The New Q Richard Valantasis, 2005-11-11 The American and European public has a voracious appetite for more information about Jesus and the formation of early Christianity. The best-selling books on the subject by Marcus Borg, John Dominic Crossan, John Meyer, and Luke Timothy Johnson, among many others, attest to this hunger. But each of these scholars presents his own reading of the historical information, usually beginning with the earliest known Jesus-related material, Jesus' sayings, and leads the public into a particular understanding of Jesus and the early Jesus movements. The New Q will provide the general public with the original source through a fresh translation of the early Sayings Gospel known as Q. This book will guide people through their reading of the texts themselves so that readers will be able to judge the validity of other scholars' reconstructions. The New Q is the companion volume necessary to understand the current writing on the historical Jesus and the history of earliest Christianity. Valantasis provides a new translation of the Synoptic Sayings Source, Q. He translates each section from the Greek of the critical edition of Robinson and Kloppenborg, and he gathers the translation of the full text as a coherent collection of sayings at the end of the book. Avoiding the scholarly arguments that make Q inaccessible, as well as the constant comparison of Matthew and Luke, this commentary will straightforwardly present the text based on the work of those scholars who have provided a critical edition. It provides an initial reading in a language appropriate to religious seekers. The translation itself will be fresh and provocative, since its meaning and interpretation are not linked to its later use in the narrative gospels of Mark, Matthew, and Luke. In fact, readers of this translation will be able to hear the sayings of Jesus as Matthew and Luke heard them before the writing of their gospels. The goal is to recreate the kind of challenging and intellectually stimulating engagement with the sayings that probably put Christianity on the Roman map. Readers will be able to encounter Jesus' voice and the voices of early Christians directly, without the intrusion of the later use of these sayings by the gospel writers. Valantasis also provides a commentary on each of the sayings. The commentary will focus on three facets: what the saying says, what it could have meant at the time, and how it was used by early Christians. The first two questions provide the basic information by developing a literary analysis of the sayings (a reading of Jesus' words) and by positing a significance for the saying in the context of earliest Christianity (what the saying could have meant). The final question directs the reading of the saying toward its use by religious people then and now as a means of forging an alternative subjectivity, defining new religious and social relationships, and

constructing an alternative understanding of the nature of the spiritual and physical world. In other words, this commentary will provide an ascetical reading of the sayings to explore the manner in which the sayings source might have been read by individuals and communities in antiquity, and it will provide an alternative to the currently established reading of the sayings in modern scholarship primarily as a window on the historical Jesus' doctrines and teaching.

The Cambridge Companion to Ancient Rome Paul Erdkamp,2013-09-05 Rome was the largest city in the ancient world. As the capital of the Roman Empire, it was clearly an exceptional city in terms of size, diversity and complexity. While the Colosseum, imperial palaces and Pantheon are among its most famous features, this volume explores Rome primarily as a city in which many thousands of men and women were born, lived and died. The thirty-one chapters by leading historians, classicists and archaeologists discuss issues ranging from the monuments and the games to the food and water supply, from policing and riots to domestic housing, from death and disease to pagan cults and the impact of Christianity. Richly illustrated, the volume introduces groundbreaking new research against the background of current debates and is designed as a readable survey accessible in particular to undergraduates and non-specialists.

Know the Mother Desiree Cooper,2016-03-14 Short, searing glimpses of how race and gender shadow even the most intimate moments of women's lives. While a mother can be defined as a creator, a nurturer, a protector—at the center of each mother is an individual who is attempting to manage her own fears, desires, and responsibilities in different and sometimes unexpected ways. In *Know the Mother*, author Desiree Cooper explores the complex archetype of the mother in all of her incarnations. In a collage of meditative stories, women—both black and white—find themselves wedged between their own yearnings and their roles as daughters, sisters, grandmothers, and wives. In this heart-wrenching collection, Cooper reveals that gender and race are often unanticipated interlopers in family life. An anxious mother reflects on her prenatal fantasies of suicide while waiting for her daughter to come home late one night. A lawyer miscarries during a conference call and must proceed as though nothing has happened. On a rare night out with her husband, a new mother tries convincing herself that everything is still the same. A politician's wife's thoughts turn to slavery as she contemplates her own escape: Even Harriet Tubman had realized that freedom wasn't worth the price of abandoning her family, so she'd come back home. She'd risked it all for love. With her lyrical and carefully crafted prose, Cooper's stories provide truths without sermon and invite empathy without sentimentality. *Know the Mother* explores the intersection of race and gender in vignettes that pull you in and then are gone in an instant. Readers of short fiction will appreciate this deeply felt collection.

Psychosocial Aspects of Disability Irmo Marini, PhD, DSc, CRC, CLCP,Noreen M. Graf, RhD, CRC,Michael J. Millington, PhD, CRC,2011-07-27 What a marvelous and amazing textbook. Drs. Marini, Glover-Graf and Millington have done a remarkable job in the design of this highly unique book, that comprehensively and very thoughtfully addresses the psychosocial aspects of the disability experience. These highly respected scholars have produced a major work that will be a

central text in rehabilitation education for years to come. From the Foreword by Michael J. Leahy, Ph.D., LPC, CRC Office of Rehabilitation and Disability Studies Michigan State University This is an excellent book, but the best parts are the stories of the disabled, which give readers insights into their struggles and triumphs. Score: 94, 4 Stars--Doody's Medical Reviews

What are the differences between individuals with disabilities who flourish as opposed to those who never really adjust after a trauma? How are those born with a disability different from individuals who acquire one later in life? This is the first textbook about the psychosocial aspects of disability to provide students and practitioners of rehabilitation counseling with vivid insight into the experience of living with a disability. It features the first-person narratives of 16 people living with a variety of disabling conditions, which are integrated with sociological and societal perspectives toward disability, and strategies for counseling persons with disabilities. Using a minority model perspective to address disability, the book focuses on historical perspectives, cultural variants regarding disability, myths and misconceptions, the attitudes of special interest and occupational groups, the psychology of disability with a focus on positive psychology, and adjustments to disability by the individual and family. A wealth of counseling guidelines and useful strategies are geared specifically to individual disabilities.

Key Features: Contains narratives of people living with blindness, hearing impairments, spinal cord injuries, muscular dystrophy, polio, mental illness, and other disabilities Provides counseling guidelines and strategies specifically geared toward specific disabilities, including dos and don'ts Includes psychological and sociological research relating to individual disabilities Discusses ongoing treatment issues and ethical dilemmas for rehabilitation counselors Presents thought-provoking discussion questions in each chapter Authored by prominent professor and researcher who became disabled as a young adult

Law and Power in the Making of the Roman Commonwealth Luigi Capogrossi Colognesi, 2014-11-13 A wide-ranging historical account of Roman law and legal institutions which explains how they were created and modified in relation to political developments and changes in power relations. It demonstrates the paramount importance of laws in securing political equilibrium, stability, the integration of conquered peoples and a long-lasting empire.

Roman Artisans and the Urban Economy Cameron Hawkins, 2016-07-19 Vividly reconstructs economic conditions in ancient Roman cities and the socio-economic strategies of artisans who lived in them.

428 AD Giusto Traina, 2011-04-25 This is a sweeping tour of the Mediterranean world from the Atlantic to Persia during the last half-century of the Roman Empire. By focusing on a single year not overshadowed by an epochal event, 428 AD provides a truly fresh look at a civilization in the midst of enormous change--as Christianity takes hold in rural areas across the empire, as western Roman provinces fall away from those in the Byzantine east, and as power shifts from Rome to Constantinople. Taking readers on a journey through the region, Giusto Traina describes the empires' people, places, and events in all their simultaneous richness and variety. The result is an original snapshot of a fraying Roman world on the edge

of the medieval era. The result is an original snapshot of a fraying Roman world on the edge of the medieval era. Readers meet many important figures, including the Roman general Flavius Dionysius as he encounters a delegation from Persia after the Sassanids annex Armenia; the Christian ascetic Simeon Stylites as he stands and preaches atop his column near Antioch; the eastern Roman emperor Theodosius II as he prepares to commission his legal code; and Genseric as he is elected king of the Vandals and begins to turn his people into a formidable power. We are also introduced to Pulcheria, the powerful sister of Theodosius, and Galla Placidia, the queen mother of the western empire, as well as Augustine, Pope Celestine I, and nine-year-old Roman emperor Valentinian III. Full of telling details, 428 AD illustrates the uneven march of history. As the west unravels, the east remains intact. As Christianity spreads, pagan ideas and schools persist. And, despite the presence of the forces that will eventually tear the classical world apart, Rome remains at the center, exerting a powerful unifying force over disparate peoples stretched across the Mediterranean.

Tacitus, Annals, 15.20-23, 33-45 Mathew Owen, Ingo Gildenhard, 2013-09-23 e emperor Nero is etched into the Western imagination as one of ancient Rome's most infamous villains, and Tacitus' Annals have played a central role in shaping the mainstream historiographical understanding of this flamboyant autocrat. This section of the text plunges us straight into the moral cesspool that Rome had apparently become in the later years of Nero's reign, chronicling the emperor's fledgling stage career including his plans for a grand tour of Greece; his participation in a city-wide orgy climaxing in his publicly consummated 'marriage' to his toy boy Pythagoras; the great fire of AD 64, during which large parts of central Rome went up in flames; and the rising of Nero's 'grotesque' new palace, the so-called 'Golden House', from the ashes of the city. This building project stoked the rumours that the emperor himself was behind the conflagration, and Tacitus goes on to present us with Nero's gruesome efforts to quell these mutterings by scapegoating and executing members of an unpopular new cult then starting to spread through the Roman empire: Christianity. All this contrasts starkly with four chapters focusing on one of Nero's most principled opponents, the Stoic senator Thrasea Paetus, an audacious figure of moral fibre, who courageously refuses to bend to the forces of imperial corruption and hypocrisy. This course book offers a portion of the original Latin text, study aids with vocabulary, and a commentary. Designed to stretch and stimulate readers, Owen's and Gildenhard's incisive commentary will be of particular interest to students of Latin at both A2 and undergraduate level. It extends beyond detailed linguistic analysis and historical background to encourage critical engagement with Tacitus' prose and discussion of the most recent scholarly thought.

Ghost on the Throne James Romm, 2011-10-11 Alexander the Great, perhaps the most commanding leader in history, united his empire and his army by the titanic force of his will. His death at the age of thirty-two spelled the end of that unity. The story of Alexander's conquest of the Persian empire is known to many readers, but the dramatic and consequential saga of the empire's collapse remains virtually untold. It is a tale of loss that begins with the greatest loss of all, the death of the

Macedonian king who had held the empire together. With his demise, it was as if the sun had disappeared from the solar system, as if planets and moons began to spin crazily in new directions, crashing into one another with unimaginable force. Alexander bequeathed his power, legend has it, “to the strongest,” leaving behind a mentally damaged half brother and a posthumously born son as his only heirs. In a strange compromise, both figures—Philip III and Alexander IV—were elevated to the kingship, quickly becoming prizes, pawns, fought over by a half-dozen Macedonian generals. Each successor could confer legitimacy on whichever general controlled him. At the book’s center is the monarch’s most vigorous defender; Alexander’s former Greek secretary, now transformed into a general himself. He was a man both fascinating and entertaining, a man full of tricks and connivances, like the enthroned ghost of Alexander that gives the book its title, and becomes the determining factor in the precarious fortunes of the royal family. James Romm, brilliant classicist and storyteller, tells the galvanizing saga of the men who followed Alexander and found themselves incapable of preserving his empire. The result was the undoing of a world, formerly united in a single empire, now ripped apart into a nightmare of warring nation-states struggling for domination, the template of our own times.

Final Report of the Truth and Reconciliation Commission of Canada, Volume One: Summary Truth and Reconciliation Commission of Canada, 2015-07-22 This is the Final Report of Canada's Truth and Reconciliation Commission and its six-year investigation of the residential school system for Aboriginal youth and the legacy of these schools. This report, the summary volume, includes the history of residential schools, the legacy of that school system, and the full text of the Commission's 94 recommendations for action to address that legacy. This report lays bare a part of Canada's history that until recently was little-known to most non-Aboriginal Canadians. The Commission discusses the logic of the colonization of Canada's territories, and why and how policy and practice developed to end the existence of distinct societies of Aboriginal peoples. Using brief excerpts from the powerful testimony heard from Survivors, this report documents the residential school system which forced children into institutions where they were forbidden to speak their language, required to discard their clothing in favour of institutional wear, given inadequate food, housed in inferior and fire-prone buildings, required to work when they should have been studying, and subjected to emotional, psychological and often physical abuse. In this setting, cruel punishments were all too common, as was sexual abuse. More than 30,000 Survivors have been compensated financially by the Government of Canada for their experiences in residential schools, but the legacy of this experience is ongoing today. This report explains the links to high rates of Aboriginal children being taken from their families, abuse of drugs and alcohol, and high rates of suicide. The report documents the drastic decline in the presence of Aboriginal languages, even as Survivors and others work to maintain their distinctive cultures, traditions, and governance. The report offers 94 calls to action on the part of governments, churches, public institutions and non-Aboriginal Canadians as a path to meaningful

reconciliation of Canada today with Aboriginal citizens. Even though the historical experience of residential schools constituted an act of cultural genocide by Canadian government authorities, the United Nation's declaration of the rights of aboriginal peoples and the specific recommendations of the Commission offer a path to move from apology for these events to true reconciliation that can be embraced by all Canadians.

I Love Jesus, But I Want to Die Sarah J. Robinson,2021-05-11 A compassionate, shame-free guide for your darkest days “A one-of-a-kind book . . . to read for yourself or give to a struggling friend or loved one without the fear that depression and suicidal thoughts will be minimized, medicalized or over-spiritualized.”—Kay Warren, cofounder of Saddleback Church What happens when loving Jesus doesn’t cure you of depression, anxiety, or suicidal thoughts? You might be crushed by shame over your mental illness, only to be told by well-meaning Christians to “choose joy” and “pray more.” So you beg God to take away the pain, but nothing eases the ache inside. As darkness lingers and color drains from your world, you’re left wondering if God has abandoned you. You just want a way out. But there’s hope. In *I Love Jesus, But I Want to Die*, Sarah J. Robinson offers a healthy, practical, and shame-free guide for Christians struggling with mental illness. With unflinching honesty, Sarah shares her story of battling depression and fighting to stay alive despite toxic theology that made her afraid to seek help outside the church. Pairing her own story with scriptural insights, mental health research, and simple practices, Sarah helps you reconnect with the God who is present in our deepest anguish and discover that you are worth everything it takes to get better. Beautifully written and full of hard-won wisdom, *I Love Jesus, But I Want to Die* offers a path toward a rich, hope-filled life in Christ, even when healing doesn’t look like what you expect.

Cuisine and Culture Linda Civitello,2011-03-29 *Cuisine and Culture* presents a multicultural and multiethnic approach that draws connections between major historical events and how and why these events affected and defined the culinary traditions of different societies. Witty and engaging, Civitello shows how history has shaped our diet--and how food has affected history. Prehistoric societies are explored all the way to present day issues such as genetically modified foods and the rise of celebrity chefs. Civitello's humorous tone and deep knowledge are the perfect antidote to the usual scholarly and academic treatment of this universally important subject.

The Oxford Handbook of Papyrology Roger S. Bagnall,2011-12 Thousands of documentary and literary texts written

on papyri and potsherds, in Egyptian, Greek, Latin, Aramaic, Hebrew, and Persian, have transformed our knowledge of many aspects of life in the ancient Mediterranean and Near Eastern worlds. Here experts provide a comprehensive guide to understanding this ancient documentary evidence.

The Ancient Economy Moses I. Finley, 1973 *The Ancient Economy* holds pride of place among the handful of genuinely influential works of ancient history. This is Finley at the height of his remarkable powers and in his finest role as historical iconoclast and intellectual provocateur. It should be required reading for every student of pre-modern modes of production, exchange, and consumption.--Josiah Ober, author of *Political Dissent in Democratic Athens*

Luxury Arts of the Renaissance Marina Belozerskaya, 2005-10-01 Today we associate the Renaissance with painting, sculpture, and architecture—the “major” arts. Yet contemporaries often held the “minor” arts—gem-studded goldwork, richly embellished armor, splendid tapestries and embroideries, music, and ephemeral multi-media spectacles—in much higher esteem. Isabella d’Este, Marchesa of Mantua, was typical of the Italian nobility: she bequeathed to her children precious stone vases mounted in gold, engraved gems, ivories, and antique bronzes and marbles; her favorite ladies-in-waiting, by contrast, received mere paintings. Renaissance patrons and observers extolled finely wrought luxury artifacts for their exquisite craftsmanship and the symbolic capital of their components; paintings and sculptures in modest materials, although discussed by some literati, were of lesser consequence. This book endeavors to return to the mainstream material long marginalized as a result of historical and ideological biases of the intervening centuries. The author analyzes how luxury arts went from being lofty markers of ascendancy and discernment in the Renaissance to being dismissed as “decorative” or “minor” arts—extravagant trinkets of the rich unworthy of the status of Art. Then, by re-examining the objects themselves and their uses in their day, she shows how sumptuous creations constructed the world and taste of Renaissance women and men.
