Narratology and Interpretation Jonas Grethlein, Antonios Rengakos, 2009-08-17 The categories of classical narratology have been successfully applied to ancient texts in the last two decades, but in the meantime narratological theory has moved on. In accordance with these developments, *Narratology and Interpretation* draws out the subtler possibilities of narratological analysis for the interpretation of ancient texts. The contributions explore the heuristic fruitfulness of various narratological categories and show that, in combination with other approaches such as studies in deixis, performance studies and reader-response theory, narratology can help to elucidate the content of narrative form. Besides exploring new theoretical avenues and offering exemplary readings of ancient epic, lyric, tragedy and historiography, the volume also investigates ancient predecessors of narratology.

Frontiers in the Roman World Impact of Empire (Organization). Workshop, 2011-05-10 This volume presents the proceedings of the ninth workshop of the international network 'Impact of Empire', which concentrates on the history of the Roman Empire. It focuses on different ways in which Rome created, changed and influenced (perceptions of) frontiers.

Suetonius: Domitian Suetonius, 1996 An analysis of Suetonius' account of the emperor Domitian. The book provides a detailed commentary on matters of historical importance in the text, together with a discussion of Suetonius' life. A comparison is offered between Suetonius' account and Dio's version. Latin sources are utilized.

The History of Zonaras Thomas Banchich, Eugene Lane, 2009-01-26 While an exile from Constantinople, the twelfth-century Byzantine functionary and canonist John Zonaras culled earlier chronicles and histories to compose an account of events from creation to the reign of Alexius Comnenus. For topics where his sources are lost or appear elsewhere in more truncated form, his testimony and the identification of the texts on which he depends are of critical importance. For his account of the first two centuries of the Principate, Zonaras employed now-lost portions of Cassius Dio. From the point where Dio's History ended, to the reign of Theodosius the Great (d. 395), he turned to other sources to produce a uniquely full historical narrative of the critical years 235-395, making Books XII.15-XIII.19 of the Epitome central to the study of both late Roman history and late Roman and Byzantine historiography. This key section of the Epitome, together with Zonaras' Prologue, here appears in English for the first time, both complemented by a historical and historiographical commentary. A special feature of the latter is a first-ever English translation of a broad range of sources which illuminate Zonaras' account

and the historiographical traditions it reflects. Among the authors whose newly translated works occupy a prominent place in the commentary are George Cedrenus, George the Monk, John of Antioch, Peter the Patrician, Symeon Magister, and Theodore Scutariotes. Specialized indices facilitate the use of the translations and commentary alike. The result is an invaluable guide and stimulus to further research for scholars and students of the history and historiography of Rome and Byzantium.

Cassius Dio: Greek Intellectual and Roman Politician ,2016-11-28 Winner of the 2017 Choice Outstanding Academic Title Award Cassius Dio: Greek Intellectual and Roman Politician, a collection of essays on this historian, is the first to appear in the new Brill series Historiography of Rome and Its Empire. The volume brings together case studies that highlight various aspects of Dio's Roman History, focusing on previously ignored or misunderstood aspects of his narrative. The main purpose of the volume is to pursue a combined historiographic, literary and rhetorical analysis of Dio's work and of its political and intellectual agendas. Dio's work is often used as a handy resource, with scholars looking at isolated sections of his annalistic structure. Contrary to this approach, the volume puts emphasis on Cassius Dio and his Roman History in its historiographical setting, thus allowing us to link and understand the different parts of his work.

Goddesses for Every Day Julie Loar,2011 Throughout time, people have turned to goddesses as symbols of what they seek -- from abundance to healing, from protection to passion. Building on the resurgence of interest in the Divine Feminine, Julie Loar presents the qualities and origins of an international array of these deities, along with powerful suggestions for putting their attributes to practical use. In a daily-reflection format, she gracefully aligns the goddesses with the cycles of nature and the signs of the zodiac. If you are struggling to attain a goal, call on the Nepalese goddess Chomolungma, as the sherpas climbing Mount Everest have done for generations. Or, for good luck, invoke the Roman goddess Fortuna, the inspiration behind gambling's wheel of fortune. With 366 goddesses to choose from, you will find a deity to call upon for every aspiration and need.

Greek and Roman Historiography in Late Antiquity Gabriele Marasco,2003-07-01 This book is the first comprehensive study of Greek and Latin historiography from Constantine to the end of the sixth century AD. It aims to examine the development of late antique historiography, stressing chiefly the relations between pagan and Christian historians, their polemics but also their often neglected agreements. Of special importance is the study of the Church historians who are considerable but not adequately known sources for the political and social history of the period. Greek and Latin Historiography in Late Antiquity is a highly valuable and useful reference tool for both scholars and students. Greek and Roman Historiography in Late Antiquity has been selected by Choice as Outstanding Academic Title (2005).

History of the Later Roman Empire J. B. Bury, 2012-07-18 Volume 1 of classic history. One of the world's foremost historians chronicles the major forces and events in the history of the Western and Byzantine Empires from the death of Theodosius (A.D. 395) to the death of Justinian (A.D. 565).

The Ten Loves of Mr Nishino Hiromi Kawakami, 2019-06-06 Over the course of his life, Mr Nishino falls hopelessly in love again and again. One woman is a colleague, another a chance encounter; one is the girlfriend of a classmate, another the best friend of Nishino's latest conquest. Some are entranced by Nishino, others care more for their freedom, their children (or their cats). As we come to learn of the torments, desires and delights of each woman, a portrait emerges of a complicated man whose great capacity for love may well be the cause of his downfall.

Flavius Josephus and Flavian Rome Jonathan Edmondson, Steve Mason, James Rives, 2005-05-19 Flavian Rome has most often been studied without serious attention to its most prolific extant author, Titus Flavius Josephus. Josephus, in turn, has usually been studied for what he is writing about (mainly, events in Judaea) rather than for the context in which he wrote: Flavian Rome. For the first time, this book brings these two phenomena into critical engagement, so that Josephus may illuminate Flavian Rome, and Flavian Rome, Josephus. Who were his likely audiences or patrons in Rome? How did the context in which he wrote affect his writing? What do his narratives say or imply about that context? This book brings together contributions from leading international scholars of Josephus and Flavian-Roman history and literature.

Portraits of Livia Elizabeth Bartman, 1999 A study of the influence of the Roman empress Livia's artistic patronage.

The Boxer Jurek Becker, 2013-07-09 In this follow-up work to *Jacob the Liar*, Becker tells the story of a man named Aron Blank, tracing his life from his release from a concentration camp in the summer of 1945 through the next twenty or so years. Living in a ghetto at the start of the war, Aron had lost his wife who one day was arrested by the Nazis. In desperation, he turned over his two-year-old son, Mark, for safe-keeping to a neighbor just before he was deported. Now, having survived the war, Aron sets out, with the help of an American relief organization, to find his son.--Jacket.

The African Emperor Anthony Birley, 1988 Septimus Severus was descended from Phoenician settlers in Tripolitania, North Africa and was emperor of Rome AD 193-211. Using archaeological discoveries from the 1960s onwards, together with literary sources, the author shows how African and Roman this man was and explores the meaning of his background and career.

Rome and its Frontiers C R Whittaker, 2004-07-31 Do the Romans have anything to teach us about the way that they saw the world, and the way they ran their empire? How did they deal with questions of frontiers and migration, so often in the

news today? This collection of ten important essays by C. R. Whittaker, engages with debates and controversies about the Roman frontiers and the concept of empire. Truly global in its focus, the book examines the social, political and cultural implications of the Roman frontiers in Africa, India, Britain, Europe, Asia and the Far East, and provides a comprehensive account of their significance.

The Roman Triumph Mary Beard, 2009-05-31 It followed every major military victory in ancient Rome: the successful general drove through the streets to the temple of Jupiter on the Capitoline Hill; behind him streamed his raucous soldiers; in front were his most glamorous prisoners, as well as the booty he'd captured, from enemy ships and precious statues to plants and animals from the conquered territory. Occasionally there was so much on display that the show lasted two or three days. A radical reexamination of this most extraordinary of ancient ceremonies, this book explores the magnificence of the Roman triumph, but also its darker side. What did it mean when the axle broke under Julius Caesar's chariot? Or when Pompey's elephants got stuck trying to squeeze through an arch? Or when exotic or pathetic prisoners stole the general's show? And what are the implications of the Roman triumph, as a celebration of imperialism and military might, for questions about military power and "victory" in our own day? The triumph, Mary Beard contends, prompted the Romans to question as well as celebrate military glory. Her richly illustrated work is a testament to the profound importance of the triumph in Roman culture—and for monarchs, dynasts and generals ever since. But how can we re-create the ceremony as it was celebrated in Rome? How can we piece together its elusive traces in art and literature? Beard addresses these questions, opening a window on the intriguing process of sifting through and making sense of what constitutes "history."
