The Holy Koran of the Moorish Science Temple of America Noble Drew Ali,1927*

Moorish Circle 7 Keith Moore 32,2005-05-04 This book is based on the theory that the black Muslim movement was created from the knowledge of the Masonic order. In the early decades of the 20th century, noble drew ali established a political and religious organization known today as the Moorish Science Temple of America. It was this organization that exposed black to something other than the normal Christian influences of that day. Ali a high degree freemason, incorporated various Masonic teachings from an auxiliary group. Known as the AEAONMS ancient Egyptian Arabic order of noble of the mystic shrine A pseudo Islamic/Arabic oriental organization that served as a wake up call to a lost knowledge. A knowledge that was taken away from Africans during the slave trades. The theory behind this book is that the majority of the slaves that were taken from the west coast of Africa were practicing Muslims, and these Muslims were forced to convert to Christianity under the strong oppression of slavery. At one time Afro-Americans were the biggest minority in the American society. About

90% of the today's population of blacks are descendants of slaves that were brought to America for working on plantations since the 16th century. At the beginning of the 19th century most of the so-called Negroes lived in the plantation areas of the Southern States. After the Civil War and the abolition of slavery it wasn't until the early 1920s and 30s that blacks were beginning to experiment with other faiths. Of all the faiths Islam became the fastest growing religion and the most popular. This book by far is in no way a research into black history, instead it covers a more deeper aspect of history in which I call the history behind the history. It explores the true Asiatic origins of the ancient religions of Hinduism, Buddhism well as the Islamic faith. Finally It explores the Masonic symbolisms of alis Moorish science dogma digging deeper into the esoteric side of his Aquarian/Masonic teaching explaining their origins and discovering an age old wisdom that had been kept hidden from the human eye. One would think that Africans in the Americas would have rejected the religious tradition of their European oppressors taking into consideration that African religions are far older & they possess more sources of knowledge & spiritual salvation. Yet there are those who have turned away from traditional Christian dominated environments in order to find a greater understanding of themselves and the world in which they live. One alternative has been to seek knowledge in the various religious groups that arose in the 20th century.

Understanding the Koran Mateen Ellass,2009-08-19 Find out how the Koran resembles the Bible—and the drastic ways in which it differs. Understanding the Koran gives you an essential grasp of Islam's holy book: where it came from, what it teaches, how Muslims view it, and how the Allah of the Koran compares with the God of the Bible. Cherished as the final, perfect revelation of God's will by 1.2 billion Muslims worldwide, the Koran has become a part of American life. What do you know about the holy book that shapes the lives and views of your neighbors and a fifth of the world's population? Written by a pastor who was born to a Muslim father and raised in Saudi Arabia, Understanding the Koran gives you a fascinating, easy-to-understand overview that will show you: Why the background behind the Koran is important to understanding it. How the Koran came into existence. A summary of the main teachings of the Koran, including what it says about Jesus and the crucifixion. Similarities and differences between Muslim and Christian views of God. What the Koran teaches about Jihad and holy war. What the Koran teaches about heaven and hell and the final destinies of the human soul. Giving you an essential grasp of Islam's holy book, Understanding the Koran points you to the one thing that can draw your Muslim friends to Jesus—his love, demonstrated to them through you. Discussion questions make it possible to use this book in group studies.

The Holy Koran of the Moorish Science Temple of America Noble Drew Ali,2019-01-30 By the guiding of his father God, Allah; the great God of the universe. To redeem man from his sinful and fallen stage of humanity back to the highest plane of life with his father God, Allah.

The Koran For Dummies Sohaib Sultan,2011-03-04 With the current turmoil in the Middle East, there is a growing interest about Islam—the world's second largest religion and one of the fastest growing—and its holy book, the Koran (or

Qur'an). Now, with this easy-to-follow, plain-English guide, you can explore the history, structure, and basic tenets of Islam's sacred scripture. The Koran For Dummies is for non-Muslims interested in the Koran as well as Muslims looking to deepen their understanding. Islamic scholar Sohaib Sultan provides a clear road map, revealing: The meaning of Koran and its basic message The Koran's place in history and in Islamic spiritual life Explanations of its language, structure, and narrative style How to live by the Koran's teachings The Koran's role in key global issues, such as Jihad vs. terrorism Different interpretations of the Koran No other book provides such a straightforward look at what the Koran says, how it says it, and how believers live according to its guidance. From how the Koran was received by Mohammed and how it was compiled to how it's interpreted by Islam's two main branches, you'll see how to put the Islamic faith in perspective. Plus, you'll discover: What the Koran really says about women and civil law How Islam relates to Judaism and Christianity The Koran's view of God, prophets, mankind, and the self How its teachings are lived and recited every day by devout Muslims Common misconceptions of the Koran How to raise a family the Koranic way Complete with lists of important passages, Koranic terminology, famous quotes, and further reading resources, The Koran For Dummies makes it easy and enjoyable for you to grasp the teachings and significance of Islam's holy book.

Quran Talal Itani, 2014-08-17 Perhaps the best Quran English translation. It is clear, easy to read, and very faithful to the Arabic original. It closely follows the Arabic text, and often reminds the reader of the Arabic original. It uses today's English language, and today's English vocabulary, thus it is easy to read and understand. The flow is smooth, the sentence structure is simple, the meaning is clear. This Quran translation has no interpretations, no footnotes, and no explanations. It is a pure translation of the Quran, from Arabic to English, and it does not try to emphasize any school of thought. The text purely and accurately translates the Holy Quran, from Arabic, into contemporary English. It was translated by a Muslim, who saw firsthand the miracles inside the Quran. His native language is Arabic; his everyday language is American English. For 15 years, he studied the Quran. For many years, he translated speech between his mother and his wife. For a living, he develops quality software. This Quran translation is available in two editions. This edition (A) uses the word Allah to refer to the Creator. Edition (B) uses the word God. Quran Sura 91. The Sun. ash-Shams. In the name of Allah, the Gracious, the Merciful. 1. By the sun and its radiance. 2. And the moon as it follows it. 3. And the day as it reveals it. 4. And the night as it conceals it. 5. And the sky and He who built it. 6. And the earth and He who spread it. 7. And the soul and He who proportioned it. 8. And inspired it with its wickedness and its righteousness. 9. Successful is he who purifies it. 10. Failing is he who corrupts it. 11. Thamood denied in its pride. 12. When it followed its most wicked. 13. The messenger of Allah said to them, This is the she-camel of Allah, so let her drink. 14. But they called him a liar, and hamstrung her. So their Lord crushed them for their sin, and leveled it. 15. And He does not fear its sequel. The Quran is the last Book from the Creator. It contains guidance, mercy, and healing. The Quran is a blessing, within reach.

Califa Uhuru Noble Prophet Drew Ali,2014-10-20 Compilation of standard-issue M.S.T. of A. literature in one conveniently compiled and professionally bound text. Selections include reproductions of artifacts found in earlier editions of the Califa Uhuru series.

The Everything Koran Book Duaa Anwar,2004-10-07 Recent events have caused tremendous interest in the Muslim religion, yet very few people understand its important tenets, as outlined in its holy book, the Koran. The Everything Koran Book, written by Duaa Anwar-an Egyptian Muslim raised in the United Arab Emirates-is your essential reference to understanding the principle teachings of Allah, as revealed in the 114 chapters of the Koran. Offering a wealth of information on the history and significance of this holy book--as well as important translations and interpretations of key passages--The Everything Koran Book helps you discover the fundamental truths behind this 1,400-year-old religion. Readers learn to: Comprehend the true teachings of the Muslim faith Discern truth from fiction Interpret Muslim symbols Know how Muslims celebrate holy days Understand Muslim law and social practices Grasp the Koran's teachings on the hereafter The Everything Koran Book is your one-stop resource for understanding and appreciating this sacred text of the Muslim faith.

The Crucifixion and the Qur'an Todd Lawson,2014-10-01 The first book to examine the controversial Qur'anic phrase which divides Christianity and Islam. According to the majority of modern Muslims and Christians, the Qur'an denies the crucifixion of Jesus, and with it, one of the most sacred beliefs of Christianity. However, it is only mentioned in one verse - 'They did not kill him and they did not crucify him, rather, it only appeared so to them' - and contrary to popular belief, its translation has been the subject of fierce debate among Muslims for centuries. This innovative work is the first book devoted to the issue, delving deeply into largely ignored Arabic sources, which suggest that the origins of the conventional translation may lie within the Christian Church. Arranged along historical lines, and covering various Muslim schools of thought, from Sunni to Sufi, The Crucifixion and the Qur'an unravels the crucial dispute that separates the World's two principal faiths.

Black Crescent Michael A. Gomez,2005-03-21 Beginning with Latin America in the fifteenth century, this book, first published in 2005, is a social history of the experiences of African Muslims and their descendants throughout the Americas, including the Caribbean. The record under slavery is examined, as is the post-slavery period into the twentieth century. The experiences vary, arguably due to some extent to the Old World context. Muslim revolts in Brazil are also discussed, especially in 1835, by way of a nuanced analysis. The second part of the book looks at the emergence of Islam among the African-descended in the United States in the twentieth century, with successive chapters on Noble Drew Ali, Elijah Muhammad, and Malcolm X, with a view to explaining how orthodoxy arose from varied unorthodox roots.

The Syro-Aramaic Reading of the Koran Christoph Luxenberg,2007 No Marketing Blurb

Revelation, Rationality, Knowledge & Truth Hazrat Mirza Tahir Ahmad,1998-06-30 Any divide between revelation and rationality, religion and logic has to be irrational. If religion and rationality cannot proceed hand in hand, there has to be

something deeply wrong with either of the two. Does revelation play any vital role in human affairs? Is not rationality sufficient to guide man in all the problems which confront him? Numerous questions such as these are examined with minute attention. All major issues which intrigue the modern mind are attempted to be incorporated in this fascinatingly comprehensive statute. Whatever the intellectual or educational background of the reader, this book is bound to offer him something of his interest. It examines a very diverse and wide range of subjects including the concept of revelation in different religions, history of philosophy, cosmology, extraterrestrial life, the future of life on earth, natural selection and its role in evolution. It also elaborately discusses the advent of the Messiah, or other universal reformers, awaited by different religions. Likewise, many other topical issues which have been agitating the human mind since time immemorial are also incorporated. The main emphasis is on the ability of the Quran to correctly discuss all important events of the past, present and future from the beginning of the universe to its ultimate end. Aided by strong incontrovertible logic and scientific evidence, the Quran does not shy away from presenting itself to the merciless scrutiny of rationality. It will be hard to find a reader whose queries are not satisfactorily answered. We hope that most readers will testify that this will always stand out as a book among books - perhaps the greatest literary achievement of this century.

The Koran ,2008-09-11 The Koran is a book apart, not only as Holy Scripture for Muslims, but as the supreme classic of Arabic literature. In its 114 Suras, or chapters, it comprises the total of revelations believed to have been communicated to the prophet Muhammad as a final expression of God's will and purpose for man. The revelations were received over a number of years, the first dating from AD 610, the last shortly before Muhammad's death in AD 632, and the definitive canon was established some twenty years later. The Koran is neither prose nor poetry but a unique fusion of both. In his attempt to convey the sublime rhetoric of the original, Professor Arberry has carefully studied the intricate and richly varied rhythms which - apart from the message itself - serve to explain the Koran's undeniable claim to rank among the greatest literary masterpieces of mankind. ABOUT THE SERIES: For over 100 years Oxford World's Classics has made available the widest range of literature from around the globe. Each affordable volume reflects Oxford's commitment to scholarship, providing the most accurate text plus a wealth of other valuable features, including expert introductions by leading authorities, helpful notes to clarify the text, up-to-date bibliographies for further study, and much more.

Bible, The Qur'an And Science Maurice Bucaille,1999-07 The Quranic revelation appears six centuries after Jesus. It resumes numerous data found in the Hebraic bible and the gospels since it quotes very frequently from the Torah and the gospels. The Quran directs all Muslims to believe in the scriptures that precede it.
