

What Is The Theme Of The Number The Stars

Suzanne I. Barchers

Gossamer Lois Lowry, 2006-04-24 A novel “as haunting as a dream” from the New York Times–bestselling, Newbery Medal-winning author of *The Giver* (Kirkus Reviews, starred review). Where do dreams come from? What stealthy nighttime messengers are the guardians of our most deeply hidden hopes and our half-forgotten fears? This imaginative novel confronts these questions and explores the conflicts between the gentle bits and pieces of the past that come to life in dream, and the darker horrors that find their form in nightmare. In a haunting story that tiptoes between reality and fantasy, two people—a lonely, sensitive woman and a damaged, angry boy—face their own histories and discover what they can be to one another, renewed by the strength that comes from a tiny, caring creature they will never see. “Lyrical, richly descriptive prose ushers readers into a fascinating parallel world inhabited by appealingly quirky characters.”—Publishers Weekly (starred review) “A beautiful novel with an intriguing premise.”—School Library Journal (starred review)

Missing May (Scholastic Gold) Cynthia Rylant, 2013-06-25 This critically acclaimed winner of the Newbery Medal joins the Scholastic Gold line, which features award-winning and beloved novels. Includes exclusive bonus content! Ever since May, Summer's aunt and good-as-a-mother for the past six years, died in the garden among her pole beans and carrots, life for Summer and her Uncle Ob has been as bleak as winter. Ob doesn't want to create his beautiful whirligigs anymore, and he and Summer have slipped into a sadness that they can't shake off. They need May in whatever form they can have her -- a message, a whisper, a sign that will tell them what to do next. When that sign comes, Summer will discover that she and Ob can keep missing May but still go on with their lives.

Written in the Stars Aisha Saeed, 2015-03-24 A wonderfully complex love story unlike any you've read before. Saeed has given a novel that is both entertaining and important.”—Matt de la Peña, New York Times bestselling author This heart-wrenching novel explores what it is like to be thrust into an unwanted marriage. Has Naila's fate been written in the stars? Or can she still make her own destiny? Naila's conservative immigrant parents have always said the same thing: She may choose what to study, how to wear her hair, and what to be when she grows up—but they will choose her husband. Following their cultural tradition, they will plan an arranged marriage for her. And until then, dating—even friendship with a boy—is forbidden. When Naila breaks their rule by falling in love with Saif, her parents are livid. Convinced she has forgotten who she truly is, they travel to Pakistan to visit relatives and explore their roots. But Naila's vacation turns into a nightmare when

she learns that plans have changed—her parents have found her a husband and they want her to marry him, now! Despite her greatest efforts, Naila is aghast to find herself cut off from everything and everyone she once knew. Her only hope of escape is Saif . . . if he can find her before it's too late.

The Stars My Destination Alfred Bester,2011-06-06 #5 in the Millennium SF Masterworks series, a library of the finest science fiction ever written. “Science fiction has only produced a few works of actual genius, and this is one of them.” —Joe Haldeman #5 in the Millennium SF Masterworks series, a library of the finest science fiction ever written. “Science fiction has only produced a few works of actual genius, and this is one of them.” —Joe Haldeman Bester at the peak of his powers is, quite simply, unbeatable” —James Lovegrove Marooned in outer space after an attack on his ship, Nomad, Gulliver Foyle lives to obsessively pursue the crew of a rescue vessel that had intended to leave him to die. When it comes to pop culture, Alfred Bester (1913-1987) is something of an unsung hero. He wrote radio scripts, screenplays, and comic books (in which capacity he created the original Green Lantern Oath). But Bester is best known for his science-fiction novels, and *The Stars My Destination* may be his finest creation. With its sly potshotting at corporate skullduggery, *The Stars My Destination* seems utterly contemporary, and has maintained its status as an underground classic for fifty years. (Bester fans should also note that iBooks has reprinted *ReDemolished*, which won the very first Hugo Award in 1953.)

Only Sal knows, and on a roadtrip with her grandparents she tells the bizarre tale of Phoebe Winterbottom, Phoebe's disappearing mother and the lunatic. Esperanza isn't ready for the hard work, financial struggles brought on by the Great Depression, or lack of acceptance she now faces. The Silent Boy Lois Lowry,2003-04-28 From a Newbery Medal winner, a novel of tragedy and friendship in a turn-of-the-century farm town, “narrated by a perceptive, large-hearted child.”—Kirkus Reviews Katy Thatcher, the bright and

curious daughter of the town doctor, was fascinated by her father's work, and even as a child she knew that she too wanted to be a doctor. She wanted to know about people. Perhaps it was this, her insatiable curiosity, or simply the charm of Jacob's gentle intimacy with animals large and small, that fueled their friendship. Although Jacob never spoke to her or even looked at her directly, Katy grew to understand him from the moments they spent together quietly singing to the horses. She knew there was meaning in the sounds he made and purpose behind his movements. So when events took an unexpected and tragic turn, it was Katy alone who could unravel the mystery of what had occurred, and why. A two-time recipient of the Newbery Medal, the New York Times bestselling author of *Number the Stars* presents a sensitive, moving story of a young girl growing up at the beginning of the twentieth century and the influence of the farm community around her. Through Katy's eyes, readers can see the human face so often hidden under modern psychological terminology and experience the haunting impact of her friendship with the silent boy. "The author balances humor and generosity with the obstacles and injustice of Katy's world to depict a complete picture of the turn of the century."—Publishers Weekly (starred review)

The Stars Beneath Our Feet David Barclay Moore, 2017-09-19 The right story at the right time. . . . It's not just a narrative; it's an experience. It's the novel we've been waiting for. —The New York Times A boy tries to steer a safe path through the projects in Harlem in the wake of his brother's death in this outstanding debut novel that celebrates community and creativity. Winner of the Coretta Scott King John Steptoe Award for New Talent and soon to be a major motion picture directed by Michael B. Jordan! It's Christmas Eve in Harlem, but twelve-year-old Lolly Rachpaul and his mom aren't

celebrating. They're still reeling from his older brother's death in a gang-related shooting just a few months earlier. Then Lolly's mother's girlfriend brings him a gift that will change everything: two enormous bags filled with Legos. Lolly's always loved Legos, and he prides himself on following the kit instructions exactly. Now, faced with a pile of building blocks and no instructions, Lolly must find his own way forward. His path isn't clear—and the pressure to join a “crew,” as his brother did, is always there. When Lolly and his friend are beaten up and robbed, joining a crew almost seems like the safe choice. But building a fantastical Lego city at the community center provides Lolly with an escape—and an unexpected bridge back to the world. David Barclay Moore paints a powerful portrait of a boy teetering on the edge—of adolescence, of grief, of violence—and shows how Lolly's inventive spirit helps him build a life with firm foundations and open doors. When Stars Are Scattered Victoria Jamieson, Omar Mohamed, 2020-04-14 A National Book Award Finalist, this remarkable graphic novel is about growing up in a refugee camp, as told by a former Somali refugee to the Newbery Honor-winning creator of *Roller Girl*. Omar and his younger brother, Hassan, have spent most of their lives in Dadaab, a refugee camp in Kenya. Life is hard there: never enough food, achingly dull, and without access to the medical care Omar knows his nonverbal brother needs. So when Omar has the opportunity to go to school, he knows it might be a chance to change their future . . . but it would also mean leaving his brother, the only family member he has left, every day. Heartbreak, hope, and gentle humor exist together in this graphic novel about a childhood spent waiting, and a young man who is able to create a sense of family and home in the most difficult of settings. It's an intimate, important, unforgettable look at the day-to-day life

of a refugee, as told to New York Times Bestselling author/artist Victoria Jamieson by Omar Mohamed, the Somali man who lived the story.
