**The Frequencies of Rifing** Ing. Marcello Allegretti, 2016-03-04 Rife Machines are spreading throughout the world and is a topic of interest that is growing fast. Most of the time, those who own such an electronic device, do not know how to use it to its full potential. This is especially true regarding how many frequency sets exist today and what frequencies can be used as a potential solution for a particular problem. With many Rife devices, they come with software that has preloaded frequency sets. Others rely on information that you can get from other sources - even online from the web. However, this information is typically listed in alphabetical order. This makes it extremely difficult to identify all possibilities or alternative sets that one may wish to use in their experiments for any given condition. In this guide, for the first time, you will find all the frequency sets used on a Rife Machine - both known and experimental. They are arranged accordingly to a set of criteria and relevance making cross reference searches possible. More than 6200 frequency sets are listed (127 pages, full color). They cover the human body organs, pathogens, diseases, homeopathic products, minerals, vitamins, chakras, and more. They are sorted and catalogued in a way that makes it much easier to locate the information that will allow the best program choices. Each entry in the guide (Subject or Argument) is also followed by 'Author of the set of frequencies (eg. Rife, Hulda Clark, CALF, etc.), or by explanatory Notes, by the set of Frequencies in Hz, the Organ concerned, the possible causative Condition of a state or a situation and the recommended time of exposure (in Seconds). Through the use of this guide, you can easily discover all possible frequency sets that are related to the subject of interest. Also in ebook version. Happy Rifing!

Raymond Rife and Nobel laureate Albert Szent-Györgi Natural, nontoxic, inexpensive, and effective alternatives to conventional medicine exist, yet they have been suppressed by the profit-driven medical-pharmaceutical complex. Presenting a compendium of some of the most revolutionary yet still widely unknown discoveries in health and energy medicine, this book edited by Finley Eversole, Ph.D., explores the use of microcrystals to harmonize the energies of body, mind, and environment; the healing effects of ozone and hydrogen peroxide therapy; ways to combat electromagnetic fields and environmental toxins; sources of disruptive energy that cause stress and health problems, including other people's negative emotions; and how to tap in to healing antioxidant electrons from the Earth. The book reveals the scientifically proven health risks of genetically modified foods--the first irreversible technology in human history with still unknown consequences. It looks at the link between industrial farming and the precipitous rise in heart disease, cancer, diabetes, and Alzheimer's over the past 100 years, providing a 10-point Low-Toxin Program to reduce your risk. It explores the cancer-curing electromedicine of Royal Raymond Rife and its suppression by the medical establishment as well as Nobel laureate Albert Szent-Györgi's follow-up discovery of Frequency Therapy. Offering a window into the holistic future of medicine, the book shows the body not simply as a biological machine to be patched and repaired but as a living organism made up of cells dynamically linked to their inner and outer environments.

*Psalms Code II Savasan Yurtsever,2011-01-20* Psalms Code II studies more years and reveals more codes hidden in the 3,000 year old scripture. The second book of the Psalms Code series, Psalms Code II is sub-titled The Jesus Cycle. The hidden 1,900 year long incarnation cycle of Jesus is revealed to the public for the first time in human history! Jesus, Immanuel [The Lord is with us] is a man who died not! He had 22 lives in his pocket from the day he was born to Virgin Mary, and till the end of his 19 century-long incarnation cycle in year 1919 AD. He lived 22 separate lives in it. He started his journey as Jesus of Nazareth. In his sixth incarnation lived within the sixth century, he made himself known as Prophet Mohammed who established and founded Islam. In his 11th and middle [out of a total of 22] incarnation he was Yusuf Khas Hajib, the scribe or the author of Kutadgu Bilig. In his 19th incarnation, the world knew him with the name Rasputin. In his 20th incarnation, he was Lenin [the founder of Communism], in his 21st, we saw him as Royal Raymond Rife [the man who cured cancer] and finally, in his 22nd and final incarnation, he was Mustafa Kemal Ataturk [the Founder of the Turkish Republic]. Parallel to the Christian Faith, Jesus was the LORD but only during his first and last incarnations -lives! When the Jews crucified Jesus on the cross 1,900 years ago, they were not aware of the fact that they were attempting to kill the LORD Himself! The LORD, without a doubt, is invincible as reported in various verses of the Bible. However, the first and the last incarnations of Jesus belonged to him! The reason why the Catholic Church [Vatican] and Islam distance themselves from the Jews is based on this simple fact: The Jews attempted to kill the LORD of Hosts! Their Ultimate Sin caused them a most fiery vengeance ever after! Both the Bible and the Koran report the same fact: The LORD is The First and The Last, Alpha and Omega. The first and the last incarnations of Jesus were reserved for the LORD Himself! The LORD personally lived the first and the last incarnations of Jesus; in our case, He was Jesus Christ, the man who could heal the blind and raise the dead! In his 22nd incarnation, He was Mustafa Kemal Ataturk, the Father Turk or the Father of the Turks during the last 19 years of his life. [Those who are prejudiced against Rasputin, Lenin or Ataturk should not come to conclusions before considering the evidence presented in the book.] A brand new 1,900 Jesus Cycle will start in year 2019 AD. As the First and the Last, the LORD will live the very first life of the total 24 new lives due for Jesus once again. Just nine years from now, mankind will have a twice in a 1,900 years chance to witness the LORD manifested in human form! Whether He will reveal Himself as a prophet, as a national hero, a political leader is to be but awaited... Without a shadow of a doubt, the LORD is nigh... Very nigh, indeed.

**A Fork in the Road** D. D. Hulse,2009-08 In my travels across the country, the question asked most frequently is how I went from being a fundamentalist preacher to being a developer of healing techniques using tuning forks. This book is the story of that journey. I feel honored yet humbled to be among those rising to the call to facilitate the new 5th Dimensional energy coming into our third dimensional time/space continuum. Come with me as we journey step by step through my search for answers. After looking at what I refer to in this book as my Fork in the Road, a new truth was born - a truth that

provides answers for the Spirit, Mind, and Body. I will share information concerning self-healing using sound, vibration, and frequencies that can clear, cleanse, balance, and focus our lives in all its forms. The ancient Solfeggio frequencies are part of a process that can assist us in creating the possibility of lives without stress, illness, and sickness. Together we will go to the cutting edge of scientific discoveries regarding sound and healing. This book is also a call for Lightworkers to gather in this crucial time of change and transformation on the planet. Join me and others who do not live in fear of the future. Just tune your inner ear and listen to these wonderful new ideas as I share the techniques of working with sound and, more specifically, the Solfeggio tuning forks. My hope is that we can all find the harmonics of our own individual music, and that through this process we will be enabled to live balanced lives.

*Conspiracies and Conspiracy Theories in American History* Christopher R. Fee, Jeffrey B. Webb, 2019-05-24 This up-to-date introduction to the complex world of conspiracies and conspiracy theories provides insight into why millions of people are so ready to believe the worst about our political, legal, religious, and financial institutions. Unsupported theories provide simple explanations for catastrophes that are otherwise difficult to understand, from the U.S. Civil War to the Stock Market Crash of 1929 to the terrorist attacks on the World Trade Center in New York. Ideas about shadowy networks that operate behind a cloak of secrecy, including real organizations like the CIA and the Mafia and imagined ones like the Illuminati, additionally provide a way for people to criticize prevailing political and economic arrangements, while for society's disadvantaged and forgotten groups, conspiracy theories make their suffering and alienation comprehensible and provide a focal point for their economic or political frustrations. These volumes detail the highly controversial and influential phenomena of conspiracies and conspiracy theories in American society. Through interpretive essays and factual accounts of various people, organizations, and ideas, the reader will gain a much greater appreciation for a set of beliefs about political scheming, covert intelligence gathering, and criminal rings that has held its grip on the minds of millions of American citizens and encouraged them to believe that the conspiracies may run deeper, and with a global reach.

**Acorns: Windows High-Tide Foghat** Joshua Morris, 2013-01-23 Acorns delineates the future of humanity as a reunification of intellect with the Deep Self. Having chosen to focus upon ego (established securely by the time of Christ), much more beta brain wave development will destroy our species and others, which process has already begun. We create

our own realities through beliefs, intents and desires and we were in and out of probabilities constantly. Feelings follow beliefs, not the other way around.

**Suppressed Inventions and Other Discoveries** Jonathan Eisen, 2001-01-01 A scientist with a revolutionary cure for AIDS is incarcerated without explanation. Valuable artifacts are mysteriously misplaced by a prominent archaeological institution. Three celebrated astronauts perish in a suspicious fire after voicing their criticism of the US space program. Yet our world's most powerful agencies hastily dispel these alarming reports as conspiracy theories, and bury them in padlocked archives. The fact is that a suppression syndrome exists in our society. *Suppressed Inventions and Other Discoveries* exposes the startling degree of truth behind the rumors. Jonathan Eisen has collected over forty intriguing stories of scientific cover-ups and programs of misinformation concocted to conceal some of the most phenomenal innovations in mankind's history. These no-holds-barred accounts force us to confront the naiveté—and danger—of trusting our academic and political leaders to act always for the common good. *Suppressed Inventions and Other Discoveries* presents documented evidence that corporate self-interest, scientific arrogance, and political savvy have contrived to keep us in the dark about technological breakthroughs or interplanetary contact that may shift the current balance of power. Prepare yourself for a revealing look at the research and development to which we've been denied access. *Suppressed Inventions and Other Discoveries* begins by examining the ties that bind the medical establishment to powerful pharmaceutical corporations. Then it details the struggle of the independent research against Orthodox Science and its code of conduct, the Scientific Method. Next, the book investigates the cover-up of information concerning UFOs and extraterrestrial life that's certain to make you reconsider what you thought was science fiction. The final section discusses just a few of the numerous alternate energy resources and fuel savers that, if put on the market today, would soon run the fossil fuel monopolies out of business.
