The Night and Its Moon Piper CJ, 2022-09-20 An addictive fantasy romance from TikTok sensation Piper CJ, now newly revised and edited. Two orphans grow into powerful young women as they face countless threats to find their way back to each other. Farleigh is just an orphanage. At least, that's what the church would have the people believe, but beautiful orphans Nox and fae-touched Amaris know better. They are commodities for sale, available for purchase by the highest bidder. So when the madame of a notorious brothel in a far-off city offers a king's ransom to purchase Amaris, Nox ends up taking her place — while Amaris is drawn away to the mountains, home of mysterious assassins. Even as they take up new lives and identities, Nox and Amaris never forget one thing: they will stop at nothing to reunite. But the threat of war looms overhead, and the two are inevitably swept into a conflict between human and fae, magic and mundane. With strange new alliances, untested powers, and a bond that neither time nor distance could possibly break, the fate of the realms lies in the hands of two orphans — and the love they hold for each other.

The Sun and Its Shade Piper CJ, 2023-02-28 An addictive fantasy romance from TikTok sensation Piper CJ. In the enthralling follow-up to *The Night and Its Moon*, bestselling author Piper CJ redefines love and trust through an authentic fantastical portrayal of queer experiences, found family, and the gray areas that define us all. I love you... Nox's tear-filled words echo across the sand as she and Amaris are torn apart. They've battled fiercely to find each other again, and have barely reunited when Amaris is taken away by the queen's dragon. Injured and desperate, Amaris is forced to navigate her new surroundings with the help of Raascot's enigmatic general if she hopes to stay alive. At the same time, across the land and running out of options, Nox forms a partnership with the continent's league of peacekeeping assassins, begging their help to find Amaris and forge some stability between the kingdoms. As wounds heal and new relationships blossom, Nox and Amaris must confront impossible obstacles and stretch their magic to its limits if they are ever to create a world that might finally reunite them for good. The odds are narrow, the stakes are high, and one question remains: Is it fate, love, or something else entirely that binds these two women together?

Brighter Than the Sun Julia Quinn,2009-10-13 When Charles Wycombe, the dashing and incorrigible Earl of Billington, toppled out of a tree and landed at Ellie's feet, neither suspected that such an inauspicious meeting would lead to marriage. But Charles must find a bride before his thirtieth birthday or he'll lose his fortune. And Ellie needs a husband or her father's odious fiancée will choose one for her. And so they agree to wed, even though their match appears to have been made somewhere hotter than heaven ... Ellie never dreamed she'd marry a stranger, especially one with such a devastating combination of rakish charm and debonair wit. She tries to keep him at arm's length, at least until she discovers the man beneath the handsome surface. But Charles can be quite persuasive -- even tender -- when he puts his mind to it, and Ellie finds herself slipping under his seductive spell. And as one kiss leads to another, this unlikely pair discovers that their marriage is not so inconvenient after all ... and just might lead to love.

Life as We Knew It Susan Beth Pfeffer,2008-05-01 New York Times bestseller! A heart-stopping post-apocalyptic thriller

that's absorbing from first to last page.* When a meteor knocks the moon closer to earth, Miranda, a high school sophomore, takes shelter with her family. Told in a year's worth of journal entries, *Life as We Knew It* chronicles the human struggle to hold on to the most important resource of all—hope—in an increasingly desperate and unfamiliar world. As August turns dark and wintery in northeastern Pennsylvania, Miranda, her two brothers, and their mother retreat to the unexpected safe haven of their sunroom, where they subsist on stockpiled food and limited water in the warmth of a wood-burning stove. I guess I always felt even if the world came to an end, McDonald's still would be open. Like one marble hitting another, when the moon slams closer to earth, the result is catastrophic. Worldwide tsunamis wipe out the coasts, earthquakes rock the continents, and volcanic ash blocks out the sun. *Life as We Know It* is an extraordinary series debut. The companion novels are: *The Dead and the Gone*, *This World We Live In*, and *The Shade of the Moon*. (*Publishers Weekly, starred review)

Stuck With You Ali Hazelwood,2022-06-07 From the New York Times and Sunday Times bestselling author of *The Love Hypothesis* comes a new steamy, STEM-inist novella... Nothing like a little rivalry between scientists to take love to the next level. Mara, Sadie, and Hannah are friends first, scientists always. Though their fields of study might take them to different corners of the world, they can all agree on this universal truth: when it comes to love and science, opposites attract and rivals make you burn... Logically, Sadie knows that civil engineers are supposed to build bridges. However, as a woman of STEM she also understands that variables can change, and when you are stuck for hours in a tiny New York elevator with the man who broke your heart, you earn the right to burn that brawny, blond bridge to the ground. Erik can apologize all he wants, but to quote her rebel leader - she'd just as soon kiss a Wookiee. Not even the most sophisticated of Sadie's superstitious rituals could have predicted such a disastrous reunion. But while she refuses to acknowledge the siren call of Erik's steely forearms or the way his voice softens when he offers her his sweater, Sadie can't help but wonder if there might be more layers to her cold-hearted nemesis than meet the eye. Maybe, possibly, even burned bridges can still be crossed... To read Mara and Hannah's stories look for the novellas *Under One Roof* and *Below Zero*. Ali Hazelwood's latest novel, *Love on the Brain* is out now.
