Emily Ladau

Haben Haben Girma, 2019-08-06 The incredible life story of Haben Girma, the first Deafblind graduate of Harvard Law School, and her amazing journey from isolation to the world stage. Haben grew up spending summers with her family in the enchanting Eritrean city of Asmara. There, she discovered courage as she faced off against a bull she couldn't see, and found in herself an abiding strength as she absorbed her parents' harrowing experiences during Eritrea's thirty-year war with Ethiopia. Their refugee story inspired her to embark on a quest for knowledge, traveling the world in search of the secret to belonging. She explored numerous fascinating places, including Mali, where she helped build a school under the scorching Saharan sun. Her many adventures over the years range from the hair-raising to the hilarious. Haben defines disability as an opportunity for innovation. She learned non-visual techniques for everything from dancing salsa to handling an electric saw. She developed a text-to-braille communication system that created an exciting new way to connect with people. Haben pioneered her way through obstacles, graduated from Harvard Law, and now uses her talents to advocate for people with disabilities. Haben takes readers through a thrilling game of blind hide-and-seek in Louisiana, a treacherous climb up an iceberg in Alaska, and a magical moment with President Obama at The White House. Warm, funny, thoughtful, and uplifting, this captivating memoir is a testament to one woman's determination to find the keys to connection. This autobiography by a millennial Helen Keller teems with grace and grit. -- O Magazine A profoundly important memoir. -- The Times ** As featured in The Wall Street Journal, People, and on The TODAY Show ** A New York Times New & Noteworthy Pick ** An O Magazine Book of the Month Pick ** A Publishers Weekly Bestseller **

Sitting Pretty Rebekah Taussig, 2020-08-25 A memoir-in-essays from disability advocate and creator of the Instagram account @sitting_pretty Rebekah Taussig, processing a lifetime of memories to paint a beautiful, nuanced portrait of a body that looks and moves differently than most. Growing up as a paralyzed girl during the 90s and early 2000s, Rebekah Taussig only saw disability depicted as something monstrous (The Hunchback of Notre Dame), inspirational (Helen Keller), or angelic (Forrest Gump). None of this felt right; and as she got older, she longed for more stories that allowed disability to be complex and ordinary, uncomfortable and fine, painful and fulfilling. Writing about the rhythms and textures of what it means to live

in a body that doesn't fit, Rebekah reflects on everything from the complications of kindness and charity, living both independently and dependently, experiencing intimacy, and how the pervasiveness of ableism in our everyday media directly translates to everyday life. Disability affects all of us, directly or indirectly, at one point or another. By exploring this truth in poignant and lyrical essays, Taussig illustrates the need for more stories and more voices to understand the diversity of humanity. *Sitting Pretty* challenges us as a society to be patient and vigilant, practical and imaginative, kind and relentless, as we set to work to write an entirely different story.

Being Heumann Judith Heumann, Kristen Joiner, 2021-05-27 A story of fighting to belong in a world that wasn't built for all of us and of one woman's activism--from the streets of Brooklyn and San Francisco to inside the halls of Washington--*Being Heumann* recounts Judy Heumann's lifelong battle to achieve respect, acceptance, and inclusion in society. Paralyzed from polio at eighteen months, Judy Heumann began her struggle for equality early in life. From fighting to attend grade school after being described as a fire hazard to later winning a lawsuit against the New York City school system for denying her a teacher's license, to leading the section 504 sit-in that led to the creation of the Americans with Disabilities Act, Judy's actions set a precedent that fundamentally improved rights for disabled people around the globe. Candid, intimate, and irreverent, Judy Heumann's memoir about resistance to exclusion invites readers to imagine and make real a world in which we all belong.

The Pretty One Keah Brown, 2019-08-06 From the disability rights advocate and creator of the #DisabledAndCute viral campaign, a thoughtful, inspiring, and charming collection of essays exploring what it means to be black and disabled in a mostly able-bodied white America. Keah Brown loves herself, but that hadn't always been the case. Born with cerebral palsy, her greatest desire used to be normalcy and refuge from the steady stream of self-hate society strengthened inside her. But after years of introspection and reaching out to others in her community, she has reclaimed herself and changed her perspective. In *The Pretty One*, Brown gives a contemporary and relatable voice to the disabled—so often portrayed as mute, weak, or isolated. With clear, fresh, and light-hearted prose, these essays explore everything from her relationship with her able-bodied identical twin (called “the pretty one” by friends) to navigating romance; her deep affinity for all things pop culture—and her disappointment with the media's distorted view of disability; and her declaration of self-love with the viral hashtag #DisabledAndCute. By “smashing stigmas, empowering her community, and celebrating herself” (*Teen Vogue*), *Brown and The Pretty One* aims to expand the conversation about disability and inspire self-love for people of all backgrounds.

Being Seen Elsa Sjunneson, 2022-11 A Deafblind writer and professor explores how the misrepresentation of disability in books, movies, and TV harms both the disabled community and everyone else. As a Deafblind woman with partial vision in one eye and bilateral hearing aids, Elsa Sjunneson lives at the crossroads of blindness and sight, hearing and

deafness—much to the confusion of the world around her. While she cannot see well enough to operate without a guide dog or cane, she can see enough to know when someone is reacting to the visible signs of her blindness and can hear when they're whispering behind her back. And she certainly knows how wrong our one-size-fits-all definitions of disability can be. As a media studies professor, she's also seen the full range of blind and deaf portrayals on film, and here she deconstructs their impact, following common tropes through horror, romance, and everything in between. Part memoir, part cultural criticism, part history of the Deafblind experience, *Being Seen* explores how our cultural concept of disability is more myth than fact, and the damage it does to us all.

Sounds Like Home Mary Herring Wright, 1999 New edition available: *Sounds Like Home: Growing Up Black and Deaf in the South*, 20th Anniversary Edition, ISBN 978-1-944838-58-4 Features a new introduction by scholars Joseph Hill and Carolyn McCaskill Mary Herring Wright's memoir adds an important dimension to the current literature in that it is a story by and about an African American deaf child. The author recounts her experiences growing up as a deaf person in Iron Mine, North Carolina, from the 1920s through the 1940s. Her story is unique and historically significant because it provides valuable descriptive information about the faculty and staff of the North Carolina school for Black deaf and blind students from the perspective of a student as well as a student teacher. In addition, this engrossing narrative contains details about the curriculum, which included a week-long Black History celebration where students learned about important Blacks such as Madame Walker, Paul Laurence Dunbar, and George Washington Carver. It also describes the physical facilities as well as the changes in those facilities over the years. In addition, *Sounds Like Home* occurs over a period of time that covers two major events in American history, the Depression and World War II. Wright's account is one of enduring faith, perseverance, and optimism. Her keen observations will serve as a source of inspiration for others who are challenged in their own ways by life's obstacles.

Long Time, No See Beth Finke, 2010-10-01 *Long Time, No See* is certainly an inspiring story, but Beth Finke does not aim to inspire. Eschewing reassuring platitudes and sensational pleas for sympathy, she charts her struggles with juvenile diabetes, blindness, and a host of other hardships, sharing her feelings of despair and frustration as well as her hard-won triumphs. Rejecting the label "courageous," she prefers to describe herself using the phrase her mother invoked in times of difficulty: "She did what she had to do." With unflinching candor and acerbic wit, Finke chronicles the progress of the juvenile diabetes that left her blind at the age of twenty-six as well as the seemingly endless spiral of adversity that followed. First she was forced out of her professional job. Then she bore a multiply handicapped son. But she kept moving forward, confronting marital and financial problems and persevering through a rocky training period with a seeing-eye dog. Finke's life story and her commanding knowledge of her situation give readers a clear understanding of diabetes, blindness, and the issues faced by parents of children with significant disabilities. Because she has taken care to include accurate medical

information as well as personal memoir, *Long Time, No See* serves as an excellent resource for others in similar situations and for professionals who deal with disabled adults or children.

Black Ice Lorene Cary,2010-12-29 In 1972 Lorene Cary, a bright, ambitious black teenager from Philadelphia, was transplanted into the formerly all-white, all-male environs of the elite St. Paul's School in New Hampshire, where she became a scholarship student in a boot camp for future American leaders. Like any good student, she was determined to succeed. But Cary was also determined to succeed without selling out. This wonderfully frank and perceptive memoir describes the perils and ambiguities of that double role, in which failing calculus and winning a student election could both be interpreted as betrayals of one's skin. *Black Ice* is also a universally recognizable document of a woman's adolescence; it is, as Houston Baker says, a journey into selfhood that resonates with sober reflection, intelligent passion, and joyous love.

The Revisioners Margaret Wilkerson Sexton,2020-08-18 This New York Times Book Review Notable Book of the Year from the author of the Reese Witherspoon Book Club pick, *On the Rooftop*, is a powerful tale of racial tensions across generations (People) that explores the depths of women's relationships—influential women and marginalized women, healers, and survivors. In 1924, Josephine is the proud owner of a thriving farm. As a child, she channeled otherworldly power to free herself from slavery. Now her new neighbor, a white woman named Charlotte, seeks her company, and an uneasy friendship grows between them. But Charlotte has also sought solace in the Ku Klux Klan, a relationship that jeopardizes Josephine's family. Nearly one hundred years later, Josephine's descendant, Ava, is a single mother who has just lost her job. She moves in with her white grandmother, Martha, a wealthy but lonely woman who pays Ava to be her companion. But Martha's behavior soon becomes erratic, then threatening, and Ava must escape before her story and Josephine's converge. *The Revisioners* explores the depths of women's relationships—powerful women and marginalized women, healers and survivors. It is a novel about the bonds between mothers and their children, the dangers that upend those bonds. At its core, *The Revisioners* ponders generational legacies, the endurance of hope, and the undying promise of freedom. [A] stunning new novel . . . Sexton's writing is clear and uncluttered, the dialogue authentic, with all the cadences of real speech . . . This is a novel about the women, the mothers. —The New York Times Book Review

Demystifying Disability Emily Ladau,2021-09-07 An approachable guide to being a thoughtful, informed ally to disabled people, with actionable steps for what to say and do (and what not to do) and how you can help make the world a more inclusive place ONE OF THE BEST BOOKS OF THE YEAR: NPR, Booklist • “A candid, accessible cheat sheet for anyone who wants to thoughtfully join the conversation . . . Emily makes the intimidating approachable and the complicated clear.”—Rebekah Taussig, author of *Sitting Pretty: The View from My Ordinary, Resilient, Disabled Body* People with disabilities are the world's largest minority, an estimated 15 percent of the global population. But many of us—disabled and nondisabled alike—don't know how to act, what to say, or how to be an ally to the disability community. What are the

appropriate ways to think, talk, and ask about disability? *Demystifying Disability* is a friendly handbook on the important disability issues you need to know about, including: • Recognizing and avoiding ableism (discrimination toward disabled people) • Practicing good disability etiquette • Ensuring accessibility becomes your standard practice, from everyday communication to planning special events • Appreciating disability history and identity • Identifying and speaking up about disability stereotypes in media Authored by celebrated disability rights advocate, speaker, and writer Emily Ladau, this practical, intersectional guide offers all readers a welcoming place to understand disability as part of the human experience. Praise for *Demystifying Disability* “Whether you have a disability, or you are non-disabled, *Demystifying Disability* is a MUST READ. Emily Ladau is a wise spirit who thinks deeply and writes exquisitely.”—Judy Heumann, international disability rights advocate and author of *Being Heumann* “Emily Ladau has done her homework, and *Demystifying Disability* is her candid, accessible cheat sheet for anyone who wants to thoughtfully join the conversation. The Power of Disability Al Etmanski, 2020-02-04 “This book reminds us of what we have in common: the power to create a good life for ourselves and for others, no matter what the world has in store for us.” —Michael J. Fox This book reveals that people with disabilities are the invisible force that has shaped history. They have been instrumental in the growth of freedom and birth of democracy. They have produced heavenly music and exquisite works of art. They have unveiled the scientific secrets of the universe. They are among our most popular comedians, poets, and storytellers. And at 1.2 billion, they are also the largest minority group in the world. Al Etmanski offers ten lessons we can all learn from people with disabilities, illustrated with short, funny, inspiring, and thought-provoking stories of one hundred individuals from twenty countries. Some are familiar, like Michael J. Fox, Greta Thunberg, Stephen Hawking, Helen Keller, Stevie Wonder, and Temple Grandin. Others deserve to be, like Evelyn Glennie, a virtuoso percussionist who is deaf—her mission is to teach the world to listen to improve communication and social cohesion. Or Aaron Philip, who has revolutionized the runway as the first disabled, trans woman of color to become a professional model. The time has come to recognize people with disabilities for who they really are: authoritative sources on creativity, love, sexuality, resistance, dealing with adversity, and living a good life.

Train Go Sorry Leah Hager Cohen, 1994-02-16 A “remarkable and insightful” look inside a New York City school for the deaf, blending memoir and history (*The New York Times Book Review*). Leah Hager Cohen is part of the hearing world, but grew up among the deaf community. Her Russian-born grandfather had been deaf—a fact hidden by his parents as they took him through Ellis Island—and her father served as superintendent at the Lexington School for the Deaf in Queens. Young Leah was in the minority, surrounded by deaf culture, and sometimes felt like she was missing the boat—or in the American Sign Language term, “train go sorry.” Here, the award-winning writer looks back on this experience and also explores a

pivotal moment in deaf history, when scientific advances and cultural attitudes began to shift and collide—in a unique mix of journalistic reporting and personal memoir that is “a must-read” (Chicago Sun-Times). “The history of the Lexington School for the Deaf, the oldest school of its kind in the nation, comes alive with Cohen’s vivid descriptions of its students and administrators. The author, who grew up at the school, follows the real-life events of Sofia, a Russian immigrant, and James, a member of a poor family in the Bronx, as well as members of her own family both past and present who are intimately associated with the school. Cohen takes special pride in representing the views of the deaf community—which are sometimes strongly divided—in such issues as American Sign Language (ASL) vs. oralism, hearing aids vs. cochlear implants, and mainstreaming vs. special education. The author’s lively narrative includes numerous conversations translated from ASL . . . a one-of-a-kind book.” —Library Journal “Throughout the book, Cohen focuses on two students whose Russian and African American roots exemplify the school’s increasingly diverse population . . . beautifully written.” —Booklist

Not Fade Away Rebecca A. Alexander, Sascha Alper, 2014-09-11 Even a darkening world can be brilliantly lit from within. Born with a rare genetic mutation called Usher Syndrome type III, Rebecca Alexander has been simultaneously losing both her sight and hearing since she was a child, and was told that she would likely be completely blind and deaf by age 30. Then, at 18, a fall from a window left her athletic body completely shattered. None of us know what we would do in the face of such devastation. What Rebecca did was rise to every challenge she faced. She was losing her vision and hearing and her body was broken, but she refused to lose her drive, her zest for life and – maybe most importantly – her sense of humor. Now, at 35, with only a sliver of sight and significantly deteriorated hearing, she is a psychotherapist with two masters’ degrees from Columbia University, and an athlete who teaches spin classes and regularly competes in extreme endurance races. She greets every day as if it were a gift, with boundless energy, innate curiosity, and a strength of spirit that have led her to places we can't imagine. In *Not Fade Away*, Rebecca tells her extraordinary story, by turns harrowing, funny and inspiring. She meditates on what she’s lost—from the sound of a whisper to seeing a sky full of stars, and what she’s found in return—an exquisite sense of intimacy with those she is closest to, a love of silence, a profound gratitude for everything she still has, and a joy in simple pleasures that most of us forget to notice. *Not Fade Away* is both a memoir of the senses and a unique look at the obstacles we all face—physical, psychological, and philosophical—exploring the extraordinary powers of memory, love, and perseverance. It is a gripping story, an offering of hope and motivation, and an exquisite reminder to live each day to its fullest.

Rolling Warrior Judith Heumann, Kristen Joiner, 2021-06-15 As featured in the Oscar-nominated documentary *Crip Camp*, and for readers of *I Am Malala*, one of the most influential disability rights activists in US history tells her story of fighting to belong. “If I didn’t fight, who would?” Judy Heumann was only 5 years old when she was first denied her right to attend school. Paralyzed from polio and raised by her Holocaust-surviving parents in New York City, Judy had a drive for

equality that was instilled early in life. In this young readers' edition of her acclaimed memoir, *Being Heumann*, Judy shares her journey of battling for equal access in an unequal world—from fighting to attend grade school after being described as a “fire hazard” because of her wheelchair, to suing the New York City school system for denying her a teacher’s license because of her disability. Judy went on to lead 150 disabled people in the longest sit-in protest in US history at the San Francisco Federal Building. Cut off from the outside world, the group slept on office floors, faced down bomb threats, and risked their lives to win the world’s attention and the first civil rights legislation for disabled people. Judy’s bravery, persistence, and signature rebellious streak will speak to every person fighting to belong and fighting for social justice.

Building the Inclusive City Victor Santiago Pineda, 2019-11-28 This Open Access book is an anthropological urban study of the Emirate of Dubai, its institutions, and their evolution. It provides a contemporary history of disability in city planning from a non-Western perspective and explores the cultural context for its positioning. Three insights inform the author’s approach. First, disability research, much like other urban or social issues, must be situated in a particular place. Second, access and inclusion forms a key part of both local and global planning issues. Third, a 21st century planning education should take access and inclusion into consideration by applying a disability lens to the empirical, methodological, and theoretical advances of the field. By bridging theory and practice, this book provides new insights on inclusive city planning

and comparative urban theory. This book should be read as part of a larger struggle to define and assert access; it's a story of how equity and justice are central themes in building the cities of the future and of today.

Comparative Capital Punishment Carol S. Steiker, Jordan M. Steiker, Comparative Capital Punishment offers a set of in-depth, critical and comparative contributions addressing death practices around the world. Despite the dramatic decline of the death penalty in the last half of the twentieth century, capital punishment remains in force in a substantial number of countries around the globe. This research handbook explores both the forces behind the stunning recent rejection of the death penalty, as well as the changing shape of capital practices where it is retained. The expert contributors address the social, political, economic, and cultural influences on both retention and abolition of the death penalty and consider the distinctive possibilities and pathways to worldwide abolition.

Fay Wray and Robert Riskin Victoria Riskin, 2019-02-26 Finalist for the Los Angeles Times Book Prize (Biography) A Hollywood love story, a Hollywood memoir, a dual biography of two of Hollywood's most famous figures, whose golden lives were lived at the center of Hollywood's golden age, written by their daughter, an acclaimed writer and producer. Fay Wray was most famous as the woman—the blonde in a diaphanous gown—who captured the heart of the mighty King Kong, the twenty-five-foot, sixty-ton gorilla, as he placed her, nestled in his eight-foot hand, on the ledge of the 102-story Empire State Building, putting Wray at the height of New York's skyline and cinematic immortality. Wray starred in more than 120 pictures opposite Hollywood's biggest stars—Spencer Tracy, Gary Cooper (*The Legion of the Condemned*, *The First Kiss*, *The Texan*, *One Sunday Afternoon*), Clark Gable, William Powell, and Charles Boyer; from cowboy stars Hoot Gibson and Art Accord to Ronald Colman (*The Unholy Garden*), Claude Rains, Ralph Richardson, and Melvyn Douglas. She was directed by

the masters of the age, from Fred Niblo, Erich von Stroheim (*The Wedding March*), and Mauritz Stiller (*The Street of Sin*) to Leo McCarey, William Wyler, Gregory La Cava, “Wild Bill” William Wellman, Merian C. Cooper (*The Four Feathers*, *King Kong*), Josef von Sternberg (*Thunderbolt*), Dorothy Arzner (*Behind the Make-Up*), Frank Capra (*Dirigible*), Michael Curtiz (*Doctor X*), Raoul Walsh (*The Bowery*), and Vincente Minnelli. The book’s—and Wray’s—counterpart: Robert Riskin, considered one of the greatest screenwriters of all time. Academy Award-winning writer (nominated for five), producer, ten-year-long collaborator with Frank Capra on such pictures as *American Madness*, *It Happened One Night*, *Mr. Deeds Goes to Town*, *Lost Horizon*, and *Meet John Doe*, hailed by many, among them F. Scott Fitzgerald, as “among the best screenwriters in the business.” Riskin wrote women characters who were smart, ornery, sexy, always resilient, as he perfected what took full shape in *It Happened One Night*, the Riskin character, male or female—breezy, self-made, streetwise, optimistic, with a sense of humor that is subtle and sure. Fay Wray and Robert Riskin lived large lives, finding each other after establishing their artistic selves and after each had had many romantic attachments—Wray, an eleven-year-long difficult marriage and a fraught affair with Clifford Odets, and Riskin, a series of romances with, among others, Carole Lombard, Glenda Farrell, and Loretta Young. Here are Wray’s and Riskin’s lives, their work, their fairy-tale marriage that ended so tragically. Here are their dual, quintessential American lives, ultimately and blissfully intertwined.

A Disability History of the United States Kim E. Nielsen, 2012-10-02 The first book to cover the entirety of disability history, from pre-1492 to the present Disability is not just the story of someone we love or the story of whom we may become; rather it is undoubtedly the story of our nation. Covering the entirety of US history from pre-1492 to the present, *A Disability History of the United States* is the first book to place the experiences of people with disabilities at the center of the American narrative. In many ways, it’s a familiar telling. In other ways, however, it is a radical repositioning of US history. By doing so, the book casts new light on familiar stories, such as slavery and immigration, while breaking ground about the ties between nativism and oralism in the late nineteenth century and the role of ableism in the development of democracy. *A Disability History of the United States* pulls from primary-source documents and social histories to retell American history through the eyes, words, and impressions of the people who lived it. As historian and disability scholar Nielsen argues, to understand disability history isn’t to narrowly focus on a series of individual triumphs but rather to examine mass movements and pivotal daily events through the lens of varied experiences. Throughout the book, Nielsen deftly illustrates how concepts of disability have deeply shaped the American experience—from deciding who was allowed to immigrate to establishing labor laws and justifying slavery and gender discrimination. Included are absorbing—at times horrific—narratives of blinded slaves being thrown overboard and women being involuntarily sterilized, as well as triumphant accounts of disabled miners organizing strikes and disability rights activists picketing Washington. Engrossing and profound, *A Disability History of the United States* fundamentally reinterprets how we view our nation’s past: from a stifling master narrative to a shared history that

encompasses us all.
