The Latin Chronicle of the Kings of Castile Joseph F. O'Callaghan,2002

Neoplatonism and Indian Thought R. Baine Harris,1981-06-30 The nineteen essays that form this pioneering volume of comparative philosophy represent an exchange of ideas among specialists in Neoplatonism and specialists in Indian thought. These scholars have examined concepts and assertions that appear to be common to both philosophical traditions, as well as the possible historical influence of Indian sources upon late Greek philosophy, and specifically upon the Alexandrine Platonists. While most of the essays refer to Hinduism, several of them contain general surveys.

Alfonso X and the Cantigas De Santa Maria Joseph F. O'Callaghan,1998 In the Cantigas de Santa Maria, a collection of about four hundred poems written in Galician, Alfonso X, el Sabio, king of Castile-Leon, has left us a kind of poetic biography. This volume explicates the historical circumstances surrounding the stories that the king tells about himself and his kingdom. As Mary's troubadour, he appeals to her as his advocate and consoler.

The Chronicle of San Juan de la Peña Pedro IV (King of Aragon),1991 Commissioned and supervised by King Pedro IV, and compiled some time around 1380, The Chronicle of San Juan de la Pena was long valued as the earliest complete history of the Crown of Aragon. With Lynn H. Nelson's translation, the Chronicle is at last available in English.

Petrus Romanus Thomas R. Horn,Cris Putnam,2012 According to the prophecy of the last Pope takes from St. Malachy's Prophecy of the Popes, the Pope who follow Pope Benedict XVI will be the false prophet who leads the world's religious communities into embracing the political leader known as the Antichrist. Learn how the Vaticanian is tied to the Mayan 2012 prophecy; the fourth secret of Fatima; and the Enthronement of Lucifer at the Vatican.

The Power of Images David Freedberg,2013-02-01 This learned and heavy volume should be placed on the shelves of every art historical library.—E. H. Gombrich, New York Review of Books This is an engaged and passionate work by a writer

with powerful convictions about art, images, aesthetics, the art establishment, and especially the discipline of art history. It is animated by an extraordinary erudition.—Arthur C. Danto, *The Art Bulletin* Freedberg's ethnographic and historical range is simply stunning. . . . *The Power of Images* is an extraordinary critical achievement, exhilarating in its polemic against aesthetic orthodoxy, endlessly fascinating in its details. . . . This is a powerful, disturbing book.—T. J. Jackson Lears, *Wilson Quarterly* Freedberg helps us to see that one cannot do justice to the images of art unless one recognizes in them the entire range of human responses, from the lowly impulses prevailing in popular imagery to their refinement in the great visions of the ages.—Rudolf Arnheim, *Times Literary Supplement*

Medieval Death Paul Binski, 1996 A study of the social, theological and cultural issues involved in death and dying in Europe from the end of the Roman Empire to the early sixteenth century.

King of the Badgers Philip Hensher, 2011-03-31 After the success of *The Northern Clemency*, shortlisted for the 2008 Man Booker Prize, Philip Hensher brings us another slice of contemporary life, this time the peaceful civility and spiralling paranoia of a small English town.

Sacred and Stolen Gary Vikan, 2016-09-20 *Sacred and Stolen* is the memoir of an art museum director with the courage to reveal what goes on behind the scenes. Gary Vikan lays bare the messy underbelly of museum life: looted antiquities, crooked dealers, deluded collectors, duplicitous public officials, fakes, inside thefts, bribery, and failed exhibitions. These backstories, at once shocking and comical, reveal a man with a taste for adventure, an eagerness to fan the flames of excitement, and comfort with the chaos that often ensued. A Minnesota kid who started out as a printer's devil in his father's small-town newspaper, Vikan ended up as the director of The Walters Art Museum, a gem of a museum in Baltimore. *Sacred and Stolen* reveals his quest to bring the "holy" into the museum experience as he struggles to reconcile his passion for acquiring sacred works of art with his suspicion that they were stolen. The cast of characters in his many adventures include

the elegant French oil heiress, Dominique de Menil, the notorious Turkish smuggler, Aydin Dikmen, his slippery Dutch dealer, Michel van Rijn, the inscrutable and implacable Patriarchs of Ethiopia and Georgia, and the charismatic President of Georgia, Eduard Shevardnadze—along with a mysterious thief of a gorgeous Renoir painting missing from a museum for over sixty years. When the painting suddenly shows up, it's Vikan who tracks down the culprit. In his afterword Vikan explains his coming to grips with the realities of art dealing in our present dangerous world that includes the fanatical iconoclasm of the Islamic State. We know of the violent destruction and looting of precious treasures of antiquity and unscrupulous black market art dealers who take advantage of international conflicts to possess them. *Sacred and Stolen* is a truly eye-opening account of art dealing in the modern world.

In Defiance of Painting Christine Poggi,1992-01-01 The invention of collage by Picasso and Braque in 1912 proved to be a dramatic turning point in the development of Cubism and Futurism and ultimately one of the most significant innovations in twentieth-century art. Collage has traditionally been viewed as a new expression of modernism, one allied with modernism's search for purity of means, anti-illusionism, unity, and autonomy of form. This book - the first comprehensive study of collage and its relation to modernism - challenges this view. Christine Poggi argues that collage did not become a new language of modernism but a new language with which to critique modernism. She focuses on the ways Cubist collage - and the Futurist multimedia work that was inspired by it - undermined prevailing notions of material and stylistic unity, subverted the role of the frame and pictorial ground, and brought the languages of high and low culture into a new relationship of exchange.

New Testament Manuscripts Thomas J Kraus,Tobias Nicklas,2006-05-01 *New Testament Manuscripts: Their Texts and Their World* comprises twelve essays dealing with manuscripts of the New Testament and/or what we can learn from them today. Starting from different angles the contributors — distinguished scholars of international reputation — focus on the fascinating and thrilling stories manuscripts tell, for instance about the times they were produced in or the people who handled them. The multitude of manuscripts used for establishing the critical text of the New Testament is often only perceived as abbreviations in form of single letters or numerals, and today's biblical scholars may hardly ever take notice of the specific features of an original manuscript, above all those not mentioned in a critical edition. Therefore, three sets of contributions deals with the conditions under which manuscripts from the early days of Christianity were produced and transmitted, specific individual manuscripts, and then special features observed in and with the help of various manuscripts. In a final essay the usual method of how to organize and categorize New Testament manuscripts is challenged and an alternative method proposed. The essays are linked with each other so that readers may get a feeling of how astounding an occupation with the original manuscripts of the New Testament and the days of the early Christians can be.

Visualizing Women in the Middle Ages Madeline Harrison Caviness,2001 For Caviness, an awareness of historical

context places pressure upon contemporary theories like that of the male gaze, changing their shapes and creating even richer dialogues with the past.--BOOK JACKET.

The Trap Ana María Matute,1996 In *The Trap*, Ana Maria Matute explores ties that bind family, society and culture. Through her compelling use of a powerful feminine first-person narrative, Matute highlights the experience of women during the tumultuous years of the Spanish Civil War (1936-1939). Matute delicately weaves a feminist subtext into the larger context of Spain's difficulties in dealing with gender, class and cultural distinctions. She draws from her own experiences to paint a literary picture of the conflict between two groups: the people she calls the merchants - who deny the vitality of life - and the soldiers - who believe in tolerance. In this third novel of the famous trilogy, *The Merchants*, Matute examines the lasting effects of social upheaval, discrimination and lives trapped in conflict.

Latin America's New Historical Novel Seymour Menton,2010-07-22 Beginning with the 1979 publication of Alejo Carpentier's *El arpa y la sombra*, the New Historical Novel has become the dominant genre within Latin American fiction. In this at-times tongue-in-cheek postmodern study, Seymour Menton explores why the New Historical Novel has achieved such popularity and offers discerning readings of numerous works. Menton argues persuasively that the proximity of the Columbus Quincentennial triggered the rise of the New Historical Novel. After defining the historical novel in general, he identifies the distinguishing features of the New Historical Novel. Individual chapters delve deeply into such major works as Mario Vargas Llosa's *La guerra del fin del mundo*, Abel Posse's *Los perros del paraíso*, Gabriel García Márquez's *El general en su laberinto*, and Carlos Fuentes' *La campaña*. A chapter on the Jewish Latin American novel focuses on several works that deserve greater recognition, such as Pedro Orgambide's *Aventuras de Edmund Ziller en tierras del Nuevo Mundo*, Moacyr Scliar's *A estranha nação de Rafael Mendes*, and Angelina Muñoz's *Tierra adentro*.
