Monte Carlo Peter Terrin,2017-05-04 It is the Monaco Grand Prix in May 1968. Jack Preston, a mechanic for Team Sutton, is making the final checks on his car as the beau monde mingles with the drivers under the eyes of the world's press and the galleries of spectators. DeeDee, a starlet of great beauty, seems to be walking towards him, or perhaps towards the royal box. Without warning a fireball rips across the starting grid. Preston will always bear the scars as a consequence of his unthinking heroism, his saving the life and the beauty of the girl, but details of the accident remain vague - no photographs capturing the moment have come to light. Weeks later, Preston emerges from hospital and goes home to his wife in a remote English village from which the drab atmosphere of the 1950s has yet to recede. There, as he slowly recovers, he awaits word from his employers and some sign of DeeDee's gratitude, an acknowledgment that it was he who saved her life. This is an unsettlingly beautiful story of obsession by an acknowledged master of classical restraint. Translated from the Dutch by David Doherty

Most of the inhabitants are oblivious to these changes, while those few able to recall the lost objects live in fear of the draconian Memory Police, who are committed to ensuring that what has disappeared remains forgotten. When a young writer discovers that her editor is in danger, she concocts a plan to hide him beneath her floorboards, and together they cling to her writing as the last way of preserving the past. The Blind Spot Javier Cercas, 2018-05-03 An essential collection of literary criticism by one of Spain's most acclaimed authors Javier Cercas is one of the most enjoyable and innovative novelists at work today. Well known among English-language readers as the author of *Soldiers of Salamis* (winner of the Independent Foreign Fictio Prize), *The Anatomy of a Moment* and *The Impostor*, Cercas is also Professor of Spanish Literature at the University of Girona. In 2015, following in the footsteps of George Steiner, Mario Vargas Llosa and Umberto Eco, as Weidenfeld Visiting Professor in Comparative European Literature at St Anne's College, Oxford, Cercas gave a series of five lectures on the novel today, which have since been revised and are now published in English for the first time as *The Blind Spot*. Starting with *Don Quixote* and his own experience as a writer, Cercas launches out into a consideration of the most challenging fiction of the last hundred years, from Kafka, Borges, Perec, Calvino and Kundera, to Sebald, Coetzee, Barnes, Foster Wallace and Knausgård. First, he defines and celebrates certain aspects of the novel in the twenty-first century which are also features of Cervantes' masterpiece: its essential irony and ambiguity, its total commitment to innovation, its natural, joyful and omnivorous desire to cram the whole world within its pages, and its intricate concern with fiction and reality. Then he moves on to consider the actual meaning of the novel, the uncertain and discredited role of the writer as intellectual, and the role of the reader in the creation of a form whose aim is to tell the truth by telling lies. The result is a dazzling short book which provides a new interpretation of novel from Cervantes and Melville to the present, and which will be as stimulating for readers and writers of literature in the twenty-first century as E. M. Forster's *Aspects of the Novel* or Milan Kundera's *The Art of the Novel* were in the last. Translated from the Spanish by Anne McLean

100 Formulas para Llegar al Exito P. Eliecer Salesman,

La Regenta John Rutherford, Leopoldo Alas, 2005-07-28 Married to the retired magistrate of Vetusta, Ana Ozores cares deeply for her much older husband but feels stifled by the monotony of her life in the shabby and conservative provincial town. And when she embarks on a quest for fulfillment through religion and even adultery, a bitter struggle begins between a powerful priest and a would-be Don Juan for the passionate young woman's body and soul. Scandalizing contemporary Spain when it was first published in 1885, with its searing critique of the Church and its frank treatment of sex, *La Regenta* is a compelling and witty depiction of the complacent and frivolous world of upper-class society.
