A Love Note to My Tiger Mom Julia Ho, 2013-05-06 We all cherish how wonderfully mothers' duties are accomplished, and the unconditional love that they provide to their children. The pain of carrying babies throughout pregnancy and the fact that mothers would sacrifice everything just to ensure their babies are well fed and nurtured is admirable. This book provides you with insights on how to bridge communication barriers to get back on track with your daughters, and also how to share life with your loved ones.

Regarding Educacion Bryant Jensen, Adam Sawyer, 2012 The "Latino Education Crisis" not only threatens to dash the middle class aspirations of the nation's largest immigrant group, it is also an ominous sign for democratic engagement and global competitiveness for U.S. society as a whole. This timely book argues that this crisis is more aptly characterized as a "Mexican Education Crisis." This book brings together voices that are rarely heard on the same stage—Mexican and U.S. scholars of migration, schooling, and human development—to articulate a new approach to Mexican-American schooling: a bi-national focus that highlights the interpersonal assets of Mexican-origin children. Contributors document the urgency of adopting this approach and provide a framework for crossing national and disciplinary borders to improve scholarship,

policy, and practice associated with PreK-12 schooling. Contributors: James D. Bachmeier, Frank D. Bean, Susan K. Brown, Benilde García Cabrero, Cynthia García Coll, Regina Cortina, Ivania de la Cruz, Guadalupe Ruiz Cuéllar, Claudia Galindo, Francisco X. Gaytán, Edmund T. Hamann, Nadia Huq, Mark A. Leach, Gabriela Livas Stein, Carmina Makar, Mary Martinez-Wenzl, Vilma Ortíz, María Guadalupe Pérez Martínez, Leslie Reese, Rosaura Tafoya-Estrada, Edward Telles, Ernesto Treviño, Víctor Zúñiga “This volume is one of a kind. . . . It represents a first step in what we hope will be an ongoing relationship between the institutions and the researchers on both sides of the border who have both an appreciation for the importance of this work and a dedication to improving the educational opportunities of those students that we share in time, space, and culture.” —From the Foreword by Patricia Gándara and Eugene García “A fresh, eye-opening array of essays that highlights how the economic and cultural vitality of the U.S. and Mexico is so tightly interwoven in colorful and breathtaking ways. Setting aside strident allegations of how immigrants differ from mainstream society, the authors illustrate our commonalities, how Mexican parents are among the most pro-family, hardest working families in our society. 'Bien educado' is not just metaphor: it animates how immigrant parents raise engaged children, along with a vibrant optimism about getting into America.” —Bruce Fuller, Professor, Education & Public Policy, University of California, Berkeley “Regarding Educación is an extraordinary achievement. World-class scholars from both the U.S. and Mexico come together to engage one of the most important developments in education in the 21st century: How do we educate the children we share across transnational borders to thrive in an ever more interconnected, miniaturized, and fragile global world? The answers they provide are timely, riveting, and humane. It is a book every teacher, every policymaker, and every engaged citizen interested in globalization and education must read.” —Marcelo M. Suárez-Orozco, Dean and Distinguished Professor of Education, UCLA Graduate School of Education and Information Studies

It's All about Nuts & Berries : Stories about Everyday Life from College Students Mark Golubow, 2005

It's Not Too Late Joyce Stanley, 2018-07-18 Broken relationships are everywhere. If you're not in one, you certainly know someone who is. Most people don't know where their relationship problems started, let alone how to fix them. *It's Not Too Late* provides biblical answers, but it does so through story—the story of a marriage that dies and is later restored. Sara and Nick seemed like the perfect couple: college sweethearts, a beautiful wedding, good jobs, and twins—a boy and a girl. An unplanned pregnancy and then a miscarriage of their child tests their idyllic marriage. Compounding this, Nick's job necessitates uprooting and moving from one city to another more times than Sara and the twins can count. Resentment builds within the family, and Sara and Nick head for divorce. Sara embarks on a journey to find help for her and her family

and discovers buried emotions tied to never-divulged events. She brings her nightmare out of the shadows, and we beg to understand how she can rise above it. Can God really help her and her family let go of the past and forgive? Readers will see themselves in this story and will be transformed by walking with the characters through their process of spiritual change. This book shows the reader how to change, not through dry instruction, but through vivid stories of characters whose lives are healed by God. 'Joyce Stanley has been a spiritual mentor to me for over fifteen years. The Lord brought her into my life to teach me the truths that are found in her book, *It's Not Too Late*. What a joy to know that others will be set free by the same biblical principles. This is a must read for everyone.' Laura Seifert Founder and Leader, Yes. Ministries

You Can't Heal a Wound by Saying It's Not There Sandra J. Taulbee, 2012-03 What do a high tech, workaholic man addicted to pornography and alcohol, a talented woman who loses her voice and struggles with intimacy in marriage, a man who is unable to be sexually faithful to his wife, and, a ten year old depressed boy have in common? Each of them is in desperate need of healing from wounds of the past. But, just what is the nature of the wound? Author Sandra Taulbee explains through actual case examples and vignettes from her own life that we are all in need of healing from wounds that begin in childhood, but, if undealt with, manifest in dysfunctions in family relationships, in marriage, in friendship, in work/career, in the way we see ourselves, and, in the way we relate to God. A quick self-assessment quiz: How many of us know how to find real peace within? Are you at peace with family, and actually love them and like to be around them - especially during the holidays? How many of us experience real relationship with friends where you can be yourself and be accepted? How many of us harbor bitterness and hold grudges against a loved one for past hurts? Are you married but still alone, unable to break through walls of silence or anger? Do you know what are your life-passions; yet, you allow them to go unfulfilled? Why is that? How many of us are really using our God-given gifts and talents to reach out to other people in need, to help them be different? An honest response of that's me, to any of the above questions suggests you have a wound in need

of healing that goes deep within your soul, blocking you from the life that awaits you. So, why read, *You Can't Heal a Wound by Saying It's Not There?* Because it walks us through common issues of life that show us repeating negative patterns revealing how we fail to live authentically, how we live double-lives, how we focus on self-satisfaction instead of serving others, how we rely on achievement and success to feel value, how we get caught up with excesses that take our minds off things that matter, how we struggle with addictions of all kinds that we keep secret. Told through the stories of nine real people, *You Can't Heal a Wound...* helps you think through vicissitudes of your life, determine what really matters in the long run, and, begin to figure out how to use your life - wounds and all - to help turn others' lives around. This book is for you, whether man or woman, married or single, gay or straight, skeptic or far away from God, or a follower of Jesus. Come, wherever you are on your journey, walk along with me through the pages of this book, and, dare to be different by the end of your reading! *You Can't Heal a Wound.....* is about overcoming the wounds of your past. It is a book about hope and healing and living the life you always wanted, but did not know how to find. Chapters outline common issues we struggle with, and practical solutions for recovery. The book concludes with addendum endnotes for further study and a study guide for individual or small group study.

Quality Education for Latinos and Latinas Rita Portales,Marco Portales,2010-01-01 As educators and legislators across the country debate how to improve public schools, the most vital factor often disappears from the equation—the relationship between the teacher and the student. According to veteran educators Rita and Marco Portales, this relationship is the central issue in the education of students, especially Latino/a students who often face serious barriers to school success because of the legacy of racism, insufficient English-language skills, and cultural differences with the educational establishment. To break down these barriers and help Latino/a students acquire a quality education, the Portaleses focus attention on the teacher-student relationship and offer a proven method that teachers can use to strengthen the print and oral skills of their students. They begin by analyzing the reasons why schools too often fail to educate Latino/a students, using eloquent comments from young Latinos/as and their parents to confirm how important the teacher-student relationship is to the student's success. Then they show how all educational stakeholders—teachers, administrators, state education agencies, legislators, and parents—can work together to facilitate the teacher-student relationship and improve student education. By demonstrating how teachers can improve students' reading, critical thinking, writing, and oral communication skills across the curriculum, they argue that learning can be made more relevant for students, keeping their interest levels high while

preparing them for academically competitive colleges.

Changing Pedagogical Spaces in Higher Education Penny Jane Burke, Gill Crozier, Lauren Ila Misiaszek, 2016-11-18

Higher education is in a current state of flux and uncertainty, with profound changes being shaped largely by the imperatives of global neoliberalism. *Changing Pedagogical Spaces in Higher Education* forms a unique addition to the literature and includes significant practical pointers in developing pedagogical strategies, interventions and practices that seek to address the complexities of identity formations, difference, inequality and misrecognition. Drawing on research studies based across California, England, Italy, Portugal and Spain, this book analyses complex pedagogical re/formations across competing discourses of gender, diversity, equity, global neoliberalism and transformation, and aims: to critique and reconceptualise widening participation practices in higher education to consider the complex intersections between difference, equity, global neoliberalism and transformation to analyse the intersections of identity formations, social inequalities and pedagogical practices to contribute to broader widening participation policy agendas to develop an analysis of gendered experiences, intersected by race and class, of higher education practices and relations. *Changing Pedagogical Spaces in Higher Education* will speak to those concerned with how theory relates to everyday practices and development of teaching in higher education and those who are interested in theorising about pedagogies, identities and inequalities in higher education. Engaging readers in a dialogue of the relationship between theory and practice, this thought-provoking and challenging text will be of particular interest to researchers, academic developers and policy-makers in the field of higher education studies.

The Posen Library of Jewish Culture and Civilization, Volume 8 Todd M. Endelman, Zvi Gitelman, Deborah Dash

Moore, 2020-04-07 The eighth volume in a landmark series, this anthology of Jewish culture and civilization encompasses the period between the world wars. An anthology of Jewish culture between the world wars, the editors' selections convey the variety, breadth, and depth of Jewish creativity in those tempestuous decades. Despite--or perhaps because of--external threats, Jews fought vigorously over religion, politics, migration, and their own relation to the state and to one another. The texts, translated from many languages, span a wide range of politics, culture, literature, and art. This collection examines what was simultaneously a tense and innovative period in modern Jewish history.

Educating Our Black Children Richard Majors, 2005-06-29 Exclusion and expulsion of black children from schools is endemic in the US and UK. This book takes a long, hard look at the two countries and uncovers what they can learn from each other about approaching this problem.

Divergent Paths to College Megan M Holland,2019 Megan M. Holland examines how high schools structure different pathways that lead to very different college destinations based on race and class. She finds that racial and class inequalities are reproduced through unequal access to key sources of information, even among students in the same school and even in schools with well-established college-going cultures.
