opened their Surry Hills restaurant, *Bistrode*, in September 2005 to critical acclaim and were awarded a coveted Chef's Hat in the 2007 *The Sydney Morning Herald Good Food Guide*, which they retained at the 2008 awards. Jeremy's upbringing in rural England and the 100-year-old heritage listed butcher's shop front provide the inspiration for the Modern British Menu. As their restaurant continues to gain the attention of Sydney foodies, the Strodes have expanded their profile to include a weekly column in *The Sydney Morning Herald's Good Living*, appearing since September 2007 (replacing Bill Granger). Fairfax Books' November release, *Bistrode*, signifies a culmination of the Strodes' achievements, experience and development of their signature cooking style. The book includes diverse recipes that have appeared on menus throughout the many seasons of their international restaurant careers and, more recently, in *Bistrode* and the pages of *Good Living*. Each recipe will have a personal introduction by Jane and Jeremy, which will include a history of the dish.

Free City João Almino, 2013-09-05 *Free City* is master storyteller João Almino's third novel to focus on the city of Brasília, the social swirl of its early years, when contractors, corporate profiteers, idealists, politicians, mystical sects, and even

celebrities mingled—including Aldous Huxley, Fidel Castro, Andre Malraux, John Dos Passos, Elizabeth Bishop, and many others. Putting past and present into direct conflict, the story takes the form of a blog, even incorporating comments from other bloggers, each with their vested interests, each with new reasons for spinning fictions of their own.

Irish South Australia Susan Arthure, Fidelma Breen, Stephanie James, Dymphna Lonergan, 2019-01-17 Its capital is named after German-born Queen Adelaide, its main street after her English husband, King William IV, so it is not surprising that little is known about South Australia's Irish background. However, the first European to discover Adelaide's River Torrens in 1836 was Cork-born and educated George Kingston, who was deputy surveyor to Colonel Light; the river was named in turn for Derryman Colonel Torrens, Chairman of the South Australian Colonisation Commission. Adelaide's first judge and first police commissioner were immigrants from Kerry and Limerick. Irish South Australia charts Irish settlement from as far north as Pekina, to the state's south-east and Mount Gambier. It follows the diverse fortunes of the Irish-born elite such as George Kingston and Charles Harvey Bagot, as well as doctors, farmers, lawyers, orphans, parliamentarians, pastoralists and publicans who made South Australia their home, with various shades of political and religious beliefs: Anglicans, Catholics, Dissenters, Federationalists, Freemasons, Home Rulers, nationalists, and Orangemen. Irish markers can be found in South Australian archaeology, architecture, geography and history. Some of these are visible in the hundreds of Irish place names that dot the South Australian landscape, such as Clare, Donnybrook, Dublin, Kilkenny, Navan, Rostrevor, Tipperary, and Tralee (as Tarlee). The book's editors are twentieth-century Irish immigrants from Dublin (Dymphna Lonergan), Portadown (Fidelma Breen), Trim (Susan Arthure), and by descent from eight Irish-born (Stephanie James).

A Language of Our Own Peter Bakker, 1997-06-05 The Michif language -- spoken by descendants of French Canadian fur traders and Cree Indians in western Canada -- is considered an impossible language since it uses French for nouns and Cree for verbs, and comprises two different sets of grammatical rules. Bakker uses historical research and fieldwork data to present the first detailed analysis of this language and how it came into being.

Translation into the Second Language Stuart Campbell, 2014-08-27 The dynamics of immigration, international commerce and the postcolonial world make it inevitable that much translation is done into a second language, despite the prevailing wisdom that translators should only work into their mother tongue. This book is the first study to explore the phenomenon of translation into a second language in a way that will interest applied linguists, translators and translation teachers, and ESOL teachers working with advanced level students. Rather than seeing translation into a second language as deficient output, this study adopts an interlanguage framework to consider L2 translation as the product of developing competence; learning to translate is seen as a special variety of second language acquisition. Through carefully worked case studies, separate components of translation competence are identified, among them the ability to create stylistically authentic texts in English, the ability to monitor and edit output, and the psychological attitudes that the translator brings to

the task. While the case studies mainly deal with Arabic speakers undergoing translator training in Australia, the conclusions will have implications for translation into a second language, especially English, around the world. Translation into the Second Language is firmly grounded in empirical research, and in this regard it serves as a stimulus and a methodological guide for further research. It will be a valuable addition for advanced undergraduate and postgraduate students of applied linguistics, translation theory, bilingualism and second language acquisition as well as those involved in teaching or practicing translation at a professional level.

Umbertina Helen Barolini, 1999 The panoramic, descriptive, and solidly crafted historical novel of immigration, womanhood, and the feminist ideals of self-reliance and self-confidence (Publishers Weekly). This sweeping, multi-generational novel begins in southern Italy's Calabria region in the late 1800s, as Umbertina--the wife of a simple farmer--persuades her husband to emigrate to the United States to pursue its promise of hope and freedom for their three children. Through years of struggle on New York City's Lower East Side and then in a growing upstate New York town, it is Umbertina's determination, ingenuity, and business sense that propel the family into financial success and security--leaving her daughters and granddaughters free to sort out their identities both as Italian Americans and as women. Through a dazzling interplay of American and Italian characters in both countries, Helen Barolini delineates the major concerns of all thinking American ethnics. This is no less true today, as this republication restores Umbertina to a reading public newly attuned to the complexities of cultural inheritance and identity (The Philadelphia Inquirer).
