## Michael Parkinson CBE

Liverpool Beyond the Brink Michael Parkinson CBE,2019-05-31 Liverpool Beyond the Brink describes the extraordinary if incomplete renaissance of Liverpool during the last thirty years. Showing how much has been achieved, who helped and what its current challenges are, this is a fascinating commentary on one of the UK's most iconic cities.

*There She Goes* Simon Hughes,2019-09-26 Liverpool was once one of the greatest cities in the British empire but it no longer feels like it is in England, if it ever did. It had retreated as a significant port after the Second World War and by 1979, it was already on the brink. What it needed was support but instead, a Conservative Party with aggressive new ideas allowed it to slide. Thirty-years after the Toxteth Riots, classified government papers revealed that the prime minister, Margaret Thatcher, was urged to abandon the city and embark on a programme of 'managed decline'. Why did Liverpool's fortunes change so dramatically? Why did it fight back when other cities did not? This is the untold story of what it was like for Liverpool's people and how the period defines who they are.

**Liverpool and the Unmaking of Britain** Sam Wetherell,2025-02-27 Few cities in the world are as famous as Liverpool, the home of the modern world's most celebrated rock group and of a legendary football team. The city is equally notorious for its poverty, its ethnic and racial divides and, above all, its decline. For Liverpool was once a major port, growing rich on slavery, on trade with the Americas and the British Empire's outposts in Africa and Asia. In the 1980s, it was described as 'obsolete'. Yet the city fights on. This is the epic history of Liverpool since the Second World War. It is a story of vast docklands shrinking and eventually vanishing when corporations discovered they could shift goods in containers and dispense with human workers, of industries like car manufacturing mushrooming and disappearing, of huge new suburbs being built and neglected. It is a moving and horrifying narrative of casual racism - Chinese sailors deported en masse in the aftermath of the war, systematic discrimination against the city's Black population - and of resistance, culminating in the Toxteth riots in 1981. It is the story of a city fighting against a descent into obsolescence. Liverpool also becomes a prism through which recent British history is brought into a new focus. It is the fascinating history of a single, iconic city. But it is also a warning of what the future may hold for many more communities.

The Political Rhetoric and Oratory of Margaret Thatcher Andrew S. Crines,Timothy Heppell,Peter Dorey,2016-06-15 This book examines the political oratory, rhetoric and persona of Margaret Thatcher as a means of understanding her

justifications for 'Thatcherism'. The main arenas for consideration are set piece speeches to conference, media engagements, and Parliamentary orations. Thatcher's rhetorical style is analysed through the lens of the Aristotelian modes of persuasion (ethos, pathos, logos). Furthermore, the classical methods of oratorical engagement (deliberative, epideictic, judicial) are employed to consider her style of delivery. The authors place her styles of communication into their respective political contexts over a series of noteworthy issues, such as industrial relations, foreign policy, economic reform, and party management. By doing so, this distinctive book shines new light on Thatcher and her political career.

Militant Liverpool Diane Frost, Peter North, 2013-04-30 An even-handed reassessment of the 'Militant' period in Liverpool, including interviews with many of the key protagonists.

**Whatever happened to Tory Liverpool?** David Jeffery, 2023-04-01 An Open Access edition of this book, supported by the LUP OA author fund, is available on the Liverpool University Press website, the OAPEN library and our Digital Collaboration Hub. Additional resources for this book are available on our Manifold site, which can be accessed via <https://liverpooluniversitypress.manifoldapp.org/projects/whatever-happened-to-tory-liverpool> In the 1968 local elections the Liverpool Conservatives won 62 percent of the vote and 78 percent of the seats on Liverpool City Council. By 1972 the party had held a majority on Liverpool's municipal government for 85 of the previous 100 years. But in 1983 they lost their last two MPs, and in 1998 they lost their final councillor. The Conservatives have not won an electoral contest in the city since. *Whatever happened to Tory Liverpool? Success, decline, and irrelevance since 1945* explores the history of Conservative electoral performance in Liverpool from the end of the Second World War to the present day, and challenges a number of myths regarding the city's political history: Conservative post-war success was not due to sectarian tensions or false consciousness, and neither was Conservative decline due to Margaret Thatcher. The book takes a multi-method approach to the study of Conservative Party history in Liverpool. It proposes a tripartite framework, which separates the periods of success (1945-1972), decline (1973-1986), and irrelevance (1987 onwards), and argues that each period should be explained by recourse to different phenomena. Only in this way can the complex post-war history of the Conservative Party in Liverpool truly be understood.

*Liverpool in the 1980s* Dave Sinclair, 2014-10-15 A fascinating selection of images, giving a unique perspective on the people and streets of Liverpool in the 1980s.

Margaret Thatcher Charles Moore, 2015-10-06 In June 1983 Margaret Thatcher won the biggest increase in a government's Parliamentary majority in British electoral history. Over the next four years, as Charles Moore relates in this central volume of his uniquely authoritative biography, Britain's first woman prime minister changed the course of her country's history and that of the world, often by sheer force of will. The book reveals as never before how she faced down the Miners' Strike, transformed relations with Europe, privatized the commanding heights of British industry and continued the

reinvigoration of the British economy. It describes her role on the world stage with dramatic immediacy, identifying Mikhail Gorbachev as 'a man to do business with' before he became leader of the Soviet Union, and then persistently pushing him and Ronald Reagan, her great ideological soulmate, to order world affairs according to her vision. For the only time since Churchill, she ensured that Britain had a central place in dealings between the superpowers. But even at her zenith she was beset by difficulties. The beloved Reagan two-timed her during the US invasion of Grenada. She lost the minister to whom she was personally closest to scandal and almost had to resign as a result of the Westland affair. She found herself isolated within her own government over Europe. She was at odds with the Queen over the Commonwealth and South Africa. She bullied senior colleagues and she set in motion the poll tax. Both these last would later return to wound her, fatally. In all this, Charles Moore has had unprecedented access to all Mrs Thatcher's private and government papers. The participants in the events described have been so frank in interview that we feel we are eavesdropping on their conversations as they pass. We look over Mrs Thatcher's shoulder as she vigorously annotates documents, so seeing her views on many particular issues in detail, and we understand for the first time how closely she relied on a handful of trusted advisors to help shape her views and carry out her will. We see her as a public performer, an often anxious mother, a workaholic and the first woman in western democratic history who truly came to dominate her country in her time. In the early hours of 12 October 1984, during the Conservative party conference in Brighton, the IRA attempted to assassinate her. She carried on within hours to give her leader's speech at the conference (and later went on to sign the Anglo-Irish agreement). One of her many left-wing critics, watching her that day, said 'I don't approve of her as Prime Minister, but by God she's a great tank commander.' This titanic figure, with all her capacities and all her flaws, storms from these pages as from no other book.

Liverpool Peter Marlow,1993-01 This book is one of a selection of titles by British photographers, supported by the Arts Council, showing the most outstanding work produced in this country. Since 1982 when Marlow went from The Sunday Times to Liverpool, he became obsessed both with the poverty and the vitality of the city and its people. He has returned frequently to the city to record the decline of a great maritime tradition and has created one of the most harrowing social documents of Britain during the last ten years.

**Lord Liverpool** William Anthony Hay,2018-04-20 Shaped by eighteenth-century assumptions, Liverpool nonetheless laid the foundations for the nineteenth-century Britain that emerged from the Reform era.

**And the Sun Shines Now** Adrian Tempany,2016-05-20 SHORTLISTED FOR THE GORDON BURN PRIZE FEATURED IN THE OBSERVER'S SPORTS WRITERS' BOOKS OF THE YEAR On 15 April 1989, 96 people were fatally injured on a football terrace at an FA Cup semi-final in Sheffield. The Hillsborough disaster was broadcast live on the BBC; it left millions of people traumatised, and English football in ruins. And the Sun Shines Now is not a book about Hillsborough. It is a book about what arrived in the wake of unquestionably the most controversial tragedy in the post-war era of Britain's history. The

Taylor Report. Italia 90. Gazza's tears. All seater stadia. Murdoch. Sky. Nick Hornby. The Premier League. The transformation of a game that once connected club to community to individual into a global business so rapacious the true fans have been forgotten, disenfranchised. In powerful polemical prose, against a backbone of rigorous research and interviews, Adrian Tempny deconstructs the past quarter century of English football and examines its place in the world. How did Hillsborough and the death of 96 Liverpool fans come to change the national game beyond recognition? And is there any hope that clubs can reconnect with a new generation of fans when you consider the startling statistic that the average age of season ticket holder here is 41, compared to Germany's 21? Perhaps the most honest account of the relationship between the football and the state yet written, *And the Sun Shines Now* is a brutal assessment of the modern game.

*Liverpool Sectarianism* Keith Daniel Roberts, 2017 Presenting evidence from an array of archival and original resources, this book chronicles the development and derailment of sectarian tensions in the city of Liverpool.

**The Making of Liverpool** Mike Fletcher, 2004-04-30 Discover the fascinating history of this coastal English city from its Medieval origins to its status today as a world-renowned cultural destination. In *The Making of Liverpool*, Mike Fletcher tells the story of this historic city and highlights the significant changes that have made it what it is today. It all begins with King John's 1207 charter and the construction of Liverpool castle to protect this new town. Liverpool's development throughout the medieval period was slow, and even through the reigns of the Tudors and Stuarts, the town was confined to the waterfront area. Through the English Civil Wars, Liverpool endured three brutal sieges. But during the Georgian period, it embraced the transport revolution by investing in river navigations and building the first passenger railway. By the nineteenth century, Liverpool was a thriving port, yet life in the city was beset by poverty and disease. Even as the twentieth century brought the devastation of two world wars and the Toxteth Riots, Liverpool found international fame during the swinging sixties. More recently, it has enjoyed a significant resurgence and was named European Capital of Culture in 2008.

**The Tory World** Jeremy Black, 2016-03-03 Political decisions are never taken in a vacuum but are shaped both by current events and historical context. In other words, long-term developments and patterns in which the accumulated memory of what came earlier, can greatly (and sometimes subconsciously) influence subsequent policy choices. Working forward from the later seventeenth century, this book explores the 'deep history' of the changing and competing understandings within the Tory party of the role Britain has aspired to play on a world stage. Conservatism has long been one of the major British political tendencies, committed to the defence of established institutions, with a strong sense of the 'national interest', and embracing both 'liberal' and 'authoritarian' views of empire. The Tory party has, moreover, at several times been deeply divided, if not convulsed, by different perspectives on Britain's international orientation and different positions on foreign and imperial policy. Underlying Tory beliefs upon which views of Britain's global role were built were often not stated but assumed. As a result they tend to be obscured from historical view. This book seeks to recover and

reconsider those beliefs, and to understand how the Tory party has sought to navigate its way through the difficult pathways of foreign and imperial politics, and why this determination outlasted Britain's rapid decolonisation and was apparently remarkably little affected by it. With a supporting cast from Pitt to Disraeli, Churchill to Thatcher, the book provides a fascinating insight into the influence of history over politics. Moreover it argues that there has been an inherent politicisation of the concept of national interests, such that strategic culture and foreign policy cannot be understood other than in terms of a historically distorted political debate.

*Britain's Greatest Prime Minister* Martin Hutchinson, 2021-01-01 Britain's Greatest Prime Minister: Lord Liverpool unpicks two centuries of Whig history to redeem Lord Liverpool (1770-1828) from 'arch-mediocrity' and establish him as the greatest political leader the country has ever seen. In the past, biographers of Lord Liverpool have not sufficiently acknowledged the importance of his foremost skill: economic policy (including fiscal, monetary and banking system questions). Here, Hutchinson's decades of experience in the finance sector provide a more specialised perspective on Liverpool's economic legacy than most historians are able to offer. From his adept handling of unparalleled economic and social difficulties, to his strategic defeat of Napoleon and unprecedented approach to the subsequent peace process, Liverpool is shown to have set Britain's course for prosperity and effective government for the following century. In addition to granting him his rightful place among British Prime Ministers on both domestic and foreign policy grounds, Hutchinson advances how a proper regard for Liverpool's career might have changed the structure and policies of today's government for the better.

**Blood Brothers** Willy Russell, 2014-06-22 A Liverpoolian West Side Story, *Blood Brothers* is the story of twin brothers separated at birth because their mother cannot afford to keep them both. One of them is given away to wealthy Mrs Lyons and they grow up as friends in ignorance of their fraternity until the inevitable quarrel unleashes a blood-bath. *Blood Brothers* was first performed at the Liverpool Playhouse in 1983 and subsequently transferred to the Lyric Theatre, London. It was revived in the West End in 1988 for a long-running production and opened on Broadway in 1993.

*Decline, Renewal and the City in Popular Music Culture: Beyond the Beatles* Sara Cohen, 2017-09-29 How is popular music culture connected with the life, image, and identity of a city? How, for example, did the Beatles emerge in Liverpool, how did they come to be categorized as part of Liverpool culture and identity and used to develop and promote the city, and how have connections between the Beatles and Liverpool been forged and contested? This book explores the relationship between popular music and the city using Liverpool as a case study. Firstly, it examines the impact of social and economic change within that city on its popular music culture, focusing on de-industrialization and economic restructuring during the 1980s and 1990s. Secondly, and in turn, it considers the specificity of popular music culture and the many diverse ways in which it influences city life and informs the way that the city is thought about, valued and experienced. Cohen highlights

popular music's unique role and significance in the making of cities, and illustrates how de-industrialization encouraged efforts to connect popular music to the city, to categorize, claim and promote it as local culture, and harness and mobilize it as a local resource. In doing so she adopts an approach that recognizes music as a social and symbolic practice encompassing a diversity of roles and characteristics: music as a culture or way of life distinguished by social and ideological conventions; music as sound; speech and discourse about music; and music as a commodity and industry.

**One Day in April - A Hillsborough Story** Jenni Hicks,2022-04-08 It is a privilege to know her - Jordan Henderson Pathos-laced memoirs on every page - Steve Rotherham A truly absorbing and moving read - Sue Johnston ---- On the morning of Saturday 15 April 1989, Jenni Hicks, her husband, and their two teenage daughters, Sarah and Vicki, went to watch a football match. That was to be their last day as a family. Sarah and Vicki didn't come home, and Jenni's world was changed forever. Since that fateful day, Jenni has tirelessly campaigned for justice for her own and others' families. But this is not the story of the Hillsborough tragedy. This is a story of what came before and after that day: of a mother's love, her unimaginable bravery, a flame of hope that never died, and a quest for justice that has lasted three decades. It is a journey that has taken her from Allerton Cemetery to the Courts of Appeal, from the depths of despair to meetings with Prime Ministers and royalty. With the final court cases coming to a conclusion in spring 2021, Jenni's role as the longest-serving committee member of the Hillsborough Family Support Group is coming to an end - and she can finally give herself permission to grieve solely as a mother, rather than as a campaigner. One Day In April is the first time that Jenni has spoken about her story in full, and is a unique and poignant tribute to the lives that Sarah and Vicki lost, and the final word from the extraordinary mother they left behind. ---- Her tenacity and courage is astonishing - Prof Phil Scraton Utterly gripping - Jimmy McGovern Her strength is inspiring - Simon Rimmer Quite remarkable - David Dein

**Allez Allez Allez** Simon Hughes,2019-07-18 \_\_\_\_\_ 'WE ARE LIVERPOOL - THIS MEANS MORE.' JÜRGEN KLOPP Allez Allez Allez is the inside account of Liverpool FC during the Klopp era, including the 2018/19 campaign which saw the club compete in the most gripping Premier League title race in history and become Champions of Europe for the sixth time. Featuring access to management, players and staff, Allez Allez Allez explains how Liverpool have emerged from what Jürgen Klopp described as the “depression” of 2015 to achieve feats that have eluded an entire generation of supporters. Through original research and exclusive interviews, Simon Hughes takes readers into Melwood, the club’s training ground, and behind the dressing room door. He takes them to Chapel Street, where the club’s business is determined, and to America, where it is owned. He takes them into Anfield, where many of the most important moments are defined, and he takes them on to the pitches of the Premier League and the Champions League, as we revisit how Liverpool stormed their way to the top of the Premier League this season.

**Metal on Merseyside** Nedim Hassan,2021-09-14 This is the first book to examine the partially hidden history of metal

music scenes within the city of Liverpool and the surrounding region of Merseyside in the North-West of England. It reveals that while Liverpool has historically been portrayed as a certain kind of 'music city,' metal has been marginalized within its music heritage narratives. This marginality was not inevitable. The book illustrates how it is not merely the product of historical representation but the result of forces of urban change and regional shifts in the economy of live music. Nor is this marginality inconsequential. Drawing on ethnographic research, Nedim Hassan demonstrates that it has influenced how the region's metal scenes are perceived and how people feel towards them. Metal on Merseyside reveals how various people involved with such scenes work within often challenging circumstances to sustain the production of metal music and events. It also reveals the tensions that arise as scene members' desires for an ideal metal community collide with forces of change. Metal on Merseyside is, therefore, a fascinating barometer for the contradictions apparent when people engage in creative labour to produce music that they love.
