

Making Content Comprehensible For English Learners

MaryEllen Vogt, Jana Echevarría, Marilyn Amy Washam

Making Content Comprehensible for English Learners Jana Echevarría, MaryEllen Vogt, Deborah Short, 2017 This book introduces and explains the SIOP® (Sheltered Instruction Observation Protocol) Model, a comprehensive, coherent, research-validated model of sheltered instruction, now implemented in districts throughout all 50 states and in multiple countries and territories. The SIOP Model improves teaching effectiveness and results in academic gains for students.--From the back cover.

Making Content Comprehensible for English Learners Jana Echevarría, MaryEllen Vogt, Deborah Short, 2012 In this new fourth edition the authors present the most comprehensive, coherent model of sheltered instruction yet by fully explaining the widely popular SIOP (Sheltered Instruction Observation Protocol) Model and providing lesson plans and instructional activities to help teachers implement it effectively in K-12 classrooms.

Making Content Comprehensible for English Learners Jana Echevarría, MaryEllen Vogt, Deborah Short, 2004 Like no other text on the market, *Making Content Comprehensible* presents an empirically validated model of sheltered instruction. This text contains the Sheltered Instruction Observation Protocol (SIOP) model, which provides school administrators, staff developers, teachers, teacher candidates, university faculty, and field experience supervisors with a tool for observing and quantifying a teacher's implementation of quality sheltered instruction. New to This Edition A new, additional chapter addresses the issue of English learners who are struggling readers and/or students with disabilities by including detailed information about learning disabilities and delayed development in reading (Ch. 10). Revised vignettes present teaching scenarios where three teachers teaching the same grade level and content attempt to include the focal SIOP indicators, with varying degrees of success. Complete lesson descriptors allow readers to score the three teaching scenarios and help readers develop a degree of inter-rater reliability. New pedagogy! Each chapter contains: A graphic organizer that provides an overview of the chapter. Background Sections that include descriptions of the 8 sections and 30 indicators of the SIOP to help readers plan and prepare effective sheltered lessons. Background Discussion Questions appropriate for portfolio development in pre-service and graduate classes, for professional development workshops, or for reflection. The new, larger trim size facilitates using in the classroom the SIOP long and short versions and the lesson plan forms and rating the vignettes. Includes both the full SIOP and an abbreviated version for the reader's use. Two different SIOP lesson plan

formats that can be used for planning and preparation, depending on your needs. An Appendix contains the results of studies that demonstrate that English learners whose teachers used the SIOP model outperformed similar students whose teachers did not implement the model. Making Content Comprehensible is very practical and right on target for strategies in the field of ELLs. Professor Gerald McCain, Southern Oregon University What clearly distinguishes Making Content Comprehensible from others in the field is that it provides an easy-to-use, powerful, field-tested protocol for effective lesson planning, delivery and assessment. Professor Karen L. Newman, Indiana University The strength of Making Content Comprehensible is the clear picture it provides of instruction and the teaching scenarios. The discussion of the teaching techniques and evaluation of each of the three teachers provides invaluable examples for the student. Professor Judith B. O Loughlin, New Jersey City University Author Bios: Dr. Jana Echevarria is Chair of the Department of Educational Psychology, Administration and Counseling at California State University, Long Beach. Formerly she was a professor of Special Education. Her professional experience includes elementary and secondary teaching in special education, ESL and bilingual programs. She has lived in Taiwan and Mexico where she taught ESL and second language acquisition courses at the university level, as well as in Spain where she conducted research on instructional programs for immigrant students. After receiving a Masters Degree in Bilingual Special Education from California State University, Long Beach, she received her Ph.D. from UCLA and was one of the recipients of the National Association for Bilingual Education's Outstanding Dissertations Competition. Her research and publications focus on effective instruction for language minority students, particularly those with learning disabilities. Mary Ellen Vogt is Professor and Director of Graduate Studies in Reading at California State University, Long Beach. Prior to her work at the university, she was a reading specialist at the school and district levels. Dr. Vogt is a past president of the California Reading Association, and served on the Board of Directors of the International Reading Association. She has authored chapters and articles in professional journals and texts, and has co-authored five books including: Portfolios in Teacher Education (1996; International Reading Association), Professional Portfolio Models (1998; Christopher-Gordon), Creativity and Innovation in Content Area Teaching (2000; Christopher-Gordon), and Making Content Comprehensible for English Language Learners: The SIOP Model (2000; Allyn & Bacon). Dr. Vogt is also an author of two K-8 reading series published by Houghton Mifflin: Invitations to Literacy and a Legacy of Literacy. She has been inducted into the California Reading Hall of Fame, and in 1999 she received the Distinguished Faculty Teaching Award from her university. Deborah J. Short directs the Language Education and Academic Development division at the Center for Applied Linguistics in Washington, DC. She conducts school-based research on sheltered instruction and on effective programs for English language learners. She helped develop the national ESL standards. Her PhD specialization is bilingual/multicultural education.

Unlocking English Learners' Potential Diane Staehr Fenner, Sydney Snyder, 2017-05-16 A once-in-a-generation text for assisting a new generation of students Content teachers and ESOL teachers, take special note: if you're looking for a single resource to help your English learners meet the same challenging content standards as their English-proficient peers, your search is complete. Just dip into this toolbox of strategies, examples, templates, and activities from EL authorities Diane Staehr Fenner and Sydney Snyder. The best part? Unlocking English Learners' Potential supports teachers across all levels of experience. The question is not if English learners can succeed in today's more rigorous classrooms, but how. Unlocking English Learners' Potential is all about the how: How to scaffold ELs' instruction across content and grade levels How to promote ELs' oral language development and academic language How to help ELs analyze text through close reading and text-dependent questions How to build ELs' background knowledge How to design and use formative assessment with ELs Along the way, you'll build the collaboration, advocacy, and leadership skills that we all need if we're to fully support our English learners. After all, any one of us with at least one student acquiring English is now a teacher of ELs. Schools are not intentionally equitable places for English learners to achieve, but they could be if the right system of support were put in place. Diane Staehr Fenner and Sydney Snyder recommend just such a system. Not only does it have significant potential for providing fuller access to the core curriculum, it also provides a path for teachers to travel as they navigate the individual needs of students and support their learning journeys. —Douglas Fisher, Coauthor of Visible Learning for Literacy

Making Content Comprehensible for Secondary English Learners Jana Echevarria, MaryEllen Vogt, Deborah J. Short, 2013-07-25 This is the eBook of the printed book and may not include any media, website access codes, or print supplements that may come packaged with the bound book. Making Content Comprehensible for Secondary English Learners: The SIOP® Model is written to give middle and secondary school teachers lesson plans, teaching ideas, and many effective activities for working successfully with adolescents who are English learners or who struggle with academic literacy. Several sample lessons and activities show the alignment of the SIOP Model to the Common Core State Standards (CCSS). Based on research that confirms that the SIOP Model (Sheltered Instruction Observation Protocol) makes a positive difference academically for all students—and what works well for English learners will work equally well with other students—the book is ideal both for teachers who are already familiar with the SIOP Model, and those who are just learning about it. It gives educators a model for planning and implementing lessons that help the English learners in their charge gain access to grade-level content standards, and ultimately prepare them for life after high school, in college or a career. Building Academic Language Jeff Zwiers, 2013-02-20 Many students, ranging from native English speakers to recent immigrants, need help in understanding and using the language of school. Language is the lifeblood of learning in all content areas, and it plays a major role in academic achievement. Building Academic Language explains the functions and features of academic language that every teacher (language arts, history, math, & science teachers, etc.) should know for supporting academic reading, writing, and discussion. The book includes research-based instructional and assessment activities that content teachers can use to build students' abilities to understand and describe the many abstract concepts, higher-order thinking skills, and complex relationships in a discipline. The book emphasizes an approach that builds from students' existing ways of learning and communicating, scaffolding them to think and talk as content area experts think and talk about math, science, history, and language arts. Major topics and themes include: What is academic language and how does it differ by content area? How can language-building activities (discussions, small groups, etc.) support content understanding? How can we build language abilities for content reading and writing - and vice versa? How can we build on students' diverse

ways of understanding, learning, and communicating about the world? How can we more effectively model and scaffold academic language in our teaching and assessment?

Encyclopedia of Bilingual Education Josue M. Gonzalez,2008-06-05 The book is arranged alphabetically from Academic English to Zelasko, Nancy.

The SIOP Model for Administrators Deborah Short,MaryEllen Vogt,Jana Echevarría,2017 For courses in ESL Methods Bilingual Methods, and for K-12 administrators This package includes the Enhanced Pearson eText and the bound book. A user-friendly guide for administrators that provides the knowledge, tools, and resources necessary to understand and oversee the implementation of the SIOP(R) Model for teaching English learners. A must-read for all administrators whose schools enroll English learners, this book provides the tools needed for supervising the education of this growing population of learners. It introduces a comprehensive, coherent, research-validated model--the SIOP (R) Model--for teaching English learners and helping them meet rigorous academic standards. It also includes concrete strategies and advice from other administrators to help principals, coordinators, and others implement the model, and provides guidance for getting started and sustaining the intervention. While summarizing 20 years of research that has proven the SIOP (R) Model's effectiveness for all grades and subject areas, the book explains the second language acquisition process so administrators can understand how students best learn new languages. The SIOP(R) Model gives educators a user-friendly approach for planning and delivering lessons that 1) provide English learners and other students access to state standards and grade-level content, 2) develop students' academic English skills, and 3) prepare students to be college and career ready. Using this book, administrators see how they can best support their teachers in the classrooms and assess their implementation of the model. Included in each chapter are videos of the SIOP(R) authors and key discussion points; Key Points summaries; and Reflect and Apply discussion questions. The final chapter highlights common questions from administrators about the SIOP(R) Model and provides answers grounded in real-life experiences in schools and districts. Educating English Language Learners Fred Genesee,Kathryn Lindholm-Leary,Bill Saunders,Donna Christian,2006-01-16 The book provides a review of scientific research on the learning outcomes of students with limited or no proficiency in English in U.S. schools. Research on students in kindergarten to grade 12 is reviewed. The primary chapters of the book focus on these students' acquisition of oral language skills in English, their development of literacy (reading & writing) skills in English, instructional issues in teaching literacy, and achievement in academic domains (i.e., mathematics, science, and

reading). The reviews and analyses of the research are relatively technical with a focus on research quality, design characteristics, and statistical analyses. The book provides a set of summary tables that give details about each study, including full references, characteristics of the students in the research, assessment tools and procedures, and results. A concluding chapter summarizes the major issues discussed and makes recommendations about particular areas that need further research.

Making Science Accessible to English Learners John Warren Carr, Ursula Sexton, Rachel Lagunoff, 2007 This updated edition of the bestselling guidebook helps middle and high school science teachers reach English learners in their classrooms. The guide offers practical guidance, powerful and concrete strategies, and sample lesson scenarios that can be implemented immediately in any science class. It includes rubrics to help teachers identify the most important language skills at five ELD levels; practical guidance and tips from the field; seven scaffolding strategies for differentiating instruction; seven tools to promote academic language and scientific discourse; assessment techniques and accommodations to lower communication barriers for English learners; and two integrated lesson scenarios demonstrating how to combine and embed these various strategies, tools, techniques, and approaches. The volume is designed for teachers who have had limited preparation for teaching science in classrooms where some students are also English learners.

Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Making Content Comprehensible For English Learners PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Making Content Comprehensible For English Learners PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives

to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
