Transparency in Insurance Regulation and Supervisory Law Pierpaolo Marano, Kyriaki Noussia, 2021-03-30 This volume focuses on transparency as the guiding principle for insurance regulation and supervisory law. All chapters were written by experts in their respective fields, who address transparency in a wide range of European and non-European jurisdictions. Each chapter reviews the transparency principles applicable in the jurisdiction discussed. While the European jurisdictions reflect different facets of the principle as emerging from EU law on insurance, the principle has developed quite differently in other jurisdictions.

**Dancing on Hot Macadam** Anthony J. Hassall, 1998 This is the first comprehensive study of one of the world's most gifted and exciting writers. It follows Peter Carey's career from the nightmare-haunted stories of *The Fat Man in History* and *War Crimes* to the madcap satire of *Bliss*, from Illywhacker's picaresque landscapes to Oscar and Lucinda's glittering achievement, and the powerfully confronting vision of *The Tax Inspector*. *Dancing on Hot Macadam* is a lucid account of Peter Carey's fiction and its intriguing critical reception. It explores his preoccupation with imprisonment and metamorphosis, and the desire of his characters to escape from bewildering roles, relationships and societies. *Dancing on Hot Macadam* is another volume in the excellent *Studies in Australian Literature* series ... It is a sound and persuasive critique that gets much better as it goes along. *Times Literary Supplement* The book contains a lot of ideas ... and will be the base from which to draw the map of Carey's fiction as it develops further. *Julian Croft Weekend Australian*

He suggests we move forward from relying solely on individual virtuous action to improve our environment. He argues that the time has come to get back to basics'; for governments to be decisive and courageous and make positive

environmental decisions in the interests of their current and future constituents rather than continue to be locked into short term decision making at the beck and call of corporations and large political donors.
