Disappearances in Mexico Silvana Mandolessi, Katia Olalde Rico, 2022-01-27 This volume presents an interdisciplinary analysis of the practice of disappearances in Mexico, from the period of the so-called 'dirty war' to the current crisis of disappearances associated with the country's 'war on drugs', during which more than 80,000 people have disappeared. The volume brings together contributions by distinguished scholars from Mexico, Argentina and Europe, who focus their chapters on four broad axes of enquiry. In Part I, chapters examine the phenomenon of disappearances in its historical and present-day forms, and the struggles for memory around the disappeared in Mexico with reference to Argentina. Part II addresses the political dimensions of disappearances, focusing on the specificities that this practice acquires in the context of the counterinsurgency struggle of the 1970s and the so-called 'war on drugs'. The third section situates the issue within the framework of human rights law by examining the conceptual and legal aspects of disappearances. The final chapters explore the social movement of the relatives of the disappeared, showing how their search for disappeared loved ones involves bodily and affective experiences as well as knowledge production. The volume thus aims to further our understanding of the crisis of disappearances in Mexico without, however, losing sight of the historic origins of the phenomenon.

Feminist International Veronica Gago, 2020-11-17 Leader of Latin America's powerful new women's movement rethinks the meaning of feminist politics Recent years have seen massive feminist mobilizations in virtually every continent, overturning social mores and repressive legislation. In this brilliant and original look at the emerging feminist international, Verónica Gago explores how the women's strike, as both a concept and collective experience, may be transforming the boundaries of politics as we know it. At once a gripping political analysis and a theoretically charged manifesto, Feminist International draws on the author's rich experience with radical movements to enter into ongoing debates in feminist and Marxist theory: from social reproduction and domestic work to the intertwining of financial and gender violence, as well as controversies surrounding the neo-extractivist model of development, the possibilities and limits of left populism, and the ever-vexed nexus of gender-race-class. Gago asks what another theory of power might look like, one premised on our desire to change everything.

relationships using geometry, ice cores, and tree rings.

Contra-pedagogías de la crueldad Rita Segato,2021-03-05 Llamamos pedagogías de la crueldad a todos los actos y prácticas que enseñan, habitúan y programan a los sujetos a transmutar lo vivo y su vitalidad en cosas. Esto supone la captura de algo que fluía errante e imprevisible, como es la vida, para instalar en su lugar la inercia y esterilidad de la cosa mensurable, vendible, comprable y obsolescente, como conviene al consumo en la actual fase apocalíptica del capital. El ataque sexual y la explotación sexual de las mujeres, por ejemplo, son actos de rapiña y consumición del cuerpo que constituyen el lenguaje más preciso con que la cosificación de la vida se expresa.. EDITORIAL PROMETEO - ARGENTINA.Este libro contiene el desarrollo de los siguientes temas: La sujeción de las personas a la condición de mercancía impuesta a las mayorías por el carácter precario del empleo y del salario, así como el retorno y expansión del trabajo servil, semi-esclavo y esclavo, también son parte del mismo. La predación de territorios que hasta hace poco permanecían como espacios de arraigo comunal, y de paisajes como inscripciones de la historia, es decir como libros de historia, para su conversión en commodities por la explotación extractivista en las minas y el agro-negocio son facetas de esa cosificación de la vitalidad pachamámica.Con este libro usted podrá comprender el significado de las pedagogías de la crueldad ¡Compre ya este libro y comience a conocer en profundidad los estudios de investigación de la autora!Tags: género, feminismos, Rita Segato, autoras argentinas, El feminismo, filosofía, investigación

Toward an Islamic Reformation Abdullahi Ahmed An Na'im,1996-07-01 Toward an Islamic Reformation is an ambitious attempt to modernize Islamic law, calling for reform of the historical formulations of Islamic law, commonly known as Shari'a that is perceived by many Muslims to be part of the Islamic faith. As a Muslim, Abdullahi Ahmed An-Na'im is sensitive to and appreciative of the delicate relationship between Islam as a religion and Islamic law. Nevertheless, he considers that the questions raised here must be resolved if the public law of Islam is to be implemented today. An-Na'im draws upon the teachings and writings of Sudanese reformer Mahmoud Mohamed Taha to provide what some have called the intellectual foundations for a total reinterpretation of the nature and meaning of Islamic public law.

Moral Imperialism Berta Esperanza Hernández-Truyol,2002-10-27 In the controversy over female genital mutilation, Congress was quick to condemn practices throughout Africa and the Middle East and to take action criminalizing the practice domestically. Moral Imperialism sets out to bring an international human rights framework to the analysis of current international and domestic legal, political, and cultural crises.

Night Prayers Santiago Gamboa,2016-03-01 Two Colombian siblings struggle to reunite as the clock ticks down in this emotional thriller from an author praised for his "masterful suspense" (Publishers Weekly). As a boy, Manuel was a dreamer, a lover of literature, and a tagger. His sister, Juana, made a promise to do everything in her power to protect him from the drug- and violence-infested streets of Bogotá. She decided to take him as far from Colombia as possible, and in order to raise

the money to do so, she went to work as a high-priced escort and entered into contact with the dangerous world of corrupt politicians—and when things spun out of control she was forced to flee, leaving her beloved brother behind. Now Manuel, a philosophy student, has been arrested in Bangkok and accused of drug trafficking. Unless he enters a guilty plea he will almost certainly be sentenced to death. But it is not this prospect that weighs most heavily on him—it is the longing for his sister, Juana, whom he hasn't seen for years. Before he dies he wants nothing more than to be with her again. Finally, one man learns of Manuel's situation and decides to find Juana—now married to a rich man in Tokyo—and reunite the siblings. But it is a feat that may be beyond his power . . . With the style that has earned him a reputation as one of “the most important Colombian writers” (Manuel Vázquez Montalbán), Santiago Gamboa presents a compelling and moving story about the mean streets of Bogotá, the sordid bordellos of Thailand, and a love between siblings that knows no end.

The Critique of Coloniality Rita Segato, 2022-03-30 This translation of Rita Segato's seminal book *La crítica de la colonialidad en ocho ensayos* offers an anthropological and critical perspective on the coloniality of power as theorized by the Peruvian thinker Aníbal Quijano. Segato begins with an overview of Quijano's conceptual framework, emphasizing the power and richness of his theory and its relevance to a range of fields. Each of the seven subsequent chapters presents a scenario in which a persistent colonial structure or form of subjectivity can be identified. These essays address urgent issues of gender, sexuality, race and racism, and indigenous forms of life. They set the decolonial perspective to work, and are connected by two central preoccupations: the critical analysis of coloniality and the effort to reimagine anthropology as responsive anthropology, a practice at once answerable and useful to the communities previously regarded as the objects of ethnographic thought. *The Critique of the Coloniality* makes important and original contributions to our understanding of colonial and decolonial processes, drawing on the author's experience of feminist and antiracist movements and struggles for indigenous and human rights. This book will appeal to students and scholars working in anthropology, Latin American studies, political theory, feminist and gender studies, indigenous studies, and anticolonial, post-colonial, and decolonial thought.

Cockfight MARIA. FERNANDA AMPUERO, 2021-01-21 In lucid and compelling prose, Ampuero sheds light on the hidden aspects of the home: the grotesque realities of family, coming of age, religion, and class struggle. A family's maids witness a horrible cycle of abuse, a girl is auctioned off by a gang of criminals, and two sisters find themselves at the mercy of their spiteful brother. With violence masquerading as love, characters spend their lives trapped re-enacting their past traumas. Heralding a brutal and singular new voice, *Cockfight* explores the power of the home to both create and destroy those within it.

Religions in Transition Jan-Åke Alvarsson, 2003 With the possible exception of the forced conversions of the Reformation, the world has never seen more massive transitions in religion than around the turn of this century. During the

last three decades of the 20th century, more people converted from one

The War Against Women Rita Segato,2024-11-05 Recent decades of neoliberal rule have seen authoritarian turns in many governments, and these decades have also been marked by increasing violence against women. The systematic killing of women in Ciudad Juárez, Mexico, has given way to a violent surge that is worldwide in its scope, concentrated in places where the state's traditional, sovereign functions have broken down. Femicide is no longer just an intimate event: it has become anonymous and systematic, a crime of power. An intensified form of capitalism, the product of a colonial modernity that is still with us, now fuels new wars on women, which destroy society while targeting women's bodies. Understanding this new, violent turn within patriarchy—which Rita Segato considers the primal form of human domination—means moving patriarchy from the margins to the center of our social analysis. According to Segato, it is only by revitalizing community and repoliticizing domestic space that we can redirect history towards a different destiny. At stake is nothing less than the future of humanity.

Feminist Translation Studies Olga Castro,Emek Ergun,2017-02-17 *Feminist Translation Studies: Local and Transnational Perspectives* situates feminist translation as political activism. Chapters highlight the multiple agendas and visions of feminist translation and the different political voices and cultural heritages through which it speaks across times and places, addressing the question of how both literary and nonliterary discourses migrate and contribute to local and transnational processes of feminist knowledge building and political activism. This collection does not pursue a narrow, fixed definition of feminism that is based solely on (Eurocentric or West-centric) gender politics—rather, *Feminist Translation Studies: Local and Transnational Perspectives* seeks to expand our understanding of feminist action not only to include feminist translation as resistance against multiple forms of domination, but also to rethink feminist translation through feminist theories and practices developed in different geohistorical and disciplinary contexts. In so doing, the collection expands the geopolitical, sociocultural and historical scope of the field from different disciplinary perspectives, pointing towards a more transnational, interdisciplinary and overtly political conceptualization of translation studies.

Femicide in Global Perspective Diana E. H. Russell,Roberta A. Harmes,2001 Diana E. H. Russell, acclaimed author and researcher on sexual violence against girls and women, and co-editor Roberta Harmes have produced a groundbreaking volume on femicide, the killing of females by males because they are female. Dr. Russell has contributed seven provocative original chapters to *Femicide in Global Perspective*. This anthology includes chapters on woman-killing in Algeria, Australia, Canada, China, Israel, South Africa, other Southern African countries, the United States, and brief testimony from other nations. Together, the authors brilliantly demonstrate how naming femicide helps to expose and bring attention to this most extreme yet neglected form of violence against women, and the urgent need to put femicide on local, national and international action agendas.

Gore Capitalism Sayak Valencia, 2018-04-20 An analysis of contemporary violence as the new commodity of today's hyper-consumerist stage of capitalism. "Death has become the most profitable business in existence." —from *Gore Capitalism* Written by the Tijuana activist intellectual Sayak Valencia, *Gore Capitalism* is a crucial essay that posits a decolonial, feminist philosophical approach to the outbreak of violence in Mexico and, more broadly, across the global regions of the Third World. Valencia argues that violence itself has become a product within hyper-consumerist neoliberal capitalism, and that tortured and mutilated bodies have become commodities to be traded and utilized for profit in an age of impunity and governmental austerity. In a lucid and transgressive voice, Valencia unravels the workings of the politics of death in the context of contemporary networks of hyper-consumption, the ups and downs of capital markets, drug trafficking, narcopower, and the impunity of the neoliberal state. She looks at the global rise of authoritarian governments, the erosion of civil society, the increasing violence against women, the deterioration of human rights, and the transformation of certain cities and regions into depopulated, ghostly settings for war. She offers a trenchant critique of masculinity and gender constructions in Mexico, linking their misogynist force to the booming trade in violence. This book is essential reading for anyone seeking to analyze the new landscapes of war. It provides novel categories that allow us to deconstruct what is happening, while proposing vital epistemological tools developed in the convulsive Third World border space of Tijuana.

Relationality Arturo Escobar, Michal Osterweil, Kriti Sharma, 2024-05-16 This important new book argues that at the root of the contemporary crisis of climate, energy, food, inequality, and meaning is a certain core presupposition that structures the ways in which we live, think, act and design: the assumption of dualism, or the fundamental separateness of things. The authors contend that the key to constructing livable worlds lies in the cultivation of ways of knowing and acting based on a profound awareness of the fundamental interdependence of everything that exists - what they refer to as relationality. This shift in paradigm is necessary for healing our bodies, ecosystems, cities, and the planet at large. The book follows two interwoven threads of argumentation: on the one hand, it explains and exemplifies the modes of operation and the dire consequences of non-relational living; on the other, it elucidates the nature of relationality and explores how it is embodied in transformative practices in multiple spheres of life. The authors provide an instructive account of the philosophical, scientific, social, and political sources of relational theory and action, with the aim of illuminating the transition from living within seemingly ineluctable 'toxic loops' of unrelational living (based on ontological dualism), to living within 'relational weaves' which we might co-create with multiple human and nonhuman others.

Counting Femicide Catherine D'Ignazio, 2024-04-30 Why grassroots data activists in Latin America count femicide—and how this vital social justice work challenges mainstream data science. What isn't counted doesn't count. And mainstream institutions systematically fail to account for femicide, the gender-related killing of women and girls, including cisgender and transgender women. Against this failure, *Counting Femicide* brings to the fore the work of data activists

across the Americas who are documenting such murders—and challenging the reigning logic of data science by centering care, memory, and justice in their work. Drawing on *Data Against Femicide*, a large-scale collaborative research project, Catherine D'Ignazio describes the creative, intellectual, and emotional labor of femicide data activists who are at the forefront of a data ethics that rigorously and consistently takes power and people into account. Individuals, researchers, and journalists—these data activists scour news sources to assemble spreadsheets and databases of women killed by gender-related violence, then circulate those data in a variety of creative and political forms. Their work reveals the potential of restorative/transformational data science—the use of systematic information to, first, heal communities from the violence and trauma produced by structural inequality and, second, envision and work toward the world in which such violence has been eliminated. Specifically, D'Ignazio explores the possibilities and limitations of counting and quantification—reducing complex social phenomena to convenient, sortable, aggregable forms—when the goal is nothing short of the elimination of gender-related violence. *Counting Femicide* showcases the incredible power of data feminism in practice, in which each murdered woman or girl counts, and, in being counted, joins a collective demand for the restoration of rights and a transformation of the gendered order of the world.

A Pedagogy for Planetary Convivência Débora B. A. Junker, 2025-01-30 *A Pedagogy for a Planetary Convivencia* presents a comprehensive approach to education that aims to promote emotional resilience, empathy, and ethical consciousness. The ultimate objective is to inspire us to imagine a more equitable world, where indigenous people are respected and valued, where cultural diversity is celebrated, and where relationships between humans and the natural world are based on reciprocity and care. Grounded on principles of critical pedagogy, Freirean philosophy, and liberation theology, this book makes the case that advocating change without a sincere commitment to social justice is a betrayal of the millions of people who still face dehumanization, that criticism without love is pointless, and that denunciation without compassion is damaging. Therefore, the book invites to embrace hope in order to strengthen our relationships, to embrace love in order to inspire our creativity, and to embrace courage in order to express gestures of tenderness.

Dead Girls Selva Almada, 2020-09-03 Author of International Booker Finalist *Not a River* Internationally acclaimed author of *Not a River*, Selva Almada tackles the issue of gender violence in this hybrid work that follows in the tradition of Truman Capote's *In Cold Blood* or John Hersey's *Hiroshima*. Evoking with intimate first-hand knowledge the heat and dust of provincial Argentina, with all its secrets and conflicting loyalties, Almada tells the stories of three young women murdered in the early 1980s, as the country was celebrating its return to democracy. Three deaths that were never brought to justice and occurred long before the term 'femicide' became widely known: nineteen-year-old Andrea Danne, stabbed in her own bed; fifteen-year-old María Luisa Quevedo, raped, strangled, and dumped in wasteland; and twenty-year-old Sarita Mundín, whose disfigured body washed up on a river bank. In this brutal yet deeply important book, Selva Almada weaves these and other

cases of violence against women into a clear-eyed, multi-faceted portrait that has global resonance. This is not a police chronicle, although there is an investigation. This is not a thriller, although there is mystery and suspense. Hard-hitting and lyrical, Almada blazes a new trail in journalistic fiction.

Trata de seres humanos. Inmoralidad e injusticia Pedro Luis Blasco, 2023-11-02 Una Ley Integral contra la Trata de Seres Humanos es necesaria, y también lo es un estudio integral y en profundidad de la trata. Es el estudio que desarrolla este libro a partir de la actividad y los informes de Instituciones y del Derecho Internacional sobre los problemas concretos y las circunstancias de toda clase que determinan la trata de seres humanos, desarrollados por reconocidos expertos. Y es que gran parte de nuestra sociedad vive al margen de este inhumano y gravísimo problema que es la esclavitud de nuestro tiempo. Resultado de todo ello es un análisis riguroso de la trata de seres humanos para su explotación sexual y la prostitución, explotación infantil, servidumbre laboral, la mendicidad, matrimonios forzados y tráfico de órganos; así como de las redes y delincuencia organizada, trata como negocio económico, la sociología de la trata, el derecho internacional contra la trata, y en favor de la protección de sus víctimas, la indignidad humana y moral de la trata, etc. Era necesario también un estudio del complejo problema de la trata con un enfoque humano y moral, a diferencia de otros análisis más jurídicos.
