Eleanor O'Gorman

The Beauty Myth Naomi Wolf,2013-08-31 The bestselling classic that redefined our view of the relationship between beauty and female identity . Every day, women around the world are confronted with a dilemma – how to look. In a society embroiled in a cult of female beauty and youthfulness, pressure on women to conform physically is constant and all-pervading. In this iconic, gripping and frank exposé, Naomi Wolf exposes the tyranny of the beauty myth through the ages and its oppressive function today, in the home and at work, in literature and the media, in relationships between men and women, between women and women. With pertinent and intelligent examples, she confronts the beauty industry and its advertising and uncovers the reasons why women are consumed by this destructive obsession. ‘Essential reading’ Guardian ‘A smart, angry, insightful book, and a clarion call to freedom. Every woman should read it’ Gloria Steinem

Everything I Know About Love Dolly Alderton,2018-02-01 A celebration of our female friendships, of our messy years, and of growing up together. Glittering with wit, heart, and humour, it's a book to share with every woman you've ever been lucky enough to call a friend. “Nearly everything I know about love, I've learnt from my long-term friendships with women.” I know that love can be loud and jubilant. It can be dancing in the swampy mud and the pouring rain at a festival and shouting “YOU ARE AMAZING” over the band. It's laughing until you wheeze. It's walking along the street together on a Saturday night and feeling an entire city is yours. I also know that love is a pretty quiet thing. It's lying on the sofa together drinking coffee,

talking about where you're going to go that morning to drink more coffee. It's folding down pages of books you think they'd find interesting. I know that love happens under the splendour of fireworks and sunsets, but also happens when you're lying on blow-up airbeds in a childhood bedroom, sitting in A&E or in the queue for a passport. ***** WHAT READERS ARE SAYING: 'A book every girl in her 20s needs to read' 'I'll never stop recommending this book' 'This is my comfort book! I LOOOOVE THIS BOOK TO MY CORE' 'I wish I could read it for the first time again' A Sunday Times bestseller, September 2022 TikTok Book Awards Winner, August 2023

My Life So Far Jane Fonda, 2010-08-31 'There are always regrets in life, among them things we've done that we wish we could take back and erase. I have significant ones that will haunt me forever and which I hope I have been brave enough to confront in this book' Jane Fonda in the preface to *My Life So Far*. Now in her 60s, Fonda looks back over her life but also forward to the future. With unflinching honesty she addresses, amongst other things, her tragic and tortured relationships with her mother and father; her lovers and husbands, from Roger Vadim to Ted Turner; her passions and political views. The result is rare in its readability and sheer page-turning force. This is a powerful account of an extraordinary woman.

The Other 99 T.Y.M.E.S. Carlos Wallace, 2016-09-10 Sometime, we spend so much time focusing on the one thing that went wrong, we lose sight of the 99 other times things went right. Ralph Waldo Emerson once said that in order to achieve contentment, one should cultivate the habit of being grateful for every good thing that comes to you, and to give thanks continuously. Researchers have found that the act of counting one's blessings actually helps strengthen relationships, in all forms. In *The Other 99 T.Y.M.E.S* the undervalued concept of gratitude is the critical theme which defines the groundbreaking sophomore narrative by Carlos Wallace, author of the bestseller *Life Is Not Complicated, You Are*. This may all be an enigmatic concept for some to grasp; the realization that although you have hit some rough patches the experiences should never negate moments that a kind word, a caring act, an instance of forgiveness or the rewarding feeling of knowing you worked hard to achieve a goal brought you satisfaction and made you happy. This book will teach you to appreciate the good in your life and encourage you to maintain a positive attitude despite the negativity that surrounds you. To appreciate circumstances that help you evolve not because you are impervious to pain and disappointment, but because you are accepting of joy. Most importantly, *The Other 99 T.Y.M.E.S* will help readers summon up the courage to approach life with an open mind, eyes wide open. You will no longer turn a blind eye to your struggles, hoping they will fade away if they are ignored. Ignorance is a progressive thinker's enemy; acceptance, awareness, accountability and action are the tools of the informed; of people who want change and do all they can to achieve it. The book, much like *Life Is Not Complicated, You Are* is an odyssey into recesses of your psyche that you may not have fully tapped into. At the end of the journey, prepare to view life through a completely different lens. Prepare to appreciate and value

Black Women Shattering Stereotypes Kay Siebler, 2021-04-21 *Black Women Shattering Stereotypes: A Streaming*

Revolution focuses on the work, voices, and perspectives of Black women in popular film and television. Kay Siebler argues that within the past five years, in response to the digital age and the number of racist stereotypes being purported in dominant culture, Black women creators are making entertainment media that fights back against these racist and sexist narratives and celebrates the realities of being Black and being a woman in today's world. When Black women are behind the camera, writing, directing, and producing, Siebler finds, the representations of Black women change dramatically in empowering and important ways. Focusing on films and series produced since 2015 that are made by, for, and about Black women, Siebler analyzes the portrayals of Black women and their culture in *Bessie*, *Self Made*, *Hidden Figures*, *Harriet*, *Insecure*, *Being Mary Jane*, *Twenties*, and *Chewing Gum*, among others. Siebler intertwines these analyses with in-depth interviews with over one hundred Black women throughout the book, offering a variety of perspectives across the broad spectrum of demographics that are—and are not—being represented in mainstream media.

A Girl Can Do: Recognizing and Representing Girlhood Tiffany R. Isselhardt, 2022-07-12 How do scholars research and interpret marginalized populations, especially those that are seldom recognized as marginalized or whose sources are

believed to be rare? Combining intersectional feminism and public history methodologies, 'A Girl Can Do: Recognizing and Representing Girlhood' reflects on how girlhood is found, researched, and interpreted in museums, archives, and historic sites. Defining "girl" as "self-identifying females under the age of 21," 'A Girl Can Do' lays the groundwork for understanding girlhood, its constructs, and its marginalization while providing faculty, students, and working professionals with ten case studies on researching and working with girlhood. Contributors include archaeologists, archivists, curators, educators, and historians who demonstrate how adding a girl studies lens fosters greater inclusivity and diversity in our work. Whether studying spatial techniques of marginalization in colonial Peru, the daybooks as records of girlhood in late-nineteenth century Sweden, or collaborating with self-identifying fangirls to produce a pop-up exhibition, the contributors demonstrate the variety of sources and methods that can be used to interpret this oft-overlooked population. Throughout, 'A Girl Can Do' petitions for collaborative and creative thinking in how we can reframe and reinterpret our sources - both traditional and overlooked - to shed new light on how girls have contributed to, and provide frames of reference for, human history and culture.

Becoming a Woman of Letters Linda Peterson,2021-06-08 During the nineteenth century, women authors for the first time achieved professional status, secure income, and public fame. How did these women enter the literary profession; meet the demands of editors, publishers, booksellers, and reviewers; and achieve distinction as women of letters? *Becoming a Woman of Letters* examines the various ways women writers negotiated the market realities of authorship, and looks at the myths and models women writers constructed to elevate their place in the profession. Drawing from letters, contracts, and other archival material, Linda Peterson details the careers of various women authors from the Victorian period. Some, like Harriet Martineau, adopted the practices of their male counterparts and wrote for periodicals before producing a best seller; others, like Mary Howitt and Alice Meynell, began in literary partnerships with their husbands and pursued independent careers later in life; and yet others, like Charlotte Brontë, and her successors Charlotte Riddell and Mary Cholmondeley, wrote from obscure parsonages or isolated villages, hoping an acclaimed novel might spark a meteoric rise to fame. Peterson considers these women authors' successes and failures--the critical esteem that led to financial rewards and lasting reputations, as well as the initial successes undermined by publishing trends and pressures. Exploring the burgeoning print culture and the rise of new genres available to Victorian women authors, this book provides a comprehensive account of the flowering of literary professionalism in the nineteenth century.

The Death of a Much-Travelled Woman Barbara Wilson,2013-11-12 DIVDIVA collection of nine madcap stories following the wayfaring translator and amateur sleuth Cassandra Reilly around the globe in search of her next great mystery/divDIV Lesbian translator and part-time detective Cassandra Reilly has two thrilling investigations under her belt:

the case of a missing person in Barcelona and that of a dead spa-owner in Transylvania. In this humorous and engrossing collection, Cassandra is hard at work in some of the world's most picturesque locales, including Maui, the English moors, and the Icelandic coast. Among the vast assortment of misdeeds she's called upon to investigate—most of which take place within the literary world—Cassandra finds ample opportunity to exercise her trademark wit and eye for irony. From “Murder at the International Feminist Book Fair,” in which the exploits of a mudslinging women's magazine lead to a death on the floor of the convention, to “An Expatriate Death,” about a local Mexican writer who appropriates Cassandra's identity for a character in his novel—and then promptly kills off the character—The Death of a Much-Travelled Woman is another showcase of the intrepid translator's zest not only for globetrotting, but for wandering smack into the middle of the most unusual crimes. The Death of a Much-Travelled Woman is the third book in the Cassandra Reilly Mystery series, which begins with Gaudí Afternoon and Trouble in Transylvania, and concludes with The Case of the Orphaned Bassoonists.

A Woman's Eye Sara Paretsky, 2009-10-14 Crime is common ground for the twenty-one women writers in this extraordinary collection of contemporary mystery fiction, introduced and edited by Sara Paretsky. The voices here include professional crime solvers who take you from the mean streets of V.I. Warshawski's Chicago in a case of music and murder . . . to the California freeway where Kinsey Millhone's beloved VW skids into a shooting . . . to the gang-held turf of Sharon McCone's San Francisco, where an eye witness to a slaying says mum's the word. And then there are mothers, grandmothers, battered wives, and social workers—ordinary women in extraordinary situations whose voices reveal contemporary life as seen through a woman's eye. From the opening tale of a girl down-and-out in London and what she steals from a corpse . . . to the final story of a summer vacation in the Berkshires, complete with romance and sudden death . . . this unique collection brings us great mystery writing that engages both our intellects and our hearts. This collection features stories from twenty-one authors, including: Sara Paretsky • Sue Grafton • Marica Muller • Susan Dunlap • Carolyn Hart • Antonia Fraser • Dorothy Salisbury Davis • Amanda Cross • Nancy Pickard • Dorothy B. The Female Voice of Myanmar Nilanjana Sengupta, 2015-12-09 The Female Voice of Myanmar seeks to offer a female perspective on the history and political evolution of Myanmar. It delves into the lives and works of four of Myanmar's remarkable women who set aside their lives to answer the call of their country: Khin Myo Chit, who spoke about latent sexual politics in pre-Independent Burma; Ludu Daw Amar, who as the editor of the leftist Ludu Daily, was deemed anti-establishment and was witness to the socialist government's abortive efforts at ethnic reconciliation; Ma Thida, whose writing bears testimony to the impact the authoritative military rule had on the individual psyche; and Aung San Suu Kyi, who has re-articulated Burmese nationalism. This book breaks new ground in exploring their writing, both published and

hitherto unexamined, some in English and much in Burmese, while the intimate biographical sketches offer a glimpse into the Burmese home and the shifting feminine image.

College Women In The Nuclear Age Babette Faehmel,2011-09-08 In the popular imagination, American women during the time between the end of World War II and the 1960s—the era of the so-called “feminine mystique”—were ultraconservative and passive. *College Women in the Nuclear Age* takes a fresh look at these women, showing them actively searching for their place in the world while engaging with the larger intellectual and political movements of the times. Drawing from the letters and diaries of young women in the Cold War era, Babette Faehmel seeks to restore their unique voices and to chronicle their collective ambitions. She also explores the shifting roles that higher education played in establishing these hopes and dreams, making the case that the GI Bill served to diminish the ambitions of many American women even as it opened opportunities for many American men. A treasure-trove of original research, the book should stimulate scholarly discussion and captivate any reader interested in the thoughts and lives of American women.

The Front Line Runs Through Every Woman Eleanor O'Gorman,2011 Theorizes the experiences of women in wartime, and specifically of African women during Zimbabwe's anti-colonial struggle. A Zimbabwe-specific study, focusing on the lives of women in a small locale (Chiweshe) during the anti-colonial insurgency, this book is also a challenge to established and still current modes of thought and research orientations which over-simplify the complex realities women face in the full range of violent conflicts, both past and present. By contextualizing the voices of women of Chiweshe, not only is an important and under-developed aspect of Zimbabwean and African history revealed, but a new approach to comprehending the highly-tensioned lives of women in war is presented, which is characterized here as Gendered Localised Resistance. This is examined through the prism of life in the Protected Villages in Chiweshe experienced in everyday social relations, revolutionary roles, and food security. It traces how women forged strategies of survival and resistance in the middle of guerrilla warfare pitted between the forces of the state and the revolutionary resistance movements. The book can be read as a unique and richly detailed account of the lives of women during the Zimbabwe civil war and liberation struggle; as a wider argument about how researchers can approach and incorporate lived experience into accounts of larger dynamics (war/revolution); and as a substantial and important contribution to feminist historiography and writings on women and war. Eleanor O' Gorman is Senior Associate at the Gender Studies Centre and a Research Associate at the Department of Politics and International Studies at the University of Cambridge; an independent consultant who has advised the UN, the UK Government (DFID and FCO), the Irish Department of Foreign Affairs, the European Commission, and the Organisation for Economic Cooperation and Development (OECD) Zimbabwe: Weaver Press

A Woman Scorned Peggy Sanday,2011-12-14 2011 Edition with a New Afterword by the author The venerable and often misquoted phrase Hell hath no fury like a woman scorned continues to haunt American women who accuse men of sexual

harassment and rape. In this bracing study of American sexual culture and the politics of acquaintance rape, anthropologist Peggy Reeves Sanday identifies the sexual stereotypes that continue to obstruct justice and diminish women. Beginning with a harrowing account of the St. John's rape case, Sanday reaches back through British and American landmark rape cases to explain how, with the exception of earliest colonial times, rape has been a crime notable for placing the woman on trial. Whether she is charged as a false accuser, gold digger, loose or scorned woman, stereotypes prevail. American jurisprudence and the public at large remain divided on acquaintance rape. With the passage of the Violence Against Women Act—one of the most important legislation for women—a new breed of antifeminists stepped up to the plate to subordinate women's bid for sexual autonomy and freedom. A groundbreaking, classic work of scholarship that coherently challenges the anti-rape backlash and its rhetoric, *A Woman Scorned* continues to bring a broad perspective to our understanding of acquaintance rape, even if its original vision of a new paradigm for female sexual equality awaits implementation.

Militarization and Violence Against Women in Conflict Zones in the Middle East Nādirah Shalhūb-Kīfūrkiyān, 2009-05-07 An examination of the violence perpetrated against women in politically conflicted or militarized areas.

Still Mad: American Women Writers and the Feminist Imagination Sandra M. Gilbert, Susan Gubar, 2021-08-17 A brilliant, sweeping history of the contemporary women's movement told through the lives and works of the literary women who shaped it. Forty years after their first groundbreaking work of feminist literary theory, *The Madwoman in the Attic*, award-winning collaborators Sandra M. Gilbert and Susan Gubar map the literary history of feminism's second wave. From its stirrings in the midcentury—when Sylvia Plath, Betty Friedan, and Joan Didion found their voices and Diane di Prima, Lorraine Hansberry, and Audre Lorde discovered community in rebellion—to a resurgence in the new millennium in the writings of Alison Bechdel, Claudia Rankine, and N. K. Jemisin, Gilbert and Gubar trace the evolution of feminist literature. They offer lucid, compassionate, and piercing readings of major works by these writers and others, including Adrienne Rich, Ursula K. Le Guin, Maxine Hong Kingston, Susan Sontag, Gloria Anzaldúa, and Toni Morrison. Activists and theorists like Nina Simone, Gloria Steinem, Andrea Dworkin, Eve Kosofsky Sedgwick, and Judith Butler also populate these pages as Gilbert and Gubar examine the overlapping terrain of literature and politics in a comprehensive portrait of an expanding movement. As Gilbert and Gubar chart feminist gains—including creative new forms of protests and changing attitudes toward gender and sexuality—they show how the legacies of second wave feminists, and the misogynistic culture they fought, extend to the present. In doing so, they celebrate the diversity and urgency of women who have turned passionate rage into powerful writing.
